Item 5. Other Events.

Today we announced an agreement with RadioShack Corporation, one of the nation's largest consumer electronics retailers with more than 7,000 outlets nationwide, to distribute, market and sell SIRIUS satellite radios. Our agreement with RadioShack is expected to significantly increase our retail distribution.

In connection with this agreement, we have agreed to pay RadioShack compensation based upon the number of subscribers to our service that RadioShack activates, reimburse it for costs of certain joint marketing efforts, and pay it other customary compensation. We have also agreed to issue RadioShack warrants to purchase up to 10,000,000 shares of our common stock. All of these warrants will have an exercise price of \$5.00 per share and will vest and become exercisable only if RadioShack achieves specified activation targets during the term of the agreement.

Today we also announced an agreement with affiliates of EchoStar Communications Corporation, which serves over nine million satellite television customers through its DISH Network and is a leading provider of advanced digital television services. EchoStar has agreed to purchase, distribute, market and sell SIRIUS satellite radios through its extensive network of satellite television dealers and certain other retailers and distributors. In connection with the purchase, distribution, marketing and sale of SIRIUS satellite radios, we have agreed to pay EchoStar compensation based upon the number of subscribers to our service that it activates. EchoStar has also agreed to broadcast on its DISH Network satellite television service substantially all of our commercial-free music channels as part of its America's Top 120 and America's Top 180 programming packages, packages that are received by a majority of DISH Network subscribers.
