SiriusXM Reports Third Quarter 2025 Operating and Financial Results

- Third Quarter 2025 Revenue of \$2.16 Billion
- Net Income of \$297 Million: Diluted EPS of \$0.84
- Adjusted EBITDA of \$676 Million¹
- Free Cash Flow of \$257 Million¹
- SiriusXM Increases 2025 Revenue, Adjusted EBITDA and Free Cash Flow Guidance

NEW YORK – October 30, 2025 – SiriusXM today reported third quarter 2025 operating and financial results, including revenue of \$2.16 billion, down 1% from the prior-year period, and net income of \$297 million, compared to a net loss of \$2.96 billion in the third quarter of 2024, which included a \$3.36 billion noncash goodwill impairment related to the Liberty Media transaction. Earnings (loss) per diluted common share were \$0.84, compared to (\$8.74) in the third quarter of 2024.

Adjusted EBITDA was \$676 million in the third quarter of 2025, compared to \$693 million in the same 2024 period. This decrease in adjusted EBITDA was mainly due to lower subscriber revenue, an increase in revenue share, royalties and subscriber acquisition costs; partially offset by disciplined cost management. The adjusted EBITDA margin for the third quarter of 2025 was 31%.

"This was a quarter of meaningful progress for SiriusXM," said Jennifer Witz, Chief Executive Officer. "We're enhancing the subscriber experience through new content, deeper personalization, and continued innovation across every stage of the customer journey, driving greater engagement and value for our listeners. At the same time, we're scaling our digital advertising business and strengthening our leadership in podcasting. Across each of these areas, we're leveraging our unique assets to deliver sustainable profitability and long-term value for our shareholders — a strategy that is already delivering as we raise our full year guidance."

"Our third-quarter results demonstrate continued financial strength, and we are pleased to increase our financial guidance by \$25 million across revenue, adjusted EBITDA, and free cash flow," said Tom Barry, Chief Financial Officer. "We maintained solid margins, with meaningful investments that drive clear payback in engagement, ad monetization, and OEM distribution largely off-set by disciplined cost management. Our balanced approach drove a \$120 million reduction in debt and delivered \$111 million to our shareholders in the third quarter" Barry added. "As we look ahead, we remain confident in our strategy and on track to meet our new full-year guidance."

BUSINESS AND PROGRAMMING HIGHLIGHTS

SiriusXM delivered another strong quarter, with continued innovation across programming, product, packaging and ad platform.

In the third quarter, SiriusXM showcased its leadership in live and curated music. Highlights included the return of Taylor Swift's Channel 13 celebrating her new album, a pop-up channel and Small Stage concert with Ed Sheeran, and an exclusive Metallica event to launch their full-time channel, Maximum Metallica, which was announced in a special interview with Howard Stern.

¹ Non-GAAP financial measure. Refer to pg. 11 of this earnings release for a reconciliation of the non-GAAP measures to their most directly comparable GAAP measures.

SiriusXM continued to expand and develop its roster of high-profile voices. The company extended its agreement with Andy Cohen and celebrated the 10th anniversary of his flagship channel, Radio Andy. Stephen A. Smith also debuted on the platform, launching new political and sports programs as well as his digital destination, *Get Serious with Stephen A. Smith*, offering fans fresh ways to connect with the commentator. Earlier this month, SiriusXM renewed its agreement with Megyn Kelly, expanding the partnership to include the upcoming Megyn Kelly Channel. Together, these influential and diverse voices further strengthen SiriusXM's lineup across news, sports, and entertainment.

On the pricing and packaging front, SiriusXM began the quarter with the launch of SiriusXM Play, a new lower-cost, ad-supported subscription plan that expands access to its premium content while opening new opportunities for advertisers in the car. The introduction of this offering underscores the company's ability to broaden its reach and deliver additional value across both its subscription and advertising ecosystems.

Within advertising, SiriusXM Media continued to expand its reach and monetization capabilities this quarter. The integration with Amazon DSP now enables programmatic access to digital inventory across music, creating new opportunities for advertisers to engage audiences at scale. Creator Connect delivered strong year-over-year and quarter-over-quarter growth, with expansion in both inventory and CPMs. SiriusXM's podcast network also continued to perform exceptionally well, and this quarter the hit true crime series Morbid joined the SiriusXM Podcast Network—further strengthening the company's portfolio and providing marketers with more ways to reach SiriusXM Media's 170 million monthly listeners across platforms.

SEGMENT HIGHLIGHTS

Sirius XM Holdings operates two complementary audio entertainment businesses — one of which is referred to as "SiriusXM" and the second of which is referred to as "Pandora and Off-Platform." Further information regarding these two segments will be contained in the company's Quarterly Report on Form 10-Q for the period ended September 30, 2025. The financial highlights below exclude the impact of share-based payment expense.

SiriusXM Third Quarter 2025 Segment Highlights

SiriusXM Total Subscribers of 33 Million

SiriusXM self-pay net subscribers decreased by approximately 40,000 in the third quarter of 2025. Self-pay monthly churn improved slightly year-over-year, rounding to 1.6% in the third quarter of 2025, driven by continued strong performance across vehicle-related, non-pay and voluntary churn. The company ended the quarter with approximately 33 million total subscribers. The total trial funnel stood at 7.4 million at the end of the third quarter of 2025, down from 7.6 million at the end of the second quarter of 2025, but a slight increase from 7.3 million as of the end of the third quarter of 2024.

SiriusXM Revenue of \$1.6 Billion

In the third quarter of 2025, SiriusXM recorded total revenue of \$1.6 billion, representing a 1% decline compared to the same period in 2024. The decrease was driven by a \$13 million reduction in subscriber revenue, reflecting a smaller average base of self-pay subscribers. Average Revenue Per User (ARPU) was \$15.19 in the third quarter of 2025, an increase from \$15.16 in the third quarter of 2024.

SiriusXM Gross Profit of \$958 Million and Gross Margin of 59%

Total cost of services at SiriusXM was \$653 million in the third quarter of 2025, a 1% decrease compared to the same period in the prior year. Gross profit totaled \$958 million, down 1% from \$969 million in the third quarter of 2024, resulting in a gross margin of 59%, down one percentage point year-over-year.

Pandora and Off-Platform Third Quarter 2025 Segment Highlights

Pandora and Off-Platform Revenue of \$548 Million

Pandora and Off-Platform revenue totaled \$548 million in the third quarter of 2025, an increase of 1% from \$544 million in the prior-year period. The increase was primarily driven by a 2% increase in advertising revenue to \$416 million, partially offset by a 2% reduction in subscriber revenue to \$132 million. The increase in advertising revenue was driven by revenue generated from podcasts and technology fees, partially offset by reduced advertiser demand in streaming music. The decrease in subscriber revenue reflects a smaller subscriber base, partially offset by price increases on Pandora subscription plans. Pandora Plus and Pandora Premium ended the third quarter of 2025 with 5.7 million self-pay subscribers.

Pandora and Off-Platform Gross Profit of \$170 Million and Gross Margin of 31%

Total cost of services in the third quarter of 2025 increased by 6% to \$378 million compared to \$357 million in the prior year period, primarily driven by an increase in revenue share. Gross profit during the quarter was \$170 million, down 9% from the \$187 million in the corresponding 2024 period, resulting in a gross margin of 31%. The decrease was primarily due to lower advertiser demand in streaming music, partially offset by higher gross profit generated from our podcasting business.

ADDITIONAL FINANCIAL HIGHLIGHTS

In the third quarter of 2025, SiriusXM's subscriber acquisition costs (SAC) were \$107 million, compared to \$90 million in the third quarter of 2024. The increase was primarily driven by contractual changes with certain automakers. SAC per installation in the third quarter of 2025 increased to \$19.37 as the company continues to transition to higher cost chipsets as well as contractual changes with certain automakers.

In the third quarter of 2025, sales and marketing expenses decreased by 15% year-over-year to \$176 million, while product and technology costs fell by 5% year-over-year to \$54 million. General and administrative expenses increased by 2% year-over-year to \$115 million, reflecting higher software and telecom costs.

SiriusXM generated \$257 million in free cash flow in the third quarter of 2025, up from \$93 million in the prior-year period, reflecting the elimination of Liberty transaction costs, lower cash taxes paid and lower capital expenditures.

In the third quarter of 2025, SiriusXM distributed \$91 million through dividends and repurchased \$20 million in shares, returning \$111 million to shareholders. The company ended the third quarter of 2025 with a net debt-to-adjusted EBITDA ratio of 3.8 times and continues to target a long-term leverage ratio in the low-to-mid 3's range.

INCREASED 2025 FINANCIAL GUIDANCE

The company increased its 2025 guidance for revenue, adjusted EBITDA and free cash flow by \$25 million across the board, to the following:

- · Total revenue of approximately \$8.525 billion,
- · Adjusted EBITDA of approximately \$2.625 billion, and
- Free cash flow of approximately \$1.225 billion.

Adjusted EBITDA and free cash flow are non-GAAP financial measures. Due to the uncertainty around special items that have not yet occurred and are difficult to predict with reasonable certainty prior to year-end, we cannot reconcile these projected adjusted EBITDA and free cash flow measures to their most directly comparable financial measure under GAAP without unreasonable effort.

Key Financial and Operating Metrics

A full glossary defining our key financial and operating metrics can be found in our Quarterly Report on Form 10-Q for the quarter ended September 30, 2025.

Subscribers and subscription related revenues and expenses associated with our connected vehicle services and Sirius XM Canada are not included in Sirius XM's subscriber count or subscriber-based operating metrics. Subscribers to the Cloud Cover music programming service are now included in Pandora's subscriber count.

 $Set for th \ below \ are \ our \ subscriber \ balances \ as \ of \ September \ 30, 2025 \ compared \ to \ September \ 30, 2024:$

| | As of Septe | As of September 30, | | | | | | |
|-------------------------------------|-------------|---------------------|---------|------|--|--|--|--|
| (subscribers in thousands) | 2025 | 2024 | Amount | % | | | | |
| SiriusXM | | | | | | | | |
| Self-pay subscribers | 31,235 | 31,497 | (262) | (1)% | | | | |
| Paid promotional subscribers | 1,573 | 1,659 | (86) | (5)% | | | | |
| Ending subscribers | 32,808 | 33,156 | (348) | (1)% | | | | |
| Sirius XM Canada subscribers | 2,491 | 2,559 | (68) | (3)% | | | | |
| | | | | | | | | |
| Pandora and Off-platform | | | | | | | | |
| Monthly active users - all services | 41,562 | 43,721 | (2,159) | (5)% | | | | |
| Self-pay subscribers | 5,691 | 5,875 | (184) | (3)% | | | | |

The following table contains our Non-GAAP financial and operating performance measures which are based on our adjusted results of operations for the three and nine months ended September 30, 2025 and 2024. We believe these Non-GAAP financial and operating performance measures provide useful information to investors regarding our financial condition and results of operations. We believe these Non-GAAP financial and operating performance measures may be useful to investors in evaluating our core trends because they provide a more direct view of our underlying costs. We believe investors may use our adjusted EBITDA to estimate our current enterprise value and to make investment decisions. We believe free cash flow provides useful supplemental information to investors regarding our cash available for future subscriber acquisitions and capital expenditures, to repurchase or retire debt, to acquire other companies and our ability to return capital to stockholders. By providing these Non-GAAP financial and operating performance measures, together with the reconciliations to the most directly comparable GAAP measure (where applicable), we believe we are enhancing investors' understanding of our business and our results of operations.

Our Non-GAAP financial measures should be viewed in addition to, and not as an alternative for or superior to, our reported results prepared in accordance with GAAP. In addition, our Non-GAAP financial measures may not be comparable to similarly-titled measures by other companies.

⁽¹⁾ Compared to the free cash flow of Old Sirius (as defined in our Quarterly Report on Form 10-Q for the period ended June 30, 2025), the free cash flow for Sirius XM Holdings is impacted by the additional interest payments related to Liberty Media's debt attributed to SplitCo (as defined in our Quarterly Report on Form 10-Q for the period ended June 30, 2025) as well as corporate costs.

Reconciliation of SAC, per installation:

About Sirius XM Holdings Inc

SiriusXM is the leading audio entertainment company in North America with a portfolio of audio businesses including its flagship subscription entertainment service SiriusXM; the ad-supported and premium music streaming services of Pandora; an expansive podcast network; and a suite of business and advertising solutions. Reaching a combined monthly audience of approximately 170 million listeners, SiriusXM offers a broad range of content for listeners everywhere they tune in with a diverse mix of live, on-demand, and curated programming across music, talk, news, and sports. For more about SiriusXM, please go to: www.siriusxm.com.

This communication contains "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Such statements include, but are not limited to, statements about our outlook and our future financial and operating results, our plans, objectives, expectations and intentions with respect to future operations, products and services; and other statements identified by words such as "will likely result," "are expected to," "will continue," "is anticipated," "believe," "intend," "plan," "projection," "outlook" or words of similar meaning or the negative version of such words or phrases. Such forward-looking statements are based upon the current beliefs and expectations of our management and are inherently subject to significant business, economic and competitive uncertainties and contingencies, many of which are difficult to predict and generally beyond our control. Actual results and the timing of events may differ materially from the results anticipated in these forward-looking statements. All capitalized terms herein shall have the meaning attributable to them in our Quarterly Report on Form 10-Q for the period ended June 30, 2025.

The following factors, among others, could cause actual results and the timing of events to differ materially from the anticipated results or other expectations expressed in the forward-looking statements: Risks Relating to our Business and Operations: We face substantial competition and that competition has increased over time; our SiriusXM service has suffered a loss of subscribers and our Pandora ad-supported service has similarly experienced a loss of monthly active users; if our efforts to attract and retain subscribers and listeners, or convert listeners into subscribers, are not successful, our business will be adversely affected, we engage in extensive marketing efforts and the continued effectiveness of those efforts is an important part of our business; we rely on third parties for the operation of our business, and the failure of third parties to perform could adversely affect our business; failure to successfully monetize and generate revenues from podcasts and other non-music content could adversely affect our business, operating results, and financial condition, we may not realize the benefits of acquisitions or other strategic investments and initiatives; and the impact of economic conditions may adversely affect our business, operating results, and financial condition. Risks Relating to our SiriusXM Business: Changing consumer behavior and new technologies relating to our satellite radio business may reduce our subscribers and may cause our subscribers to purchase fewer services from us or to cancel our services altogether, resulting in less revenue to us; a substantial number of our SiriusXM service subscribers periodically cancel their subscriptions and we cannot predict how successful we will be at retaining customers; our ability to profitably attract and retain subscribers to our SiriusXM service is uncertain; our business depends in part upon the auto industry; the imposition of tariffs by the United States government could have a major effect on the United States auto industry, which SiriusXM is dependent upon as a material source of new subscribers; failure of our satellites would significantly damage our business; and our SiriusXM service may experience harmful interference from wireless operations. Risks Relating to our Pandora and Off-platform Business: Our Pandora and Off-platform business generates a significant portion of its revenues from advertising, and reduced spending by advertisers could harm our business; emerging industry trends may adversely impact our ability to generate revenue from advertising; our failure to convince advertisers of the benefits of our Pandora ad-supported service could harm our business; if we are unable to maintain our advertising revenue, our results of operations will be adversely affected; changes to mobile operating systems and browsers may hinder our ability to sell advertising and market our services; and if we fail to accurately predict and play music, comedy or other content that our Pandora listeners enjoy, we may fail to retain existing and attract new listeners. Risks Relating to Laws and Governmental Regulations: Privacy and data security laws and regulations may hinder our ability to market our services, sell advertising and impose legal liabilities; consumer protection laws and our failure to comply with them could damage our business; failure to comply with FCC requirements could damage our business; we may face lawsuits, incur liability or suffer reputational harm as a result of content published or made available through our services; and environmental, social and governance expectations and related reporting obligations may expose us to potential liabilities, increased costs, reputational harm, and other adverse effects. Risks Associated with Data and Cybersecurity and the Protection of Consumer Information: If we fail to protect the security of personal information about our customers, we could be subject to costly government enforcement actions and private litigation and our reputation could suffer; we use artificial intelligence in our business, and challenges with properly managing its use could result in reputational harm, competitive harm, and legal liability and adversely affect our results of operations; and interruption or failure of our information technology and communications systems could impair the delivery of our service and harm our business. Risks Associated with Certain Intellectual Property Rights: Rapid technological and industry changes and new entrants could adversely impact our services; the market for music rights is changing and is subject to significant uncertainties; our Pandora services depend upon maintaining complex licenses with copyright owners, and these licenses contain onerous terms; failure to protect our intellectual property or actions by third parties to enforce their intellectual property rights could substantially harm our business and operating results; and some of our services and technologies use "open source" software, which may restrict how we use or distribute our services or require that we release the source code subject to those licenses. Risks Related to our Capital Structure: While we currently pay a quarterly cash dividend to holders of our common stock, we may change our dividend policy at any time; our holding company structure could restrict access to funds of our subsidiaries that may be needed to pay third party obligations; we have significant indebtedness, and our subsidiaries' debt contains certain covenants that restrict their operations; and our ability to incur additional indebtedness to fund our operations could be limited, which could negatively impact our operations. Risks Related to the Transactions: We may have a significant indemnity obligation to Liberty Media, which is not limited in amount or subject to any cap, if the transactions associated with the Split-Off are treated as a taxable transaction; we may determine to forgo certain transactions that might otherwise be advantageous in order to avoid the risk of incurring significant tax-related liabilities; we have assumed and are responsible for all of the liabilities attributed to the Liberty SiriusXM Group as a result of the completion of the Transactions, and acquired the assets of SplitCo on an "as is, where is" basis; we may be harmed by securities class actions and derivative lawsuits in connection with the Transactions; it may be difficult for a third party to acquire us, even if doing so may be beneficial to our stockholders; we have directors associated with Liberty Media, which may lead to conflicting interests; and our directors and officers are protected from liability for a broad range of actions. Other Operational Risks: If we are unable to attract and retain qualified personnel, our business could be harmed; our facilities could be damaged by natural catastrophes or terrorist activities; the unfavorable outcome of pending or future litigation could have an adverse impact on our operations and financial condition; we may be exposed to liabilities that other entertainment service providers would not customarily be subject to; and our business and prospects depend on the strength of our brands.

Additional factors that could cause our results to differ materially from those described in the forward-looking statements can be found in our Annual Report on Form 10-K for the year ended December 31, 2024, which is filed with the Securities and Exchange Commission (the "SEC")

and available at the SEC's Internet site (http://www.sec.gov). The information set forth herein speaks only as of the date hereof, and we disclaim any intention or obligation to update any forward-looking statements as a result of developments occurring after the date of this communication.
