This summary highlights information contained elsewhere in this prospectus. Because it is a summary, it does not contain all of the information that you should consider before you participate in this exchange offer. You should read this entire prospectus carefully, including the 'Risk Factors' section. The term 'initial notes' refers to the 14 1/2% Senior Secured Notes due 2009 that were issued on May 18, 1999. The term 'exchange notes' refers to the 14 1/2% Senior Secured Notes due 2009 offered by this prospectus. The term 'notes' refers to the initial notes and the exchange notes, collectively.

ABOUT OUR BUSINESS

We are building a digital quality radio service with up to 100 channels to be broadcast directly from satellites to vehicles. CD Radio will be broadcast throughout the continental United States, over a frequency band, the 'S-band,' that will augment traditional AM and FM radio bands. We hold one of only two licenses issued by the Federal Communications Commission (the 'FCC') to build, launch and operate a national satellite radio broadcast system. Under our FCC license, we have the exclusive use of a 12.5 megahertz ('MHz') portion of the S-band for this purpose. Our service, which will be primarily for motorists, will offer 50 channels of commercial-free, digital quality music programming and up to 50 channels of news, sports, talk and entertainment programming. We currently expect to commence CD Radio broadcasts at the end of the fourth quarter of 2000, at a subscription price of \$9.95 per month.

As an entertainment company, we intend to design and originate programming on each of our 50 commercial-free music channels. Each channel will be operated as a separate radio station with a distinct format. These formats will include a variety of classical, popular, rock, jazz, soul, contemporary, Latin, country, alternative and children's music. The actual formats will be determined before the launch of the service and may be varied from time to time to optimize customer satisfaction. Some of the music channels will offer continuous music while others will have program hosts, depending on the type of music programming.

Programming on our non-music channels will be provided by third parties, and to date we have entered into programming agreements with content providers for 25 of these channels, including Bloomberg News Radio, C-SPAN, Sports Byline USA, National Public Radio, Public Radio International, Classic Radio, Hispanic Radio Network, World Radio Network, Speedvision Radio and Outdoor Life Radio. A majority of our non-music channels will contain advertising, which will augment our subscription revenue. These channels will include news and talk shows and special interest programming directed to a diverse range of groups, including sports enthusiasts, Hispanic listeners and truck drivers.

On June 11, 1999, we entered into an agreement with Ford Motor Company which anticipates Ford manufacturing, marketing and selling vehicles that include receivers capable of receiving the CD Radio broadcasts.

We have also established relationships with major industry suppliers to design and/or develop the most important elements of our system:

SPACE SYSTEMS/LORAL, INC. ('Loral') is constructing and will launch and deliver our satellites in-orbit and checked-out. Loral is a leading full-service

provider of commercial satellite systems and services. Loral has scheduled the launch of our satellites for January, March and May of 2000 on Proton launch vehicles.

LUCENT TECHNOLOGIES, INC. is developing and will manufacture a custom designed chip set, the essential element of CD Radio receivers, to perform all of the digital signal processing of CD Radio's broadcasts. Lucent has agreed to use commercially reasonable efforts to deliver commercial quantities of the chip set by June 2000.

DELCO ELECTRONICS CORPORATION is designing and developing and has agreed to manufacture three-band receivers and satellite antennas for sale to major automotive manufacturers. Delco is

3

the world's largest producer of audio systems for original automotive equipment manufacturers and is a leader in mobile communications technology. Delco has agreed to complete the design and development work and have three-band receivers and antennas available for sale to automobile manufacturers by March 2001.

RECOTON CORPORATION is designing and developing FM modulated receivers, radio cards and hard-wired and wireless satellite antennas. Recoton, the owner of the Jensen, Advent, AR/Acoustic Research and InterAct brands, is the third largest producer of aftermarket car stereos sold in the U.S. and has one of the largest distribution systems for automotive consumer electronics, with over 30,000 points of presence. Recoton has agreed to deliver prototypes of these receivers and antennas shortly after Lucent delivers a prototype of the chip set, which is expected to be in the second quarter of 2000.

THE CD RADIO DELIVERY SYSTEM

The CD Radio delivery system will consist of three principal components:

THE SATELLITES. To provide CD Radio, we have contracted with Loral to build four satellites, to arrange for launch service providers to launch three of these satellites and to deliver the three launched satellites, in-orbit, by June 30, 2000. We intend to hold the fourth satellite as a ground spare.

Our satellites will incorporate a design which will act as a 'bent pipe,' relaying received signals directly to the ground. Our satellites will not contain on-board processors. All of our processing operations will be on the ground where they are accessible for maintenance and continuing technological upgrade without the need to launch replacement satellites.

In May 1998, we announced our plan to change the orbital location of our satellites from geostationary orbits over the equator to inclined elliptical orbits. This modification will allow our satellites to maximize the time spent over the continental United States, which will permit us to fully utilize the bandwidth allocated to us by the FCC. This modification must be approved by the FCC, which we have requested.

THE RECEIVERS. We expect consumers will receive CD Radio either by purchasing specially designed radio receivers for their existing vehicles or through a new generation of three-band radios which will come fully installed in new vehicles by automobile manufacturers. In the automotive aftermarket, we expect that CD Radio subscribers will have the choice of one of three different receiving devices for their cars -- an FM modulated receiver, a three-band receiver and a radio card.

FM Modulated Receivers. The CD Radio FM modulated receiver will be usable in all vehicles that have an FM radio, which represent approximately 95% of all U.S. vehicles. Each FM modulated receiver (which we call the Satellite Audio System) will operate with a device that will be approximately the size of a 35mm camera, and will be mounted either in the vehicle's trunk, behind the dashboard, in the glove compartment or under a seat. We expect the retail price of this FM modulated receiver, with a hard-wired satellite antenna and professional installation, will be approximately \$299.

Three-Band Receivers. To address consumers who replace their vehicle's sound system, we expect there will be available a receiver capable of receiving AM, FM and CD Radio broadcasts. We expect the retail price of these CD Radio-ready receivers, including the antenna and professional installation, will be approximately \$150 more than similar receivers which are not capable of receiving CD Radio broadcasts.

Radio Cards. CD Radio's wireless adapter, or radio card, will not require professional installation and will be usable by all vehicles in the United States equipped with a cassette player, which represent approximately 65%

of all vehicles on the road. We expect the retail price of the radio card, including the wireless satellite antenna, will be approximately \$199.

All CD Radio receivers will have a visual display that will indicate the channel and format selected, as well as the title, recording artist and album title of the musical selection being played.

THE NATIONAL BROADCAST STUDIO. We will originate our 100 channels of programming from our National Broadcast Studio in Rockefeller Center in New York City. The National Broadcast Studio will house our music library, facilities for programming origination, programming personnel and program hosts, as well as facilities to transmit programming to our orbiting satellites, to activate or deactivate service to subscribers and to perform the tracking, telemetry and control of our satellites.

SUMMARY OF TERMS OF THE EXCHANGE NOTES

Issuer..... CD Radio Inc.
Notes Offered..... \$200 million aggregate principal amount of 14 1/2% Senior Secured Notes due 2009. The form and terms of the exchange notes are the same as the form and terms of the initial notes except that the exchange notes are registered under the Securities Act, will not bear legends restricting their transfer and will not be entitled to registration rights under our notes registration rights agreement. The exchange notes will evidence the same debt as the initial notes and both the initial notes and the exchange notes will be governed by the same indenture.
Maturity..... May 15, 2009.
Interest Payment Dates..... We will pay interest on the exchange notes on May 15 and November 15 of each year, commencing November 15, 1999. We used approximately \$79.3 million of the proceeds of the offering of units consisting of initial notes and warrants to purchase common stock to purchase a portfolio of U.S. government securities in an amount sufficient to pay the first six payments of interest on the notes.
Ranking..... The exchange notes will be senior secured obligations and will rank senior in right of payment to all existing and future subordinated indebtedness and will rank equally with all existing and future senior indebtedness, including our 15% Senior Secured Discount Notes due 2007 (the 'Senior Discount Notes'). The indenture permits some kinds of subsidiary indebtedness and permits us to secure some kinds of indebtedness, which will rank equally with the exchange notes and the Senior Discount Notes. Please refer to the section of this prospectus entitled 'Description of the Notes -- Certain Covenants -- Limitation on Indebtedness.' After giving effect to the offering of units consisting of initial notes and warrants to purchase common stock, as of March 31, 1999, we would have had \$474 million in aggregate principal amount of indebtedness outstanding which ranked equal in right of payment with the exchange notes, all of which was secured. As of December 31, 1998, our subsidiaries had no liabilities outstanding.
Security..... The exchange notes will be secured by a first priority perfected security interest in all of the issued and outstanding common stock of our subsidiary, Satellite CD Radio, Inc. (the 'Pledged Stock'). The security interest

<S>

<C>

benefitting the exchange notes will rank equally with the security interest benefitting our Senior Discount Notes, which are also secured by a first priority perfected security interest in the Pledged Stock. Satellite CD Radio, Inc. conducts no business activities and its only asset is an FCC license. In addition, we used approximately \$79.3 million of the proceeds from the offering of the units consisting of initial notes and warrants to purchase a portfolio of U.S. government securities in an amount sufficient to pay the first six payments of interest on the notes. We pledged this portfolio of securities for the benefit of the holders of the initial notes and the exchange notes. See 'Description of the Notes -- Security.' Under the indenture, we and our subsidiaries are entitled to incur, subject to significant conditions and limitations, additional indebtedness. This additional indebtedness could also be secured by the issued and outstanding stock of Satellite CD Radio, Inc. Please refer to the section of this prospectus entitled 'Description of Certain Indebtedness.'

Optional Redemption..... We may redeem the exchange notes, in whole or in part, at any time after May 15, 2004, at the redemption prices

Redemption Upon Sale of Equity.....	described in this prospectus. Before May 15, 2002, we may redeem exchange notes representing up to 35% of the principal amount of the exchange notes with the net proceeds of one or more offerings of our equity securities. Please refer to the section of this prospectus entitled 'Description of the Notes -- Redemption.'
Change of Control.....	Upon specific change of control events, each holder of the exchange notes may require us to purchase all or a portion of its exchange notes at a purchase price equal to 101% of the principal amount of the exchange notes, together with any accrued and unpaid interest owed on the exchange notes to the date of purchase. Please refer to the section of this prospectus entitled 'Description of the Notes -- Certain Covenants -- Purchase of Notes Upon a Change of Control.'
Certain Covenants.....	The indenture contains covenants that require us to provide financial statements, obtain insurance and limit our ability to: incur additional indebtedness, pay dividends on, redeem or repurchase shares of our Common Stock or other classes of shares, engage in transactions with affiliates, create certain liens, sell assets, enter into sale and leaseback transactions, restrict dividend or other payments to us, issue and sell shares of restricted subsidiaries, and

9

<S>	<C>
Original Issue Discount.....	merge or consolidate. There are important exceptions and qualifications to these covenants which are described in the section of this prospectus entitled 'Description of the Notes.' Each exchange note will have original issue discount for United States federal income tax purposes. The original issue discount will accrue from the issue date of the exchange note and will be includable as interest income periodically in a holder's gross income for United States federal income tax purposes in advance of receipt of the cash payments to which the income is attributable. Please refer to the section of this prospectus entitled 'Certain United States Federal Income Tax Considerations.'
Absence of a Public Market for the Exchange Notes.....	The exchange notes are new securities with no established market for them. We cannot assure you that a market for these notes will develop or that this market will be liquid.
Form of the Exchange Notes.....	Except as described below, the exchange notes will be represented by one or more permanent global securities in bearer form deposited on behalf of The Depository Trust Company with United States Trust Company of New York, as custodian. You will not receive exchange notes in registered form unless one of the events described in the section of this prospectus entitled 'Description of the Notes -- Book Entry; Delivery and Form' occurs. Instead, beneficial interests in the exchange notes will be shown on, and transfers of these notes will be effected only through, records maintained in book-entry form by The Depository Trust Company with respect to its participants. Initial notes issued in certificated form may be exchanged for beneficial interests in the global securities.

SUMMARY CONSOLIDATED FINANCIAL DATA

The summary consolidated financial data for CD Radio shown below as of and for the years ended December 31, 1994, 1995, 1996, 1997 and 1998, are derived

from CD Radio's respective audited consolidated financial statements. The financial information as of and for the three months ended March 31, 1998 and 1999 is derived from unaudited consolidated financial statements incorporated by reference into this prospectus. (1) Included in the 1998 net loss of (\$48,396) is (\$25,682) of special charges related primarily to the termination of some launch and orbit related contracts required when we decided to enhance our satellite delivery system to include a third in-orbit satellite.

(2) The deemed dividend in 1997 relates to the discount feature associated with

our 5% Delayed Convertible Preferred Stock and the deemed dividend in 1998 relates primarily to the conversion feature associated with our 9.2% Series A Junior Cumulative Convertible Preferred Stock. We computed these deemed dividends in accordance with the Commission's position on accounting for preferred stock which is convertible at a discount to the market price.

- (3) For purposes of this computation, earnings are defined as losses plus fixed charges. Fixed charges are the sum of (i) interest expensed and capitalized, (ii) amortization of deferred financing costs, premium and debt discounts and (iii) the portion of operating lease rental expense that is representative of the interest factor (deemed to be one-third). Our ratio of earnings to fixed charges was less than 1.00 for the years ended December 31, 1994, 1995, 1996, 1997 and 1998 and for the three months ended March 31, 1998 and 1999; thus earnings available for fixed charges were inadequate to cover fixed charges for these periods.
- (4) Marketable securities consist of fixed income securities with a maturity at the time of purchase of greater than three months.

RISK FACTORS

In addition to the other information in this prospectus, the following factors should be considered carefully in evaluating us and our business. This prospectus contains some forward-looking statements. Actual results and the timing of some events could differ materially from those projected in the forward looking statements due to a number of factors, including those described below and elsewhere in this prospectus. See 'Management's Discussion and Analysis of Financial Condition and Results of Operations -- Special Note Regarding Forward Looking Statements.'

OUR BUSINESS IS STILL IN THE DEVELOPMENT STAGE

Historically, we have only generated losses. We are a development stage company. The service we propose to offer, CD Radio, is in a relatively early stage of development and we have never recognized any operating revenues or conducted any operations. Since our inception, we have concentrated on raising capital, obtaining required licenses, developing technology, strategic planning, market research and building our infrastructure. Our financial results from our inception on May 17, 1990 through March 31, 1999, are as follows:

no revenues;

net losses of approximately \$82 million (including net losses of approximately \$5 million during the year ended December 31, 1997 and \$48 million during the year ended December 31, 1998); and

net losses applicable to common stock of approximately \$184 million, which includes a deemed dividend on our former 5% Delayed Convertible Preferred Stock (the '5% Preferred Stock') of \$52 million. In November 1997, we exchanged 1,846,799 shares of our 10 1/2% Series C Convertible Preferred Stock for all of the issued and outstanding shares of 5% Preferred Stock.

We do not expect any revenues before 2001, and still have a variety of hurdles to surmount before commencing operations. We have not started to broadcast CD Radio and do not expect to generate any revenues from operations until the first quarter of 2001 or to generate positive cash flow from operations until the third quarter of 2001, at the earliest. Our ability to generate revenues, generate positive cash flow and achieve profitability will depend upon a number of factors, including:

raising additional financing;

the timely receipt of all necessary regulatory authorizations;

the successful and timely construction and deployment of our satellite system;

the development and manufacture by one or more consumer electronics manufacturers of devices capable of receiving CD Radio; and

the successful marketing and consumer acceptance of CD Radio.

We cannot assure you that we will accomplish any of the above, that CD Radio will ever commence operations, that we will attain any particular level of revenues, that we will generate positive cash flow or that we will achieve profitability.

WE NEED ADDITIONAL FINANCING TO BUILD AND LAUNCH OUR SERVICE

We need more money to continue implementing our business plan. We require near-term funding to continue building our CD Radio system. We believe we can fund our planned operations and the construction of our satellite and terrestrial system into the first quarter of 2000 from the proceeds of this offering and from our working capital at December 31, 1998, which includes the proceeds from our sale of 5,000,000 shares of Common Stock to Prime 66 Partners, L.P. for \$100 million on November 2, 1998 and our sale of a new class of 9.2% Series A Junior Cumulative Convertible Preferred Stock to Apollo Investment Fund IV, L.P. and Apollo Overseas Partners IV, L.P., which we refer to as the 'Apollo Investors,' for \$135 million on December 23, 1998.

12

The Apollo Investors have also granted us an option to sell them 650,000 shares of our 9.2% Series B Junior Cumulative Convertible Preferred Stock, par value \$.001 per share, for \$65 million. Subject to customary conditions and there not having occurred a material adverse change, we may exercise this option at any time before September 30, 1999. We refer to our 9.2% Series A Junior Preferred Stock and our 9.2% Series B Junior Preferred Stock together as the 'Junior Preferred Stock.'

We currently do not have sufficient financing commitments to completely fund our preoperational capital requirements. We expect to satisfy the remainder of our funding requirements through the issuance of debt or equity securities or a combination of debt and equity securities. We cannot assure you that we will obtain additional financing on favorable terms or that we will do so on a timely basis.

We estimate that we will need the following amounts for the following purposes:

<TABLE> <S>	<C>
to develop and commence commercial operation of CD Radio by the end of the fourth quarter of 2000	\$1,138 million
to fund operations through the first full year of operations ending with the fourth quarter of 2001	\$ 100 million
Total through the first year of operations	\$1,238 million

We have or expect that we may have use of the following funds to develop and operate CD Radio:

<TABLE> <S>	<C>
net funds raised through December 31, 1998 (including \$115 million of debt which we must refinance or repay by the earlier of February 29, 2000 and ten days prior to the launch of our second satellite)	\$ 721 million
funds from the sale of 9.2% Series B Junior Preferred Stock to the Apollo Investors, if we exercise our option, net of fees and expenses	\$ 63 million
funds which Bank of America may, but is not required to, arrange for us (\$225 million less \$115 million to repay our existing bank credit facility, net of estimated fees and expenses)	\$ 106 million
net proceeds from the sale of the units consisting of initial notes and warrants	\$ 110 million
Total funds we may, or expect to be able to, access	\$1,000 million

After we give effect to the funds we have and the funds we expect to raise, we estimate that we will need an additional approximately \$138 million to develop and commence commercial operation of CD Radio by the end of the fourth quarter of 2000 and an additional \$100 million to fund our business through the first full year of operations. If Bank of America is unable to arrange a new credit facility, we will need to raise an additional \$221 million to fund our operations through the end of the fourth quarter of 2000. We will require more money if there are delays, cost overruns, launch failure or other adverse developments.

WE FACE MANY FINANCING CHALLENGES AND CONSTRAINTS

We face many challenges and constraints in financing our development and operations, including those listed below.

Our debt instruments limit our ability to incur indebtedness. The indenture governing the Senior Discount Notes (the 'Senior Discount Notes Indenture') limits, and the indenture for the notes we are offering will limit, our ability

to incur additional indebtedness. In addition, we expect any future indebtedness will contain similar limits on our ability to incur additional indebtedness.

We will have to satisfy a variety of conditions before we can obtain any syndicated bank borrowings. We entered into a credit agreement with Bank of America and other lenders in July 1998 under which Bank of America and the other lenders agreed to provide us a term loan facility of up to \$115 million maturing on the earlier of February 29, 2000 and ten days prior to

13

the launch of our second satellite (the 'Tranche A Facility'). Bank of America has also agreed to attempt to arrange a syndicate of lenders to provide us with a second term loan facility of \$225 million. To borrow the funds under the second term loan facility, we must first satisfy specified conditions, and negotiate, execute and deliver definitive loan documents. We intend to use a portion of the proceeds from this second term loan facility to repay the existing term loan facility and for other general corporate purposes. The second term loan facility would provide us with approximately \$106 million of net additional funds after repayment of the existing term loan facility and the payment of fees and expenses.

We have substantial near-term requirements for additional funds. We require substantial funds to construct and launch the satellites that will be part of our broadcast system. We are committed to pay a total of approximately \$718 million under our Amended and Restated Contract with Loral (the 'Loral Satellite Contract') for the construction, launch and in-orbit delivery of three satellites and construction of our spare fourth satellite. Of this total, we must pay \$438 million for the construction of satellites and \$280 million for launch services. As of March 31, 1999, we had satisfied \$261 million of the amount due to Loral. We have also entered into an amendment to the Loral Satellite Contract pursuant to which we will purchase \$15 million of long-lead time parts for a fifth satellite. We started paying for the construction of the satellites in April 1997 and we must make further installments through December 2003.

If we fail to secure the financing required to pay Loral on a timely basis, we risk:

- delays in launching our satellites and starting broadcasting operations;
- increases in the cost of building or launching our satellites or other activities necessary to put CD Radio into operation;
- a default on our commitments to Loral, our creditors or others;
- our inability to commence CD Radio service; and
- the forced discontinuance of our operations or the sale of our business.

A delay in introducing our service could hinder our ability to raise additional financing. Any delay in implementing our business plan would hurt our ability to obtain the financing we need by adversely affecting our expected results of operations and increasing our cost of capital. Our ability to begin offering our CD Radio service at the end of the fourth quarter of 2000 depends on Loral delivering completed satellites before the launch dates and providing or obtaining launch services on a timely basis. A significant delay in the development, construction, launch or commencement of operation of our satellites would adversely affect our results of operations in a material way.

Other delays in implementing our business plan could also materially adversely affect our results of operations. Several factors could delay us, including the following:

- obtaining additional authorizations from the FCC;
- coordinating the use of S-band radio frequency spectrum with Mexico;
- delays in or modifications to the design, development, technical specifications, construction or testing of our satellites, receivers or other aspects of the CD Radio system;
- delay in commercial availability of devices capable of receiving CD Radio;
- failure of our vendors to perform as anticipated; and
- a delayed or unsuccessful satellite launch or deployment.

We have previously incurred some delays in implementing our business plan.

During any period of delay, we would continue to need significant amounts of cash to fund capital expenditures, administrative and overhead costs, contractual obligations and debt service. Accordingly, any delay could materially increase the aggregate amount of funds we need to commence operations. Additional financing may not be available on favorable terms or at all during periods of delay.

14

WE ARE DEPENDENT UPON LORAL TO BUILD AND LAUNCH OUR SATELLITES

Our business depends upon Loral successfully constructing and launching the satellites to transmit CD Radio. We are relying upon Loral to construct and to deliver these satellites in orbit on a timely basis. We cannot assure you that Loral will deliver the satellites or provide these launch services on a timely basis, if at all. If Loral fails to deliver functioning satellites in a timely manner, our business could be materially adversely affected. Although our agreement with Loral requires Loral to pay us penalties for late delivery, based on the length of the delay, these remedies may not adequately mitigate the damage any launch delays cause to our business. In addition, if Loral fails to deliver the designated launch services due to causes beyond its control, Loral will not be liable for the delay or the damages caused by the delay. While the satellites are under construction, Loral is at risk should anything happen to the satellites. In addition, Loral is responsible for making sure the satellites meet specific performance specifications at the time of launch (in the case of our first three satellites) or at the time of delivery to our ground storage location (in the case of our fourth satellite). However, we, and not Loral, will be at risk for anything that happens to the satellites at the time of launch and thereafter (in the case of our first three satellites) or at any time after delivery to our ground storage location (in the case of our fourth satellite). This means that if any satellite is destroyed during or after launch or if the fourth satellite is damaged or destroyed while in storage, Loral will not be responsible to us for the cost of replacing it.

We depend on Loral to obtain access to available slots on launch vehicles and to contract with third-party launch service providers for the launch of our satellites. A launch service provider may postpone one or more of our launches for a variety of reasons, including:

- technical problems;
- a launch of a scientific satellite whose mission may be degraded by delay;
- the need to conduct a replacement launch for another customer; or
- a launch of another customer's satellite whose launch was postponed.

Generally, Loral is not liable to us for a satellite or launch failure. However, if the first Proton launch vehicle used to launch our satellites fails, Loral will provide us with a free replacement launch. The timing of this replacement launch cannot be predicted, but in any event would not be before delivery of the fourth satellite.

We also depend on Loral to ensure that the software to test the satellites before launch, to run the satellites and to track and control the satellites, will be capable of handling the potential problems that may arise beginning on January 1, 2000. These potential problems are known as 'The Year 2000 Issue.' The Year 2000 Issue is the result of computer programs being written using two digits (rather than four) to define a year, which could result in miscalculations or system failures resulting from recognition of a date occurring after December 31, 1999 as falling in the year 1900 (or another year in the 1900s) rather than the year 2000 or thereafter. While currently the above mentioned systems are not fully prepared to handle The Year 2000 Issue, Loral is aware of this condition and has assured us that all Loral systems will be year 2000 compliant before the critical date of January 1, 2000.

WE ARE DEPENDENT ON LUCENT TO DESIGN AND DEVELOP CHIP SETS

Our business depends upon Lucent successfully designing, developing and manufacturing commercial quantities of integrated circuits (or chip sets), which will be used in consumer electronic devices capable of receiving CD Radio's broadcasts. If Lucent fails to deliver commercial quantities of the chip sets in a timely manner, the costs of the chip set development work increases significantly or the price of the chip set is not low enough to support the introduction of consumer devices capable of receiving CD Radio, our business will be materially adversely affected. Lucent has agreed to use commercially reasonable efforts to deliver commercial quantities of the chip sets by June 2000. We have agreed to pay Lucent the cost of the development work

15

related to the chip sets, currently estimated to be approximately \$27,000,000, which is approximately \$18,000,000 more than originally estimated.

We cannot assure you that:

Lucent will be able to deliver commercial quantities of chip sets by June 2000;

the cost to us of the chip set development work will not exceed \$27,000,000; or

Lucent will be able to establish a price for the chip sets which will be low enough to encourage and support the widespread introduction of consumer devices capable of receiving CD Radio.

WE ARE NOT SURE THERE WILL BE A MARKET FOR CD RADIO

Currently no one offers a commercial satellite radio service such as CD Radio in the United States. As a result, our proposed market is new and untested and we cannot reliably estimate the potential demand for this service or the degree to which our proposed service will meet that demand. We cannot assure you that there will be sufficient demand for CD Radio to enable us to achieve significant revenues or cash flow or profitable operations. CD Radio will achieve or fail to gain market acceptance depending upon factors beyond our control, including:

the willingness of consumers to pay subscription fees to obtain satellite radio broadcasts;

the cost, availability and consumer acceptance of devices capable of receiving CD Radio;

our marketing and pricing strategies and those of our competitors;

the development of alternative technologies or services; and

general economic conditions.

OUR PLANNED SYSTEM RELIES ON UNPROVEN APPLICATIONS OF TECHNOLOGY

Our satellite system applies technology in new and unproven ways. CD Radio is designed to be broadcast from three satellites orbiting the Earth. Two of the three satellites will transmit the same signal at any given time to receivers that will receive signals through antennas. This design applies technology in new and unproven ways. Accordingly, we cannot assure you that the CD Radio system will work as planned.

Some obstructions will adversely affect CD Radio reception. High concentrations of tall buildings and other obstructions, such as those found in large urban areas, and tunnels will block the signals from both transmitting satellites. We plan to install terrestrial repeating transmitters to rebroadcast CD Radio in some urban areas to mitigate this problem. However, some areas with impediments to satellite line-of-sight may still experience 'dead zones.' We cannot assure you that the CD Radio system will operate as planned with the technology we have developed.

Our system has never been tested with orbiting satellites. We cannot assure you that the CD Radio system will function as intended until we test it with orbiting satellites and antennas and receivers suitable for commercial production. We have never done this kind of test because there are no commercial satellites in orbit capable of transmitting radio signals on S-band frequencies to the United States. In support of our application for our FCC license, we conducted a terrestrial simulation of our proposed radio service from November 1993 through November 1994. For the demonstration, we transmitted S-band signals to a prototype S-band radio and satellite dish antenna installed in a car to simulate specific transmission characteristics of our planned system. As part of the demonstration, the prototype radio received 30 channels of compact disc quality stereo music while the car was driven throughout the range. We have also successfully tested our system in San Francisco, where our terrestrial repeater network has been completed.

SATELLITE LAUNCHES HAVE SIGNIFICANT RISKS

We cannot assure you that the launches of our satellites will be successful. Satellite launches have significant risks, including launch failure, damage or destruction of the satellite during launch

and failure to achieve a proper orbit or operate as planned. The Loral Satellite Contract does not protect us against the risks inherent in satellite launches or in-orbit operations. Our three satellites are scheduled to be launched on Proton launch vehicles, which are built by Russian entities. The Proton family of launch vehicles has a 92% launch success rate based on its last 50 launches. Past experience, however, is not necessarily indicative of future performance.

As part of our risk management program, we contracted with Loral for the construction of a fourth satellite that we will use as a ground spare. We also plan to obtain insurance covering a replacement launch to the extent required to cover risks Loral does not assume. If we need to launch our spare satellite, the start of our commercial operations would be delayed for a period of up to six months, which could materially adversely affect the demand for our services, our revenues and our results of operations.

SATELLITES HAVE A LIMITED LIFE AND MAY FAIL IN ORBIT

We expect that our satellites will last approximately 15 years, and that after this period their performance in delivering CD Radio will deteriorate. We cannot assure you, however, of the useful life of any particular satellite. Our operating results would be adversely affected if the useful life of our initial satellites is significantly shorter than 15 years.

The useful lives of our satellites will vary and will depend on a number of factors, including:

- quality of construction;
- amount of fuel on board;
- durability of component parts;
- expected gradual environmental degradation of solar panels;
- random failure of satellite components, which could result in damage to or loss of a satellite; and
- in rare cases, damage or destruction by electrostatic storms or collisions with other objects in space.

If one of our satellites fails on launch or in orbit and if we are required to launch our spare satellite, our operational timetable will be delayed for up to six months. If two or more of our satellites fail on launch or in orbit, our operational timetable could be delayed by at least 16 months.

INSURANCE MAY NOT COVER ALL RISKS OF LAUNCHING AND OPERATING SATELLITES

There are many potential risks to insure. Because our agreement with Loral does not protect us against launch vehicle failure, failure of a satellite to deploy correctly or failure of a satellite to operate as planned, we must purchase insurance to protect adequately against these risks. We cannot assure you that we will be able to purchase launch insurance or in-orbit insurance. The insurance premiums we pay may increase substantially upon any adverse change in insurance market conditions.

Many risks we face may not be covered by insurance. Our insurance may not cover all of our losses, and may not fully reimburse us for the following:

- expenditures for a satellite which fails, totally or in part, upon launch;
- expenditures for a satellite which fails to perform to specifications after launch;
- damages from business interruption, loss of business and similar losses arising from satellite failures or launch delays; and
- losses for which there are deductibles, exclusions and conditions.

OUR TECHNOLOGY MAY BECOME OBSOLETE

We will depend on technologies being developed by third parties to implement key aspects of our proposed system. These technologies may become obsolete. We may be unable to obtain more advanced technologies on a timely

basis or on reasonable terms, or our competitors may obtain more advanced technologies and we may not have access to these technologies.

RECEIVERS AND ANTENNAS ARE NOT YET AVAILABLE

To receive the CD Radio service, a subscriber will need to purchase a device capable of receiving our broadcasts as well as an appropriate antenna. Although we have entered into agreements with Lucent to develop and manufacture chip sets that represent the essential element of the CD Radio receivers and our miniature satellite dish antennas, we cannot assure you that Lucent will succeed in this development effort. We have also entered into agreements with Delco and Recoton to design and develop devices capable of receiving CD Radio broadcasts and antennas for use with these devices. We cannot assure you that Delco and Recoton will succeed in their development efforts.

No one currently manufactures devices capable of receiving CD Radio broadcasts and suitable antennas, and neither Delco nor Recoton has agreed to manufacture commercial quantities of these devices. We do not intend to manufacture or distribute CD Radio receivers and antennas ourselves. We have discussed the manufacture of CD Radio receivers and antennas for retail sale in the United States with several manufacturers, including Delco and Recoton. These discussions may not result in a binding commitment on the part of any manufacturer to produce, market and sell devices capable of receiving CD Radio broadcasts and suitable antennas in a timely manner and at a price that would permit the widespread introduction of CD Radio in accordance with our business plan. In addition, any manufacturers of devices capable of receiving CD Radio broadcasts and antennas may not produce them in sufficient quantities to meet anticipated consumer demand. Our business would be materially adversely affected if we cannot arrange for the timely development of these products for commercial sale at an affordable price and with sufficient retail distribution.

Our FCC license requires that we design a receiver that is interoperable with the national satellite radio system being developed by the other existing licensee, XM Satellite Radio, Inc. ('XM'). Although we have made progress towards designing a receiver that is interoperable with the system XM is constructing, we cannot predict whether we will be able to satisfy this interoperability requirement because of the various technological challenges involved. Complying with this interoperability requirement also could make the devices capable of receiving CD Radio broadcasts and the related antenna more difficult and costly to manufacture. Accordingly, this interoperability requirement could delay the commercial introduction of these products or require that they be sold at higher prices. We may also be bound by this interoperability requirement for any person licensed by the FCC to provide a satellite-based digital audio radio service in the future.

WE MAY NOT BE ABLE TO COMPETE EFFECTIVELY AGAINST CONVENTIONAL RADIO STATIONS, THE OTHER HOLDER OF AN FCC LICENSE TO PROVIDE THIS SERVICE OR OTHER POTENTIAL PROVIDERS OF THIS SERVICE

We will be competing with established conventional (over the air) radio stations, which, unlike CD Radio:

- do not charge subscription fees;

- do not require users to purchase a separate receiver and antenna;

- often offer local information programming such as local news and traffic reports; and

- in the case of some FM stations, may begin to broadcast digital, compact disc quality signals before we start operations.

In addition to direct competition from XM, we face the possibility of additional satellite broadcast radio competition:

18

- if the FCC grants additional licenses for satellite-delivered radio services;

- if holders of licenses for other portions of the electromagnetic spectrum (currently licensed for other uses) obtain changes to their licenses; or

- if holders of licenses without FCC restrictions for other portions of the spectrum devise a method of broadcasting satellite radio.

Finally, one or more competitors may design a satellite radio broadcast system that is superior to our system. The competitive factors listed above could materially adversely affect our results of operations. In addition, any delays in introducing our service also could place us at a competitive

disadvantage relative to any competitor that begins operations before us.

WE MAY NOT BE ABLE TO SUCCESSFULLY MANAGE RAPID GROWTH

We expect to experience significant and rapid growth in the scope and complexity of our business as we proceed with the development of our satellite radio system. We do not employ sufficient staff to program our broadcast service, manage operations, control the operation of our satellites or handle sales and marketing efforts. Although we have hired experienced executives in these areas, we must hire many additional employees before we begin commercial operations of our service. This growth is likely to place a substantial strain on our management and operational resources. Our results of operations could be materially adversely affected if we fail to do any of the following:

develop and implement effective management systems;

hire and train sufficient personnel to perform all of the functions necessary to effectively provide our service;

manage our subscriber base and business; or

manage our growth effectively.

WE ARE SUBJECT TO CONTINUING AND DETAILED REGULATION BY THE FCC

Our FCC license is being challenged. On October 10, 1997, the FCC's International Bureau granted us an FCC license after we submitted a winning bid in an FCC auction. One of the low-bidders in the FCC auction applied to have the full FCC review the grant of our FCC license. The application requests that the FCC adopt restrictions on foreign ownership and overrule the granting of our FCC license on the basis of our ownership. If the FCC denies this application, the complaining party may appeal to the U.S. Court of Appeals. Because less than 25% of our voting stock is owned by non-U.S. persons, we believe the FCC will uphold the grant of our FCC license. We cannot predict the ultimate outcome of any proceedings relating to this application or any other proceedings that interested parties may file. Since December 29, 1997, there have been no developments in this matter.

We need a modification to our FCC license before we can begin operation. In May 1998, we decided to increase the number of satellites in our system from two to three and to change the orbit of those satellites. To implement these changes, the FCC must approve changes to our FCC license. If the FCC were to deny our application to modify our license, we would be required to redesign our proposed system and modify our satellites, at a significant cost, and our commercial operations would be delayed. On December 11, 1998, we filed an application with the FCC for these changes. Although we believe that the FCC will approve our application for this necessary change, we cannot assure you that this will occur. XM and WCS Radio, Inc. have filed comments objecting to this modification of our FCC license. We cannot predict the time it will take the FCC to act on our application or any of these objections and we cannot be sure that the modification we have requested will be granted.

We will need to renew our FCC license after eight years. The term of our FCC license with respect to each satellite is eight years, beginning on the date it is declared operational after it is inserted into orbit. When the term of our FCC license for each satellite expires, we must apply for

19

a renewal of the relevant license. If the FCC does not renew our FCC license, we would be forced to cease broadcasting CD Radio. We cannot assure you that we will obtain these renewals.

We need FCC approval to operate our terrestrial repeating transmitters. Although we plan to install terrestrial repeating transmitters to rebroadcast CD Radio in some urban areas, the FCC has not yet established rules governing the application procedure for obtaining authorizations to construct and operate terrestrial repeating transmitters on a commercial basis. The FCC initiated a rulemaking on the subject in March 1997 and received several comments urging the FCC to consider placing restrictions on the ability to deploy terrestrial repeating transmitters. We cannot predict the outcome of this process.

To install and operate our terrestrial repeating transmitters, we will also need to obtain the rights to use towers or the roofs of some structures. Our inability to install terrestrial repeaters in areas where we think we need them could adversely affect the quality of reception of CD Radio service. We cannot assure you that we can obtain these tower or roof rights on acceptable terms or in appropriate locations for the operation of CD Radio.

The United States needs to complete frequency coordination with Mexico. To

use our assigned spectrum, the United States government must complete a process of frequency coordination with Mexico. We cannot assure you that the United States government will be able to coordinate use of this spectrum with Mexico or do so in a timely manner. The United States and Canadian governments were required to complete a similar process and have done so.

New devices may interfere with CD Radio broadcasts. The FCC has proposed regulations to allow a new type of lighting device that may generate radio energy in the part of the spectrum we intend to use. We believe the current proposed regulations for these devices do not contain adequate safeguards to prevent interference with services such as CD Radio. If the FCC fails to adopt adequate technical standards specifically applicable to these devices and if the use of these devices becomes commonplace, we could experience difficulties enforcing our rights. If the FCC fails to adopt adequate standards, the new devices could materially adversely affect reception of our broadcasts. Although we believe that the FCC will set adequate standards to prevent harmful interference, we cannot assure you that it will do so.

We may be adversely affected by changing regulations. To provide CD Radio, we must retain our FCC license and obtain or retain other requisite approvals. Our ability to do so could be affected by changes in laws, FCC regulations, international agreements governing communications policy generally or international agreements relating specifically to CD Radio. In addition, the manner in which CD Radio would be offered or regulated could be affected by these changes.

We may be adversely affected by foreign ownership restrictions. The Communications Act of 1934 restricts ownership in some broadcasters by foreigners. If these foreign ownership restrictions were applied to us, we would need further authorization from the FCC if our foreign ownership were to exceed 25%. The order granting our FCC license determined that, as a private carrier, those restrictions do not apply to us. However, the order granting our FCC license stated that our foreign ownership status under the Communications Act could be raised in a future proceeding. The pending appeal of the grant of our FCC license may bring the question of foreign ownership restrictions before the full FCC.

We could be required to comply with public service regulations. The FCC has indicated that it may impose public service obligations on satellite radio broadcasters in the future, which could add to our costs or reduce our revenues. For example, the FCC could require broadcasters to set aside channels for educational programming. We cannot predict whether the FCC will impose public service obligations or the impact that any of these obligations would have on our results of operations.

CONSUMERS MAY STEAL OUR SERVICE

Consumers may steal the CD Radio signal. Although we plan to use encryption technology to mitigate signal piracy, we do not believe that this technology is infallible. Accordingly, we cannot assure you that we can eliminate theft of the CD Radio signal. Widespread signal theft could

20

reduce the number of motorists willing to pay us subscription fees and materially adversely affect our results of operations.

OUR PATENTS MAY NOT BE SUFFICIENT TO PREVENT OTHERS FROM COPYING ELEMENTS OF OUR SYSTEM

Although our U.S. patents cover various features of satellite radio technology, our patents may not cover all aspects of our system. Others may duplicate aspects of our system which are not covered by our patents without liability to us. In addition, competitors may challenge, invalidate or circumvent our patents. We may be forced to enforce our patents or determine the scope and validity of other parties' proprietary rights through litigation. In this event, we may incur substantial costs and we cannot assure you of success in this litigation. In addition, others may block us from operating our system if our system infringes their patents, their pending patent applications which mature into patents or their inventions developed earlier which mature into patents. Should we desire to license our technology, we cannot assure you that we can do so. Assuming we pay all necessary fees on time, the earliest expiration date on any of our patents is April 10, 2012.

WE MAY NOT BE ABLE TO SATISFY A CHANGE OF CONTROL OFFER

The indentures governing the notes and our Senior Discount Notes and the certificates of designations for our 10 1/2% Series C Preferred Stock, 9.2% Series A Junior Preferred Stock and 9.2% Series B Junior Preferred Stock contain provisions that apply to a change of control of our company. If someone triggers

a change of control as defined in those instruments, we must offer to purchase those securities. If we have to make such an offer, we cannot be sure that we will have enough funds to pay for all the securities that holders could tender. If we fail to pay for the notes and the Senior Discount Notes in a change of control offer, we will be in default under the indentures for these notes and the holders of these notes and their trustees may demand that we prepay all amounts outstanding under these notes. If we fail to pay for the 10 1/2% Series C Preferred Stock in a change of control offer, the holders of a majority of this class of stock will be able to elect directors constituting at least 25% of our board of directors, up to a maximum of two directors. If we fail to pay for the 9.2% Series A Junior Preferred Stock and the 9.2% Series B Junior Preferred Stock in a change of control offer because of our obligations to other holders of our debt securities or preferred stock, we must use our best efforts to satisfy these obligations or to obtain permission to repurchase these classes of preferred stock.

THE SECURITY FOR THE NOTES MAY NOT BE SUFFICIENT TO MAKE PAYMENTS ON THE NOTES

Our obligations under the Senior Discount Notes Indenture and the Senior Discount Notes are, and our obligations under the indenture and the notes are secured by a pledge of the Pledged Stock. We cannot assure you that proceeds from the sale of the Pledged Stock will be sufficient to satisfy amounts due on the notes. Satellite CD Radio, Inc. conducts no business activities and its only asset is our FCC license. The notes are not secured by any lien on, or other security interest in, any of our other properties or assets or any properties or assets of Satellite CD Radio, Inc., except that during the first three years after the date the notes are issued, the notes are secured by a portfolio of U.S. government securities in an amount sufficient to pay the first six payments of interest on the notes. In addition, the indenture permits us to incur other secured indebtedness which may, in the future, be secured on an equal basis with the notes with respect to the Pledged Stock.

If, upon a foreclosure on the Pledged Stock, the proceeds from the Pledged Stock are insufficient to satisfy the entire amount due on the notes and on the Senior Discount Notes, the claim by the holders of the notes against us for this deficiency would rank equally with the claims of the other general, unsubordinated creditors of CD Radio. We cannot assure you that the remaining assets of CD Radio would be sufficient to satisfy this deficiency.

The trustee under the indenture may not exercise any rights with respect to the Pledged Stock upon the occurrence of an Event of Default (as defined in the indenture) if this action would

21

constitute, or result in any, assignment of our FCC license or any change of our control unless the prior approval of the FCC is first obtained. We cannot assure you that any required FCC approval can be obtained on a timely basis, or at all.

CONTROL BY EXISTING STOCKHOLDERS

As of May 31, 1999, our executive officers and directors beneficially owned or could vote approximately 19% of our outstanding common stock. In addition, as of that date, our executive officers and directors together with Prime 66 and the Apollo Investors beneficially owned or could vote approximately 47% of our outstanding common stock (assuming conversion of the Junior Preferred Stock). As a result of this concentration of ownership, these stockholders, if they choose to act in concert, may exert considerable influence over our management and policies. Similarly, some or all of these stockholders could delay, defer or prevent a change of control.

THERE IS NO PUBLIC MARKET FOR THE NOTES

Before the offering of the notes, there has been no public market for the notes and we do not intend to apply for the listing of the notes on any securities exchange or for quotation of the notes on The Nasdaq Stock Market, Inc. We have been advised by the initial purchasers that they presently intend to make a market in the exchange notes, as permitted by applicable laws and regulations. The initial purchasers are not obligated, however, to make a market in the exchange notes and any market making activity may be discontinued at any time without notice at the sole discretion of each initial purchaser. This market-making activity will be restricted by limitations imposed by the Securities Act and the Exchange Act, and may be limited during our exchange offer for the notes. We cannot assure you as to the liquidity of the public market for the exchange notes or that an active public market for the exchange notes will develop. If an active public market does not develop, the market price and liquidity of the exchange notes may be adversely affected. Please refer to the section in this prospectus entitled 'Plan of Distribution.'

Historically, the market for non-investment grade debt has been affected by

disruptions that have caused substantial volatility in the prices of securities similar to the exchange notes. We cannot assure you that any market for the exchange notes will not be affected by similar disruptions.

THE ISSUANCE OF THE EXCHANGE NOTES MAY ADVERSELY AFFECT THE MARKET FOR THE INITIAL NOTES

If initial notes are tendered for exchange and accepted in the exchange offer, the trading market for the untendered and tendered but unaccepted initial notes could be adversely affected. Please refer to the section in this prospectus entitled ' -- Your failure to participate in the exchange offer will have adverse consequences.'

YOUR FAILURE TO PARTICIPATE IN THE EXCHANGE OFFER WILL HAVE ADVERSE CONSEQUENCES

The initial notes were not registered under the Securities Act or under the securities laws of any state and you may not resell them, offer them for resale or otherwise transfer them unless they are subsequently registered or resold under an exemption from the registration requirements of the Securities Act and applicable state securities laws. If you do not exchange your initial notes for exchange notes pursuant to this exchange offer, or if you do not properly tender your initial notes in this exchange offer, you will not be able to resell, offer to resell or otherwise transfer the initial notes unless they are registered under the Securities Act or unless you resell them, offer to resell or otherwise transfer them under an exemption from the registration requirements of, or in a transaction not subject to, the Securities Act. In addition, you may no longer be able to obligate us to register the initial notes under the Securities Act.

22

SOME PERSONS WHO PARTICIPATE IN THE EXCHANGE OFFER MUST DELIVER A PROSPECTUS IN CONNECTION WITH REALES OF THE EXCHANGE NOTES

Based on certain no-action letters issued by the staff of the Commission, we believe that you may offer for resale, resell or otherwise transfer the exchange notes without compliance with the registration and prospectus delivery requirements of the Securities Act. However, in some instances described in this prospectus under 'The Exchange Offer,' you will remain obligated to comply with the registration and prospectus delivery requirements of the Securities Act to transfer your exchange notes. In these cases, if you transfer any exchange note without delivering a prospectus meeting the requirements of the Securities Act or without an exemption from registration of your exchange notes under the Securities Act, you may incur liability under this act. We do not and will not assume, or indemnify you against, this liability.

HOLDERS OF EXCHANGE NOTES WILL BE TAXED ON ORIGINAL ISSUE DISCOUNT

The exchange notes will be deemed to be issued at a substantial discount from their principal amount. Consequently, holders of exchange notes generally will be required to include amounts in gross income for United States federal income tax purposes in advance of receipt of the cash payments to which this income is attributable. If the exchange notes are treated as 'applicable high yield discount obligations,' our deductions with respect to the original issue discount on the exchange notes will be either deferred until we make the related payments or possibly, in part, disallowed. Please refer to the section in this prospectus entitled 'Certain United States Federal Income Tax Considerations' for a more detailed discussion of the United States federal income tax consequences to holders of the purchase, ownership and disposition of the exchange notes and of the possible deferral or disallowance (in part) of original issue discount deductions to us.

If a bankruptcy case is commenced by or against us under the United States Bankruptcy Code after the issuance of the exchange notes, the claim of a holder of exchange notes may be limited to an amount equal to the sum of (1) the initial public offering price for the notes and (2) that portion of the original issue discount that is not deemed to constitute 'unmatured interest' for purposes of the United States Bankruptcy Code. Any original issue discount that was not amortized as of the date of the commencement of this bankruptcy filing would constitute 'unmatured interest.'

23

USE OF PROCEEDS

We will not receive any cash proceeds from the issuance of the exchange

notes in exchange for the initial notes. We are making this exchange solely to satisfy our obligations under our registration rights agreement. In consideration for issuing the exchange notes, we will receive initial notes in aggregate value equal to the value of the exchange notes.

SOURCES AND USES OF FUNDS BY CD RADIO

The following table describes the estimated sources and uses of funds by CD Radio from its inception through the end of the fourth quarter of 2000, when CD Radio is expected to commence commercial operations. Assuming the availability of the funds committed or identified to date, we anticipate that we will require approximately an additional \$138 million to finance additional expenses before the commencement of operations. We anticipate additional funding requirements of \$100 million to fund our operations through the first full year of operations. The projection of total sources and total uses of funds is forward looking and could vary, perhaps substantially, from actual results, due to events outside our control, including unexpected costs and unforeseen delays. Please refer to the section in this prospectus entitled 'Management's Discussion and Analysis of Financial Condition and Results of Operations -- Special Note Regarding Forward Looking Statements.'

Our existing credit facility matures on the earlier of February 29, 2000 and ten days prior to the launch of our second satellite. We have also entered into an agreement with Bank of America under which Bank of America has agreed to attempt to

arrange a syndicate of lenders to provide a second term loan facility in the aggregate principal amount of \$225 million. Bank of America has not committed to provide these loans and we cannot assure you that these loans will be arranged or the terms of these loans will be acceptable to us. - (5) We currently expect to satisfy our future funding requirements through the issuance of additional debt and/or equity securities in the public or private markets. If Bank of America is unable to arrange a new credit facility, we will need to raise an additional \$221 million to fund our operations through the end of the fourth quarter of 2000.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF
FINANCIAL CONDITION AND RESULTS OF OPERATIONS

This prospectus contains some forward-looking statements within the meaning of the federal securities laws. Actual results and the timing of some events could differ materially from those projected in the forward-looking statements due to a number of factors, including those described under 'Risk Factors' and elsewhere in this prospectus. See 'Special Note Regarding Forward Looking Statements' below.

OVERVIEW

CD Radio was organized in May 1990 and is in its development stage. Our principal activities to date have included technology development, obtaining regulatory approval for the CD Radio service, commencement of construction of four satellites, acquisition of content for our programming, strategic planning,

market research, recruitment of our management team and securing financing for working capital and capital expenditures. We do not expect to generate any revenues from operations until the first quarter of 2001, at the earliest, and we expect that positive cashflow from operations will not be generated until the third quarter 2001, at the earliest. In addition, we require additional capital to complete development and commence commercial operations of CD Radio. We cannot assure you that we will ever commence operations, that we will attain any particular level of revenues or that we will achieve profitability. For further information about these risks, please refer to the section of this prospectus entitled 'Risk Factors.'

Upon commencing commercial operations, we expect our primary source of revenues to be monthly subscription fees. We currently anticipate that our subscription fee will be approximately \$9.95 per month to receive CD Radio broadcasts, with a one time, modest activation fee per subscriber. In addition, we expect to derive additional revenues from directly selling or bartering advertising time on our non-music channels. We do not intend to manufacture the consumer electronic devices necessary to receive CD Radio and thus will not receive any revenues from their sale. Although we hold patents covering some of the technology which may be used in these consumer electronic devices, we expect to license our technology to manufacturers at no charge.

We expect that the operating expenses associated with commercial operations will consist primarily of marketing, sales, programming, maintenance of the satellite and broadcasting system and general and administrative costs. Costs to acquire programming are expected to include payments to build and maintain an extensive music library and royalty payments for broadcasting music (calculated based on a percentage of revenues). Marketing, sales, general and administrative costs are expected to consist primarily of advertising costs, salaries of employees, rent and other administrative expenses. As of June 17, 1999, we had 55 employees and we expect to have approximately 150 employees by the time we commence commercial operations.

In addition to funding initial operating losses, we require funds for working capital, interest and financing costs on borrowings and capital expenditures in the near term.

RESULTS OF OPERATIONS

THREE MONTHS ENDED MARCH 31, 1999 COMPARED WITH THREE MONTHS ENDED MARCH 31, 1998

We recorded net losses of \$10,444,000 for the three months ended March 31, 1999 and \$5,838,000 for the three months ended March 31, 1998. Our total operating expenses were \$11,875,000 for the three months ended March 31, 1999 and \$2,333,000 for the three months ended March 31, 1998.

Engineering design and development costs were \$6,911,000 for the three months ended March 31, 1999 and \$379,000 for the three months ended March 31, 1998, respectively. Engineering costs increased in the 1999 quarter primarily due to payments to Lucent in connection with the chip set development effort and payments to consumer electronic manufacturers in connection with receiver development efforts.

28

General and administrative expenses increased for the three months ended March 31, 1999 to \$4,964,000 from \$1,954,000 for the three months ended March 31, 1998. General and administrative expenses increased due to the occupancy of our new offices and broadcast studios and the growth of our management team and the workforce necessary to develop and commence the broadcast of CD Radio. The major components of general and administrative expenses in the 1999 quarter were salaries and employment related costs (28%), rent and occupancy costs (30%) and legal and regulatory fees (15%), while in the 1998 quarter the major components were salaries and employment related costs (27%), rent and occupancy costs (5%), and legal and regulatory fees (14%). The remaining portion of general and administrative expenses (27% in the 1999 quarter and 54% in the 1998 quarter) consists of other costs such as insurance, market research, consulting, travel, depreciation and supplies, with none of these amounts exceeding 10% of the total.

The increase of interest and investment income to \$2,864,000 for the three months ended March 31, 1999, from \$2,318,000 in the three months ended March 31, 1998, was the result of a higher average balances of cash and marketable securities during the first quarter of 1999. We obtained the additional cash and marketable securities from the stock sales during the fourth quarter of 1998.

Interest expense, net of capitalized interest, was \$1,433,000 in the 1999 quarter compared with \$5,823,000 in the 1998 quarter and capitalized interest was \$10,127,000 in the 1999 quarter compared with \$277,000 in the 1998 quarter.

Gross interest expense was \$11,560,000 in the 1999 quarter and \$6,100,000 in the 1998 quarter. This increase was primarily due to interest expense on the short-term notes payable and the deferred satellite payments, neither of which were outstanding in the 1998 quarter.

YEAR ENDED DECEMBER 31, 1998 COMPARED WITH YEAR ENDED DECEMBER 31, 1997

We recorded net losses of \$48,396,000 (\$2.70 per share) for the year ended December 31, 1998 and \$4,737,000 (\$.41 per share) for the year ended December 31, 1997. Our total operating expenses were \$39,079,000 in 1998 and \$6,865,000 in 1997. Excluding the special charges recorded in the second quarter of 1998 totaling \$25,682,000 which related primarily to the termination of certain launch and orbit related contracts required when we decided to enhance our satellite delivery system to include a third in-orbit satellite, we recorded net losses of \$22,714,000 and operating costs of \$13,397,000 in 1998.

Legal, consulting and regulatory fees increased to \$4,064,000 in 1998 from \$3,236,000 in 1997. The increase in the level of expenditures was primarily the result of greater consulting expenses due to the accelerated execution of our business plan. Consulting fees were generated primarily in connection with the technical aspects of our business plan, such as satellite construction, chip set design and terrestrial repeater network build-out. The major components of legal, consulting and regulatory fees in the 1998 period were legal (48%), consulting (50%) and regulatory (2%), while in the 1997 period the major components were legal (51%), consulting (44%) and regulatory (5%).

Research and development costs were \$22,000 in 1998, compared with \$57,000 in 1997. This level of research and development cost is the result of our completing the majority of these activities in 1994.

Other general and administrative expenses increased to \$9,311,000 in 1998 from \$3,572,000 in 1997. General and administrative activities have grown as we continue to expand our management team and the workforce necessary to develop and commence the broadcast of CD Radio. The major components of other general and administrative costs in 1998 were salaries and employment related costs (51%) and rent and occupancy costs (24%), while in the 1997 period the major components were salaries and employment related costs (57%) and rent and occupancy costs (11%). The increase in the percentage of the total costs related to rent and occupancy was due to our taking possession of the premises where our National Broadcast Studio is being constructed. The remaining portion of other general and administrative costs (25% in 1998 and 32% in 1997) consists of other costs such as insurance, market research, travel, depreciation and supplies, with no amount exceeding 10% of the total.

29

Interest and investment income increased to \$7,250,000 in 1998 from \$4,074,000 in 1997. The increase was the result of a higher average investment balance throughout 1998 than 1997. The higher average investment balance was due to the completion of the sales of stock to both Prime 66 and the Apollo Investors in 1998 and the unexpended proceeds from our 1997 securities offerings.

Interest expense, net of capitalized interest, was \$14,272,000 in 1998 and \$1,946,000 in 1997. This increase was due to interest expense accruing on our Senior Discount Notes issued in November 1997. Although we recorded a net loss, we recorded \$2,295,000 of income tax expense in 1998, which is related to our being a 'start-up' company for income tax purposes and the fact that the interest expense on our Senior Discount Notes is deductible only when paid.

YEAR ENDED DECEMBER 31, 1997 COMPARED WITH YEAR ENDED DECEMBER 31, 1996

We recorded net losses of \$4,737,000 (\$.41 per share) for the year ended December 31, 1997 and \$2,831,000 (\$.29 per share) for the year ended December 31, 1996. Our total operating expenses were \$6,865,000 for the year ended December 31, 1997 and \$2,930,000 for the year ended December 31, 1996.

Legal, consulting and regulatory fees increased for the year ended December 31, 1997 to \$3,236,000 from \$1,582,000 for the year ended December 31, 1996. These levels of expenditures are the result of increased activity since winning the auction for our FCC license in April 1997, and in connection with our public offerings of Common Stock and units consisting of Senior Discount Notes and warrants to purchase Senior Discount Notes and the exchange offer for our 5% Preferred Stock. The major components of legal, consulting and regulatory fees in 1997 were legal (51%), consulting (44%) and regulatory (5%), while in 1996 the major components were legal (48%), consulting (38%) and regulatory (14%).

Research and development costs were \$57,000 for the year ended December 31, 1997 and \$117,000 for the year ended December 31, 1996. We

completed the majority of these activities in 1994.

Other general and administrative expenses increased for the year ended December 31, 1997 to \$3,572,000 from \$1,231,000 for the year ended December 31, 1996. General and administrative expenses are expected to continue to increase as we continue to develop our business. The major components of other general and administrative costs in 1997 were salaries and employment related costs (57%) and rent and occupancy costs (11%), while in 1996 the major components were salaries and employment related costs (50%) and rent and occupancy costs (22%). The remaining portion of other general and administrative costs (32% in 1997 and 28% in 1996) consists of other costs such as insurance, market research, travel, depreciation and supplies, with no amount exceeding 10% of the total.

The increase in interest and investment income to \$4,074,000 for the year ended December 31, 1997, from \$112,000 in the year ended December 31, 1996, was the result of a higher average investment balance during 1997. The investments on hand were primarily obtained from the debt and equity offerings completed in 1997.

Interest expense increased for the year ended December 31, 1997 to \$1,946,000 from \$13,000 for the year ended December 31, 1996. The increase is the result of the issuance of the units consisting of Senior Discount Notes and warrants to purchase Senior Discount Notes in November 1997.

LIQUIDITY AND CAPITAL RESOURCES

At March 31, 1999, we had a total of cash, cash equivalents and marketable securities of \$208,227,000 and working capital of \$104,489,000 compared with cash, cash equivalents and marketable securities of \$265,623,000 and working capital of \$180,966,000 at December 31, 1998. The decrease in these balances was primarily the result of payments for satellite construction, launch vehicles and services, payments under our agreement with Lucent and other engineering

30

agreements and other operating expenses exceeding interest and investment income during the period.

Funding Requirements. We require near-term funding to continue building our CD Radio system. We believe we can fund our planned operations and the construction of our satellite system into the first quarter of 2000 from the proceeds of this offering and from our working capital. We estimate that we will require approximately \$1,138 million to develop and commence commercial operations by the end of the fourth quarter of 2000. After giving effect to the offering of units, consisting of initial notes and warrants, we have raised, will have access to or will have identified sources for approximately \$1,000 million (which includes \$115 million of debt that must be repaid by the earlier of February 29, 2000 and ten days prior to the launch of our second satellite), leaving anticipated additional cash needs of approximately \$138 million to fund our operations through the fourth quarter of 2000. If Bank of America is unable to arrange a new credit facility, we will need to raise an additional \$221 million to fund our operations through the end of the fourth quarter of 2000. We anticipate additional cash requirements of approximately \$100 million to fund our operations through the first full year of commercial operations. We expect to finance the remainder of our funding requirements through the future issuance of debt or equity securities, or a combination of debt and equity securities.

To build and launch the satellites necessary for the operations of CD Radio we entered into the Loral Satellite Contract. The Loral Satellite Contract provides for Loral to construct, launch and deliver three satellites in-orbit and checked-out, to construct for us a fourth satellite for use as a ground spare and to become our launch services provider. We are committed to make aggregate payments of approximately \$718 million under the Loral Satellite Contract. We also intend to enter into an amendment to the Loral Satellite Contract pursuant to which we will purchase \$15 million of long-lead time parts for a fifth satellite. As of December 31, 1998, \$221 million of this obligation had been satisfied. Under the Loral Satellite Contract, with the exception of a payment made to Loral in March 1993, payments are made in installments commencing in April 1997 and will end in December 2003. Approximately half of these payments are contingent upon Loral meeting specified milestones in the construction of our satellites.

If there is a satellite or launch failure, we will be required to pay Loral the deferred amount for the affected satellite no later than 120 days after the date of the failure. If we elect to put one of our first three satellites into ground storage, rather than having it shipped to the launch site, the deferred amount for that satellite will become due within 60 days of this election.

We also will require funds for working capital, interest on borrowings,

acquisition of programming, financing costs and operating expenses until some time after the commencement of commercial operations of CD Radio. We expect our interest expense will increase significantly when compared to our 1998 interest expense as a result of the issuance of the notes we are offering; however, our Senior Discount Notes, which represent a substantial portion of our planned indebtedness, will not require cash payments of interest until June 2003. In addition, a portion of the net proceeds of this offering will be used to purchase a portfolio of U.S. government securities in an amount sufficient to pay the first six payments of interest on the notes we are offering.

We cannot assure you that we will be able to obtain additional financing on favorable terms, or at all, or that we will be able to do so in a timely fashion. Our Senior Discount Notes Indenture, the indenture governing the notes and the Tranche A Facility contain, and documents governing any indebtedness incurred in the future are expected to contain, provisions limiting our ability to incur additional indebtedness. If additional financing were not available on a timely basis, we would be required to delay satellite and/or launch vehicle construction to conserve cash to fund continued operations, which would cause delays in the commencement of operations and increase costs.

The amount and timing of our actual cash requirements will depend upon numerous factors, including costs associated with the construction and deployment of our satellite system and the rate of growth of our business after commencing service, costs of financing and the possibility of unanticipated costs. Additional funds would be required if there are delays, cost overruns,

31

unanticipated expenses, launch failures, launch services or satellite system change orders, or any shortfalls in estimated levels of operating cash flow.

Sources of Funding. To date, we have funded our capital needs through the issuance of debt and equity. As of March 31, 1999, we had received a total of \$441 million in equity capital. \$192 million of our equity capital was received in 1997 as a result of the issuance of 5,400,000 shares of 5% Preferred Stock, resulting in net proceeds of \$121 million, and 4,955,488 shares of Common Stock, resulting in net proceeds of \$71 million. A total of 1,905,488 shares of Common Stock were sold to Loral Space & Communications, Ltd. in August 1997 and 3,050,000 shares of Common Stock were sold to the public in November 1997. On November 2, 1998, we sold an additional 5,000,000 shares of Common Stock to Prime 66 resulting in net proceeds of \$98 million and on December 23, 1998, we sold 1,350,000 of 9.2% Series A Junior Preferred Stock to the Apollo Investors resulting in net proceeds of \$129 million, and the Apollo Investors granted us an option to sell them an additional 650,000 shares of the 9.2% Series B Junior Preferred Stock for an estimated net proceeds of \$63 million. As long as there has been no material adverse change to our business, management or financial condition, we may exercise our option to require the Apollo Investors to purchase the 9.2% Series B Junior Preferred Stock at any time before September 30, 1999.

In May 1999, we received net proceeds of approximately \$190 million from the issuance of 200,000 units, each consisting of \$1,000 aggregate principal amount of the initial notes and three warrants, each to purchase 3.65 shares of our common stock. We invested approximately \$79.3 million of these net proceeds in a portfolio of U.S. government securities, which we pledged as security for the payment in full of interest on the notes through May 15, 2002. In November 1997, we received net proceeds of \$116 million from the issuance of 12,910 units, each consisting of \$20,000 aggregate principal amount at maturity of Senior Discount Notes and a warrant to purchase additional Senior Discount Notes with an aggregate principal amount at maturity of \$3,000. All warrants were exercised in 1997. The aggregate value at maturity of the Senior Discount Notes is \$297 million. The Senior Discount Notes mature on November 15, 2007 and the first cash interest payment is due in June 2003. The indenture governing the notes and the Senior Discount Notes Indenture contain some limitations on our ability to incur additional indebtedness. The notes and the Senior Discount Notes are secured by a pledge of the stock of Satellite CD Radio Inc., our subsidiary that holds our FCC license.

On July 28, 1998, we entered into the Tranche A Facility with a group of financial institutions (the 'Lenders'), including Bank of America as agent and a lender, under which the Lenders agreed to provide us a term loan facility in an aggregate principal amount of up to \$115 million (the term loans under the Tranche A Facility, the 'Tranche A Loans'). The proceeds of the Tranche A Loans are being used to fund a portion of the progress payments required to be made by us under the Loral Satellite Contract for the purchase of launch services and to pay interest, fees and other expenses related to the Tranche A Facility. The Tranche A Loans are due on the earlier of February 29, 2000 and ten days prior to the launch of our second satellite. As of March 31, 1999, we had borrowed \$79.8 million under the Tranche A Facility; substantially all of which was used to make progress payments under the Loral Satellite Contract.

In connection with the Tranche A Facility, Loral agreed with Bank of America that at maturity of the Tranche A Loans (including maturity as a result of an acceleration), upon the occurrence of a bankruptcy of CD Radio or upon the occurrence of an event of default by Loral under its agreement with Bank of America, Loral will repurchase from the Lenders the Tranche A Loans at a price equal to the principal amount of the Tranche A Loans plus accrued and unpaid interest. In exchange for providing this credit support, Loral receives a fee from us equal to 1.25% per annum of the outstanding amount of the Tranche A Loans from time to time.

We have also entered into an agreement with Bank of America under which Bank of America has agreed to attempt to arrange a syndicate of lenders to provide a term loan facility (the 'Tranche B Facility') for us in the aggregate principal amount of \$225 million (the term loans under the Tranche B Facility, the 'Tranche B Loans'). It is anticipated that a portion of the proceeds of the Tranche B Loans would be used to repay amounts outstanding under the

32

Tranche A Facility and for other general corporate purposes. Bank of America has not committed to provide the Tranche B Loans. The closing of the Tranche B Facility is expected to be conditioned on the satisfaction of specific significant conditions and there is no assurance that these Tranche B Loans will be arranged or the terms of these Tranche B Loans will be acceptable to us. If we are unable to close the Tranche B Facility, we will seek to repay the Tranche A Loans from the proceeds of the sale of debt securities, equity securities, or a combination of debt and equity securities.

The Junior Preferred Stock is convertible into shares of Common Stock at a price of \$30 per share. The Junior Preferred Stock is callable by us beginning November 15, 2001 if the current market price, as defined in the Certificate of Designation of the Junior Preferred Stock, of our Common Stock exceeds \$60 per share for a period of 20 consecutive trading days, and in all events will be callable beginning November 15, 2003 at a price of 100% and must be redeemed by us on November 15, 2011. Dividends on the Junior Preferred Stock are payable-in-kind or cash annually, at our option. Holders of the Junior Preferred Stock have the right to vote, on an as-converted basis, on matters in which the holders of our Common Stock have the right to vote.

Loral has agreed to defer a total of \$50 million of the payments under the Loral Satellite Contract originally scheduled for payment in 1999. These deferred amounts bear interest at 10% per annum and all interest on these deferred amounts will accrue until December 2001, at which time interest will be payable quarterly in cash. The principal amounts of the deferred payments under the Loral Satellite Contract are required to be repaid in six installments between June 2002 and December 2003. As collateral security for these deferred payments, we have agreed to grant Loral a security interest in our terrestrial repeater network.

OTHER MATTERS -- THE YEAR 2000 ISSUE

The Year 2000 Issue will test the capability of business processes to function correctly. We have undertaken an effort to identify and mitigate The Year 2000 Issue in our information systems, product, suppliers and facilities. Our approach to The Year 2000 Issue can be separated into four phases: (1) define/measure -- identify and inventory possible sources of Year 2000 Issues; (2) analyze -- determine the nature and extent of Year 2000 Issues and develop project plans to address those issues; (3) improve -- execute project plans and perform a majority of the testing; and (4) control -- complete testing, continue monitoring readiness and complete necessary contingency plans. The first three phases of the program have been completed for a substantial majority of our mission-critical activities. Management plans to have nearly all significant information systems and facilities through the control phase of the program by mid-1999.

We have also communicated with our significant vendors and suppliers to determine the extent to which we are vulnerable to the failure of these parties to remedy Year 2000 Issues. We can give no assurance that failure to address the Year 2000 Issues by third parties on whom our systems and business processes rely would not have a material adverse effect on our operations or financial condition.

The total Year 2000 Issue remediation expenditures are expected to be approximately \$100,000 of which 25% was spent by March 31, 1999. Substantially all of the remainder is expected to be spent in 1999. The activities involved in the Year 2000 effort necessarily involve estimates and projections of activities and resources that will be required in the future. These estimates and projections could change as work progresses.

The following cautionary statements identify important factors that could cause our actual results to differ materially from those projected in the forward looking statements made in this prospectus. Any statements about our expectations, beliefs, plans, objectives, assumptions or future events or performance are not historical facts and may be forward looking. These statements are often, but not always, made through the use of words or phrases such as 'will likely result,' 'are expected to,' 'will continue,' 'is anticipated,' 'estimated,' 'intends,' 'plans,' 'projection' and

'outlook.' Accordingly, these statements involve estimates, assumptions and uncertainties which could cause actual results to differ materially from those expressed in them. Any forward looking statements are qualified in their entirety by reference to the factors discussed throughout this prospectus, and particularly the risk factors described under 'Risk Factors' in this prospectus. Among the significant factors that have a direct bearing on our results of operations are:

- the potential risk of delay in implementing our business plan;
- increased costs of construction and launch of necessary satellites;
- risk of launch failure;
- unproven market and unproven applications of technology;
- our dependence on Loral and Lucent;
- unavailability of receivers and antennas; and
- our need for additional financing.

These and other factors are discussed in 'Risk Factors' and elsewhere in this prospectus.

Because the risk factors referred to above could cause actual results or outcomes to differ materially from those expressed in any forward looking statements made by us or on our behalf, you should not place undue reliance on any of these forward looking statements. Further, any forward looking statement speaks only as of the date on which it is made, and we undertake no obligation to update any forward looking statement or statements to reflect events or circumstances after the date on which the statement is made or to reflect the occurrence of unanticipated events. New factors emerge from time to time, and it is not possible for us to predict which will arise. In addition, we cannot assess with any precision the impact of each factor on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward looking statements.

BUSINESS

We are building a digital quality radio service with up to 100 channels to be broadcast directly from satellites to vehicles. CD Radio will be broadcast throughout the continental United States, over a frequency band, the 'S-band,' that will augment traditional AM and FM radio bands. We hold one of only two licenses issued by the FCC to build, launch and operate a national satellite radio broadcast system. Under our FCC license, we have the exclusive use of a 12.5 MHz portion of the S-band for this purpose. Our service, which will be primarily for motorists, will offer 50 channels of commercial-free, digital quality music programming and up to 50 channels of news, sports, talk and entertainment programming. We have entered into a contract with Loral for the construction, launch and in-orbit delivery of three satellites beginning in January 2000. We currently expect to commence CD Radio broadcasts in the fourth quarter of 2000, at a subscription price of \$9.95 per month.

As an entertainment company, we intend to design and originate programming on each of our 50 commercial-free music channels. Each channel will be operated as a separate radio station, with a distinct format. Some of the music channels will offer continuous music while others will have program hosts, depending on the type of music programming. CD Radio will offer the following range of music categories:

Programming on our non-music channels will be provided by third parties, and to date we have entered into programming agreements with content providers for 25 of these channels, including Bloomberg News Radio, C-SPAN, Sports Byline USA, National Public Radio, Public Radio International, Classic Radio, Hispanic Radio Network, World Radio Network, Speedvision Radio and Outdoor Life Radio. A majority of our non-music channels will contain advertising, which will augment our subscription revenue. These channels will include news and talk shows and special interest programming directed to a diverse range of groups, including sports enthusiasts, Hispanic listeners, truck drivers and campers.

Our music and non-music channels will be broadcast from our National Broadcast Studio in Rockefeller Center in New York City. The National Broadcast Studio will contain our corporate headquarters, our music library, facilities for programming origination, programming personnel and program hosts, as well as facilities to transmit programming to our orbiting satellites, to activate or deactivate service to subscribers and to perform the tracking, telemetry and control of the satellites.

On June 15, 1999, we announced an agreement with Ford Motor Company which anticipates Ford manufacturing, marketing and selling vehicles that include receivers capable of receiving the CD Radio broadcasts. As part of this agreement, Ford will be entitled to participate in a portion of the revenues derived by us from new Ford vehicles equipped to receive CD Radio broadcasts. In addition, we will reimburse Ford for specific costs of equipping these Ford

vehicles to receive CD Radio broadcasts and we have granted Ford warrants to purchase 4,000,000 shares of our common stock at an exercise price of \$30 per share. Ford may exercise these warrants based upon the number of Ford vehicles equipped to receive CD Radio broadcasts that Ford elects to manufacture, and these warrants are fully exercisable upon 4,000,000 of these vehicles being manufactured.

We have entered into an agreement with Lucent for the development and manufacture of a chip set that represents the essential element of consumer electronics devices which are capable of receiving CD Radio. On March 29, 1999, Lucent delivered to us completed system engineering documents, completing Phase I of the work under the agreement.

CD Radio Inc. was incorporated in the state of Delaware as Satellite CD Radio, Inc. on May 17, 1990. On December 7, 1992, we changed our name to CD Radio Inc., and we formed a wholly owned subsidiary, Satellite CD Radio, Inc., that is the holder of our FCC license. Our executive offices are located at 1221 Avenue of the Americas, New York, New York 10020, our telephone number is (212) 584-5100 and our internet address is cdradio.com. The information on our website is not part of this prospectus.

THE CD RADIO SERVICE

CD Radio will offer motorists: (1) a wide choice of finely focused music
 and non-music formats; (2) nearly seamless signal coverage throughout the
 continental United States; and (3) commercial-free music programming.

Wide Choice Of Programming. CD Radio will offer subscribers a broad range
 of programming formats and significant depth within each format. Each of our 50
 music channels will have a distinctive format, such as opera, reggae, classic
 jazz and children's entertainment, intended to cater to specific subscriber
 tastes. In most markets, radio broadcasters target their programming to broad
 audience segments and therefore offer limited formats. Even in the largest
 metropolitan markets

37

many of our planned formats are unavailable. Additionally, we will provide news,
 sports and talk programming that is generally not available on conventional
 radio.

'Seamless' Signal Coverage. CD Radio will be available throughout the
 continental United States, enabling listeners almost always to be within its
 broadcast range. We expect that our nearly seamless signal will appeal to
 motorists who frequently travel long distances, including truck drivers and
 recreational vehicle owners, as well as commuters and others who outdrive the
 range of their preferred FM radio broadcasts. In addition, we expect that our
 broadcasts will appeal to the 45 million consumers who live in areas that
 currently receive only a small number of FM stations.

Commercial-Free Music Programming. CD Radio will provide 50 channels of
 commercial-free music programming. Our market research indicates that a
 principal complaint of radio listeners concerning conventional broadcast radio
 is the frequency of commercials. Because CD Radio, unlike commercial AM and FM
 stations, will be a subscription service, our music channels will not contain
 commercials.

Our research indicates that there is a significant market for music and
 other radio programming such as news, talk and sports delivered through advanced
 radio technology. While television technology has advanced steadily -- from
 black and white to color, from broadcast to cable and satellite, and from
 ordinary to high-definition television -- the last major advance in radio
 technology was the introduction of FM broadcasts.

CD Radio is primarily a service for motorists. The Yankee Group, a market research organization, estimates that there will be approximately 200 million registered private motor vehicles in the United States by the end of 1999. CD Radio will initially target a number of demographic groups among the drivers of these vehicles, including 110 million commuters, 34 million of whom spend over one hour commuting daily; 45 million Americans who live in markets served by five or fewer radio stations; three million truck drivers; three million owners of recreational vehicles; and 28 million persons of Hispanic origin.

According to Arbitron, in 1996, despite the fact that almost all vehicles contained either a cassette or compact disc player, 87% of automobile commuters listened to the radio an average of 50 minutes a day while commuting. According to the Radio Advertising Bureau, each week radio reaches approximately 95% of all Americans over the age of 12, with the average listener spending more than three hours per weekday and more than five hours per weekend listening to the radio. More than 40% of all radio listening is done in cars. In addition, in 1998, approximately 79% of total radio listening was to FM stations, which primarily provides music programming, as compared with AM stations which devote a greater proportion of their programming to talk and news.

We believe that our ability to offer a wide variety of musical and non-musical formats simultaneously throughout the continental United States will enable us to tap significant unmet consumer demand for specialized programming. The economics of the existing advertiser supported radio industry dictate that conventional radio stations generally program for the greatest potential audience. Even in the largest metropolitan areas, station formats are limited. Nearly half of all commercial radio stations in the United States offer one of only three formats: country, adult contemporary and news/talk, and the next three most prevalent formats account for another 30% of all commercial radio stations. Although niche music categories such as classical, jazz, rap, gospel, oldies, soundtracks, new age music, children's programming and others accounted for approximately 33% of sales of recorded music in 1998, these formats generally are unavailable on existing radio stations in many markets. Even in New York City, the nation's largest radio market, there are no radio stations devoted solely to such programming as opera, blues, chamber music, soundtracks, reggae and many others. CD Radio's wide choice of formats is expected to appeal to the large number of currently underserved listeners. Furthermore, CD Radio's ability to offer a number of channels devoted to each genre will enable subscribers to listen to a wider range of music within their preferred format.

The limited coverage area of conventional radio broadcasting means that listeners often travel beyond the range of any single station. Unlike conventional FM stations, which have an average range of only approximately 30 miles before reception fades, CD Radio's system is designed to

38

cover the entire continental United States, enabling listeners to enjoy virtually seamless coverage. Our ability to broadcast nationwide will also allow us to serve currently underserved radio markets.

We also believe that CD Radio will have a competitive advantage over conventional radio stations because our music channels will be commercial-free. In contrast, conventional radio stations interrupt their broadcasts with up to 18 minutes of commercials in every hour of music programming, and most stations also frequently interrupt programming with news, promotional announcements, public service announcements and miscellaneous information. We believe that consumers dislike frequent commercial interruptions and that 'station surfing' to avoid them is common.

PROGRAMMING

We intend to offer 50 channels of commercial-free, all-music programming and up to 50 additional channels of other formats, such as all-news, all-sports and all-talk programming. Each music channel will have a distinctive format, intended to cater to specific subscriber tastes. We believe that 50 music channels will enable us to 'superserve' our subscribers with a greater range of choice of content within their preferred format than is currently offered by terrestrial radio, even in the most widely broadcast formats. We expect that the initial subscription fee for CD Radio, which will entitle subscribers to receive all CD Radio channels, will be \$9.95 per month.

We have recruited nine full-time and eleven consulting basis program managers from the recording, broadcasting and entertainment industries to manage the development of daily programming for each CD Radio music channel and intend to recruit additional program managers. To be accessible to these industries, we are building our National Broadcast Studio in Rockefeller Center in New York City. Program managers also will coordinate our continuing market research to measure audience satisfaction, refine channel definitions and themes and select program hosts for those channels that have hosts.

Music programming will be selected from our music library. We intend to create an extensive music library which will consist of a deep range of recorded music in each genre broadcast. We have begun to acquire recordings for our music library. Through March 31, 1999, we had acquired approximately 400,000 titles, across a broad range of music genres. We expect that our music library will consist of approximately 2,000,000 titles when we commence commercial broadcasts of CD Radio. We expect to update our music library with new recordings as they are released, and in some cases, we will seek to acquire recordings that are no longer commercially available.

In addition to our music channels, we expect to offer up to 50 channels of news, sports and talk programming, most of which will include commercial advertising. We generally do not intend to produce programming for our non-music channels, and will obtain this programming from various third party content providers. To date, we have entered into agreements for a total of 25 channels with content providers including Bloomberg News Radio, C-SPAN, Sports Byline USA, National Public Radio, Public Radio International, Classic Radio, Hispanic Radio Network, World Radio Network, Wisdom Channel, Speedvision Radio and Outdoor Life Radio.

In connection with our music programming, we will be required to negotiate and enter into royalty arrangements with performing rights societies, such as the American Society of Composers, Authors and Publishers ('ASCAP'), Broadcast Music, Inc. ('BMI') and SESAC, Inc. ('SESAC'). These organizations collect royalties and distribute them to songwriters and music publishers. Copyright users negotiate a fee with these organizations based on a percentage of advertising and/or subscription revenues. If the parties cannot reach agreement with ASCAP or BMI, special judicial rate setting procedures are available under antitrust consent decrees that govern these organizations. SESAC is not bound by a consent decree or a special judicial rate setting mechanism. Broadcasters currently pay a combined total of 4% of their revenues to the music performing rights societies. We also will be required to negotiate similar arrangements with the owners of the copyrights in sound recordings under the Digital Performance Right in Sound

39

Recordings Act of 1995 (the 'Digital Recordings Act'). The determination of some of the royalty arrangements with the owners of sound recording copyrights under the Digital Recordings Act were previously subject to arbitration proceedings. In 1998, the Copyright Office reviewed the results of this arbitration and set the royalty rate at 6.5% of the licensee's 'gross revenues resulting from residential services in the United States' including subscription fees, advertising and time share revenues. We believe that we will be able to negotiate royalty arrangements with the music performing rights organizations and the owners of sound recording copyrights, but we cannot assure you as to the terms of the royalty arrangements ultimately negotiated or established by arbitration or judicial rate setting.

MARKETING AND DISTRIBUTION

We plan to offer a high quality broadcast service with targeted music formats, nearly seamless signal coverage throughout the continental United States, commercial-free music programming and digital quality fidelity. Our marketing strategy for CD Radio has three interrelated components: (1) creating consumer awareness of CD Radio, (2) generating subscriptions to CD Radio and (3) generating purchases of consumer electronic devices capable of receiving CD Radio broadcasts.

We believe that the introduction of CD Radio will have high news value, which we expect will result in significant national and local publicity before and during the initial launch of the service. In addition, we plan to engage in extensive marketing, advertising and promotional activities to create consumer awareness of CD Radio. This includes an ongoing major advertising campaign funded principally by us, together with expected manufacturer and retailer cooperative advertising. A major national umbrella campaign will utilize a full mix of media, including network and cable television, radio, print and billboard.

We intend to focus our initial efforts on a number of demographic groups that we believe represent potential target markets for CD Radio, including commuters, niche music listeners, Hispanic listeners, sports enthusiasts, truck drivers, recreational vehicle owners and consumers in areas with sparse radio coverage. We also intend to aggressively target early adopters of new technologies, who we believe are likely to have a high level of interest in CD Radio.

Commuters. Of the 110 million commuters, we have identified 34 million as highly addressable by virtue of their commute times averaging over one hour

daily. To reach these commuters, we plan to purchase radio advertising spots on stations with frequent traffic reports, purchase outdoor billboard advertising on long commute roads and place inserts in gasoline credit card bills.

Niche Music Listeners. Niche music categories, such as classical, jazz, rap, gospel, soundtracks, oldies and children's programming, constitute approximately 30% of the market for recorded music sales. To reach niche music listeners, we intend to work with the recording industry to include print material about CD Radio inside niche music compact disc packaging, place print advertising in specialty music magazines targeted to niche music listeners and members of fan clubs, conduct direct mailings to specialized music mailing lists of record clubs and sponsor and advertise at certain music events.

Hispanic Market. Currently there are approximately 28 million Spanish-speaking Americans, many of whom have limited access to Spanish language radio, and this population group is growing rapidly and is expected to reach 36 million by 2005. We intend to broadcast a number of music and non-music channels that will cater to the Hispanic market. We plan to purchase local television spots on Spanish speaking channels and place advertising in national Spanish language magazines and local Spanish language newspapers.

Sports Enthusiasts. Many fans of various sports are unable to receive broadcasts of interest to them because events are broadcast only within limited regional areas. We intend to broadcast a number of channels containing this sports programming. We plan to purchase advertising on national and regional cable television sports channels, in sports magazines and in the sports sections of newspapers.

Truck Drivers. According to the U.S. Department of Transportation, there are approximately three million professional truck drivers in the United States, of whom approximately 1.1 million

40

are long-distance haulers. We intend to place sampling displays at truck stops and to advertise in publications and on Internet sites which cater to truck drivers.

Recreational Vehicle Owners. There are approximately three million recreational vehicles in the United States. We plan to advertise in magazines targeted to recreational vehicle enthusiasts, conduct direct mailings targeted to these individuals and place sampling displays at recreational vehicle dealerships.

Sparse Radio Zones. More than 45 million people aged 12 and over live in areas with such limited radio station coverage that the areas are not monitored by Arbitron. We believe that of these people, approximately 22 million people receive five or fewer FM stations, 1.6 million receive only one FM station and at least one million people receive no FM stations. To reach these consumers, we plan to utilize local newspaper and target direct mailings to music enthusiasts in these areas.

We expect that FM modulated receivers and three-band receivers will be sold through electronics superstores as well as independent autosound retailers and that radio cards will be sold through electronics superstores, mass merchants and direct marketing channels, such as the Internet.

SUBSCRIPTION AND BILLING

We intend to contract out our customer care functions to a national customer service and telemarketing provider. Access to our customer service center will be via our toll-free number, (888) CD RADIO. Operators at our customer care center will have the ability to access our separate billing services center for various functions, including customer activation, billing inquiries, program service changes and address changes. When appropriate, operators will also refer technical problems to either a CD Radio help desk, or to the appropriate equipment manufacturer. We intend to automate customer care functions where appropriate, either through interactive voice response technology (IVR), or through our Web site. We expect to pay our customer service provider based on transaction and call volume.

We also intend to contract out our customer billing and activation function to a national billing services company. This billing center will receive requests from our separate customer care center for actions such as radio activations, deactivations, program service changes, and billing inquiries. This billing center will handle all other customer processing operations, including remittance processing, collections, interfacing to credit/debit card clearing houses, and fulfillment processing. We expect that a large percentage of our subscribers will pay using a credit card. However, our customer billing system will also have the capability to do direct invoicing. There will be a modest

one-time activation fee to cover subscriber sign-up costs. The billing software application and database will be customized to handle our unique requirements, including interfacing and exchanging of information with automobile manufacturers, automobile dealers and consumer electronic retailers, and employing special techniques to address the challenge of activating and deactivating receivers. We expect to pay our billing services company based on transaction volumes.

THE CD RADIO DELIVERY SYSTEM

The CD Radio satellite system is designed to provide seamless signal coverage throughout the continental United States. This means that listeners will almost always be within the broadcast range of CD Radio, unlike current FM radio broadcasts, which have an average range of only approximately 30 miles. The CD Radio system is designed to provide clear reception in most areas despite variations in terrain, buildings and other obstructions. The system is designed to enable motorists to receive CD Radio in all outdoor locations where the vehicle has an unobstructed line-of-sight with one of our satellites or is within range of one of our terrestrial repeating transmitters.

The portion of the S-band located between 2320 MHz and 2345 MHz has been allocated by the FCC exclusively for national satellite radio broadcasts, and will augment traditional AM and FM radio bands. This portion of the spectrum was selected because there are virtually no other

41

users of this frequency band in the United States, thus minimizing potential signal interference. In addition, this frequency band is relatively immune to weather related attenuation, which is not the case with higher frequencies.

We plan to use 12.5 MHz of bandwidth in the 7060-7072.5 MHz band (or some other suitable frequency) for uplink transmissions to our satellites. Downlink transmission from the satellites to subscribers' will use 12.5 MHz of bandwidth in the 2320.0-2332.5 MHz frequency band.

In May 1998, we expanded our system from 50 planned broadcast channels to up to 100 channels. As part of that expansion, we announced our plan to change the orbital location of our satellites from geostationary orbits over the equator to inclined elliptical orbits. This modification will allow our satellites to maximize the time spent over the continental United States, which will permit us to fully utilize the bandwidth allocated to us by the FCC. Each satellite will travel in a figure eight pattern extending above and below the equator, and will spend approximately 16 hours per day north of the equator. A satellite north of the equator will serve the United States at a better elevation angle than a geostationary satellite over the equator. At any given time, two of our three satellites will operate from the portion of the orbit north of the equator while the third satellite will not broadcast as it traverses the portion of the orbit south of the equator.

CD Radio is designed to broadcast the same signals from two of the three satellites. This design involves new applications of technology that have not been deployed and we cannot assure you that the CD Radio system will work as planned.

The CD Radio delivery system will consist of three principal components: (1) the satellites; (2) the receivers; and (3) the National Broadcast Studio.

THE SATELLITES

Satellite Design. Our satellites are of the Loral FS-1300 model series. This family of satellites has a history of reliability with a total of 275 years in-orbit operation time. The satellites are designed to have a useful life of approximately 15 years. To ensure the durability of our satellites, we have selected components and subsystems that have a demonstrated track record on operational FS-1300 satellites, such as N-STAR, INTELSAT VII and TELSTAR. In addition, a full series of ground tests will be performed on each of our satellites before launch to detect assembly defects and avoid premature satellite failure.

Our satellites will utilize a three-axis stabilized design. Each satellite will contain an active attitude and position control subsystem; a telemetry, command and ranging subsystem; a thermal control subsystem and an electrical power subsystem. Power will be supplied by silicon solar arrays and, during eclipses, by nickel-hydrogen batteries. Each satellite after deployment will be approximately 81 feet long, 19 feet wide and 17 feet tall.

Our satellites will incorporate a design which will act essentially as a 'bent pipe,' relaying received signals directly to the ground. Our satellites will not contain on-board processors. All of our processing operations will be

on the ground where they are accessible for maintenance and continuing technological upgrade without the need to launch replacement satellites.

High Elevation Angles. We plan to place our satellites in orbits that extend over North America to provide very high signal elevation angles and thereby mitigate service interruptions which can result from signal blockage and fading. Each of our two transmitting satellites will broadcast the same signal.

Memory Buffer. Our transmission design incorporates the use of a memory buffer chip contained within the receiver. Each memory buffer chip is designed to store signals and to mitigate service interruptions which can result from signal blockage and fading. As with any wireless broadcast service, we expect to experience occasional 'dead zones' where the service from our satellites will be interrupted by nearby tall buildings, elevations in topography, tree clusters, highway overpasses and similar obstructions; however, in most of these places, we expect that subscribers will continue to receive a signal from their receiver's memory buffer.

42

Terrestrial Repeaters. In some areas with high concentrations of tall buildings, such as urban cores and in tunnels, signals from our satellites will be blocked and reception will be adversely affected. In these urban areas, we plan to install terrestrial repeating transmitters to rebroadcast our satellite signals, increasing the availability of service. The FCC has not yet established rules governing these terrestrial repeaters, and we cannot predict the outcome of the FCC's current rulemaking on this subject. We also will need to obtain the rights to use towers or the roofs of some structures where the repeaters will be installed. We cannot assure you that we can obtain these tower or roof rights on acceptable terms or in all appropriate locations.

During 1998, we completed the construction and testing of our terrestrial repeater network in San Francisco on an experimental basis. During 1999, we expect to enter into various agreements for site acquisition, site design and site construction services related to our terrestrial repeater network and expect to acquire substantially all necessary sites and commence construction at many of these sites. In addition, in 1999 we expect to enter into agreements with vendors to purchase the broadcast equipment necessary to operate our terrestrial repeater network.

Satellite Construction and Launch Services. In March 2, 1993, we entered into a contract with Loral to build three satellites, two of which we intended to launch and one of which we intended to keep in reserve as a spare. Under the contract, we had an option to order a fourth satellite on preset price and delivery terms. We notified Loral of the exercise of this option in March 1998.

On July 28, 1998, as a result of an evaluation of the advantages of a three-satellite orbital configuration, we and Loral entered into the Loral Satellite Contract. Under the Loral Satellite Contract, Loral has agreed to construct, launch and deliver our three satellites, in-orbit and checked-out, to construct for us a fourth satellite for use as a ground spare and to become our launch services provider. Our four satellites are currently under construction. All of the components of our first satellite have been substantially completed. The main structure, or bus, for our first satellite has been fully integrated and is undergoing testing. All of the components of our second satellite are either substantially complete or undergoing final testing before integration. All of the subsystems for our third and fourth satellites are also under construction.

Each of our satellites is scheduled to be launched on Proton launch vehicles. Loral has scheduled the launch of our first satellite for January 2000, the launch of our second satellite in March 2000, the launch of our third satellite by May 2000 and has agreed to deliver our fourth satellite to a designated ground storage site by August 2000. Loral expects to deliver all three of our satellites in-orbit and checked-out by June 30, 2000. We cannot assure you, however, that Loral will be able to meet this schedule. It is a default under the Loral Satellite Contract if (1) we fail to maintain a minimum net worth, (2) we fail to have sufficient funds or committed financing to pay our obligations on a timely basis or (3) there occurs an event of default under our existing credit agreement with Bank of America and other lenders.

Title to our first, second and third satellites will pass to us at the time these satellites are delivered to us in-orbit and checked out. Risk of loss for our first, second and third satellites will pass to us at the time of launch. Title and risk of loss for our fourth satellite will pass to us at the time this satellite is shipped to the ground storage site designated by us. Each satellite is warranted to be in accordance with the performance specifications contained in the Loral Satellite Contract and free from defects in materials and workmanship. Loral's warranties will expire at the time of launch or, in the case of our fourth satellite, two years from the date of delivery to the ground

storage site. If there is a delay in the construction of the satellites that is caused by us, the Loral Satellite Contract provides that the terms of the contract will be equitably adjusted.

Following the launch of each satellite, Loral will conduct an in-orbit performance verification. If this testing shows that a satellite is not meeting the satellite performance specifications contained in the Loral Satellite Contract, we and Loral have agreed to negotiate an equitable reduction in the final payment to be made by us for the affected satellite.

Satellite launches have significant risks, including destruction or damage of the satellite during launch or failure to achieve proper orbital placement. Although past experience is not necessarily indicative of future performance, the Proton family of Russian-built launch vehicles has a 92%

43

launch success rate based on its last 50 launches. There is no assurance that the launches of our satellites will be successful. Satellites also may fail to achieve a proper orbit in some instances or be damaged in space. Loral will not bear the risk of loss for either a satellite or launch vehicle failure. However, Loral will provide a free launch if there is a failure of the first Proton launch vehicle which is used to launch one of our satellites. In that event, we would attempt to launch the spare satellite that we are having constructed. See 'Risk Factors -- We Are Dependent Upon Loral to Build and Launch Our Satellites' and ' -- Satellite Launches Have Significant Risks.'

We are relying upon Loral to arrange for the timely launch of our satellites. Failure of Loral to arrange to launch the satellites in a timely manner could materially adversely affect our business. Loral will not be liable for indirect or consequential damages or lost revenues or profits resulting from late delivery or other defaults. If Loral fails to deliver the three satellites in-orbit and checked out by July 31, 2000 or fails to deliver the fourth satellite to its storage site by September 30, 2000, it may be liable for specific late delivery penalties. We cannot assure you that these remedies will adequately mitigate any damage to our business caused by launch delays.

After reaching agreement with Loral to provide launch services, we terminated our prior launch services agreement with Arianespace S.A. ('Arianespace') and terminated the related vendor financing with a subsidiary of Arianespace. As a result of these terminations, we incurred a liability of approximately \$18 million. We expensed this item, together with approximately \$7 million of related capitalized and other costs, in the second quarter of 1998.

Risk Management and Insurance. Three custom-designed, fully dedicated satellites are required to broadcast all 100 planned channels of CD Radio. Our agreement with Loral includes a free relaunch if there is a failure of the first Proton launch vehicle used to launch one of our satellites. We intend to insure against other contingencies, including a failure during launch caused by factors other than the launch vehicle and failure of launch vehicles other than the first Proton. If we are required to launch our spare satellite due to a launch failure, our operational timetable would be delayed for up to six months. The launch or in-orbit failure of two satellites would require us to arrange for additional satellites to be built and could delay the commencement or continuation of our operations by at least 16 months. See 'Risk Factors -- We Are Dependent Upon Loral to Build and Launch Our Satellites' and ' -- Satellite Launches Have Significant Risks.'

Once properly deployed and operational, the historical risk of premature total satellite failure has been less than 1% for U.S. geosynchronous commercial communication satellites. Before the launch of our first satellite, we intend to purchase insurance covering launch risks and in-orbit failure during the first five years of operation for each of our satellites. Before the expiration of this insurance, we intend to evaluate the need for in-orbit insurance for the remainder of the estimated useful life of each satellite. After we have launched our satellites and begun to generate revenues, we will evaluate the need for business interruption insurance.

Satellites are designed to minimize the adverse effects of transmission component failure through the incorporation of redundant components which activate automatically or by ground command upon failure. If multiple component failures occur, and the supply of redundant components is exhausted, the satellite generally will continue to operate, but at reduced capacity. In that event, signal quality may be preserved by reducing the number of channels broadcast until a replacement satellite can be launched. Alternatively, the number of broadcast channels may be preserved by reducing the signal quality until a replacement satellite can be launched.

THE RECEIVERS

We expect consumers will receive CD Radio initially by purchasing specially designed radio receivers for their existing vehicles and later through a new generation of three-band radios installed in new vehicles by one or more major automotive manufacturers. The market for new radio receivers installed in existing vehicles (which is commonly referred to as the 'aftermarket') is approximately 7 to 8 million units annually. In the automotive aftermarket, we expect that CD Radio subscribers will initially have the choice of one of three different receiving devices for their cars -- an FM modulated receiver, a three-band receiver and a radio card. These devices,

44

along with CD Radio satellite antennas, are expected to be manufactured and distributed by a number of consumer electronics manufacturers. All CD Radio receivers will have a visual display that will indicate the channel and format selected, as well as the title, recording artist and album title of the musical selection being played. Although we do not intend to manufacture or distribute FM modulated receivers, three-band receivers, radio cards or antennas, in the early years of our service their availability will be critical to us because they will be the only means by which to receive CD Radio.

These three CD Radio receivers will offer customers a range of options in price, ease-of-installation and quality.

FM Modulated Receivers. The CD Radio FM modulated receiver (which we call the Satellite Audio System) will be usable in all vehicles which have an FM radio, or approximately 95% of all U.S. vehicles. Each FM modulated receiver will operate with a device that will be approximately the size of a 35mm camera, and will be mounted either in the vehicle's trunk, behind the dashboard or under a seat. Each FM modulated receiver will interface with a vehicle's existing radio through the FM antenna input. The CD Radio data display, as well as the controls for changing channels, will be contained in a small remote control which will either be wired or wireless. We expect the retail price of this FM modulated receiver, with a hard-wired satellite antenna and professional installation, will be approximately \$299. We anticipate that FM modulated receivers will be sold through electronics superstores as well as independent autosound retailers.

FM modulation technology is widely used in the autosound industry for the integration of automobile compact disc changers, which typically interface with the player unit through the FM antenna input and, like the CD Radio FM modulated receiver, are controlled through a remote control. Approximately 700,000 FM modulated compact disc changers were sold in the United States in 1998.

Three-Band Receivers. To address consumers who replace their vehicle's sound system, we expect there will be available a receiver capable of receiving AM, FM and CD Radio broadcasts. In appearance, this three-band receiver will be nearly identical to existing aftermarket car stereos and will permit the user to listen to AM, FM, or CD Radio with the push of a button. Like existing conventional radios, a number of these three-band receivers may also incorporate cassette or compact disc players. The receiver apparatus will include a 'CD Radio Ready' head-unit, which will accept the direct output of the receiver device. We expect the retail price of these CD Radio-ready receivers, including the receiver device, antenna and professional installation, will retail for approximately \$150 more than similar receivers which are not capable of receiving CD Radio broadcasts. We anticipate that three-band receivers, including the head unit and the receiver device, will be sold through electronic superstores as well as independent autosound retailers. Our long-term objective is to promote the adoption of three-band receivers as standard equipment in all automobiles sold in the United States.

Radio Cards. CD Radio's wireless adapter, or radio card, will not require professional installation and will be usable by all vehicles in the United States equipped with a cassette player, which represents approximately 65% of all vehicles on the road. Each radio card will include two components -- the radio card adapter, which will insert into existing cassette slots, and a wireless version of the CD Radio satellite antenna. The radio card will be designed so that it can be removed by pushing the cassette player's 'eject' button. A subscriber will be able to move a radio card from car to car, assuming a subscriber purchases a separate antenna to receive our service. A subscriber will simply attach the adhesive antenna to a vehicle and insert the radio card to receive CD Radio.

The wireless satellite antenna will easily adhere to a vehicle's rear window using a high adhesive backing. The wireless satellite antenna will be mounted on a small base housing a solar recharging battery and microwatt transmitter that will relay CD Radio's broadcasts to the vehicle's radio card. Wireless satellite dish antennas will also be sold separately, so that consumers will be able to receive CD Radio in a vehicle that has a wireless satellite antenna attached to it simply by moving a radio card.

We expect the retail price of the radio card, including the wireless satellite antenna, will be approximately \$199. The radio card will be sold through electronics superstores, mass merchant type stores and direct marketing channels, such as the Internet.

Lucent Agreement. Each CD Radio receiving device will employ a custom designed chip set presently being developed by Lucent. This chip set is the essential element of all CD Radio receivers, and performs all of the digital signal processing of CD Radio's broadcasts. On April 28, 1998, we entered into an agreement with Lucent to develop and manufacture this chip set. On February 2, 1999, we amended and restated this agreement with Lucent. Lucent has agreed to use commercially reasonable efforts to deliver commercial quantities of the chip set by June 2000. We have agreed to pay Lucent the cost of the development work related to the chip sets, currently estimated to be approximately \$27,000,000. Approximately half of the expected payments to Lucent are dependent upon satisfactory completion of designated development milestones. Under our original agreement with Lucent, we had expected Lucent to deliver chip sets by December 1999 and had expected to pay approximately \$9,000,000, as the costs of the chip set development. The design and development of the chip sets has required more engineering resources than originally estimated. The additional amounts paid to Lucent will be used to pay costs of these additional engineering resources. We cannot assure you that Lucent will be able to deliver chip sets within the time frame described above. In addition, the cost to us of the chip set development work could exceed \$27,000,000. On March 29, 1999, Lucent delivered to us completed system engineering documents, completing the first phase of the work under the agreement. We expect Lucent to deliver the plans and specifications for the chip set in the third quarter of 1999.

Lucent has agreed to repay all the costs of the chip set development work, through discounted chip set prices, after commercial production of the chip set has begun.

Delco Agreement. On March 29, 1999, we entered into an agreement with Delco to design, develop and manufacture three-band receivers (including the related receiver device) and satellite antennas for sale to major automotive manufacturers. Delco is the world's largest producer of audio systems for original automotive equipment and is a leader in mobile communications technology. We have agreed to pay Delco, when specified development milestones are completed, specific costs relating to designing and manufacturing prototypes of this three-band receiver and antenna. Delco has agreed to use commercially reasonable efforts to complete the design and development work and have three band receivers and antennas available for sale to automobile manufacturers by March 2001. We cannot assure you that Delco will be able to design and develop these three-band receivers and antennas. In addition, although we expect that Delco will manufacture and sell substantial quantities of three-band receivers and antennas, Delco is not required to manufacture specified quantities under this agreement.

Recoton Agreement. On February 23, 1999, we entered into an agreement with Recoton to design and develop specifications for the FM modulated receiver (including the receiver device) and the radio card, and manufacture prototypes of each. Recoton, the owner of the Jensen, Advent, AR/Acoustic Research and Interact brands, is a worldwide manufacturer and distributor of consumer electronic products, and is the third largest producer of aftermarket car stereos sold in the U.S. As part of this agreement, we also agreed to deliver to Recoton plans and specifications for a hard-wired satellite antenna, which we have separately developed. Recoton has agreed to manufacture prototypes of this hard-wired satellite antenna for use with FM modulated receivers and to use commercially reasonable efforts to design and develop a wireless satellite antenna for use with radio cards. We have agreed to pay Recoton, when specified development milestones are completed, specific costs relating to designing and manufacturing prototypes of the FM modulated receiver, the radio card, the hard-wired satellite antenna and the wireless satellite antenna. Recoton has agreed to deliver to us plans and specifications for the FM modulated receiver, the radio card and the wireless satellite antenna within 90 business days after Lucent delivers to us plans and specifications for the chip set (which we expect will be in the third quarter of 1999). Similarly, Recoton has agreed to deliver to us prototypes of the FM modulated receiver, the radio card, the hard-wired satellite antenna and the wireless satellite antenna within 90 business days after Lucent delivers to us prototypes of the chip set (which we expect will be in the second quarter of 2000).

We cannot assure you that Recoton will be able to design and develop the FM modulated receiver, the radio card or the wireless satellite antenna or that Recoton will be able to manufacture prototypes of the FM modulated receiver, the radio card, the hard-wired satellite antenna or the wireless satellite antenna.

As part of our agreement with Recoton, Recoton has also agreed to negotiate with us in good faith an agreement to manufacture, market and sell substantial quantities of FM modulated receivers, radio cards, three-band receivers, hard-wired satellite antennas and wireless satellite antennas which are capable of receiving CD Radio broadcasts using Recoton's distribution network and under our brand name. These negotiations with Recoton are in an early stage and we cannot assure you that we will be able to complete a manufacturing and marketing agreement with Recoton. Recoton has one of the largest distribution systems for automotive consumer electronics with more than 1,000 retail customers, which Recoton believes have more than 30,000 outlets in the United States and Canada.

None of the CD Radio receivers or antennas is currently available, and other than Delco and Recoton, we are not aware of any manufacturer currently developing these products. We have commenced discussions with several other manufacturers regarding manufacturing receivers and antennas for retail sale in the United States. We cannot assure you that these discussions will result in a binding commitment by any manufacturer to produce receivers and antennas in a timely manner so as to permit the widespread introduction of CD Radio in accordance with our business plan or that sufficient quantities of receivers and antennas will be available to meet anticipated consumer demand. Failure to have at least one manufacturer develop and widely market receivers and antennas at affordable prices, or to develop and widely market these products upon the launch of CD Radio, would have a material adverse effect on our business. In addition, our FCC license depends on us certifying that our system includes a receiver design that will permit end users to access the system of the other licensee. We may also be bound by with this interoperability requirement for any person licensed by the FCC to provide a satellite digital audio radio service in the future.

In addition to our agreement with Ford, we are currently in discussions with several other automobile manufacturers to include CD Radio reception capability either as standard or optional equipment in new cars. We do not expect CD Radio reception capability to be included in new vehicles before January 2001, at the earliest. Our long-term objective is to promote the adoption of three-band radios as standard equipment in all automobiles sold in the United States.

To reduce fraud, each CD Radio receiver will contain a security circuit with an electronically encoded identification number. After verification of subscriber billing information, we will transmit a digital signal to activate the receiver's CD Radio capability. This feature will help us protect against piracy of CD Radio's broadcasts. Through this feature, we will directly (via satellite) deactivate receivers of subscribers who are delinquent in paying the monthly subscription fee.

THE NATIONAL BROADCAST STUDIO

We will originate up to 100 channels of programming from our National Broadcast Studio in Rockefeller Center in New York City. The National Broadcast Studio will house our corporate headquarters, our music library, facilities for programming origination, programming personnel and program hosts, as well as facilities to transmit programming to our orbiting satellites, to activate or deactivate service to subscribers and to perform the tracking, telemetry and control of the satellites.

Programming will be originated at the National Broadcast Studio and transmitted to our satellites for broadcast to CD Radio subscribers. We expect that our broadcast transmissions will be uplinked to our satellites at frequencies in the 7060-7072.5 MHz band. The satellites will receive and convert the signal to the 2320.0-2332.5 MHz band. The satellites then will broadcast the signal to the United States, at a power level sufficient to enable its receipt directly by subscribers. Service-related commands also will be relayed from the National Broadcast Studio to our satellites for retransmission to subscribers' receivers. These service-related commands include those required to (1) initiate and suspend subscriber service, (2) change the encryption parameters

in receivers to reduce piracy and (3) activate receiver displays to show program related information.

Tracking, telemetry and control of our orbiting satellites also will be

performed from the National Broadcast Studio. These activities will include routine stationkeeping, such as satellite orbital adjustments and monitoring of the satellites. Loral Skynet is designing, developing, integrating, installing and testing our tracking, telemetry and command facilities. Loral Skynet also will provide back-up tracking, telemetry and command capabilities from its facility in Hawley, Pennsylvania. As part of our tracking, telemetry and command facilities, Loral Skynet is constructing for us two earth stations in Quito, Ecuador, and Utibe, Panama. These earth stations, which will be operated by Loral Skynet, will permit us to continuously communicate with our satellites.

DEMONSTRATIONS OF THE CD RADIO SYSTEM

In support of our application for our FCC license, we conducted a demonstration of our proposed radio service from November 1993 through November 1994. The demonstration involved the transmission of S-band signals to a prototype S-band radio and satellite dish antenna installed in a car to simulate some of the transmission characteristics of our planned system. Because there are no commercial satellites in orbit capable of transmitting S-band frequencies to the United States, we constructed a terrestrial simulation of our planned system. For this purpose, we selected a test range covering several kilometers near Washington, D.C. which included areas shadowed by buildings, trees and overpasses. We placed S-band transmitters on the rooftops of a number of tall buildings in such a way as to simulate the signal power and angle of arrival of satellite transmissions to be used for our proposed service. We also modified the standard factory installed sound system of an automobile to create a radio receiving AM, FM and S-band signals, and integrated our satellite dish antenna into the car roof. The demonstrations included the reception of 30 channels of compact disc quality stereo music by the prototype radio while the car was driven throughout the test range. We have also successfully tested our system in San Francisco, where construction of our terrestrial repeater network has been completed. Before testing with orbiting satellites, antennas and receivers suitable for commercial production, we cannot assure you that the CD Radio system will function as intended. See 'Risk Factors -- Our Planned System Relies on Unproven Applications of Technology.'

COMPETITION

We expect to face competition from two principal sources: (1) conventional AM/FM radio broadcasting, including, when available, terrestrial digital radio broadcasting; and (2) XM, the other holder of an FCC license to provide a satellite-based digital audio radio service. XM recently announced that it had entered into an exclusive agreement with General Motors Corporation, which has a significant equity interest in XM's parent company, under which GM would install devices capable of receiving XM's signal beginning in 2001. In addition, XM has obtained a total of \$250 million of financing from GM, Hughes Electronics Corporation (a GM subsidiary) and several other investors.

The AM/FM radio broadcasting industry is very competitive. Radio stations compete for listeners and advertising revenues directly with other radio stations within their markets on the basis of a variety of factors, including program content, on-air talent, transmitter power, assigned frequency, audience characteristics, local program acceptance and the number and characteristics of other radio stations in the market. Many of our radio broadcasting competitors have substantially greater financial resources than we do.

Unlike CD Radio, the radio industry has a well established market for its services and generally offers 'free' broadcast reception paid for by commercial advertising rather than by a subscription fee. In addition, some AM and FM stations, such as National Public Radio, offer programming without commercial interruption. Many radio stations also offer information programming of a local nature, such as local news or traffic reports, which we may be unable to offer. CD Radio will compete with conventional radio stations on the basis of its targeted programming formats, nearly seamless signal coverage, freedom from advertising and digital quality sound, features which are largely unavailable on conventional broadcast radio.

Currently, radio stations broadcast by means of analog signals, as opposed to digital transmission. We believe, however, that within several years, terrestrial broadcasters may be able to place digital audio broadcasts into the bandwidth occupied by current AM and FM stations and simultaneously transmit both analog and digital signals on the AM and FM bands. The limited bandwidth assigned to AM stations will result in lower quality digital signals than can be broadcast by FM stations. As a result, we expect that the use of this technology will permit digital AM sound quality to approach monaural FM sound quality and permit digital FM broadcasts to approach compact disc sound quality. To receive these digital AM/FM broadcasts, listeners will need to purchase new digital radios which currently are not commercially available. While the development of digital broadcasting would eliminate one of the advantages of CD Radio over FM

radio, we do not believe it would affect broadcasters' ability to address the other advantages of CD Radio. In addition, we view the growth of terrestrial digital broadcasting as a positive force that would encourage listeners to replace existing radios and thereby facilitate the introduction of receivers capable of receiving CD Radio broadcasts.

Although some existing satellite operators currently provide music programming to customers at fixed locations, these operators are incapable of providing CD Radio-type service to vehicles as a result of some or all of the following reasons: (1) these operators do not broadcast on radio frequencies suitable for reception in a mobile environment; (2) CD Radio-type service requires fully dedicated satellites; (3) CD Radio-type service requires a custom satellite system design; and (4) CD Radio-type service requires regulatory approvals, which existing satellite operators do not have.

The FCC could also grant new licenses that would enable additional competitors to broadcast satellite radio. Finally, there are many portions of the electromagnetic spectrum that are currently licensed for other uses and some other portions for which licenses have been granted by the FCC without restriction as to use, and we cannot assure you that these portions of the spectrum could not be utilized for satellite radio broadcasting in the future. Although any of these licensees would face cost and competition barriers, we cannot assure you that there will not be an increase in the number of competitors in the satellite radio industry.

TECHNOLOGY AND PATENTS

We have been granted U.S. patents on various features of satellite radio technology. We cannot assure you, however, that any U.S. patent issued to us will cover our actual commercialized technology or will not be circumvented by others, or that if challenged would be held to be valid. We have filed patent applications covering CD Radio system technology in Argentina, Australia, Brazil, Canada, China, France, Germany, India, Italy, Japan, South Korea, Mexico, the Netherlands, Spain, Switzerland and the United Kingdom, and been granted patents in a number of these countries. We cannot assure you that additional foreign patents will be awarded to us or, if any of these patents are granted, that the laws of foreign countries where we receive patents will protect our proprietary rights to our technology to the same extent as the laws of the United States. Although we believe that obtaining patent protection may provide benefits, we do not believe that our business is dependent on obtaining patent protection or successfully defending any of the patents that may be obtained against infringement by others.

Some of our know-how and technology is not the subject of U.S. patents. To protect our rights, we require some of our employees, consultants, advisors and collaborators to enter into confidentiality agreements. We cannot assure you, however, that these agreements will provide meaningful protection for our trade secrets, know-how or other proprietary information if there is any unauthorized use or disclosure. In addition, our business may be adversely affected by competitors who independently develop competing technologies.

Our proprietary technology was principally developed by Robert D. Briskman, CD Radio's co-founder, and was assigned and belongs to us. We believe that we are the sole owner of the technology covered by our issued patents. We cannot assure you, however, that third parties will not bring suit against us for patent infringement or for declaratory judgment to have our patents declared invalid. On January 12, 1999, we filed a lawsuit against XM in the United States District

Court for the Southern District of New York. The lawsuit alleges patent infringement by XM of our U.S. Patent Nos. 5,319,673, 5,485,485 and 5,592,471. See ' -- Legal Proceedings.'

If a dispute arises concerning our patents, trade secrets or know-how, litigation might be necessary to enforce our patents, to protect our trade secrets or know-how or litigation may occur to determine the scope of the proprietary rights of others. This litigation could result in substantial cost to, and diversion of effort by, us, and adverse findings in any proceeding could subject us to significant liabilities to third parties, require us to seek licenses from third parties or otherwise adversely affect our ability to successfully develop and market CD Radio.

GOVERNMENT REGULATION

As an operator of a privately owned satellite system, we are regulated by the FCC under the Communications Act. The FCC is the government agency with primary authority in the United States over satellite radio communications. We currently must comply with regulation by the FCC principally with respect to

(1) the licensing of our satellite system; (2) preventing interference with or to other users of radio frequencies; and (3) compliance with rules that the FCC has established specifically for United States satellites and rules that the FCC has established for providing a satellite radio service.

On May 18, 1990, we proposed that the FCC establish a satellite radio service and applied for an FCC license. On March 3, 1997, the FCC adopted rules for the national satellite radio broadcast service (the 'FCC Licensing Rules'). Pursuant to the FCC Licensing Rules, an auction was held among the applicants on April 1 and 2, 1997. We were a winning bidder for one of two FCC licenses with a bid of approximately \$83 million. XM was the other winning bidder for an FCC license with a bid of \$89 million. After payment of the full amount by us, on October 10, 1997, the FCC's International Bureau issued us a license to place two satellites in a geostationary orbit. Our FCC license was effective immediately; however, for a period of 30 days following the grant of the FCC license, those parties that had filed comments or petitions to deny in connection with our application for an FCC license were entitled to petition the International Bureau to reconsider its decision to grant the FCC license to us or request review of the decision by the full FCC. An application for review by the FCC was filed by one of the low-bidding applicants in the auction. This petition requests, among other things, that the FCC adopt restrictions on foreign ownership, which were not applied in the license issued to us by the FCC's International Bureau on October 10, 1997 (the 'IB Order'), and, on the basis of our ownership, overrule the IB Order. Since December 1997, there have been no further developments concerning this petition.

Although we believe the FCC will uphold the IB Order, we cannot predict the ultimate outcome of any proceedings relating to this petition or any other proceeding that may be filed. If this petition is denied, the complaining party may file an appeal with the U.S. Court of Appeals which must find that the decision of the FCC was not supported by substantial evidence, or was arbitrary, capricious or unlawful to overturn the grant of our FCC license.

Under the FCC Licensing Rules, we are required to meet specific progress milestones. We are required to begin satellite construction within one year of the grant of our FCC license; to launch and begin operating our first satellite within four years; and to begin operating our entire system within six years. The IB Order states that failure to meet these milestones will render our FCC license null and void. On May 6, 1997, we notified the FCC that we had begun construction on the first of our satellites. On March 27, 1997, a third party requested reconsideration of the FCC Licensing Rules, seeking, among other things, that the time period allotted for these milestones be shortened. To date, the FCC has not responded to the petition for reconsideration. We cannot predict the outcome of this petition.

In 1998, we decided to increase the number of satellites in our system from two to three and modify our orbits from geostationary to inclined, elliptical geosynchronous, requiring modification of our FCC license. On December 11, 1998, we filed an application with the FCC for this modification. Although we believe that the FCC will approve our application for this change, we cannot assure you that this will occur. XM and WCS Radio Inc. have filed comments opposing our application with the FCC. We cannot predict the time it will take the FCC to act on our

application. Failure of the FCC to approve the requested modification to our license in a timely fashion would have a material adverse effect on our business, financial condition and prospects.

The term of our FCC license for each satellite is eight years, commencing from the time each satellite is declared operational after having been inserted into orbit. Upon the expiration of the term with respect to each satellite, we will be required to apply for a renewal of the relevant FCC license. Although we anticipate that, absent significant misconduct on our part, the FCC licenses will be renewed in due course to permit operation of our satellites for their useful lives, and that a license would be granted for any replacement satellites, we cannot assure you of this renewal or grant.

The spectrum allocated by the FCC for satellite radio in the United States is used in Canada and Mexico for terrestrial microwave links, mobile telemetry and other purposes. In September 1998, the United States government and Canada reached an agreement to coordinate the use of this spectrum. Under the rules adopted by the FCC on March 3, 1997 for the national satellite radio broadcast service, the United States government must still coordinate the United States' use of this spectrum with the Mexican government before our satellites may become operational. The FCC Licensing Rules require that both ourselves and XM successfully complete detailed frequency coordination with existing operations in Mexico, and the IB Order conditions our FCC license on this coordination. Although the United States government has begun this coordination process with

Mexico, we cannot assure you that we will be able to coordinate the use of this spectrum with Mexican operators or will be able to do so in a timely manner.

To operate our satellites, we also will have to obtain a license from the FCC to operate our uplink facility. Normally, this approval is sought after issuance of an FCC license. Although we cannot assure you that these licenses will be granted, we do not expect difficulties in obtaining a feeder link frequency and ground station approval in the ordinary course.

In the future, any assignments or transfers of control of our FCC license must be approved by the FCC. We cannot assure you that the FCC would approve any of these transfers or assignments.

The CD Radio system is designed to permit CD Radio to be received by motorists in all outdoor locations where the vehicle has an unobstructed line-of-sight with one of our satellites. In some areas with high concentrations of tall buildings, such as urban cores, or in tunnels, signals from our satellites will be blocked and reception will be adversely affected. In these cases, we plan to install terrestrial repeating transmitters to broadcast CD Radio. The FCC has not yet established rules governing the application procedure for obtaining authorizations to construct and operate terrestrial repeating transmitters. A rulemaking on the subject was initiated by the FCC on March 3, 1997. The deadline for the public to file comments was June 13, 1997 and the deadline for filing reply comments was June 27, 1997. Several comments were received by the FCC that sought to cause the FCC to consider placing restrictions on our ability to deploy our terrestrial repeating transmitters. The repeaters we have constructed in San Francisco are operating under temporary experimental licenses. We cannot predict the outcome, or the timing of, these FCC proceedings. In addition, in connection with the installation and operation of our terrestrial repeating transmitters, we need to obtain the rights to use towers or the roofs of some structures where the transmitters will be installed. We cannot assure you that we can obtain these tower or roof rights on acceptable terms or in appropriate locations for the operation of CD Radio.

The IB Order conditions our FCC license on us certifying that our system includes a receiver design that will permit end users to access XM's system. We have made progress towards developing a receiver which is interoperable with the satellite digital audio radio system XM is constructing. However, because of the various technological challenges involved in designing an interoperable receiver, we cannot predict whether we will be able to satisfy this interoperability requirement. Complying with this interoperability requirement could make the devices capable of receiving CD Radio broadcasts and the related antenna more difficult and costly to manufacture. Accordingly, this interoperability requirement could delay the commercial introduction of these products or require that they be sold at higher prices.

51

The FCC has proposed to update regulations for a new type of lighting device that may generate radio energy in the part of the spectrum to be used by us. The devices would be required to comply with FCC rules that prohibit these devices from causing harmful interference to an authorized radio service such as CD Radio. However, unless the FCC adopts adequate technical standards specifically applicable to these devices, it may be difficult for us to enforce our rights if the use of these devices were to become commonplace. We believe that the currently proposed FCC rules must be strengthened to assure protection of our spectrum. The FCC's failure to adopt adequate standards could have a material adverse effect on reception of our broadcasts. We believe that the FCC will set adequate standards to prevent harmful interference, although we cannot assure you that it will do so.

Our business operations as currently contemplated may require a variety of permits, licenses and authorizations from governmental authorities other than the FCC, but we have not identified any permit, license or authorization that we believe could not be obtained in the ordinary course of business.

The Communications Act prohibits the issuance of a license to a foreign government or a representative of a foreign government, and contains limitations on the ownership of common carrier, broadcast and some other radio licenses by non-U.S. citizens. We are regulated as a private carrier, not a common carrier, by the FCC. As such, the IB Order determined that we are not bound by the foreign ownership provisions of the Communications Act. The FCC has before it a petition to apply the foreign ownership rules to digital audio radio services, but has not acted on that petition or indicated that it is likely to do so in the near future. As a private carrier, we are free to set our own prices and serve customers according to our own business judgment, without economic regulation.

The foregoing discussion reflects the application of current communications law, FCC regulations and international agreements to our proposed service in the

United States. Changes in law, regulations or international agreements relating to communications policy or to matters affecting specifically the services proposed by us could adversely affect our ability to retain our FCC license and obtain or retain other approvals required to provide CD Radio or the manner in which our proposed service would be regulated. Further, actions of the FCC may be reviewed by federal courts and we cannot assure you that if challenged, these actions would be upheld.

PERSONNEL

As of June 17, 1999, we had 55 employees and 14 part time consultants. By commencement of operations, we expect to have approximately 150 employees. The extent and timing of the increase in staffing will depend on the availability of qualified personnel and other developments in our business. None of our employees is represented by a labor union, and we believe that our relationship with our employees is satisfactory.

LEGAL PROCEEDINGS

On January 12, 1999, we filed a lawsuit against XM in the United States District Court for the Southern District of New York. The lawsuit alleges patent infringement by XM of our U.S. Patent Nos. 5,319,673, 5,485,485 and 5,592,471. We are seeking, among other things, an injunction against infringement by XM by any manufacture, use, offer for sale or sale within the scope of any claim of U.S. Patents Nos. 5,319,673, 5,485,485 and 5,592,471. On March 1, 1999, XM answered our complaint in this lawsuit, denying our allegations and asserting affirmative defenses. Both XM and ourselves have requested that the other produce specific documents and answer interrogatories and this process is proceeding. While we believe that we should prevail in this lawsuit, we cannot assure you that the Court will rule in our favor.

Except as described above, we are not a party to any material litigation.

VOTING TRUST AGREEMENT

We are party to a Voting Trust Agreement by and among Darlene Friedland, as grantor, and David Margolese, as the voting trustee. The following is a summary of the material provisions of the Voting Trust Agreement. The complete text of the Voting Trust Agreement is filed with the Commission as an exhibit to the registration statement covering the exchange notes.

The Voting Trust Agreement provides for the establishment of a trust (the 'Trust') into which there were deposited all of the shares of Common Stock owned by Mrs. Friedland on August 26, 1997 and into which any shares of Common Stock acquired by Mrs. Friedland, her spouse Robert Friedland, any member of either of their immediate families or any entity directly or indirectly controlled by Mrs. Friedland, her spouse or any member of their immediate families (the 'Friedland Affiliates') between August 26, 1997 and the termination of the Trust must also be deposited. The Trust will terminate on November 26, 2002.

The Voting Trust Agreement does not restrict the ability of Mrs. Friedland or any of the Friedland Affiliates to sell, assign, transfer or pledge any of the shares of Common Stock deposited into the Trust, nor does it prohibit Mrs. Friedland or the Friedland Affiliates from purchasing additional shares of Common Stock, provided those shares are deposited in the Trust, as described above.

Under the Voting Trust Agreement, the trustee has the power to vote shares of Common Stock held in the Trust in relation to any matter upon which the holders of these shares of Common Stock would have a right to vote, including without limitation the election of directors. For so long as David Margolese remains trustee of the Trust, he may exercise these voting rights in his discretion. Any successor trustee or trustees of the Trust must vote as follows:

on the election of directors, the trustee(s) must vote the entire number of shares of Common Stock held by the Trust, with the number of shares of Common Stock voted for each director (or nominee for director) determined by multiplying the total number of votes held by the Trust by a fraction, the numerator of which is the number of votes cast for this

director by other stockholders of CD Radio and the denominator of which is the sum of the total number of votes represented by all shares casting any votes in the election of directors;

if the matter under Delaware law or the Amended and Restated Certificate of Incorporation or the Amended and Restated Bylaws of CD Radio requires at least an absolute majority of all outstanding shares of Common Stock of

CD Radio to be approved, the trustee(s) must vote all of the shares of Common Stock in the Trust in the same manner as the majority of all votes that are cast for or against the matter by all other stockholders of CD Radio; and

on all other matters, including without limitation any amendment of the Voting Trust Agreement for which a stockholder vote is required, the trustee(s) must vote all of the shares in the Trust for or against the matter in the same manner as all votes that are cast for or against the matter by all other stockholders of CD Radio.

The Voting Trust Agreement may not be amended without the prior written consent of CD Radio, acting by unanimous vote of the Board of Directors, and approval of CD Radio's stockholders, acting by the affirmative vote of two-thirds of the total voting power of CD Radio, except in limited circumstances where amendments to the Voting Trust Agreement must comply with applicable law.

We will also notify the holders of the initial notes by mailing an announcement or by a press release or other public announcement communicated before 9:00 a.m., New York City time, on the next business day after the previously scheduled expiration date unless applicable laws require us to do otherwise.

We also expressly reserve the right to amend the terms of this exchange offer in any manner. If we make any material change, we will promptly disclose this change in a manner reasonably calculated to inform the holders of our initial notes of the change including providing public announcement or giving oral or written notice to these holders. A material change in the terms of this exchange offer could include a change in the timing of the exchange offer, a change in the exchange agent and other similar changes in the terms of this exchange offer. If we make any material change to this exchange offer, we will disclose this change by means of a post-effective amendment to the registration statement which includes this prospectus and will distribute an amended or supplemented prospectus to each registered holder of initial notes. In addition, we will extend this exchange offer for an additional five to ten business days as required by the Exchange Act, depending on the significance of the amendment, if the exchange offer would otherwise expire during that period. We will promptly notify the exchange agent by oral notice, promptly confirmed in writing, or written notice of any delay in acceptance, extension, termination or amendment of this exchange offer.

PROCEDURES FOR TENDERING INITIAL NOTES

PROPER EXECUTION AND DELIVERY OF LETTERS OF TRANSMITTAL

To tender your initial notes in this exchange offer, you must use one of the three alternative procedures described below:

(1) Regular delivery procedure: Complete, sign and date the letter of transmittal, or a facsimile of the letter of transmittal. Have the signatures on the letter of transmittal guaranteed if required by the letter of transmittal. Mail or otherwise deliver the letter of transmittal or the facsimile together with the certificates representing the initial notes being tendered and any other required documents to the exchange agent on or before 5:00 p.m., New York City time, on the expiration date.

(2) Book-entry delivery procedure: Send a timely confirmation of a book-entry transfer of your initial notes, if this procedure is available, into the exchange agent's account at The Depository Trust Company in accordance with the procedures for book-entry transfer described under ' -- Book-Entry Delivery Procedure' below, on or before 5:00 p.m., New York City time, on the expiration date.

(3) Guaranteed delivery procedure: If time will not permit you to complete your tender by using the procedures described in (1) or (2) above before the expiration date, comply with the guaranteed delivery procedures described under ' -- Guaranteed Delivery Procedure' below.

The method of delivery of the initial notes, the letter of transmittal and all other required documents is at your election and risk. Instead of delivery by mail, we recommend that you use an overnight or hand-delivery service. If you choose the mail, we recommend that you use registered mail, properly insured, with return receipt requested. IN ALL CASES, YOU SHOULD ALLOW SUFFICIENT TIME TO ASSURE TIMELY DELIVERY. You should not send any letters of transmittal or initial notes to us. You must deliver all documents to the exchange agent at its address provided below. You may also request your broker, dealer, commercial bank, trust company or nominee to tender your initial notes on your behalf.

Only a holder of initial notes may tender initial notes in this exchange offer. A holder is any person in whose name initial notes are registered on our books or any other person who has obtained a properly completed bond power from the registered holder.

If you are the beneficial owner of initial notes that are registered in the name of a broker, dealer, commercial bank, trust company or other nominee and you wish to tender your notes, you must contact that registered holder promptly and instruct that registered holder to tender your notes on your behalf. If you wish to tender your initial notes on your own behalf, you must, before completing and executing the letter of transmittal and delivering your initial notes, either make appropriate arrangements to register the ownership of these notes in your name or obtain a properly completed bond power from the registered holder. The transfer of registered ownership may take considerable time.

You must have any signatures on a letter of transmittal or a notice of withdrawal guaranteed by:

(1) a member firm of a registered national securities exchange or of the National Association of Securities Dealers, Inc.,

(2) a commercial bank or trust company having an office or correspondent in the United States, or

(3) an eligible guarantor institution within the meaning of Rule 17Ad-15 under the Exchange Act,

unless the initial notes are tendered:

(1) by a registered holder or by a participant in The Depository Trust Company whose name appears on a security position listing as the owner, who has not completed the box entitled 'Special Issuance Instructions' or 'Special Delivery Instructions' on the letter of

transmittal and only if the exchange notes are being issued directly to this registered holder or deposited into this participant's account at The Depository Trust Company, or

(2) for the account of a member firm of a registered national securities exchange or of the National Association of Securities Dealers, Inc., a commercial bank or trust company having an office or correspondent in the United States or an eligible guarantor institution within the meaning of Rule 17Ad-15 under the Securities Exchange Act of 1934.

If the letter of transmittal or any bond powers are signed by:

(1) The recordholder(s) of the initial notes tendered: the signature must correspond with the name(s) written on the face of the initial notes without alteration, enlargement or any change whatsoever.

(2) A participant in The Depository Trust Company: the signature must correspond with the name as it appears on the security position listing as the holder of the initial notes.

(3) A person other than the registered holder of any initial notes: these initial notes must be endorsed or accompanied by bond powers and a proxy that authorize this person to tender the initial notes on behalf of the registered holder, in satisfactory form to us as determined in our sole discretion, in each case, as the name of the registered holder or holders appears on the initial notes.

(4) Trustees, executors, administrators, guardians, attorneys-in-fact, officers of corporations or others acting in a fiduciary or representative capacity: these persons should so indicate when signing. Unless waived by us, evidence satisfactory to us of their authority to so act must also be submitted with the letter of transmittal.

BOOK-ENTRY DELIVERY PROCEDURE

Any financial institution that is a participant in The Depository Trust Company's systems may make book-entry deliveries of initial notes by causing The Depository Trust Company to transfer these initial notes into the exchange agent's account at The Depository Trust Company in accordance with The Depository Trust Company's procedures for transfer. To effectively tender notes through The Depository Trust Company, the financial institution that is a participant in The Depository Trust Company will electronically transmit its acceptance through the Automatic Tender Offer Program. The Depository Trust Company will then edit and verify the acceptance and send an agent's message to the exchange agent for its acceptance. An agent's message is a message transmitted by The Depository Trust Company to the exchange agent stating that The Depository Trust Company has received an express acknowledgment from the participant in The Depository Trust Company tendering the notes that this participation has received and agrees to be bound by the terms of the letter of transmittal, and that we may enforce this agreement against this participant. The exchange agent will make a request to establish an account for the initial notes at The Depository Trust Company for purposes of the exchange offer within two business days after the date of this prospectus.

A delivery of initial notes through a book-entry transfer into the exchange agent's account at The Depository Trust Company will only be effective if an agent's message or the letter of transmittal or a facsimile of the letter of transmittal with any required signature guarantees and any other required documents is transmitted to and received by the exchange agent at the address indicated below under ' -- Exchange Agent' on or before the expiration date unless the guaranteed delivery procedures described below are complied with.
DELIVERY OF DOCUMENTS TO THE DEPOSITORY TRUST COMPANY DOES NOT CONSTITUTE DELIVERY TO THE EXCHANGE AGENT.

GUARANTEED DELIVERY PROCEDURE

If you are a registered holder of initial notes and desire to tender your notes, and (1) these notes are not immediately available, (2) time will not permit your notes or other required documents to reach the exchange agent before the expiration date or (3) the procedures for book-

entry transfer cannot be completed on a timely basis and an agent's message delivered, you may still tender in this exchange offer if:

(1) you tender through a member firm of a registered national securities exchange or of the National Association of Securities Dealers, Inc., a commercial bank or trust company having an office or correspondent in the United States, or an eligible guarantor institution within the

meaning of Rule 17Ad-15 under the Exchange Act,

(2) on or before the expiration date, the exchange agent receives a properly completed and duly executed letter of transmittal or facsimile of the letter of transmittal, and a notice of guaranteed delivery, substantially in the form provided by us, with your name and address as holder of the initial notes and the amount of notes tendered, stating that the tender is being made by that letter and notice and guaranteeing that within three business days after the expiration date the certificates for all the initial notes tendered, in proper form for transfer, or a book-entry confirmation with an agent's message, as the case may be, and any other documents required by the letter of transmittal will be deposited by the eligible institution with the exchange agent, and

(3) the certificates for all your tendered initial notes in proper form for transfer or a book-entry confirmation as the case may be, and all other documents required by the letter of transmittal are received by the exchange agent within three business days after the expiration date.

ACCEPTANCE OF INITIAL NOTES FOR EXCHANGE; DELIVERY OF EXCHANGE NOTES

Your tender of initial notes will constitute an agreement between you and us governed by the terms and conditions provided in this prospectus and in the related letter of transmittal.

We will be deemed to have received your tender as of the date when your duly signed letter of transmittal accompanied by your initial notes tendered, or a timely confirmation of a book-entry transfer of these notes into the exchange agent's account at The Depository Trust Company with an agent's message, or a notice of guaranteed delivery from an eligible institution is received by the exchange agent.

All questions as to the validity, form, eligibility, including time of receipt, acceptance and withdrawal of tenders will be determined by us in our sole discretion. Our determination will be final and binding.

We reserve the absolute right to reject any and all initial notes not properly tendered or any initial notes which, if accepted, would, in our opinion or our counsel's opinion, be unlawful. We also reserve the absolute right to waive any conditions of this exchange offer or irregularities or defects in tender as to particular notes. Our interpretation of the terms and conditions of this exchange offer, including the instructions in the letter of transmittal, will be final and binding on all parties. Unless waived, any defects or irregularities in connection with tenders of initial notes must be cured within such time as we shall determine. We, the exchange agent or any other person will be under no duty to give notification of defects or irregularities with respect to tenders of initial notes. We and the exchange agent or any other person will incur no liability for any failure to give notification of these defects or irregularities. Tenders of initial notes will not be deemed to have been made until such irregularities have been cured or waived. The exchange agent will return without cost to their holders any initial notes that are not properly tendered and as to which the defects or irregularities have not been cured or waived as promptly as practicable following the expiration date.

If all the conditions to the exchange offer are satisfied or waived on the expiration date, we will accept all initial notes properly tendered and will issue the exchange notes promptly thereafter. Please refer to the section of this prospectus entitled ' -- Conditions to the Exchange Offer' below. For purposes of this exchange offer, initial notes will be deemed to have been accepted as validly tendered for exchange when, as and if we give oral or written notice of acceptance to the exchange agent.

We will issue the exchange notes in exchange for the initial notes tendered pursuant to a notice of guaranteed delivery by an eligible institution only against delivery to the exchange agent of the letter of transmittal, the tendered initial notes and any other required documents, or the receipt by the exchange agent of a timely confirmation of a book-entry transfer of initial notes into the exchange agent's account at The Depository Trust Company with an agent's message, in each case, in form satisfactory to us and the exchange agent.

If any tendered initial notes are not accepted for any reason provided by the terms and conditions of this exchange offer or if initial notes are submitted for a greater principal amount than the holder desires to exchange, the unaccepted or non-exchanged initial notes will be returned without expense to the tendering holder, or, in the case of initial notes tendered by book-entry transfer procedures described above, will be credited to an account maintained with the book-entry transfer facility, as promptly as practicable

after withdrawal, rejection of tender or the expiration or termination of the exchange offer.

By tendering into this exchange offer, you will irrevocably appoint our designees as your attorney-in-fact and proxy with full power of substitution and resubstitution to the full extent of your rights on the notes tendered. This proxy will be considered coupled with an interest in the tendered notes. This appointment will be effective only when, and to the extent that we accept your notes in this exchange offer. All prior proxies on these notes will then be revoked and you will not be entitled to give any subsequent proxy. Any proxy that you may give subsequently will not be deemed effective. Our designees will be empowered to exercise all voting and other rights of the holders as they may deem proper at any meeting of note holders or otherwise. The initial notes will be validly tendered only if we are able to exercise full voting rights on the notes, including voting at any meeting of the note holders, and full rights to consent to any action taken by the note holders.

WITHDRAWAL OF TENDERS

Except as otherwise provided in this prospectus, you may withdraw tenders of initial notes at any time before 5:00 p.m., New York City time, on the expiration date.

For a withdrawal to be effective, you must send a written or facsimile transmission notice of withdrawal to the exchange agent before 5:00 p.m., New York City time, on the expiration date at the address provided below under ' -- Exchange Agent' and before acceptance of your tendered notes for exchange by us.

Any notice of withdrawal must:

- (1) specify the name of the person having tendered the initial notes to be withdrawn,
- (2) identify the notes to be withdrawn, including, if applicable, the registration number or numbers and total principal amount of these notes,
- (3) be signed by the person having tendered the initial notes to be withdrawn in the same manner as the original signature on the letter of transmittal by which these notes were tendered, including any required signature guarantees, or be accompanied by documents of transfer sufficient to permit the trustee for the initial notes to register the transfer of these notes into the name of the person having made the original tender and withdrawing the tender,
- (4) specify the name in which any of these initial notes are to be registered, if this name is different from that of the person having tendered the initial notes to be withdrawn, and
- (5) if applicable because the initial notes have been tendered though the book-entry procedure, specify the name and number of the participant's account at The Depository Trust Company to be credited, if different than that of the person having tendered the initial notes to be withdrawn.

We will determine all questions as to the validity, form and eligibility, including time of receipt, of all notices of withdrawal and our determination will be final and binding on all parties.

63

Initial notes that are withdrawn will be deemed not to have been validly tendered for exchange in this exchange offer.

The exchange agent will return without cost to their holders all initial notes that have been tendered for exchange and are not exchanged for any reason, as promptly as practicable after withdrawal, rejection of tender or expiration or termination of this exchange offer.

You may retender properly withdrawn initial notes in this exchange offer by following one of the procedures described under ' -- Procedures for Tendering Initial Notes' above at any time on or before the expiration date.

CONDITIONS TO THE EXCHANGE OFFER

We will complete this exchange offer only if:

- (1) there is no action or proceeding instituted or threatened in any court or before any governmental agency or body that in our judgment would reasonably be expected to prohibit, prevent or otherwise impair our ability to proceed with this exchange offer,

(2) there is no change in the laws and regulations which, in our judgment, would reasonably be expected to impair our ability to proceed with this exchange offer,

(3) there is no change in the current interpretation of the staff of the Commission which permits resales of the exchange notes,

(4) there is no stop order issued by the Commission or any state securities authority suspending the effectiveness of the registration statement which includes this prospectus or the qualification of the indenture for our exchange notes under the Trust Indenture Act of 1939 and there are no proceedings initiated or, to our knowledge, threatened for that purpose, and

(5) we obtain all governmental approvals that we deem in our sole discretion necessary to complete this exchange offer.

These conditions are for our sole benefit. We may assert any one of these conditions regardless of the circumstances giving rise to it and may also waive any one of them, in whole or in part, at any time and from time to time, if we determine in our reasonable discretion that it has not been satisfied, subject to applicable law. We will not be deemed to have waived our rights to assert or waive these conditions if we fail at any time to exercise any of them. Each of these rights will be deemed an ongoing right which we may assert at any time and from time to time.

If we determine that we may terminate this exchange offer because any of these conditions is not satisfied, we may:

(1) refuse to accept and return to their holders any initial notes that have been tendered,

(2) extend the exchange offer and retain all notes tendered before the expiration date, subject to the rights of the holders of these notes to withdraw their tenders, or

(3) waive any condition that has not been satisfied and accept all properly tendered notes that have not been withdrawn or otherwise amend the terms of this exchange offer in any respect as provided under the section in this prospectus entitled ' -- Expiration Date; Extensions; Amendments; Termination.'

ACCOUNTING TREATMENT

We will record the exchange notes at the same carrying value as the initial notes as reflected in our accounting records on the date of the exchange. Accordingly, we will not recognize any gain or loss for accounting purposes. We will amortize the costs of the exchange offer and the unamortized expenses related to the issuance of the exchange notes over the term of the exchange notes.

However, we will pay the exchange agent reasonable and customary fees for its services and will reimburse the exchange agent for its reasonable out-of-pocket expenses in connection with this exchange offer.

We will pay all transfer taxes, if any, applicable to the exchange of initial notes in accordance with this exchange offer. However, tendering holders will pay the amount of any transfer taxes, whether imposed on the registered holder or any other persons, if:

If you do not submit satisfactory evidence of the payment of any of these taxes or of any exemption from this payment with the letter of transmittal, we will bill you directly the amount of these transfer taxes.

YOUR FAILURE TO PARTICIPATE IN THE EXCHANGE OFFER WILL HAVE ADVERSE CONSEQUENCES

The initial notes were not registered under the Securities Act or under the securities laws of any state and you may not resell them, offer them for resale or otherwise transfer them unless they are subsequently registered or resold under an exemption from the registration requirements of the Securities Act and applicable state securities laws. If you do not exchange your initial notes for exchange notes in accordance with this exchange offer, or if you do not properly tender your

65

initial notes in this exchange offer, you will not be able to resell, offer to resell or otherwise transfer the initial notes unless they are registered under the Securities Act or unless you resell them, offer to resell or otherwise transfer them under an exemption from the registration requirements of, or in a transaction not subject to, the Securities Act. In addition, you will not necessarily be able to obligate us to register the initial notes under the Securities Act.

DESCRIPTION OF THE NOTES

The notes were issued under an indenture dated as of May 15, 1999 between the Company, as issuer, and United States Trust Company of New York, as trustee (the 'Trustee'), a copy of which is filed as an exhibit to the registration statement relating to this exchange offer.

The following summary of some provisions of the indenture does not purport to be complete and is subject to, and qualified in its entirety by reference to, the provisions of the notes and the indenture, including the definitions of some terms contained in it and those terms made part of the indenture by reference to the Trust Indenture Act. For definitions of some capitalized terms used in the following summary, see ' -- Certain Definitions.' In this description, the word 'Company' refers only to CD Radio Inc. and not to any of its subsidiaries.

GENERAL

The notes will be limited to \$200,000,000 aggregate principal amount and will mature on May 15, 2009.

We will pay interest on each note at the rate set forth on the cover page hereof from May 18, 1999 or from the most recent interest payment date to which interest has been paid or duly provided for, payable in cash on May 15 and November 15 of each year, commencing November 15, 1999, until we have paid or duly provided for the payment of the principal of such note to the Person in whose name the note (or any predecessor note) is registered at the close of business on the May 1 or November 1 next preceding such interest payment date.

Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months.

We will pay the principal of, premium, if any, on and interest on the notes, and holders may exchange and transfer the notes, at our office or agency in The City of New York maintained for such purposes (which initially will be the office of the Trustee). However, at our option, we may pay interest by check mailed to the address of the Person entitled thereto as shown on the security register. We will issue the notes only in fully registered form without coupons. We will not charge holders any fee in connection with any registration of transfer or exchange or redemption of notes, but we may require payment in certain circumstances of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection therewith.

RANKING

The notes will rank

equal in right of payment with all of our existing and future unsubordinated obligations, including the Senior Discount Notes, and

senior in right of payment to all of our existing and future obligations expressly subordinated in right of payment to the notes.

Under the indenture, we and our subsidiaries are entitled to incur, subject to significant conditions and limitations, additional indebtedness, including indebtedness secured by the issued and outstanding stock of Satellite CD Radio, Inc. As of March 31, 1999, on a pro forma basis after giving effect to the sale of the units consisting of initial notes and warrants, we would have had \$474 million in aggregate principal amount of indebtedness outstanding (including the notes) which ranked equal in right of payment with the notes, all of which was secured. We currently have no subordinated obligations outstanding.

66

In addition, the notes will be effectively subordinated to all existing and future obligations of our subsidiaries. As of March 31, 1999, our subsidiaries had no liabilities outstanding.

SECURITY

The exchange notes will be secured by a first priority perfected security interest in all the issued and outstanding common stock of Satellite CD Radio, Inc., our wholly owned subsidiary (the 'Pledged Stock'), on an equal basis with holders of the Senior Discount Notes pursuant to the Pledge Agreement. We are entitled to incur additional secured financing as set forth in 'Certain Covenants -- Limitation on Indebtedness.' Any such secured financing with respect to the Pledged Stock must be secured on an equal basis with the holders of the notes. As of March 31, 1999, approximately \$162 million of indebtedness secured by the Pledged Stock was outstanding.

So long as no Event of Default has occurred and is continuing, we are entitled to exercise all voting rights with respect to the Pledged Stock, provided that we cast no vote that is inconsistent with the provisions of the indenture. Upon the occurrence of an Event of Default, the collateral agent under the Pledge Agreement is entitled, subject to the provisions of an intercreditor agreement between the Trustee and the trustee of the Senior Discount Notes and subject as well to the satisfaction of any regulatory requirements, to vote the Pledged Stock or realize upon and sell or otherwise dispose of all or any part of the Pledged Stock and will apply the proceeds of any sale or disposition,

first to the payment of costs and expenses of sale,

second to amounts due the collateral agent,

third to the payment of all amounts due and unpaid on the notes and, if an event of default has occurred in connection with the Senior Discount Notes or with any other indebtedness secured by the Pledged Stock, the Senior Discount Notes or such other indebtedness, on an equal and ratable basis,

finally, any surplus to us.

Regulatory considerations may affect the collateral agent's ability to exercise rights with respect to the Pledged Stock upon the occurrence of an Event of Default. In particular, the Trustee under the indenture is not entitled to exercise any rights with respect to the Pledged Stock upon the occurrence of an Event of Default if such action would constitute or result in any assignment of our FCC License or any change of control (whether as a matter of law or fact)

of the Company unless the prior approval of the FCC is first obtained. We cannot assure you that any such required FCC approval can be obtained on a timely basis, or at all.

In addition, at the time we issued the initial notes, we applied approximately \$79.3 million of the net proceeds of this offering to purchase, and we pledged to the Trustee in escrow for the benefit of the holders of the notes, the Pledged Securities to provide for payment in full of the first six scheduled interest payments due on the notes. The Pledged Securities were pledged by us to the Trustee for the benefit of the holders of the notes pursuant to the Collateral Pledge Agreement and will be held by the Trustee in the Pledge Account. Immediately prior to each interest payment date on the notes from November 15, 1999, through May 15, 2002, we may either deposit with the Trustee, from funds otherwise available to us, cash sufficient to pay the interest scheduled to be paid on such date or we may direct the Trustee to release from the Pledge Account proceeds sufficient to pay interest then due. In the event that we exercise the former option, we may thereafter direct the Trustee to release to us proceeds or Pledged Securities from the Pledge Account in like amount, provided that the balance remaining in such Pledge Account is sufficient to pay all scheduled interest through May 15, 2002.

Interest earned on the Pledged Securities will be added to the Pledge Account. In the event that the funds or Pledged Securities held in the Pledge Account exceed the amount sufficient, in the opinion of a nationally recognized firm of independent public accountants selected by us, to provide for payment in full of the first six scheduled interest payments due on the notes (or, in the event an interest payment or payments have been made, an amount sufficient to provide the

payment in full of any interest payments remaining, up to and including the sixth scheduled interest payment), the Trustee will release to us at our request any such excess amount.

Under the Collateral Pledge Agreement, assuming that we make the first six scheduled interest payments on the notes in a timely manner, all of the Pledged Securities will have been released from the Pledge Account, and the notes will thereafter not be secured by the Pledged Securities.

Except as set forth above, the notes are not secured by any lien on, or other security interest in, any other properties or assets of the Company or Satellite CD Radio, Inc.

SINKING FUND

The notes will not be entitled to the benefit of any sinking fund.

REDEMPTION

Except as set forth below, we are not entitled to redeem the notes at our option prior to May 15, 2004.

On and after May 15, 2004, we will be entitled to redeem all or a part of the notes at our option, on not less than 30 nor more than 60 days' prior notice, at the redemption prices (expressed as percentages of principal amount) set forth below, together with accrued interest, if any, to the redemption date, if redeemed during the 12-month period beginning on May 15 of the years indicated below (subject to the right of holders of record on relevant record dates to receive interest due on a relevant interest payment date):

<TABLE>
<CAPTION>

YEAR	REDEMPTION PRICE
----	-----
<S>	<C>
2004.....	107.250%
2005.....	104.833%
2006.....	102.417%
2007 and thereafter.....	100.000%

</TABLE>

In addition, at any time or from time to time prior to May 15, 2002, we are entitled to redeem up to a maximum of 35% of the original aggregate principal amount of the notes with the net proceeds of one or more equity offerings at a redemption price (expressed as a percentage of principal amount on the redemption date) of 114.50% plus accrued interest to the redemption date; provided, however, that immediately after giving effect to such redemption, at least 65% of the original aggregate principal amount of the notes remains

outstanding; provided further, however, that notice of such redemption shall be given within 60 days of the closing of such equity offering.

If at any time we are redeeming less than all the notes, the Trustee will select the particular notes to be redeemed not more than 60 days prior to the redemption date by such method as the Trustee shall deem fair and appropriate.

We will send a notice of redemption by mail, first-class postage prepaid, at least 30 but not more than 60 days before the redemption date to each holder of notes to be redeemed at its registered address. If we are redeeming any note in part only, notice of redemption relating to such note will identify the portion of the principal amount thereof to be redeemed. We will issue a new note in a principal amount equal to the unredeemed portion thereof in the name of the holder thereof upon cancellation of the original note.

On and after any redemption date, interest will cease to accrue on notes or portions thereof called for redemption and accepted for payment.

CERTAIN COVENANTS

LIMITATION ON INDEBTEDNESS

The Company will not, and will not permit any Restricted Subsidiary to, create, assume, issue, guarantee or in any manner become directly or indirectly liable for or with respect to the payment

68

of, or otherwise incur (collectively, to 'incur'), any Indebtedness, except for Permitted Indebtedness; provided, however, that

the Company will be permitted to incur Indebtedness and

a Restricted Subsidiary will be permitted to incur Acquired Indebtedness

if, in either case, after giving pro forma effect to such incurrence (including the application of the net proceeds therefrom), the ratio of

(1) Total Consolidated Indebtedness to

(2) Adjusted Consolidated Operating Cash Flow for the latest four fiscal quarters for which consolidated financial statements of the Company are available preceding the date of such incurrence, taken as a whole,

would be greater than zero and less than or equal to 4.0 to 1.0.

LIMITATION ON RESTRICTED PAYMENTS

The Company will not make, and will not permit any Restricted Subsidiary to make, directly or indirectly, any of the following:

(1) the declaration or payment of any dividend or any other distribution on Capital Stock of the Company or any payment made to the direct or indirect holders (in their capacities as such) of Capital Stock of the Company (other than dividends or distributions payable solely in Qualified Capital Stock of the Company or in options, warrants or other rights to purchase Qualified Capital Stock of the Company);

(2) the purchase, redemption or other acquisition or retirement for value of any Capital Stock of the Company (other than any such Capital Stock owned by the Company or a Restricted Subsidiary) or any affiliate of the Company (other than any Restricted Subsidiary);

(3) the making of any principal payment on, or the repurchase, redemption, defeasance or other acquisition or retirement for value of, prior to any scheduled principal payment, sinking fund payment or maturity, any Subordinated Indebtedness (other than any Subordinated Indebtedness held by a Restricted Subsidiary); or

(4) the making of any Investment (other than a Permitted Investment) in any Person

(such payments or other actions described in (but not excluded from) clauses (1) through (4) are collectively referred to as 'Restricted Payments'), unless, in each case:

(A) no Default or Event of Default shall have occurred and be continuing at the time of or after giving effect to such Restricted Payment;

(B) immediately after giving effect to such Restricted Payment, the Company would be able to incur at least \$1.00 of Indebtedness (other than Permitted Indebtedness) under the proviso of the 'Limitation on Indebtedness' covenant; and

(C) immediately after giving effect to such Restricted Payment, the aggregate amount of all Restricted Payments declared or made on or after November 26, 1997 would not exceed an amount equal to the sum of

(a) the difference between (x) the Cumulative Available Cash Flow determined at the time of such Restricted Payment and (y) 150% of the cumulative Consolidated Interest Expense of the Company determined for the period commencing on November 26, 1997 and ending on the last day of the latest fiscal quarter for which consolidated financial statements of the Company are available preceding the date of such Restricted Payment plus

(b) the aggregate Net Cash Proceeds received by the Company from the issue or sale (other than to any Restricted Subsidiary) of Qualified Capital Stock of the Company after January 1, 1998, plus

69

(c) the aggregate Net Cash Proceeds received after November 26, 1997 by the Company from the issuance or sale (other than to any Restricted Subsidiary) of debt securities or Redeemable Capital Stock that have been converted into or exchanged for Qualified Capital Stock of the Company, together with the aggregate Net Cash Proceeds received by the Company at the time of such conversion or exchange, plus

(d) to the extent not otherwise included in the Consolidated Operating Cash Flow of the Company, an amount equal to the sum of (i) the net reduction in Investments (other than the Permitted Investments) in any Person resulting from the payment in cash of dividends, repayments of loans or advances or other transfers of assets, in each case to the Company or any Restricted Subsidiary after November 26, 1997 from such Person and (ii) the portion (proportionate to the Company's equity interest in such Subsidiary) of the fair market value of the net assets of any Unrestricted Subsidiary at the time such Unrestricted Subsidiary is designated a Restricted Subsidiary; provided, however, that in the case of (i) or (ii) above, the foregoing sum shall not exceed the aggregate amount of Investments previously made (and treated as a Restricted Payment) by the Company or any Restricted Subsidiary in such Person or Unrestricted Subsidiary, minus

(e) the sum of 80% of the outstanding principal amount of the Notes and all Indebtedness incurred pursuant to clause 1(b) of the definition of Permitted Indebtedness.

For purposes of determining the amount expended for Restricted Payments, property other than cash shall be valued at its Fair Market Value.

The provisions of this covenant will not prohibit, so long as, with respect to clauses (2) through (8) below, no Default or Event of Default shall have occurred and be continuing:

(1) the payment of any dividend or other distribution within 60 days after the date of declaration thereof if at such date of declaration such payment complied with the provisions of the Indenture, and such payment will be deemed to have been paid on the date of declaration for purposes of the calculation in the foregoing paragraph;

(2) the purchase, redemption, retirement or other acquisition of any shares of Capital Stock of the Company in exchange for, or out of the Net Cash Proceeds of a substantially concurrent issue and sale (other than to a Restricted Subsidiary) of, shares of Qualified Capital Stock of the Company;

(3) the purchase, redemption, retirement, defeasance or other acquisition or retirement for value of Subordinated Indebtedness made by exchange for, or out of the Net Cash Proceeds of a substantially concurrent issue or sale (other than to a Restricted Subsidiary) of, Qualified Capital Stock of the Company;

(4) the purchase of (a) any Subordinated Indebtedness at a purchase price not greater than 101% of the principal amount or accreted value thereof, as the case may be, together with accrued interest, if any, in the event of a Change of Control in accordance with provisions similar to the 'Purchase of Notes upon a Change of Control' covenant or (b) any Preferred Stock of the Company at a purchase price not greater than 101% of the

liquidation preference thereof, together with accrued dividends, if any, in the event of a Change of Control in accordance with provisions similar to the 'Purchase of Notes upon a Change of Control' covenant; provided, however, that, in each case, prior to such purchase the Company has made the Change of Control Offer as provided in such covenant with respect to the Notes and has purchased all Notes validly tendered for payment in connection with such Change of Control Offer;

(5) the purchase, redemption, defeasance or other acquisition or retirement for value of Subordinated Indebtedness in exchange for, or out of the Net Cash Proceeds of a substantially concurrent incurrence (other than to a Restricted Subsidiary) of, new Subordinated Indebtedness so long as

(a) the principal amount of such new Subordinated Indebtedness does not exceed the principal amount (or, if such Subordinated Indebtedness being refinanced provides for an

70

amount less than the principal amount thereof to be due and payable upon a declaration of acceleration thereof, such lesser amount as of the date of determination) of the Subordinated Indebtedness being so purchased, redeemed, defeased, acquired or retired, plus the lesser of the amount of any premium required to be paid in connection with such refinancing pursuant to the terms of the Subordinated Indebtedness being refinanced or the amount of any premium reasonably determined by the Company as necessary to accomplish such refinancing, plus, in either case, the amount of expenses of the Company incurred in connection with such refinancing,

(b) such new Subordinated Indebtedness is subordinated to the Notes to the same extent as such Subordinated Indebtedness so purchased, redeemed, defeased, acquired or retired and

(c) such new Subordinated Indebtedness has an Average Life longer than the Average Life of the Notes and a final Stated Maturity of principal later than the Stated Maturity of principal of the Notes;

(6) the purchase of any Subordinated Indebtedness at a purchase price not greater than 100% of the principal amount or accreted value thereof, as the case may be, together with accrued interest, if any, following an Asset Sale in accordance with provisions similar to the 'Limitation on Sale of Assets' covenant; provided, however, that prior to making any such purchase the Company has made the Excess Proceeds Offer as provided in such covenant with respect to the Notes and has purchased all Notes validly tendered for payment in connection with such Excess Proceeds Offer;

(7) the payment of cash dividends on outstanding shares of Series C Preferred Stock of the Company out of the Net Cash Proceeds of a substantially concurrent issue and sale (other than to a Restricted Subsidiary) of Common Stock of the Company; and

(8) any other Restricted Payments in an aggregate amount not to exceed \$15.0 million.

In determining the amount of Restricted Payments permissible under this covenant, amounts expended pursuant to clauses (1), (2), (3), (4), (6), (7) and (8) above shall be included as Restricted Payments.

LIMITATION ON ISSUANCES AND SALES OF CAPITAL STOCK OF RESTRICTED SUBSIDIARIES

The Company will not permit

any Restricted Subsidiary to issue any Capital Stock (other than to the Company or a Restricted Subsidiary); and

any Person (other than the Company or a Restricted Subsidiary) to own any Capital Stock of any Restricted Subsidiary;

provided, however, that this covenant shall not prohibit

(1) the issuance or sale of all, but not less than all, of the issued and outstanding Capital Stock of any Restricted Subsidiary owned by the Company or any Restricted Subsidiary in compliance with the other provisions of the Indenture; or

(2) the ownership by directors of directors' qualifying shares or the ownership by foreign nationals of Capital Stock of any Restricted Subsidiary, to the extent mandated by applicable law.

LIMITATION ON LIENS

The Company will not, and will not permit any Restricted Subsidiary to, directly or indirectly, create, incur, assume or suffer to exist any Lien of any kind, other than Permitted Liens, on or with respect to any of its property or assets, including any shares of stock or Indebtedness of any Restricted Subsidiary, whether owned at the date of the Indenture or thereafter acquired, or any income, profits or proceeds therefrom, or assign or otherwise convey any right to receive income thereon, unless

71

in the case of any Lien securing Subordinated Indebtedness, the Notes are secured by a Lien on such property, assets or proceeds that is senior in priority to such Lien; and

in the case of any other Lien, the Notes are equally and ratably secured;

PURCHASE OF NOTES UPON A CHANGE OF CONTROL

If a Change of Control shall occur at any time, then each holder of Notes will have the right to require that the Company purchase such holder's Notes, in whole or in part in integral multiples of \$1,000 principal amount, at a purchase price (the 'Change of Control Purchase Price') in cash in an amount equal to 101% of the principal amount of such Notes as of the date of purchase, plus accrued and unpaid interest, if any, to the date of purchase (the 'Change of Control Purchase Date'), pursuant to the offer described below (the 'Change of Control Offer') and the other procedures set forth in the Indenture.

Within 15 days following any Change of Control, the Company will notify the Trustee thereof and give written notice of such Change of Control to each holder of Notes by first-class mail, postage prepaid, at the address of such holder appearing in the security register, stating, among other things,

the purchase price and the purchase date, which will be a business day no earlier than 30 days nor later than 60 days from the date such notice is mailed, or such later date as is necessary to comply with requirements under the Exchange Act or any applicable securities laws or regulations;

that any Note not tendered will continue to accrue interest;

that, unless the Company defaults in the payment of the purchase price, any Notes accepted for payment pursuant to the Change of Control Offer will cease to accrue interest after the Change of Control Purchase Date; and

certain other procedures that a holder of Notes must follow to accept a Change of Control Offer or to withdraw such acceptance.

The Company will have no obligation to purchase any Notes in a Change of Control Offer if no Notes are tendered by the holders thereof.

If a Change of Control Offer is made, we cannot assure you that we will have available funds sufficient to pay the Change of Control Purchase Price for all the Notes that might be delivered by holders of the Notes seeking to accept the Change of Control Offer. Our failure to make or consummate the Change of Control Offer or pay the Change of Control Purchase Price when due would result in an Event of Default and would give the Trustee and the holders of the Notes the rights described under ' -- Events of Default.'

One of the events that constitutes a Change of Control under the Indenture is the disposition of 'all or substantially all' of our assets. This term has not been interpreted under New York law (which is the governing law of the Indenture) to represent a specific quantitative test. Therefore, if holders of the Notes elect to require us to purchase the Notes and we elect to contest such election, we can not assure you how a court interpreting New York law would interpret the phrase.

The existence of a holder's right to require us to purchase such holder's Notes upon a Change of Control may deter a third party from acquiring the Company in a transaction that constitutes a Change of Control.

The definition of 'Change of Control' in the Indenture is limited in scope. The provisions of the Indenture may not afford holders of notes the right to require us to purchase such Notes in the event of a highly leveraged transaction or certain transactions with our management or our affiliates, including a reorganization, restructuring, merger or similar transaction involving the Company (including, in certain circumstances, an acquisition of the Company by management or its affiliates) that may adversely affect holders of the Notes, if

such transaction is not a transaction defined as a Change of Control. See ' -- Certain Definitions' for the definition of 'Change of

72

Control.' A transaction involving our management or our affiliates, or a transaction involving a recapitalization of the Company, would result in a Change of Control only if it is the type of transaction specified by such definition.

The Company will comply to the extent applicable with the requirements of the tender offer rules, including Rule 14e-1 under the Exchange Act, and any other applicable securities laws and regulations in connection with a Change of Control Offer.

LIMITATION ON SALE-LEASEBACK TRANSACTIONS

The Company will not, and will not permit any Restricted Subsidiary to, directly or indirectly, enter into any sale-leaseback transaction involving any of its assets or properties whether now owned or hereafter acquired, whereby the Company or a Restricted Subsidiary sells or transfers such assets or properties and then or thereafter leases such assets or properties or any part thereof or any other assets or properties which the Company or such Restricted Subsidiary, as the case may be, intends to use for substantially the same purpose or purposes as the assets or properties sold or transferred.

The foregoing restriction does not apply to any sale-leaseback transaction if:

the lease is for a period, including renewal rights, of not in excess of three years;

the transaction is solely between the Company and any Restricted Subsidiary or solely between Restricted Subsidiaries; or

the Company or such Restricted Subsidiary, within 12 months after the sale or transfer of any assets or properties is completed, applies an amount not less than the net proceeds received from such sale in accordance with paragraph (b) of the 'Limitation on Sale of Assets' covenant described below.

LIMITATION ON SALE OF ASSETS

(a) The Company will not, and will not permit any Restricted Subsidiary to, directly or indirectly, engage in any Asset Sale unless:

(1) the consideration received by the Company or such Restricted Subsidiary for such Asset Sale is not less than the Fair Market Value of the shares or assets sold (as determined by the Board of Directors, whose determination shall be conclusive and evidenced by a Board Resolution); and

(2) the consideration received by the Company or the relevant Restricted Subsidiary in respect of such Asset Sale consists of at least 80% cash or Cash Equivalents.

(b) If the Company or any Restricted Subsidiary engages in an Asset Sale, the Company is entitled to use the Net Cash Proceeds thereof within 12 months after the later of such Asset Sale or the receipt of such Net Cash Proceeds:

(1) to permanently repay or prepay any then outstanding Pari Passu Indebtedness;

(2) to invest in any one or more businesses, capital expenditures or other tangible assets of the Company or any Restricted Subsidiary, in each case, engaged, used or useful in the CD Radio Business (or enter into a legally binding agreement to do so within 6 months); or

(3) to invest in properties or assets that replace the properties and assets that are the subject of such Asset Sale (or enter into a legally binding agreement to do so within 6 months).

If any such legally binding agreement to invest such Net Cash Proceeds is terminated, then the Company is entitled, within 90 days of such termination or within 12 months of such Asset Sale, whichever is later, to apply or invest such Net Cash Proceeds as provided in clause (1), (2) or (3) (without regard to the parenthetical contained in clause (2) or (3)) above. The amount of such Net Cash Proceeds not so used as set forth above in this paragraph (b) constitutes 'Excess Proceeds.'

73

(c) When the aggregate amount of Excess Proceeds exceeds \$10.0 million the Company will (i) comply with the provisions of Section 1016(c) of the Senior Discount Notes Indenture that require the Company to make an offer to purchase Senior Discount Notes, if applicable, and (ii) within 30 business days after the completion of such offer, or if such provisions are not applicable, within 30 days after the time Excess Proceeds exceed \$10.0 million, make an offer to purchase (an 'Excess Proceeds Offer') from all holders of Notes and, if the Company so elects, from holders of Pari Passu Indebtedness, on a pro rata basis, in accordance with the procedures set forth below, the maximum principal amount of Notes and, if applicable, such Pari Passu Indebtedness that may be purchased with the Excess Proceeds. In the case of other Pari Passu Indebtedness that is issued at a discount to its face amount, the requirement that Notes and other Pari Passu Indebtedness be purchased on a 'pro rata basis' means that the amount of such other Pari Passu Indebtedness to be purchased will be based on the amount to which the Pari Passu Indebtedness has accreted in value for purposes of determining the amount that would be payable thereon in the event of the occurrence of an event of default (or similar event) under such other Pari Passu Indebtedness. The offer price as to each Note and such other Pari Passu Indebtedness shall be payable in cash in an amount equal to 100% of the principal amount, or accreted value, as the case may be, of such Note or other Pari Passu Indebtedness (without premium) as of the date of purchase plus accrued interest, if any (the 'Offered Price'), to the date such Excess Proceeds Offer is consummated (the 'Offer Date').

To the extent that the aggregate principal amount, or accreted value, as the case may be, of Notes and such other Pari Passu Indebtedness tendered pursuant to an Excess Proceeds Offer is less than the Excess Proceeds relating thereto, the Company is entitled to use such additional Excess Proceeds for general corporate purposes or to fund an offer to redeem any outstanding Subordinated Indebtedness in accordance with provisions similar to this 'Limitation on Sale of Assets' covenant.

If the aggregate principal amount of Notes and such other Pari Passu Indebtedness validly tendered and not withdrawn by holders thereof exceeds the Excess Proceeds, the Company will select Notes and such other Pari Passu Indebtedness to be purchased on a pro rata basis as described in the second preceding paragraph. Upon completion of such offer to purchase, the amount of Excess Proceeds will be reset to zero.

(d) If the Company becomes obligated to make an Excess Proceeds Offer pursuant to paragraph (c) above, the Company will purchase Notes, at the option of the holder thereof, in whole or in part in integral multiples of \$1,000, on a date that is not earlier than 30 days and not later than 60 days from the date the notice is given to holders, or such later date as may be necessary for the Company to comply with the requirements under the Exchange Act or any other applicable securities laws or regulations, subject to proration in the event the amount of Excess Proceeds is less than the aggregate Offered Price of all Notes and such other Pari Passu Indebtedness tendered.

(e) The Company will comply to the extent applicable with the requirements of the tender offer rules, including Rule 14e-1 under the Exchange Act, and any other applicable securities laws and regulations in connection with an Excess Proceeds Offer.

LIMITATION ON TRANSACTIONS WITH AFFILIATES

The Company will not, and will not permit any Restricted Subsidiary to, directly or indirectly, enter into or suffer to exist any transaction or series of related transactions (including the sale, purchase, exchange or lease of assets, property or services) with, or for the benefit of, any Affiliate of the Company (other than the Company or a Restricted Subsidiary) unless:

(1) such transaction or series of related transactions is on terms that are no less favorable to the Company or such Restricted Subsidiary, as the case may be, as determined in good faith by the Board of Directors, whose determination shall be conclusive and evidenced by a Board Resolution, than those that could have been obtained in an arm's-length transaction with unrelated third parties who are not Affiliates;

(2) with respect to any transaction or series of related transactions involving aggregate consideration equal to or greater than \$2.5 million, the Company shall have delivered an officers' certificate to the Trustee

certifying that such transaction or series of related transactions complies with clause (1) above and such transaction or series of related transactions has been approved by a majority of the Disinterested Directors of the Board of Directors of the Company, or the Company has obtained a written opinion from a nationally recognized investment banking firm to the effect that such transaction or series of related transactions is fair to the Company or such Restricted Subsidiary, as the case may be, from a financial point of view; and

(3) with respect to any transaction or series of related transactions including aggregate consideration in excess of \$10.0 million or in the event no members of the Board of Directors of the Company are Disinterested Directors with respect to any transaction or series of transactions included in clause (2), the Company will obtain an opinion from a nationally recognized investment banking firm as described above;

provided, however, that this covenant will not restrict

(1) any transaction by the Company or any Restricted Subsidiary with an Affiliate directly related to the purchase, sale or distribution of products in the ordinary course of business consistent with industry practice,

(2) the Company from paying reasonable and customary regular compensation and fees to directors of the Company or any Restricted Subsidiary who are not employees of the Company or any Restricted Subsidiary,

(3) the payment of compensation (including stock options and other incentive compensation) to officers and other employees the terms of which are approved by the Board of Directors,

(4) the Company or any Restricted Subsidiary from making any Restricted Payment in compliance with the 'Limitation on Restricted Payments' covenant (including pursuant to the second paragraph thereof),

(5) transactions between the Company and Batchelder & Partners Inc. pursuant to agreements in effect on November 26, 1997; provided, however, that the Company will not, and will not permit any Restricted Subsidiary to amend, modify or in any way alter, other than an extension of the term thereof, the terms of any such agreement in a manner materially adverse to the holders of the Notes,

(6) transactions among the Company and its Restricted Subsidiaries, or

(7) amendments to the Loral Satellite Contract; provided, however, that the Company will not amend, modify or in any way alter the terms of such agreement in a manner materially adverse to the holders of the Notes.

Under Delaware corporate law, the Disinterested Directors' fiduciary obligations require that they act in good faith in a manner which they reasonably believe to be in the best interests of the Company and its stockholders, which may not necessarily be the same as those of holders of the notes.

LIMITATION ON DIVIDEND AND OTHER PAYMENT RESTRICTIONS AFFECTING RESTRICTED SUBSIDIARIES

The Company will not, and will not permit any Restricted Subsidiary to, directly or indirectly, create or otherwise cause or suffer to exist or become effective any encumbrance or restriction of any kind on the ability of any Restricted Subsidiary to:

(a) pay dividends, in cash or otherwise, or make any other distributions on or in respect of its Capital Stock;

(b) pay any Indebtedness owed to the Company or any other Restricted Subsidiary;

(c) make Investments in the Company or any other Restricted Subsidiary;

(d) transfer any of its properties or assets to the Company or any other Restricted Subsidiary; or

(e) guarantee any Indebtedness of the Company or any other Restricted Subsidiary,

except for such encumbrances or restrictions existing under or by reason of

(1) any agreement in effect on the Issue Date,

(2) applicable law or judicial or regulatory action,

(3) customary non-assignment provisions of any lease governing a leasehold interest of the Company or any Restricted Subsidiary,

(4) any agreement or other instrument of a Person acquired by the Company or any Restricted Subsidiary in existence at the time of such acquisition (but not created in contemplation thereof), which encumbrance or restriction is not applicable to any Person, or the properties or assets of any Person, other than the Person, or the property or assets of the Person, so acquired and the Subsidiaries of such Person,

(5) any mortgage or other Lien on real property acquired or improved by the Company or any Restricted Subsidiary after the date of the Indenture that prohibit transfers of the type described in (d) above with respect to such real property,

(6) any encumbrance or restriction contained in contracts for sales of assets permitted by the 'Limitation on Sale of Assets' covenant with respect to the assets to be sold pursuant to such contract;

(7) any such customary encumbrance or restriction contained in a security document creating a Permitted Lien to the extent relating to the property or asset subject to such Permitted Lien;

(8) any agreement or other instrument governing any Pari Passu Indebtedness if such encumbrance or restriction applies only

(x) to amounts which at any point in time (other than during such periods as are described in clause (y)) (a) exceed amounts due and payable (or which are to become due and payable within 30 days) in respect of the Notes or the Indenture for interest, premium and principal (after giving effect to any realization by the Company under any applicable Currency Agreement), or (b) if paid, would result in an event described in the following clause (y) of this clause (8), or

(y) during the pendency of any event that causes, permits or, after notice or lapse of time, would cause or permit the holder(s) of the Indebtedness governed by such agreement or instrument to declare any such Indebtedness to be immediately due and payable or require cash collateralization or cash cover for such Indebtedness for so long as such cash collateralization or cash cover has not been provided; or

(9) the refinancing of Indebtedness incurred under the agreements described in clause (5) above, so long as such encumbrances or restrictions are no less favorable in any material respect to the Company or any Restricted Subsidiary than those contained in the respective agreement as in effect on the Issue Date.

INSURANCE

(a) The Company will maintain launch insurance with respect to each satellite launch covering the period from the launch to 180 days following the launch of each satellite in an amount equal to or greater than the sum of

(1) the cost to replace such satellite with a satellite of comparable or superior technological capability (as determined by the Board of Directors, whose determination shall be conclusive and evidenced by a Board Resolution) and having at least as much transmission capacity as the satellite to be replaced,

76

(2) the cost to launch a replacement satellite pursuant to the contract whereby a replacement satellite will be launched and

(3) the cost of launch insurance for such replacement or, in the event that the Company has reason to believe that the cost of obtaining comparable insurance for a replacement would be materially higher, the Company's best estimate of the cost of such comparable insurance.

Notwithstanding the foregoing, the Company will not be obligated to maintain insurance pursuant to this paragraph (a) with respect to (1) the launch of its first satellite and (2) any subsequent launch not preceded by a launch failure or failure of any satellite within 180 days from the date of its launch; provided, however, that the Company's spare satellite shall be under

construction in accordance with the terms of the Loral Satellite Contract or the Company shall have otherwise obtained a spare satellite.

(b) The Company will maintain full in-orbit insurance with respect to each satellite it owns and launches in an amount at least equal to

(1) the cost to replace such satellite with a satellite of comparable or superior technological capability (as determined by the Board of Directors, whose determination shall be conclusive and evidenced by a Board Resolution) and having at least as much transmission capacity as the satellite to be replaced,

(2) the cost to launch a replacement satellite pursuant to the contract pursuant to which a replacement satellite will be launched and

(3) the cost of launch insurance for such replacement or, in the event that the Company has reason to believe that the cost of obtaining comparable insurance for a replacement would be materially higher, the Company's best estimate of the cost of such comparable insurance.

The in-orbit insurance required by this paragraph will provide that if 50% or more of a satellite's capacity is lost, the full amount of insurance will become due and payable, and that if a satellite is able to maintain more than 50% but less than 100% of its capacity, a portion of such insurance will become due and payable.

(c) In the event that the Company receives proceeds from insurance relating to any satellite, the Company is entitled to use all or a portion of such proceeds to repay any vendor or third-party purchase money financing pertaining to such satellite that is required to be repaid by reason of the loss giving rise to such insurance proceeds. The Company will use the remainder of such proceeds to develop and construct a replacement satellite; provided, however, that

(1) such replacement satellite is of comparable or superior technological capability as compared with the satellite being replaced and has at least as much transmission capacity as the satellite being replaced (as determined by the Board of Directors, whose determination shall be conclusive and evidenced by a Board Resolution);

(2) the Company will have sufficient funds (together with the proceeds of any business interruption insurance) to service the Company's projected debt service requirements until the scheduled launch of the Company's spare satellite and for one year thereafter and to develop and construct such replacement satellite; and

(3) the Company's spare satellite is scheduled to be launched within 12 months of the receipt of such proceeds.

Any such proceeds not used as permitted by this paragraph shall constitute 'Excess Proceeds' for purposes of the 'Limitation on Sale of Assets' covenant.

PROVISION OF FINANCIAL STATEMENTS AND REPORTS

The Company will file on a timely basis with the Commission, to the extent such filings are accepted by the Commission and whether or not the Company has a class of securities registered under the Exchange Act, the annual reports, quarterly reports and other documents that the Company would be required to file if it were subject to Section 13 or 15 of the Exchange Act. The Company will also be required

77

to file with the Trustee, and provide to each holder of Notes, without cost to such holder, copies of such reports and documents within 15 days after the date on which the Company files such reports and documents with the Commission or the date on which the Company would be required to file such reports and documents if the Company were so required, and

if filing such reports and documents with the Commission is not accepted by the Commission or is prohibited under the Exchange Act, to supply at the Company's cost copies of such reports and documents to any prospective holder of Notes promptly upon written request.

CONSOLIDATION, MERGER AND SALE OF ASSETS

The Company will not in a single transaction or a series of related transactions consolidate with or merge with or into any other Person or sell, assign, convey, transfer, lease or otherwise dispose of all or substantially all of its properties and assets as an entirety to any Person or Persons, and the

Company will not permit any Restricted Subsidiary to enter into any such transaction, or series of transactions, if such transaction or series of transactions, in the aggregate, would result in the sale, assignment, conveyance, transfer, lease or other disposition of all or substantially all of the properties and assets of the Company and its Restricted Subsidiaries on a consolidated basis to any Person or Persons, unless:

(1) either (a) the Company shall be the surviving corporation or (b) the Person (if other than the Company) formed by such consolidation or into which the Company or the Company and its Restricted Subsidiaries is merged or the Person which acquires by sale, conveyance, transfer, lease or other disposition, all or substantially all of the properties and assets of the Company or the Company and its Restricted Subsidiaries, as the case may be (the 'Surviving Entity') (i) shall be a corporation organized and validly existing under the laws of the United States of America, any state thereof or the District of Columbia and (ii) shall expressly assume, by an indenture supplemental to the Indenture executed and delivered to the Trustee, in form satisfactory to the Trustee, the Company's obligations for the due and punctual payment of the principal of (or premium, if any, on) and interest on all the Notes and the performance and observance of every covenant of the Indenture on the part of the Company to be performed or observed;

(2) immediately after giving effect to such transaction or series of transactions on a pro forma basis (and treating any obligation of the Company or any Restricted Subsidiary in connection with or as a result of such transaction as having been incurred at the time of such transaction), no Default or Event of Default shall have occurred and be continuing;

(3) immediately after giving effect to such transaction or series of transactions on a pro forma basis (on the assumption that the transaction or series of transactions occurred on the first day of the latest four fiscal quarters for which consolidated financial statements of the Company are available prior to the consummation of such transaction or series of transactions with the appropriate adjustments with respect to the transaction or series of transactions, including the incurrence and repayment of any Indebtedness incident to such transaction, being included in such pro forma calculation), the Company (or the Surviving Entity if the Company is not the continuing obligor under the Indenture) could incur at least \$1.00 of additional Indebtedness (other than Permitted Indebtedness) under the proviso to the 'Limitation on Indebtedness' covenant; provided, however, that this clause (3) shall not apply to a consolidation, merger or sale, assignment, conveyance, transfer, lease or other disposition of all or substantially all of the properties and assets of the Company and its Restricted Subsidiaries if

(A) all Liens and Indebtedness of the Company or the Surviving Entity, as the case may be, and its Restricted Subsidiaries outstanding immediately after such transaction would, if incurred at such time, have been permitted to be incurred (and all such Liens and Indebtedness, other than the Liens and Indebtedness of the Company and its

78

Restricted Subsidiaries outstanding immediately prior to the transaction, shall be deemed to have been incurred at such time) for all purposes of the Indenture and

(B) immediately after giving effect to such transaction or series of transactions on a pro forma basis (and treating any obligation of the Company or any Restricted Subsidiary incurred in connection with or as a result of such transaction or series of transactions as having been incurred at the time of such transaction), the Consolidated Net Worth of the Company (or of the Surviving Entity if the Company is not the continuing obligor under the Indenture) is equal to or greater than the Consolidated Net Worth of the Company immediately prior to such transaction or series of transactions;

(4) if any of the property or assets of the Company or any of its Restricted Subsidiaries would thereupon become subject to any Lien, the provisions of the 'Limitation on Liens' covenant are complied with; and

(5) the Company or the Surviving Entity shall have delivered to the Trustee an officers' certificate and an opinion of counsel, each stating that such consolidation, merger, sale, assignment, conveyance, transfer, lease or other disposition and such supplemental indenture comply with the terms of the Indenture.

Upon any consolidation or merger, or any sale, assignment, conveyance, transfer, lease or other disposition of all of substantially all of the

properties and assets of the Company in accordance with the immediately preceding paragraph in which the Company is not the continuing obligor under the Indenture, the Surviving Entity shall succeed to, and be substituted for, and may exercise every right and power of, the Company under the Indenture, with the same effect as if such successor had been named as the Company therein. When a successor assumes all the obligations of its predecessor under the Indenture and the Notes, the predecessor shall be released from those obligations; provided, however, that in the case of a transfer by lease, the predecessor shall not be released from the payment of principal and interest on the Notes.

EVENTS OF DEFAULT

The following will be 'Events of Default' under the Indenture:

(1) as to any interest payment date occurring on or prior to May 15, 2002, default in the payment of any interest on any Note when it becomes due and payable; and as to any interest payment date thereafter, any default in the payment of interest on any Note continued for 30 days;

(2) default in the payment of the principal of or premium, if any, on any Note at its Maturity;

(3) default in the performance, or breach, of the provisions described in 'Consolidation, Merger and Sale of Assets,' the failure to make or consummate a Change of Control Offer in accordance with the provisions of the 'Purchase of Notes upon a Change of Control' covenant or the failure to make or consummate an Excess Proceeds Offer in accordance with the provisions of the 'Limitation on Sale of Assets' covenant;

(4) default in the performance, or breach, of any covenant or agreement of the Company contained in the Indenture (other than a default in the performance, or breach, of a covenant or warranty which is specifically dealt with elsewhere in the Indenture) and continuance of such default or breach for a period of 30 days after written notice shall have been given to the Company by the Trustee or to the Company and the Trustee by the holders of at least 25% in aggregate principal amount of the Notes then outstanding;

(5) (A) one or more defaults in the payment of principal of or premium, if any, on Indebtedness of the Company or any Subsidiary of the Company aggregating \$10.0 million or more, when the same becomes due and payable at the Stated Maturity thereof, and such default or defaults shall have continued after any applicable grace period and shall not have been cured or waived or (B) Indebtedness of the Company or any Subsidiary of the Company aggregating \$10.0 million or more shall have been accelerated or otherwise declared due and

(8) the occurrence of certain events of bankruptcy, insolvency or reorganization with respect to the Company or any Subsidiary of the Company.

If an Event of Default (other than an Event of Default specified in clause (8) above) shall occur and be continuing, the Trustee or the holders of not less than 25% in aggregate principal amount of the Notes then outstanding, by written notice to us (and to the Trustee if such notice is given by the holders), may,

and the Trustee upon the written request of such holders, will declare the principal of, premium, if any, and accrued interest on all of the outstanding Notes immediately due and payable, and upon any such declaration all such amounts payable in respect of the Notes shall become immediately due and payable. If an Event of Default specified in clause (8) above occurs and is continuing, then the principal of, premium, if any, and accrued interest on all of the outstanding Notes shall ipso facto become and be immediately due and payable without any declaration or other act on the part of the Trustee or any holder of Notes.

At any time after a declaration of acceleration under the Indenture, but before a judgment or decree for payment of the money due has been obtained by the Trustee, the holders of a majority in aggregate principal amount of the outstanding Notes, by written notice to us and the Trustee, may rescind such declaration and its consequences if

(1) we have paid or deposited with the Trustee a sum sufficient to pay

(a) all overdue interest on all outstanding Notes,

(2) all Events of Default, other than the nonpayment of amounts of principal of, premium, if any, or interest on the Notes that has become due solely by such declaration of acceleration, have been cured or waived.

No such rescission shall affect any subsequent default or impair any right consequent thereon.

The holders of not less than a majority in aggregate principal amount of the outstanding Notes may, on behalf of the holders of all the Notes, waive any past defaults under the Indenture, except a default in the payment of the premium of, if any, or interest on any Note, or in respect

80

of a covenant or provision which under the Indenture cannot be modified or amended without the consent of the holder of each Note outstanding.

If a Default or an Event of Default occurs and is continuing and is known to the Trustee, the Trustee will mail to each holder of the Notes notice of the Default or Event of Default within 30 days after the occurrence thereof. Except in the case of a Default or an Event of Default in payment of principal of, premium, if any, or interest on any Notes, the Trustee may withhold the notice to the holders of such Notes if a committee of its trust officers in good faith determines that withholding the notice is in the interests of the holders of the Notes.

We are required to furnish to the Trustee annual and quarterly statements as to our performance of our obligations under the Indenture and as to any default in such performance. We are also required to notify the Trustee within five business days of the occurrence of any Default.

DEFEASANCE OR COVENANT DEFEASANCE OF THE INDENTURE

We are entitled, at our option and at any time, to have our obligations upon the Notes discharged with respect to the outstanding Notes ('defeasance'). Such defeasance means that we will be deemed to have paid and discharged the entire Indebtedness represented by the outstanding Notes and to have satisfied all of our other obligations under such Notes and the Indenture insofar as such notes are concerned, except for

the rights of holders of outstanding Notes to receive payments in respect of the principal of (and premium, if any, on) and interest on such Notes when such payments are due,

our obligations to issue temporary Notes, register the transfer or exchange of any Notes, replace mutilated, destroyed, lost or stolen Notes, maintain an office or agency for payments in respect of the Notes and segregate and hold such payments in trust,

the rights, powers, trusts, duties and immunities of the Trustee, and

the defeasance provisions of the Indenture.

In addition, we are entitled, at our option and at any time, to have our obligations released with respect to certain covenants set forth in the Indenture, and any omission to comply with such obligations shall not constitute a Default or an Event of Default with respect to the Notes ('covenant defeasance').

In order to exercise either defeasance or covenant defeasance,

(1) we must irrevocably deposit or cause to be deposited with the Trustee, as trust funds in trust, specifically pledged as security for, and dedicated solely to, the benefit of the holders of the Notes, cash in United States dollars, or U.S. Government Obligations, or a combination thereof, in such amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants, or a nationally recognized investment banking firm, to pay and discharge the principal of (and premium, if any, on) and interest on the outstanding Notes at Stated Maturity (or upon redemption, if applicable) of such principal, premium, if any, or installment of interest;

(2) no Default or Event of Default with respect to the Notes will have occurred and be continuing on the date of such deposit or, insofar as an event of bankruptcy under clause (8) of ' -- Events of Default' above is concerned, at any time during the period ending on the 91st day after the date of such deposit;

(3) such defeasance or covenant defeasance shall not result in a breach or violation of, or constitute a default under, any material agreement or instrument (other than the Indenture) to which we are a party or by which we are bound;

(4) in the case of defeasance, we shall have delivered to the Trustee an opinion of counsel in the United States stating that we have received from, or there has been published by, the Internal Revenue Service a ruling, or since the date of this offering memorandum, there has been a change in applicable federal income tax law, in either case to the effect, and

81

based thereon such opinion shall confirm that, the holders of the outstanding Notes will not recognize income, gain or loss for federal income tax purposes as a result of such defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such defeasance had not occurred;

(5) in the case of covenant defeasance, we shall have delivered to the Trustee an opinion of counsel in the United States to the effect that the holders of the outstanding Notes will not recognize income, gain or loss for federal income tax purposes as a result of such covenant defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such covenant defeasance had not occurred;

(6) in the case of defeasance or covenant defeasance, we shall have delivered to the Trustee an opinion of counsel in the United States to the effect that after the 91st day following the deposit or after the date such opinion is delivered, the trust funds will not be subject to the effect of any applicable bankruptcy, insolvency, reorganization or similar laws affecting creditors' rights generally;

(7) we shall have delivered to the Trustee an officers' certificate stating that we did not make the deposit with the intent of preferring the holders of the Notes over our other creditors with the intent of hindering, delaying or defrauding our other creditors; and

(8) we shall have delivered to the Trustee an officers' certificate and an opinion of counsel, each stating that all conditions precedent provided for relating to either the defeasance or the covenant defeasance, as the case may be, have been complied with.

SATISFACTION AND DISCHARGE

The Indenture will cease to be of further effect (except as to surviving rights of registration of transfer or exchange of the Notes, as expressly provided for in the Indenture) and the Trustee, at our expense, will execute

proper instruments acknowledging satisfaction and discharge of the Indenture when

(1) either

(a) all the Notes previously authenticated and delivered (other than destroyed, lost or stolen notes which have been replaced or paid and Notes for whose payment money has been deposited in trust with the Trustee or any Paying Agent or segregated and held in trust by the Company and thereafter repaid to the Company or discharged from such trust as provided for in the Indenture) have been delivered to the Trustee for cancellation or

(b) all Notes not previously delivered to the Trustee for cancellation (i) have become due and payable, (ii) will become due and payable at their Stated Maturity within one year or (iii) are to be called for redemption within one year under arrangements satisfactory to the Trustee for the giving of notice of redemption by the Trustee in our name, and at our expense, and we have irrevocably deposited or caused to be deposited with the Trustee as trust funds in trust for such purpose an amount sufficient to pay and discharge the entire Indebtedness on such Notes not previously delivered to the Trustee for cancellation, for principal of, premium, if any, and interest on the Notes to the date of such deposit (in the case of Notes which have become due and payable) or to the Stated Maturity or redemption date, as the case may be;

(2) we have paid or caused to be paid all sums payable by us under the Indenture; and

(3) we have delivered to the Trustee an officers' certificate and an opinion of counsel, each stating that all conditions precedent provided in the Indenture relating to the satisfaction and discharge of the Indenture have been complied with.

82

AMENDMENTS AND WAIVERS

With certain exceptions, we and the Trustee may make modifications and amendments of the Indenture and the Collateral Documents with the consent of the holders of a majority in aggregate outstanding principal amount of the Notes; provided, however, that no such modification or amendment may, without the consent of the holder of each outstanding Note affected thereby:

(1) change the Stated Maturity of the principal of, or any installment of interest on, any Note, or reduce the principal thereof or the rate of interest thereon or any premium payable upon the redemption thereof, or change the coin or currency in which any Note or any premium or the interest thereon is payable, or impair the right to institute suit for the enforcement of any such payment after the Stated Maturity thereof (or, in the case of redemption, on or after the redemption date);

(2) reduce the percentage in principal amount of outstanding Notes, the consent of whose holders is required for any such modification or amendment or the consent of whose holders is required for any waiver of compliance with certain provisions of, or certain defaults and their consequences provided for under, the Indenture;

(4) amend, change or modify our obligation to make and consummate a Change of Control Offer in the event of a Change of Control or an Excess Proceeds Offer in connection with any Asset Sale or modify any of the provisions or definitions with respect thereto; or

(5) make any change in any of the provisions of the Collateral Documents not authorized by the Indenture, which materially adversely affect the holders of the Notes.

Notwithstanding the foregoing, without the consent of any holder of Notes, we and the Trustee are entitled to modify or amend the Indenture and the Collateral Documents:

(1) to evidence the succession of another Person to the Company or any other obligor on the Notes, and the assumption by any such successor of the covenants of the Company or such obligor in the Indenture, the Collateral

Documents and in the Notes in accordance with the ' -- Consolidation, Merger and Sale of Assets' covenant;

(2) to add to the covenants of the Company or any other obligor upon the Notes for the benefit of the holders of the Notes or to surrender any right or power conferred upon the Company or any other obligor upon the Notes, as applicable, in the Indenture, the Collateral Documents or in the Notes;

(3) to cure any ambiguity, or to correct or supplement any provision in the Indenture, the Collateral Documents or the Notes which may be defective or inconsistent with any other provision in the Indenture, the Collateral Documents or the Notes or make any other provisions with respect to matters or questions arising under the Indenture or the Notes; provided, however, that, in each case, such provisions shall not adversely affect the interest of the holders of such Notes;

(4) to comply with the requirements of the Commission in order to effect or maintain the qualification of the Indenture under the Trust Indenture Act;

(5) to add a guarantor of the Notes under the Indenture;

(6) to evidence and provide the acceptance of the appointment of a successor Trustee under the Indenture; or

83

The holders of a majority in aggregate principal amount of the Notes outstanding may waive compliance with certain restrictive covenants and provisions of the Indenture.

THE TRUSTEE

The Indenture provides that, except during the continuance of an Event of Default, the Trustee will perform only such duties as are specifically set forth in the Indenture. If an Event of Default has occurred and is continuing, the Trustee will exercise such rights and powers vested in it under the Indenture and use the same degree of care and skill in its exercise as a prudent Person would exercise under the circumstances in the conduct of such Person's own affairs.

The Indenture and the provisions of the Trust Indenture Act incorporated by reference therein contain limitations on the rights of the Trustee thereunder, should it become one of our creditors, to obtain payment of claims in certain cases or to realize on certain property received by it in respect of any such claims, as security or otherwise. The Trustee is permitted to engage in other transactions; provided, however, that if it acquires any conflicting interest (as defined in the Trust Indenture Act) it must eliminate such conflict or resign.

provided, however, that in no event shall any Person that is a Subsidiary on the Issue Date become an Unrestricted Subsidiary. The Board of Directors may designate any newly acquired or newly formed Subsidiary to be an Unrestricted Subsidiary so long as

(1) neither the Company nor any Restricted Subsidiary is directly or indirectly liable for any Indebtedness of such Subsidiary,

(2) no default with respect to any Indebtedness of such Subsidiary would permit (upon notice, lapse of time or otherwise) any holder of any other Indebtedness of the Company or any Restricted Subsidiary to declare a default on such other Indebtedness or cause the payment thereof to be accelerated or payable prior to its stated maturity,

(3) neither the Company nor any Restricted Subsidiary has a contract, agreement, arrangement, understanding or obligation of any kind, whether written or oral, with such Subsidiary other than those that might be obtained at the time from persons who are not Affiliates of the Company and

(4) neither the Company nor any Restricted Subsidiary has any obligation (a) to subscribe for additional shares of Capital Stock or other equity interests in such Subsidiary or (b) to maintain or preserve such Subsidiary's financial condition or to cause such Subsidiary to achieve certain levels of operating results.

Any such designation by the Board of Directors of the Company shall be evidenced to the Trustee by filing a Board Resolution with the Trustee giving effect to such designation. The Board of Directors may designate any Unrestricted Subsidiary as a Restricted Subsidiary if immediately after giving effect to such designation, there would be no Default or Event of Default under the Indenture and the Company could incur \$1.00 of additional Indebtedness (other than Permitted Indebtedness) pursuant to the 'Limitation on Indebtedness' covenant.

'U.S. Government Obligations' means direct obligations (or certificates representing an ownership interest in such obligations) of the United States of America (including any agency or instrumentality thereof) for the payment of which the full faith and credit of the United States of America is pledged and which are not callable at the issuer's option.

'Voting Stock' means, with respect to any Person, any class or classes of Capital Stock pursuant to which the holders thereof have the general voting power under ordinary circumstances to elect at least a majority of the board of directors, managers or trustees of such Person (irrespective of whether or not, at the time, stock of any other class or classes shall have, or might have, voting power by reason of the happening of any contingency).

BOOK-ENTRY, DELIVERY AND FORM

Except as described below, we will initially issue the exchange notes in the form of one or more registered exchange notes in global form without coupons. We will deposit each global note on the date of the closing of this exchange offer with, or on behalf of, The Depository Trust Company in New York, New York, and register the exchange notes in the name of The Depository Trust Company or its nominee, or will leave these notes in the custody of the Trustee.

THE DEPOSITORY TRUST COMPANY'S PROCEDURES

For your convenience, we are providing you with a description of the operations and procedures of The Depository Trust Company. The operations and procedures of The Depository Trust Company are solely within the control of its settlement system however and may change from time to time. We are not responsible for these operations and procedures and urge you to contact The Depository Trust Company or its participants directly to discuss these matters.

The Depository Trust Company has advised us that it is a limited-purpose trust company created to hold securities for its participating organizations and to facilitate the clearance and settlement of transactions in those securities between its participants through electronic book entry changes in the accounts of these participants. These direct participants include securities brokers and dealers, banks, trust companies, clearing corporations and other organizations. Access to The Depository Trust Company's system is also indirectly available to other entities that clear through or maintain a direct or indirect, custodial relationship with a direct participant. The Depository Trust Company may hold securities beneficially owned by other persons only through its participants and the ownership interests and transfers of ownership interests of these other persons will be recorded only on the records of the participants and not on the

records of The Depository Trust Company.

The Depository Trust Company has also advised us that, in accordance with its procedures, (1) upon deposit of the global notes, it will credit the accounts of the direct participants with an interest in the global notes, and (2) it will maintain records of the ownership interests of these direct participants in the global notes and the transfer of ownership interests by and between direct participants. The Depository Trust Company will not maintain records of the ownership interests of, or the transfer of ownership interests by and between, indirect participants or other owners of beneficial interests in the global notes. Both direct and indirect participants must maintain their own records of ownership interests of, and the transfer of ownership interests by and between, indirect participants and other owners of beneficial interests in the global notes.

Investors in the global notes may hold their interests in the notes directly through The Depository Trust Company if they are direct participants in The Depository Trust Company or indirectly through organizations that are direct participants in The Depository Trust Company. All interests in a global note may be subject to the procedures and requirements of The Depository Trust Company.

The laws of some states require that some persons take physical delivery in definitive certificated form of the securities that they own. This may limit or curtail the ability to transfer beneficial interests in a global note to these persons. Because The Depository Trust Company can act only on behalf of direct participants, which in turn act on behalf of indirect participants and others, the ability of a person having a beneficial interest in a global note to pledge its interest to persons or entities that are not direct participants in The Depository Trust Company or to otherwise take actions in respect of its interest, may be affected by the lack of physical certificates evidencing the interests.

Except as described below, owners of interests in the global notes will not have notes registered in their names, will not receive physical delivery of notes in certificated form and will not be considered the registered owners or holders of these notes under the indenture for any purpose.

Payments with respect to the principal of and interest on any notes represented by a global note registered in the name of The Depository Trust Company or its nominee on the applicable record date will be payable by the trustee to or at the direction of The Depository Trust Company or its nominee in its capacity as the registered holder of the global note representing these notes under the indenture. Under the terms of the indenture, we and the trustee will treat the person in whose names the notes are registered, including notes represented by global notes, as the owners of the notes for the purpose of receiving payments and for any and all other purposes whatsoever. Payments in respect of the principal and interest on global notes registered in the name of The Depository Trust Company or its nominee will be payable by the Trustee to The Depository Trust Company or its nominee as the registered holder under the indenture. Consequently, none of CD Radio, the Trustee or any of our agents, or the trustee's agents has or will have any responsibility or liability for (1) any aspect of The Depository Trust Company's records or any direct or indirect participant's records relating to, or payments made on account of, beneficial ownership interests in the global notes or for maintaining, supervising or reviewing any of The Depository Trust Company's records or any direct or indirect participant's records relating to the

100

beneficial ownership interests in any global note or (2) any other matter relating to the actions and practices of The Depository Trust Company or any of its direct or indirect participants.

The Depository Trust Company has advised us that its current practice, upon receipt of any payment in respect of securities such as the notes, including principal and interest, is to credit the accounts of the relevant participants with the payment on the payment date, in amounts proportionate to their respective holdings in the principal amount of beneficial interest in the security as shown on its records, unless it has reasons to believe that it will not receive payment on the payment date. Payments by the direct and indirect participants to the beneficial owners of interests in the global note will be governed by standing instructions and customary practice and will be the responsibility of the direct or indirect participants and will not be the responsibility of The Depository Trust Company, the Trustee or us.

Neither CD Radio nor the Trustee will be liable for any delay by The Depository Trust Company or any direct or indirect participant in identifying the beneficial owners of the notes and CD Radio and the Trustee may conclusively rely on, and will be protected in relying on, instructions from The Depository Trust Company for all purposes, including with respect to the registration and

delivery, and the respective principal amounts, of the notes.

Transfers between participants in The Depository Trust Company will be effected in accordance with The Depository Trust Company's procedures, and will be settled in same day funds.

The Depository Trust Company has advised us that it will take any action permitted to be taken by a holder of notes only at the direction of one or more participants to whose account The Depository Trust Company has credited the interests in the global notes and only in respect of the portion of the aggregate principal amount of the notes as to which the participant or participants has or have given that direction. However, if there is an event of default with respect to the notes, The Depository Trust Company reserves the right to exchange the global notes for legended notes in certificated form and to distribute them to its participants.

Although The Depository Trust Company has agreed to these procedures to facilitate transfers of interests in the global notes among participants in The Depository Trust Company, it is under no obligation to perform or to continue to perform these procedures and may discontinue them at any time. None of CD Radio, the Trustee or any of our or the Trustee's respective agents will have any responsibility for the performance by The Depository Trust Company and its direct or indirect participants of their respective obligations under the rules and procedures governing their operations.

EXCHANGE OF BOOK-ENTRY NOTES FOR CERTIFICATED NOTES

A global note will be exchangeable for definitive notes in registered certificated form if:

- (1) The Depository Trust Company notifies us that it is unwilling or unable to continue as depository for the global notes and we fail to appoint a successor depository within 90 days,
- (2) The Depository Trust Company ceases to be a clearing agency registered under the Exchange Act,
- (3) we elect to cause the issuance of the certificated notes upon a notice of the Trustee,
- (4) a default or event of default under the indenture for the notes has occurred and is continuing, or
- (5) a request to that effect is made but only upon prior written notice given to the Trustee by or on behalf of The Depository Trust Company in accordance with the indenture.

In all cases, certificated notes delivered in exchange for any global note or beneficial interests in a global note will be registered in the name, and issued in any approved denominations, requested by or on behalf of The Depository Trust Company, in accordance with its customary procedures.

101

EXCHANGE OF CERTIFICATED NOTES FOR BOOK-ENTRY NOTES

Initial notes issued in certificated form may be exchanged for beneficial interests in the global note.

SAME DAY SETTLEMENT

We expect that the interests in the global notes will be eligible to trade in The Depository Trust Company's Same-Day Funds Settlement System. As a result, secondary market trading activity in these interests will settle in immediately available funds, subject in all cases to the rules and procedures of The Depository Trust Company and its participants. We expect that secondary trading in any certificated notes will also be settled in immediately available funds.

PAYMENT

The indenture requires that payments in respect of the notes represented by global notes, including principal and interest, be made by wire transfer of immediately available funds to the accounts specified by the holder of the global notes. With respect to notes in certificated form, we will make all payments of principal and interest on the notes at our office or agency maintained for that purpose within the city and state of New York. This office will initially be the office of the paying agent maintained for that purpose. At our option however, we may make these installments of interest by (1) check mailed to the holders of notes at their respective addresses provided in the register of holder of notes or (2) transfer to an account located in the United

15% SENIOR SECURED DISCOUNT NOTES DUE 2007

The Senior Discount Notes were originally issued on November 27, 1997, will mature on December 1, 2007 and are secured by the Pledged Stock, which pledge ranks equally with the pledge of the stock to secure CD Radio's obligations in respect of the notes. The Senior Discount Notes accrue the original issue discount at a rate of 15% per annum until December 1, 2002, and thereafter will bear interest at the same rate, payable in cash semiannually in arrears. The Senior Discount Notes Indenture does not provide for a sinking fund.

The Senior Discount Notes are not redeemable before December 1, 2002. Thereafter, the Senior Discount Notes are redeemable, in whole or in part, at our option, at the redemption prices described in the Senior Discount Notes Indenture, plus accrued interest to the applicable redemption date. Specifically, if redeemed during the 12-month period commencing on December 1 of the years shown below, the redemption price will be that amount, expressed as a percentage of the principal amount of the Senior Discount Notes, shown below:

<TABLE>
<CAPTION>

YEAR - ----	REDEMPTION PRICE -----
<S>	<C>
2002.....	112.5%
2003.....	110.0%
2004.....	107.5%
2005.....	105.0%
2006.....	102.5%

</TABLE>

If there is a Change of Control (as defined in the Senior Discount Notes Indenture) or asset sales in specific circumstances, we will be required by the terms of the Senior Discount Notes Indenture to make an offer to purchase the outstanding Senior Discount Notes at a purchase price equal to 101% of the accrued value of the Senior Discount Notes, plus accrued interest to the date of purchase.

The indebtedness evidenced by the Senior Discount Notes ranks equally in right of payment with all of our other existing and future unsubordinated indebtedness (including the notes we are offering) and senior in right of payment to all of our existing and future obligations expressly subordinated in right of payment to the Senior Discount Notes.

The Senior Discount Notes Indenture contains a number of covenants restricting our operations and the operations of our subsidiaries, including those restricting the incurrence of indebtedness; the making of restricted payments (in the form of the declaration or payment of some kinds of dividends or distributions, the purchase, redemption or other acquisition of any of our capital stock, the voluntary prepayment of equal or subordinated indebtedness and the making of some kinds of investments, loans and advances); transactions with affiliates; the issuance of liens; sale-leaseback transactions; the transfer of assets; issuances and sales of capital stock of subsidiaries; the issuance of guarantees by subsidiaries; dividend and other payment restrictions affecting subsidiaries; and consolidation, merger or sale of substantially all of our assets.

The events of default under the Senior Discount Notes Indenture include provisions that are typical of senior debt financings, including a cross-acceleration to a default by CD Radio or any material subsidiary on any indebtedness that has an aggregate principal amount in excess of \$5 million. Upon the occurrence of an event of default, the trustee or the holders of not less than 25% in principal amount at maturity of the outstanding Senior Discount Notes may immediately accelerate the maturity of all the Senior Discount Notes as provided in the Senior Discount Notes Indenture.

VENDOR FINANCING

Pursuant to the Tranche A Facility, Bank of America and other financial institutions have committed to provide us a term loan facility in the aggregate principal amount of up to \$115 million. The proceeds of the loans are being used by us to fund a portion of the progress

payments required to be made under the Loral Satellite Contract for the purchase of launch services and to pay interest, fees and other expenses related to the Tranche A Facility. The loans are due on the earlier of February 29, 2000 and ten days before the launch of our second satellite and bear interest, at our option, at either (1) the London Interbank Offered Rate plus 1.75% or (2) the higher of (a) the rate publicly announced by Bank of America as its reference rate and (b) 0.50% per annum above the Federal Funds Rate then in effect. The loans are secured by the grant of a security interest in the portion of the Loral Satellite Contract relating to launch services. The Tranche A Facility also contains covenants relating to financial information, the conduct of our business, payments under the Loral Satellite Contract, maintenance of governmental and other approvals, maintenance of existence and qualifications, maintenance of books and records, maintenance of property and insurance, compliance with laws and notice of defaults. In addition, the terms of the Tranche A Facility require us to maintain a minimum net worth and sufficient cash. As of December 31, 1998, we had borrowed \$70.9 million under the Tranche A Facility, substantially all of which was used to make progress payments under the Loral Satellite Contract.

Loral assisted us in arranging the Tranche A Facility. Specifically, Loral has agreed that at maturity of the loans (including maturity as a result of an acceleration), upon the occurrence of a bankruptcy of CD Radio or upon the occurrence of an event of default by Loral Space under its agreement with Bank of America, Loral Space & Communications Ltd. will repurchase from Bank of America and the other Lenders the loans at a price equal the principal amount of the loans plus accrued and unpaid interest. In exchange for providing this credit support, we pay Loral Space & Communications Ltd. a fee equal to 1.25% per annum of the outstanding amount of the loans from time to time.

We have also entered into an agreement with Bank of America under which Bank of America has agreed to attempt to arrange a syndicate of lenders to provide a term loan facility in the aggregate principal amount of \$225 million. It is anticipated that a portion of the proceeds of these loans would be used on or before the earlier of February 29, 2000 and ten days before the launch of our second satellite to repay amounts outstanding under the Tranche A Facility and for other general corporate purposes. Bank of America has not committed to provide these loans and we cannot assure you that these loans will be arranged or the terms of any these loans will be acceptable to us.

CERTAIN UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS

The following discussion summarizes some of the United States federal income tax consequences that may be relevant to the exchange of initial notes for exchange notes in accordance with the exchange offer, and the purchase of, ownership and disposition of the exchange notes. The discussion is intended only as a summary and does not purport to be a complete analysis or listing of all potential tax considerations that may be relevant to holders of exchange notes. The discussion does not include special rules that may apply to some holders (including insurance companies, tax-exempt organizations, financial institutions or broker-dealers, holders whose functional currency is not the United States dollar, and persons holding the notes as part of a 'straddle,' 'hedge,' 'constructive sale' or 'conversion transaction,' and investors who are not United States Persons), and does not address the tax consequences of the law of any state, locality or foreign jurisdiction. The discussion is based upon currently existing provisions of the Internal Revenue Code of 1986 (the 'Internal Revenue Code'), existing and proposed Treasury regulations under the Internal Revenue Code and current administrative rulings and court decisions. Everything listed in the previous sentence may change and any change could affect the continuing validity of this discussion. The discussion below assumes that the initial notes or exchange notes, as applicable, are held as capital assets within the meaning of Section 1221 of the Internal Revenue Code.

As used in this prospectus, 'United States Person' means a beneficial owner of the notes who or that (1) is a citizen or resident of the United States, (2) is a corporation, partnership or other entity created or organized in or under the laws of the United States or political subdivision of the United States, (3) is an estate the income of which is subject to U.S. federal income taxation regardless of its source, (4) is a trust if (A) a U.S. court is able to exercise primary supervision over the administration of the trust and (B) one or more U.S. fiduciaries have authority to control all substantial decisions of the trust, or (5) is otherwise subject to U.S. federal income tax on a net income basis in respect of the notes.

THE FOLLOWING DISCUSSION IS FOR GENERAL INFORMATION ONLY. THE TAX TREATMENT MAY VARY DEPENDING UPON A HOLDER'S PARTICULAR SITUATION. HOLDERS SHOULD CONSULT THEIR OWN TAX ADVISORS AS TO THE PARTICULAR TAX CONSEQUENCES TO THEM OF THE EXCHANGE OFFER AND THE OWNERSHIP OF THE INITIAL NOTES OR THE EXCHANGE NOTES, INCLUDING THE APPLICABILITY AND EFFECT OF ANY STATE, LOCAL OR FOREIGN TAX LAWS.

TAXATION OF HOLDERS ON EXCHANGE

The exchange of initial notes for exchange notes in accordance with the exchange offer will not be treated as an exchange or otherwise as a taxable event to holders. Consequently, (1) no gain or loss will be realized by a holder upon receipt of an exchange note, (2) the holding period of the exchange note will include the holding period of the initial note exchanged for the exchange note and (3) the adjusted tax basis of the exchange note will be the same as the adjusted tax basis of the initial note exchanged for the exchange note immediately before the exchange. Further, the tax consequences of ownership and disposition of any exchange note should be the same as the tax consequences of ownership and disposition of an initial note.

STATED INTEREST AND ORIGINAL ISSUE DISCOUNT

A holder of an exchange note will be required (absent the election described below to treat all interest on the note as original issue discount ('OID') within the meaning of Section 1273(a) of the Internal Revenue Code) to report as income for U.S. federal income tax purposes the portion of the stated interest on the note that is 'qualified stated interest' ('QSI') in accordance with the holder's method of accounting for tax purposes. QSI on a note is the stated interest that is unconditionally payable at least annually at a single fixed rate.

The exchange notes will have original issue discount for U.S. federal income tax purposes. The amount of original issue discount on an exchange note is the excess of its 'stated redemption price

105

at maturity' (the sum of all payments to be made on the note other than QSI, whether denominated as interest or principal) over its 'issue price.' Because the exchange notes are treated for federal income tax purposes as if they were the same as the initial notes, the amount of OID on an exchange note will be calculated as if the exchange note and the initial note were a single note that was issued at the time the initial note was issued, for an issue price equal to the issue price of the initial note, and any accrued OID on the initial note at the time of the exchange offer will carry over and be treated as accrued OID on the exchange notes. The issue price of each initial note is \$843.09, which is the amount of the unit price that CD Radio allocated to the initial notes at the time of the issuance of the units. See ' -- The Units.' Each holder of exchange notes (whether a cash or accrual method taxpayer) will be required to include in income OID as it accrues, in advance of the receipt of some or all of the related cash payments.

The amount of OID includable in income by the holder of an exchange note is the sum of the 'daily portions' of OID with respect to the note for each day during the taxable year or portion of the taxable year on which the holder held the note ('accrued OID'). The daily portion is determined by allocating to each day in any 'accrual period' a proportionate portion of the OID allocable to that accrual period. The accrual periods for a note will be periods that are each selected by the holder of the note that are no longer than one year, provided that each scheduled payment occurs either on the final day of an accrual period or on the first day of an accrual period. The amount of OID allocable to any accrual period other than the initial short accrual period (if any) and the final accrual period is an amount equal to the excess of (a) the product of the note's 'adjusted issue price' at the beginning of the accrual period and its yield to maturity (determined on the basis of compounding at the close of each accrual period and properly adjusted for the length of the accrual period) over (b) the sum of any payments of QSI allocable to the accrual period. The amount of OID allocable to the final accrual period is the difference between the amount payable at maturity (other than a payment of QSI) and the adjusted issue price of the note at the beginning of the final accrual period. The amount of OID allocable to any initial short accrual period may generally be computed under any reasonable method. The 'yield to maturity' is the discount rate that, when used in computing the present value of all payments to be made under the notes, produces an amount equal to the issue price of the notes. The 'adjusted issue price' of the note at the start of any accrual period is equal to its issue price increased by the accrued OID for each prior accrual period and reduced by any prior payments with respect to the note that were not QSI payments. We are required to report the amount of OID accrued on exchange notes held of record by persons other than corporations and other exempt holders of notes, which may be based on accrual periods other than those chosen by the

holders of notes.

A holder of a note, with some limitations, may elect to include in gross income for U.S. federal income tax purposes all interest that accrues on the note by using the constant yield method described above. For purposes of the election, interest includes all stated and unstated interest, acquisition discount, OID, de minimis OID, market discount, and de minimis market discount, as adjusted by any amortizable bond premium or acquisition premium (as discussed below). In applying the constant yield method to a note with respect to which an election is made, the issue price of the note will equal the electing holder's adjusted basis in the note immediately after its acquisition, the issue date of the note will be the date of its acquisition, and no payments on the note will be treated as payments of QSI. This election is generally applicable only to the note with respect to which it is made and may not be revoked without the consent of the Internal Revenue Service. This election, if made in respect of a market discount bond, will be treated as an election to include market discount in income currently on all market discount bonds held by the holder during or after the taxable year in which the note is acquired. See the discussion below under 'Market Discount.' If the election is made with respect to a note with amortizable bond premium, the holder will be deemed to have elected to apply amortizable bond premium against interest with respect to all debt instruments with amortizable bond premium held by the electing holder during or after the taxable year in which the note is acquired. See the discussion below under 'Acquisition Premium and Amortizable Bond Premium.'

106

The tax basis of an exchange note in the hands of the holder of the note will be increased by the amount of OID, if any, on the note that is included in the holder's income under these rules, and will be decreased by the amount of any payments (other than payments of QSI) made with respect to the note.

Applicable High Yield Discount Obligation. If the exchange notes are treated as having 'significant original issue discount,' the notes will be subject to the applicable high yield discount obligation ('AHYDO') rules of the Internal Revenue Code. The notes will have 'significant original issue discount' if the amount includible in gross income of a holder for periods before the close of any accrual period ending after the date 5 years after the date of issue exceeds the sum of (1) the aggregate cash interest paid before the close of such accrual period and (2) the product of the issue price of the note and its yield to maturity. If the notes are determined to be subject to the AHYDO rules, our deductions with respect to original issue discount will be suspended until these amounts are actually paid, and the 'disqualified portion' of the original issue discount (defined as the portion that is attributable to the yield on such note in excess of the applicable federal rate plus 600 basis points) will be permanently nondeductible. These rules generally do not affect the amount, timing or character of a holder's income; however, domestic corporate holders may be eligible for a dividends-received deduction with respect to their inclusion in income of the 'disqualified portion' if this amount, if paid with respect to stock, would have been a dividend (i.e., would have been out of earnings and profits). The availability of the dividends-received deduction is subject to a number of complex limitations.

Market Discount. If an exchange note is acquired by a subsequent purchaser at a 'market discount,' some or all of any gain realized upon a disposition (including a sale or a taxable exchange) or payment at maturity of the note may be treated as ordinary income. 'Market discount' with respect to a security is, subject to a de minimis exception, the excess of (1) the issue price of the security increased by all previously accrued original issue discount and probably reduced (although the Internal Revenue Code does not expressly so provide) by any cash payments in respect of the security over (2) the holder's initial tax basis in the security. The amount of market discount treated as having accrued will be determined either on a ratable basis, or, if the holder so elects, on a constant interest method. Upon any subsequent disposition (including a gift or payment at maturity) of the note (other than in connection with some nonrecognition transactions), the lesser of any gain on the disposition (or appreciation, in the case of a gift) or the portion of the market discount that accrued while the note was held by the holder will be treated as ordinary interest income at the time of the disposition. Instead of including accrued market discount in income at the time of disposition, a holder may elect to include market discount in income currently. Unless a holder so elects, the holder may be required to defer a portion of any interest expense that may otherwise be deductible on any indebtedness incurred or maintained to purchase or carry the note until the holder disposes of the note. The election to include market discount in income currently, once made, is irrevocable and applies to all market discount obligations acquired on or after the first day of the first taxable year to which the election applies and may not be revoked without the consent of the Internal Revenue Service.

Acquisition Premium. If a subsequent holder's tax basis in an exchange note

(1) exceeds the adjusted issue price of the note, and (2) is less than or equal to the stated redemption price at maturity (reduced by any payments made on the note other than payments of QSI), the excess will be considered 'acquisition premium.' The holder is permitted to reduce the amount of OID required to be included in gross income by an amount equal to the OID otherwise includible multiplied by a fraction, the numerator of which is the amount of acquisition premium and the denominator of which is the excess of the sum of all amounts payable on the notes after the purchase date (other than QSI payments) over the adjusted issue price. Alternatively, a holder may elect to amortize acquisition premium on a constant yield basis, treating the holder's purchase price as the note's issue price.

Bond Premium. If a subsequent holder's tax basis in an exchange note exceeds the sum of all amounts (other than QSI) payable on the note after the acquisition date, the excess would be treated as 'amortizable bond premium.' The holder may elect to amortize the excess over the

107

period from the acquisition date of the note to the maturity date. Amortizable bond premium allocable to a period may be offset against QSI on the related security to the extent QSI for the period exceeds the holder's yield for the period (the yield being the discount rate that, when used in computing the present value of all remaining payments to be made (including QSI), produces an amount equal to the holder's basis in the note). Additional amortizable premium for a period may be treated as a bond premium deduction to the extent that the holder's total interest inclusions on the note in prior periods exceed the total amount treated by the holder as a bond premium deduction on the note in prior periods. Any excess over the total interest inclusions is carried forward to the next accrual period. A holder that elects to amortize bond premium must reduce its adjusted basis in the note by the amount of allowable amortization. An election to amortize bond premium applies to the amortizable bond premium on all taxable bonds held during or after the holder's taxable year for which the election is made and may be revoked only with the consent of the Internal Revenue Service.

Disposition of Notes. A holder of exchange notes will recognize gain or loss upon the sale, redemption, retirement or other disposition of notes; this gain or loss will generally be equal to the difference between (1) the amount of cash and the fair market value of property received and (2) the holder's adjusted tax basis (including any accrued OID or market discount previously included in income by the holder and reduced by any previous payments (other than payments of QSI) with respect to the notes and any amortizable bond premium applied to reduce interest on the notes). Subject to the market discount rules discussed above, gain or loss recognized will be capital gain or loss and will be long term capital gain or loss if the holder has held the notes (or is treated as having held the notes) for longer than one year. Net capital gains of individuals are subject to tax at lower rates than items of ordinary income. The deductibility of capital losses is subject to limitations.

Reporting Requirements. We will provide annual information statements to holders of the exchange notes and to the Internal Revenue Service, setting forth the amount of original issue discount and QSI determined to be attributable to the notes for that year.

BACKUP WITHHOLDING

Under some circumstances, the failure of a holder of exchange notes to provide sufficient information to establish that the holder is exempt from the backup withholding provisions of the Internal Revenue Code will subject the holder to backup withholding at a rate of 31 percent on payments of principal and interest on the notes, and the proceeds from a disposition of the exchange notes. In general, backup withholding applies if a noncorporate holder fails to furnish a correct taxpayer identification number, fails to report dividend and interest income in full, or fails to certify that the holder has provided a correct taxpayer identification number and that the holder is not subject to withholding. An individual's taxpayer identification number is the individual's Social Security number. Any amount withheld from a payment to a holder under the backup withholding rules will be allowed as a credit against the holder's U.S. federal income tax liability and may entitle the holder to a refund, provided the required information is furnished to the Internal Revenue Service.

THE ABOVE SUMMARY DOES NOT DISCUSS ALL ASPECTS OF FEDERAL INCOME TAXATION THAT MAY BE RELEVANT TO A PARTICULAR HOLDER OF EXCHANGE NOTES OR INITIAL NOTES IN LIGHT OF HIS OR HER PARTICULAR CIRCUMSTANCES AND INCOME TAX SITUATION. EACH HOLDER OF NOTES SHOULD CONSULT THEIR TAX ADVISOR AS TO THE SPECIFIC TAX CONSEQUENCES TO THE HOLDER OF THE EXCHANGE OFFER AND THE OWNERSHIP OF THE INITIAL NOTES OR THE EXCHANGE NOTES, INCLUDING THE APPLICATION AND EFFECT OF STATE, LOCAL, FOREIGN AND OTHER TAX LAWS, OR SUBSEQUENT REVISIONS OF THESE TAX LAWS.

PLAN OF DISTRIBUTION

Each broker-dealer that receives exchange notes for its own account pursuant to the exchange offer in exchange for initial notes acquired by such broker-dealer as a result of market making or other trading activities may be deemed to be an 'underwriter' within the meaning of the Securities Act and, therefore, must deliver a prospectus meeting the requirements of the Securities Act in connection with any resales, offers to resell or other transfers of the exchange notes received by it in connection with the exchange offer. Accordingly, each such broker-dealer must acknowledge that it will deliver a prospectus meeting the requirements of the Securities Act in connection with any resale of such exchange notes. The letter of transmittal states that by acknowledging that it will deliver and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an 'underwriter' within the meaning of the Securities Act. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of exchange notes received in exchange for initial notes where such initial notes were acquired as a result of market-making activities or other trading activities.

We will not receive any proceeds from any sale of exchange notes by broker-dealers. Exchange notes received by broker-dealers for their own account pursuant to the exchange offer may be sold from time to time in one or more transactions in the over-the-counter market, in negotiated transactions, through the writing of options on the exchange notes or a combination of such methods of resale, at market prices prevailing at the time of resale, at prices related to such prevailing market prices or negotiated prices. Any such resale may be made directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from any such broker-dealer and/or the purchasers of any such exchange notes. Any broker-dealer that resells exchange notes that were received by it for its own account pursuant to the exchange offer and any broker or dealer that participates in a distribution of such exchange notes may be deemed to be an 'underwriter' within the meaning of the Securities Act and any profit of any such resale of exchange notes and any commissions or concessions received by any such persons may be deemed to be underwriting compensation under the Securities Act. The letter of transmittal states that by acknowledging that it will deliver and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an 'underwriter' within the meaning of the Securities Act.

REPORT OF INDEPENDENT ACCOUNTANTS

To the Board of Directors and Stockholders
CD RADIO INC.:

In our opinion, the accompanying consolidated balance sheets and the related consolidated statements of operations, stockholders' equity and cash

flows present fairly, in all material respects, the financial position of CD Radio Inc. and subsidiary (a Development Stage Enterprise) (collectively, the 'Company') at December 31, 1998 and 1997, and the results of its operations and its cash flows for each of the three years in the period ended December 31, 1998, and for the period May 17, 1990 (the date of inception) to December 31, 1998, in conformity with generally accepted accounting principles. These financial statements are the responsibility of the Company's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with generally accepted auditing standards which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for the opinion expressed above.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2 to the financial statements, the Company is expected to incur significant operating losses before it commences operations and is obligated to make substantial capital expenditures through December 31, 1999 for which it currently does not have the financial resources. This raises substantial doubt about its ability to continue as a going concern. Management's plans in regard to this matter are also described in Note 2. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

CD RADIO INC. AND SUBSIDIARY
(A DEVELOPMENT STAGE ENTERPRISE)
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. BUSINESS

CD Radio Inc. (the 'Company'), a Delaware corporation, is a pioneer in the development of a service for broadcasting digital quality music programming via satellites to subscribers' vehicles ('satellite radio'). The Company intends to focus exclusively on providing a consumer service, and anticipates that the equipment required to receive its broadcasting will be manufactured by consumer electronics manufacturers. In April 1997, the Company was the winning bidder in an FCC auction for one of two national satellite broadcast licenses with a winning bid of \$83.3 million. The Company paid the bid amount during 1997 and was awarded an FCC license on October 10, 1997.

2. ACCOUNTING POLICIES

Basis of presentation: The consolidated financial statements include the accounts of CD Radio Inc. and its wholly owned subsidiary. Intercompany transactions are eliminated in consolidation. The Company's principal activities to date have included technology development, obtaining regulatory approval for the CD Radio service, commencement of construction of three satellites, acquisition of content for its programming, strategic planning, market research, recruitment of its senior management team and securing financing for working capital and capital expenditures. Accordingly, the Company's financial statements are presented as those of a development stage enterprise, as prescribed by Statement of Financial Accounting Standards ('SFAS') No. 7, 'Accounting and Reporting by Development Stage Enterprises.'

The Company's financial statements for the year ended December 31, 1998

have been prepared on a going concern basis which contemplates the realization of assets and the settlement of liabilities and commitments in the normal course of business. The Company expects to incur additional substantial expenditures to complete the construction of its satellite system, to plan and implement its service and to sustain its operations until it generates positive cash flow from operations. The Company's working capital at December 31, 1998 will not be sufficient to meet these objectives as presently structured. Management recognizes that it must generate additional resources or consider modifications to its programs to enable it to continue operations with its available resources. Management's plans to raise additional financing include the sale of debt or equity securities or a combination thereof. Management expects to complete the sale of such securities, however, no assurance can be given that such financings will be completed on terms acceptable to the Company. If the Company is unable to obtain additional financing, management will be required to sharply curtail its satellite program and to curtail its operations. The financial statements do not include any adjustments relating to the recoverability of assets and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

Risks and uncertainties: As a development stage enterprise, the Company has a limited operating history and its prospects are subject to the risks, expenses and uncertainties frequently encountered by companies in new and rapidly evolving markets for satellite products and services. These risks include the failure of the Company to have: (1) a successful and timely construction and deployment of its satellite system; (2) the development and manufacture by one or more consumer electronics manufacturers of devices capable of receiving CD Radio broadcasts and antennas; and (3) the successful marketing and consumer acceptance of the Company's service, as well as other risks and uncertainties.

Use of estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of expenses during the reported period. The estimates involve judgments with respect to,

F-9

CD RADIO INC. AND SUBSIDIARY
(A DEVELOPMENT STAGE ENTERPRISE)
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS -- (CONTINUED)

among other things, various future factors which are difficult to predict and are beyond the control of the Company. Actual amounts could differ from these estimates.

Cash equivalents: The Company considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents.

Concentration of credit risk: The Company has invested its excess cash in obligations of agencies of the U.S. government and in commercial paper issued by major U.S. corporations with high credit ratings. The Company has not experienced any losses on its investments.

Property and equipment: All costs incurred related to activities necessary to prepare the CD Radio satellite system for use are capitalized, including interest on funds borrowed to finance construction. To date, such costs consist of satellite construction in process, launch construction in process, broadcast studio construction in process, terrestrial repeater network in process, capitalized interest (totaling \$16.2 million at December 31, 1998) and the cost to acquire the FCC license at auction. Charges to operations for depreciation and amortization of these items will begin upon commencement of commercial broadcasting, which is projected to be in 2000. The Company anticipates that it will depreciate satellite and launch costs over a period not to exceed 15 years and amortize the FCC license costs over 40 years. Depreciation of technical and other equipment, primarily satellite communications equipment, is computed on the straight-line method based on estimated useful lives ranging from 4 to 10 years.

Long-lived assets: The Company evaluates the recoverability of long-lived assets, utilizing qualitative and quantitative factors. At such time as an impairment in value is identified, the impairment, will be quantitatively measured in accordance with SFAS No. 121, 'Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be disposed of,' and charged to operations. No such impairment losses have been recognized to date.

Fair value information: The carrying amount of current assets and current liabilities approximates fair value because of the short maturity of these investments. The fair value of fixed-rate long-term debt and redeemable

preferred stock is estimated using quoted market prices where applicable or by discounting remaining cash flows at the current market rate.

Income taxes: Deferred income taxes are recognized for the tax consequences in future years of differences between the tax bases of assets and liabilities and their financial reporting amounts at each year-end, based on enacted tax laws and statutory tax rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established when necessary to reduce deferred tax assets to the amount expected to be realized. Income tax expense is the sum of tax payable for the period and the change during the period in deferred tax assets and liabilities.

Redeemable convertible preferred stock: The Company records redeemable convertible preferred stock on the date of issuance by allocating a portion of the proceeds that represents a beneficial conversion feature to additional paid-in capital. The beneficial conversion feature (discount) is amortized using the effective interest method and is recognized as a deemed dividend over the shortest period of conversion. The carrying value of the stock accretes to its liquidation value over the mandatory redemption period. The periodic accretion increases the net loss applicable to common stockholders.

Net loss per share: Effective December 31, 1997, the Company adopted SFAS No. 128, 'Earnings Per Share,' which requires the presentation of basic earnings (loss) per share and diluted earnings per share. Basic earnings (loss) per share is based on the weighted average number of outstanding shares of common stock. Diluted earnings per share adjusts the weighted average for the potential dilution that could occur if stock options, warrants or other convertible securities were exercised or converted into common stock. Diluted earnings (loss) per share is the

F-10

CD RADIO INC. AND SUBSIDIARY
(A DEVELOPMENT STAGE ENTERPRISE)

same as basic earnings per share because the effects of such items were anti-dilutive. Earnings (loss) per share for all periods presented conform to SFAS No. 128.

The following is a reconciliation of net loss per common share before preferred stock dividend requirements to net loss per share applicable to common stockholders:

Comprehensive income: In 1997, the Financial Accounting Standards Board ('the FASB') issued SFAS No. 130, 'Reporting Comprehensive Income.' SFAS No. 130 requires additional reporting with respect to certain changes in assets and liabilities that previously were included in stockholders' equity. Presently, the Company has no comprehensive income items to report.

Recent accounting pronouncements: The FASB has issued SFAS No. 131, 'Disclosures about Segments of an Enterprise and Related Information,' which requires financial and descriptive information with respect to operating segments of an entity based on the way management disaggregates the entity for internal operating decisions. There is no impact to the Company's 1998 financial statements from the adoption of this standard.

Reclassifications: Certain amounts in the prior year's financial statements have been reclassified to conform to the current presentation.

Marketable securities consist of fixed income securities and are stated at market value. Marketable securities are defined as trading securities under the provision of SFAS No. 115, 'Accounting for Certain Investments in Debt and Equity Securities' and unrealized holding gains and losses are reflected in earnings. Unrealized holding gains were \$624,000 and \$232,000 at December 31, 1997 and 1998, respectively.

4. NOTES PAYABLE

SHORT-TERM

The Company has entered into a credit agreement with Bank of America ('BofA') and a group of financial institutions (together with BofA, the 'Lenders') pursuant to which the Lenders provide the Company a term loan facility in an aggregate principal amount of up to \$115 million. The proceeds of the facility are being used to fund progress payments for the purchase of launch services and to pay interest, fees and other related expenses. The contract under which the launch vehicles are being constructed has been pledged to the Lenders as collateral. The terms of the credit agreement require the Company to maintain minimum levels of consolidated net worth and place limitations on asset disposals. The amounts advanced under the credit agreement are due on September 30, 1999 and bear interest at a variable rate selected by the Company. The weighted average borrowing rate for 1998 was 9%. Loral Space & Communications Ltd. ('Loral Space') has guaranteed the amounts outstanding under the credit agreement.

F-11

CD RADIO INC. AND SUBSIDIARY
(A DEVELOPMENT STAGE ENTERPRISE)
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS -- (CONTINUED)

LONG-TERM

In November 1997, the Company received net proceeds of \$116 million from the issuance of 12,910 units consisting of \$20,000 principal amount at maturity of 15% Senior Secured Discount Notes due 2007 (the 'Notes') and a warrant to purchase an additional \$3,000 principal amount at maturity of Notes for no additional consideration. All of the warrants were exercised in 1997. The aggregate maturity value of the Notes, including Notes issued upon the exercise of the warrants, is \$297 million. The Notes mature on December 1, 2007 and the first cash interest payment is deferred until June 2003. Cash interest of \$22.3 million will be due on each June 1 and December 1 of the remaining years of the Notes. The Indenture under which the Notes were issued contains various restrictive covenants, including a limitation on the amount of additional indebtedness that may be incurred by the Company. As of December 31, 1997 and 1998, the Company had accrued interest relating to the Notes of \$1,869,000 and \$27,867,000, respectively. At December 31, 1998, the Notes had a fair value of \$157 million. The Notes are redeemable, at the option of the Company, in whole or in part, at any time on or after December 1, 2002, at specified redemption prices plus accrued interest, if any, to the date of redemption. The Notes are senior obligations of the Company and are secured by a lien on all of the issued and outstanding common stock of Satellite CD Radio, Inc. ('SCDR'). SCDR conducts no business activities and its only asset is the FCC license.

The Company incurred \$8.7 million of costs in connection with the issuance of the Notes. Debt issuance costs have been deferred and are amortized over the 10 year life of the Notes. Accumulated amortization of debt issuance costs was \$73,000 and \$952,000 at December 31, 1997 and 1998, respectively.

5. DEFERRED SATELLITE PAYMENTS

Under an amended and restated contract (the 'Loral Satellite Contract') with Space Systems/Loral, Inc. ('SS/L'), SS/L has agreed to defer certain amounts due under the Loral Satellite Contract. The amounts deferred, which approximate fair value, bear interest at 10% per year and are due in quarterly installments beginning in June 2002. The Company has the right to prepay any deferred payments together with accrued interest, without penalty.

6. CAPITAL STOCK

COMMON STOCK, PAR VALUE \$.001 PER SHARE

On September 29, 1994, the Company completed its initial public offering by issuing 1,491,940 shares of Common Stock for net proceeds of \$4.8 million. On August 5, 1997, the Company sold 1.9 million shares of Common Stock to Loral Space for net proceeds of approximately \$24.4 million. In November 1997, the Company issued 2.8 million shares of Common Stock for net proceeds of \$42.2 million in a public offering. In December 1997, the Company issued an

additional 250,000 shares, in connection with the partial exercise of an option granted to the underwriters of the public offering solely to cover over-allotments, for net proceeds of \$4.2 million. In November 1998, the Company issued 5 million shares of Common Stock to Prime 66 Partners, L.P. for net proceeds of \$98 million.

In 1995, the Company adopted the 1995 Stock Compensation Plan from which up to 175,000 shares of Common Stock could be issued in lieu of cash compensation to employees and or consultants. During 1995 and 1996, respectively, 107,000 and 67,500 shares of the Company's Common Stock were issued pursuant to this Plan.

PREFERRED STOCK

In April 1997, the Company completed a private placement of its 5% Delayed Convertible Preferred Stock (the '5% Preferred Stock'). The Company sold a total of 5.4 million shares of the 5% Preferred Stock for an aggregate sales price of \$135 million. The 5% Preferred Stock was immediately convertible at a discount to the fair market value of Common Stock and accordingly, the Company recorded approximately \$52 million as a deemed dividend in determining net loss attributable to common stockholders.

In November 1997, the Company exchanged 1,846,799 shares of 10 1/2% Series C Convertible Preferred Stock (the '10 1/2% Preferred Stock') for all outstanding shares of its 5% Preferred Stock. Each share of 10 1/2% Preferred Stock is convertible into a number of shares of Common Stock calculated by dividing the \$100 per share liquidation preference (the 'Liquidation Preference') by a conversion price of \$18.00. This conversion price is subject to adjustment for certain corporate events. Any stockholder who converts the 10 1/2% Preferred Stock into Common Stock prior to November 15, 2002 will forfeit the right to any accrued and unpaid dividends. Dividends on the 10 1/2% Preferred Stock are cumulative from the date of issuance and payable, if declared by the Board of Directors, on a quarterly basis commencing on November 15, 2002. Dividends may be paid with cash or Common Stock at the option of the Company. Commencing November 15, 1999, the Company may redeem the 10 1/2% Preferred Stock at the Liquidation Preference plus any accrued and unpaid dividends, provided the price of the Company's Common Stock is at least \$31.50 per share during a specified period. After November 15, 2002, the Company's right to redeem the 10 1/2% Preferred Stock is not restricted by the market price of its Common Stock. The Company is required to redeem all outstanding shares of 10 1/2% Preferred Stock on November 15, 2012 at a price equal to the Liquidation Preference plus any accrued and unpaid dividends. As of December 31, 1997 and 1998, the Company accrued dividends payable relating to the 10 1/2% Preferred Stock totaling \$2,338,000 and \$18,179,000, respectively. At December 31, 1998, the 10 1/2% Preferred Stock had a fair value of \$279 million.

On December 23, 1998, the Company and Apollo Investment Fund IV, L.P., a Delaware limited partnership ('AIF IV'), and Apollo Overseas Partners IV, L.P., a Cayman Islands limited partnership ('AOP IV' and, together with AIF IV, the 'Apollo Investors') completed a transaction pursuant to which the Company sold to the Apollo Investors 1,350,000 shares of its 9.2% Series A Junior Cumulative Convertible Preferred Stock, par value \$.001 per share (the 'Series A Preferred Stock'), for an aggregate purchase price of \$135 million. Each share of Series A Preferred Stock is convertible into a number of shares of Common Stock calculated by dividing the \$100 per share liquidation preference (the 'Series A Liquidation Preference') by a conversion price of \$30. This conversion price is subject to adjustment for certain corporate events. Dividends on the Series A Preferred Stock are payable annually commencing on November 15, 1999 and may be paid with cash or additional shares of Series A Preferred Stock, at the option of the Company. From and after November 15, 2001 and prior to November 15, 2003, the Company may redeem the Series A Preferred Stock at the Series A Liquidation Preference, plus any unpaid dividends, provided the price of the Common Stock is at least \$60 per share during a specified period. From and after November 15, 2003, the Company's right to redeem the Series A Preferred Stock is not restricted by the market price of its Common Stock. The Company is required to redeem all outstanding shares of the Series A Preferred Stock at a price equal to the Series A Liquidation Preference plus any unpaid dividends on November 15, 2011. On the date of issuance, the Series A Preferred Stock was immediately convertible at a discount to the then fair market value of the Common Stock and, accordingly, the Company recorded approximately \$11 million as a deemed dividend in net loss applicable to common stockholders. At December 31, 1998, the Series

A Preferred Stock fair value approximates book value and accrued dividends payable relating to this stock totaled \$1,565,000.

The Apollo Investors have also granted the Company an option to sell the Apollo Investors an additional 650,000 shares of its 9.2% Series B Junior Cumulative Convertible Preferred Stock, par value \$.001 per share (the 'Series B Preferred Stock'), for an aggregate purchase price of \$65 million. The Company may exercise its option to require the Apollo Investors to purchase the Series B Preferred Stock at any time prior to September 23, 1999. The terms of the Series B Preferred Stock are similar to those of the Series A Preferred Stock. The Company recorded the value of the Series B Preferred Stock option at fair value and recorded approximately \$180,000 of deemed dividends related primarily to the amortization of the value of the option.

WARRANTS

In connection with the Company's initial public offering in 1994, the Company issued warrants to purchase 745,970 shares of Common Stock. Additionally, the Company issued to the underwriters as consideration warrants to purchase 123,560 shares of the Company's Common Stock. In September 1996, the Company received proceeds of \$4,589,000 relating to the exercise of 864,848 warrants and the remaining 4,682 warrants expired unexercised. Of the warrants exercised, 764,848 shares of Common Stock were issued in exchange for cash at a purchase price of \$6.00 per share and 27,083 shares of Common Stock were issued in a cashless exercise of 100,000 warrants held by the underwriters.

In connection with the November 1997 issuance of the 10 1/2% Preferred Stock, the Company granted to its investment advisor and certain related persons, in lieu of a warrant to purchase shares of 5% Preferred Stock, warrants to purchase an aggregate of 177,178 shares of 10 1/2% Preferred Stock at an initial exercise price of \$68.47 per share. The exercise price of the warrants declines by approximately \$0.12 per month to \$60.24 per share on and after April 1, 2002. This warrant is convertible at a discount to the then fair market value of the Common Stock and accordingly, the Company will record, over the life of the warrant, \$1.6 million as a deemed dividend in connection with the issuance of warrants on preferred stock. During 1998, the Company accreted dividends of \$428,000 related to this warrant. In addition, the Company granted to an investor warrants to purchase 1,800,000 shares of common stock at \$50 per share during the period from June 15, 1998 until June 15, 2005, subject to certain conditions. After June 15, 2000, the Company may redeem all of these warrants, provided that the price of its Common Stock is at least \$75 per share during a specified period. During 1998, the Company accreted dividends of \$6,073,000 related to these warrants.

7. EMPLOYEE BENEFIT PLANS

STOCK OPTION PLANS

In February 1994, the Company adopted its 1994 Stock Option Plan (the '1994 Plan') and its 1994 Directors' Nonqualified Stock Option Plan (the 'Directors' Plan'). The aggregate number of shares of Common Stock available for issuance pursuant to the 1994 Plan and the Directors' Plan is 3,100,000.

401(k) SAVINGS PLAN

During 1998, the Company adopted the CD Radio 401(k) Savings Plan (the '401(k) Plan'). The 401(k) Plan allows eligible employees to contribute from 1% to 12% of their pretax pay subject to certain defined limits. Employees are 100% vested in their contributions at all times. In addition, the Company matches 100% of the employees' contribution, in the form of the Company's Common Stock. The Company matching contribution is 33 1/3% vested each year and is fully vested after three years of employment with the Company. Contribution expense to the 401(k) Plan was \$104,000 in 1998.

8. INCOME TAXES

The types of temporary differences between the tax bases of assets and liabilities and their financial reporting amounts that give rise to the deferred tax assets and deferred tax liability are as follows:

</TABLE>

Realization of deferred tax assets at the balance sheet date is dependent upon future earnings, which are uncertain. Accordingly, a full valuation allowance was recorded against the assets.

At December 31, 1998, the Company has net operating loss carryforwards of approximately \$15 million for federal and state income tax purposes available to offset future taxable income. The net operating loss carryforwards expire at various dates beginning 2008. There may be limitations on the annual utilization of these net operating losses as a result of certain changes in ownership that have occurred since the Company's inception. In addition, a significant portion of costs incurred have been capitalized for tax purposes as a result of the Company's status as a start-up enterprise. Total start-up costs as of December 31, 1998 are \$32 million. Once the Company begins its active trade or business, these capitalized costs will be amortized over 60 months. The total deferred tax asset related to capitalized start-up costs of \$13 million includes \$169,000 which, when realized, would not affect financial statement income but will be recorded directly to stockholders' equity.

10. RELATED PARTIES

Since inception, the Company has relied upon related parties for certain consulting, legal and management services. 12. COMMITMENTS AND CONTINGENCIES

SATELLITE CONSTRUCTION AND LAUNCH SERVICES

To build and launch the satellites necessary for the operations of CD Radio, on July 28, 1998, the Company entered into the Loral Satellite Contract with SS/L. The Loral Satellite Contract provides for SS/L to construct, launch and deliver three satellites in-orbit and checked-out, to construct for the Company a fourth satellite for use as a ground spare and to become the Company's launch services provider. The Company is committed to make aggregate payments of approximately \$718 million under the Loral Satellite Contract. Approximately half of these payments are contingent upon SS/L meeting specified milestones in the construction of the satellites. SS/L has agreed to defer \$50 million total of payments due in 1999 and 2000 until 2002 and 2003. As of December 31, 1998, \$221 million of this commitment has been satisfied. Future payments are due as follows: \$218 million in 1999, \$229 million in 2000, \$25 million in 2002 and \$25 million in 2003.

In the event of a satellite or launch failure, the Company will be required to pay Loral the full-deferred amount for the affected satellite no later than 120 days after the date of the failure. If the Company should elect to put one of the first three satellites into ground storage, rather than having it shipped to the launch site, the full-deferred amount for the affected satellite will become due within 60 days of such election.

INTEGRATED CIRCUITS

During 1998, the Company signed an agreement with Lucent Technologies, Inc. ('Lucent') pursuant to which Lucent has agreed to use commercially reasonable efforts to deliver commercial quantities of integrated circuits ('chip sets'), which will be used in consumer electronic devices capable of receiving the Company's broadcasts, by December 1999. The Company agreed to pay Lucent the costs of the chip set development work totaling \$9 million. On February 1, 1999, the Company and Lucent amended and restated this agreement due to the design and development of the chip sets requiring more engineering resources than originally estimated. Lucent will now use commercially reasonable efforts to deliver commercial quantities of chip sets by June 2000. The estimates of the development work in this amended contract total \$27 million.

COMMON STOCK PURCHASE WARRANT

This certifies that, for good and valuable consideration, CD Radio Inc., a Delaware corporation (the "Company"), grants to Ford Motor Company, a Delaware corporation ("Ford"), or registered assigns (including Ford, the "Warrantholder"), the right to subscribe for and purchase from the Company 4,000,000 validly issued, fully paid and nonassessable shares (the "Warrant Shares") of the Company's common stock, par value \$0.001 per share (the "Common Stock"), at the purchase price per share equal to the greater of (i) \$30 or (ii) 115% of the closing offer price for the Common Stock on the Nasdaq National Market on June 11, 1999 (the "Exercise Price"), at any time and from time to time, during the period from and including 9:00 AM, New York City time, on the date the Company commences its commercial broadcasts from orbiting satellites until 5:00 PM, New York City time, on the earlier of (a) June 11, 2009 and (b) the date of the termination or expiration of the Agreement, dated as of June 11, 1999, between the Company and Ford (the "Expiration Date"), all subject to the terms, conditions and adjustments herein set forth.

Certain capitalized terms used herein and not otherwise defined shall have the meanings ascribed to them in Section 10.

Certificate No. 1

Number of Shares: 4,000,000

Name of Warrantholder: Ford Motor Company, a Delaware corporation

1. Duration and Exercise of Warrant; Limitations on Exercise; Payment of Taxes.

1.1 Exercisability of Warrant. Subject to the terms and conditions set forth herein, the right to exercise this Warrant shall vest, and this Warrant shall become exercisable, as follows:

(a) with respect to 1,000,000 shares of Common Stock, on the date that Ford has manufactured 500,000 Ford Enabled Vehicles;

(b) with respect to an additional 500,000 shares of Common Stock, on the date that Ford has manufactured an aggregate of 1,000,000 Ford Enabled Vehicles;

(c) with respect to an additional 500,000 shares of Common Stock, on the date that Ford has manufactured an aggregate of 2,000,000 Ford Enabled Vehicles;

(d) with respect to an additional 1,000,000 shares of Common Stock, on the date that Ford has manufactured an aggregate of 3,000,000 Ford Enabled Vehicles; and

(e) with respect to an additional 1,000,000 shares of Common Stock, on the date that Ford has manufactured an aggregate of 4,000,000 Ford Enabled Vehicles.

The Warrantholder shall have no right to exercise this Warrant with respect to shares of Common Stock which are not vested and exercisable as described in this Section 1.1.

1.2 Duration and Exercise of Warrant. Subject to the terms and conditions

set forth herein, including Section 1.1, the Warrant may be exercised, in whole or in part, by the Warrantholder by:

(a) the surrender of this Warrant to the Company, with a duly executed Exercise Form specifying the number of Warrant Shares to be purchased, during normal business hours on any Business Day prior to the Expiration Date; and

(b) the delivery of payment to the Company, for the account of the Company, by cash, by certified or bank cashier's check or by wire transfer of immediately available funds in accordance with wire instructions that shall be provided by the Company upon request, of the Exercise Price for the number of Warrant Shares specified in the Exercise Form in lawful money of the United States of America.

The Company agrees that such Warrant Shares shall be deemed to be issued to the Warrantholder as the record holder of such Warrant Shares as of the close of business on the date on which this Warrant shall have been surrendered and payment made for the Warrant Shares as aforesaid.

1.3 Limitations on Exercise. Notwithstanding anything to the contrary herein, this Warrant may be exercised only upon (i) the delivery to the Company of any certificates, legal

opinions, and other documents reasonably requested by the Company to satisfy the Company that the proposed exercise of this Warrant may be effected without registration under the Securities Act, (ii) receipt by the Company of FCC approval of the proposed exercise, if such approval is required (as determined by a written opinion of the Company's special FCC counsel, delivered to the Warrantholder) to maintain any license granted to the Company by the FCC, or to maintain the Company's eligibility for any license for which it has applied to the FCC and (iii) receipt by the Company of approval of any other applicable Governmental Authority of the proposed exercise. The Warrantholder shall not be entitled to exercise this Warrant, or any part thereof, unless and until such approvals, certificates, legal opinions or other documents are reasonably acceptable to the Company. The cost of such approvals, certificates, legal opinions and other documents, if required, shall be borne by the Warrantholder.

1.4 Warrant Shares Certificate. A stock certificate or certificates for the Warrant Shares specified in the Exercise Form shall be delivered to the Warrantholder within five Business Days after receipt of the Exercise Form and receipt of payment of the purchase price. If this Warrant shall have been exercised only in part, the Company shall, at the time of delivery of the stock certificate or certificates, deliver to the Warrantholder a new Warrant evidencing the rights to purchase the remaining Warrant Shares, which new Warrant shall in all other respects be identical with this Warrant.

1.5 Payment of Taxes. The issuance of certificates for Warrant Shares shall be made without charge to the Warrantholder for any documentary, stamp or similar stock transfer or other issuance tax in respect thereto; provided, however, that the Warrantholder shall be required to pay any and all taxes which may be payable in respect of any transfer involved in the issuance and delivery of any certificate in a name other than that of the then Warrantholder as reflected upon the books of the Company.

1.6 Divisibility of Warrant; Transfer of Warrant. (a) This Warrant may only be transferred by the Warrantholder with the prior written consent of the Company. Any transfer of this Warrant without the prior written consent of the Company shall be void and of no force and effect.

(b) Subject to the provisions of this Section, this Warrant may be divided into warrants of one thousand shares or multiples thereof, upon surrender at the office of the Company located at 1221 Avenue of the Americas, New York, New York 10020, without charge to any Warrantholder. Subject to the provisions of this Section, upon such division, the Warrants may be transferred of record as the then Warrantholder may specify without charge to such Warrantholder (other than any applicable transfer taxes).

(c) Subject to the provisions of this Section, upon surrender of this Warrant to the Company with a duly executed Assignment Form and funds sufficient to pay any transfer tax, the Company shall, without charge, execute and deliver a new Warrant or Warrants of like tenor in the name of the assignee named in such Assignment Form, and this Warrant shall promptly be canceled. Prior to any proposed transfer (whether as the result of a division or otherwise) of this Warrant, such Warrantholder shall give written notice to the Company of

such Warrantholder's intention to effect such transfer. Each such notice shall describe the manner and circumstances of the proposed transfer in sufficient detail, and, if requested by the Company, shall be accompanied by a written opinion of legal counsel, which opinion shall be addressed to the Company and be reasonably satisfactory in form and substance to the Company, to the effect that the proposed transfer of this Warrant may be effected without registration under the Securities Act. In addition to the restrictions contained in this Section, the Warrantholder shall not be entitled to transfer this Warrant, or any part thereof, if such legal opinion is not reasonably acceptable to the Company. The term "Warrant" as used in this Agreement shall be deemed to include any Warrants issued in substitution or exchange for this Warrant.

2. Restrictions on Transfer; Restrictive Legends.

Except as otherwise permitted by this Section 2, each Warrant shall (and each Warrant issued upon direct or indirect transfer or in substitution for any Warrant pursuant to Section 1.6 or Section 4 shall) be stamped or otherwise imprinted with a legend in substantially the following form:

THIS WARRANT AND ANY SECURITIES ACQUIRED UPON THE EXERCISE OF THIS WARRANT HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, OR ANY STATE SECURITIES LAWS AND NEITHER THIS WARRANT NOR SUCH SECURITIES NOR ANY INTEREST THEREIN MAY BE OFFERED, SOLD, TRANSFERRED, PLEDGED OR OTHERWISE DISPOSED OF EXCEPT PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT UNDER SUCH ACT OR SUCH LAWS OR AN EXEMPTION FROM REGISTRATION UNDER SUCH ACT AND SUCH LAWS.

Except as otherwise permitted by this Section 2, each stock certificate for Warrant Shares issued upon the exercise of any Warrant and each stock certificate issued upon the direct or indirect transfer of any such Warrant Shares shall be stamped or otherwise imprinted with a legend in substantially the following form:

THE SECURITIES REPRESENTED BY THIS CERTIFICATE HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, OR ANY STATE SECURITIES LAWS AND NEITHER THE SECURITIES NOR ANY INTEREST THEREIN MAY BE OFFERED, SOLD, TRANSFERRED, PLEDGED OR OTHERWISE DISPOSED OF EXCEPT PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT UNDER SUCH ACT OR SUCH LAWS OR AN EXEMPTION FROM REGISTRATION UNDER SUCH ACT AND SUCH LAWS.

Notwithstanding the foregoing, the Warrantholder may require the Company to issue a Warrant or a stock certificate for Warrant Shares, in each case without a legend, if either (i) such Warrant or such Warrant Shares, as the case may be, have been registered for resale under the Securities Act or (ii) the Warrantholder has delivered to the Company an opinion of legal counsel, which opinion shall be addressed to the Company and be reasonably

satisfactory in form and substance to the Company, to the effect that such registration is not required with respect to such Warrant or such Warrant Shares, as the case may be.

By acceptance of this Warrant, the Warrantholder expressly agrees that it will at all times comply with the restrictions contained in Rule 144(e) under the Securities Act (as in effect on the date hereof) when selling, transferring or otherwise disposing Warrant Shares, even if such restrictions would not then be applicable to the Warrantholder.

3. Reservation and Registration of Shares, Etc. The Company covenants and agrees as follows:

(a) all Warrant Shares which are issued upon the exercise of this Warrant will, upon issuance, be validly issued, fully paid, and nonassessable, not subject to any preemptive rights, and free from all taxes, liens, security interests, charges, and other encumbrances with respect to the issue thereof, other than taxes with respect to any transfer occurring contemporaneously with such issue;

(b) during the period within which this Warrant may be exercised, the

Company will at all times have authorized and reserved, and keep available free from preemptive rights and any liens and encumbrances, a sufficient number of shares of Common Stock to provide for the exercise of the rights represented by this Warrant; and

(c) the Company will, from time to time, take all such action as may be required to assure that the par value per share of the Warrant Shares is at all times equal to or less than the then effective Exercise Price.

4. Loss or Destruction of Warrant. Subject to the terms and conditions hereof, upon receipt by the Company of evidence reasonably satisfactory to it of the loss, theft, destruction or mutilation of this Warrant and, in the case of loss, theft or destruction, of such bond or indemnification as the Company may reasonably require, and, in the case of such mutilation, upon surrender and cancellation of this Warrant, the Company will execute and deliver a new Warrant of like tenor.

5. Ownership of Warrant. The Company may deem and treat the Person in whose name this Warrant is registered as the holder and owner hereof (notwithstanding any notations of ownership or writing hereon made by anyone other than the Company) for all purposes and shall not be affected by any notice to the contrary, until presentation of this Warrant for registration of transfer.

6. Certain Adjustments.

6.1 The number of Warrant Shares purchasable upon the exercise of this Warrant and the Exercise Price shall be subject to adjustment as follows:

(a) Stock Dividends. If at any time after the date of the issuance of this Warrant (i) the Company shall fix a record date for the issuance of any stock dividend payable in

shares of Common Stock; or (ii) the number of shares of Common Stock shall have been increased by a subdivision or split-up of shares of Common Stock, then, on the record date fixed for the determination of holders of Common Stock entitled to receive such dividend or immediately after the effective date of such subdivision or split-up, as the case may be, the number of shares to be delivered upon exercise of this Warrant will be increased so that the Warrantholder will be entitled to receive the number of shares of Common Stock that such Warrantholder would have owned immediately following such action had this Warrant been exercised immediately prior thereto, and the Exercise Price will be adjusted as provided below in paragraph (g).

(b) Combination of Stock. If the number of shares of Common Stock outstanding at any time after the date of the issuance of this Warrant shall have been decreased by a combination of the outstanding shares of Common Stock, then, immediately after the effective date of such combination, the number of shares of Common Stock to be delivered upon exercise of this Warrant will be decreased so that the Warrantholder thereafter will be entitled to receive the number of shares of Common Stock that such Warrantholder would have owned immediately following such action had this Warrant been exercised immediately prior thereto, and the Exercise Price will be adjusted as provided below in paragraph (g).

(c) Reorganization, etc. If any capital reorganization of the Company, any reclassification of the Common Stock, any consolidation of the Company with or merger of the Company with or into any other Person, or any sale or lease or other transfer of all or substantially all of the assets of the Company to any other Person, shall be effected in such a way that the holders of Common Stock shall be entitled to receive stock, other securities or assets (whether such stock, other securities or assets are issued or distributed by the Company or another Person) with respect to or in exchange for Common Stock, then, upon exercise of this Warrant, the Warrantholder shall have the right to receive the kind and amount of stock, other securities or assets receivable upon such reorganization, reclassification, consolidation, merger or sale, lease or other transfer by a holder of the number of shares of Common Stock that such Warrantholder would have been entitled to receive upon exercise of this Warrant had this Warrant been exercised immediately before such reorganization, reclassification, consolidation, merger or sale, lease or other transfer, subject to adjustments that shall be as nearly equivalent as may be practicable to the adjustments provided for in this Section 6. The Company shall not effect any such consolidation, merger or sale, lease or other transfer, unless prior to, or simultaneously with, the consummation thereof, the successor Person (if other than the Company) resulting from such consolidation or merger, or such Person purchasing, leasing or otherwise acquiring such assets, shall assume, by

written instrument, the obligation to deliver to the Warrantholder the shares of stock, securities or assets to which, in accordance with the foregoing provisions, the Warrantholder may be entitled and all other obligations of the Company under this Warrant. The provisions of this paragraph (c) shall apply to successive reorganizations, reclassifications, consolidations, mergers, sales, leasing transactions and other transfers.

(d) Distributions to all Holders of Common Stock. If the Company shall, at any time after the date of issuance of this Warrant, fix a record date to distribute to all holders of its Common Stock any shares of capital stock of the Company (other than Common Stock) or

evidences of its indebtedness or assets (not including regular quarterly cash dividends and distributions paid from retained earnings of the Company) or rights or warrants to subscribe for or purchase any of its securities, then the Warrantholder shall be entitled to receive, upon exercise of this Warrant, that portion of such distribution to which it would have been entitled had the Warrantholder exercised its Warrant immediately prior to the date of such distribution. At the time it fixes the record date for such distribution, the Company shall allocate sufficient reserves to ensure the timely and full performance of the provisions of this Subsection. The Company shall promptly (but in any case no later than five Business Days prior to the record date of such distribution) give notice to the Warrantholder that such distribution will take place.

(e) Fractional Shares. No fractional shares of Common Stock or scrip shall be issued to any Warrantholder in connection with the exercise of this Warrant. Instead of any fractional shares of Common Stock that would otherwise be issuable to such Warrantholder, the Company will pay to such Warrantholder a cash adjustment in respect of such fractional interest in an amount equal to that fractional interest of the then current Fair Market Value per share of Common Stock.

(f) Carryover. Notwithstanding any other provision of this Section 6, no adjustment shall be made to the number of shares of Common Stock to be delivered to the Warrantholder (or to the Exercise Price) if such adjustment represents less than 0.10% of the number of shares to be so delivered, but any lesser adjustment shall be carried forward and shall be made at the time and together with the next subsequent adjustment which together with any adjustments so carried forward shall amount to 0.10% or more of the number of shares to be so delivered.

(g) Exercise Price Adjustment. Whenever the number of Warrant Shares purchasable upon the exercise of this Warrant is adjusted, as herein provided, the Exercise Price payable upon the exercise of this Warrant shall be adjusted by multiplying such Exercise Price immediately prior to such adjustment by a fraction, of which the numerator shall be the number of Warrant Shares purchasable upon the exercise of the Warrant immediately prior to such adjustment, and of which the denominator shall be the number of Warrant Shares purchasable immediately thereafter.

6.2 Rights Offering. In the event the Company shall effect an offering of Common Stock pro rata among its stockholders, the Warrantholder shall be entitled to elect to participate in each and every such offering as if this Warrant had been exercised immediately prior to each such offering. The Company shall promptly (but in any case no later than five Business Days prior to such rights offering) give notice to the Warrantholder that such rights offering will take place. The Company shall not be required to make any adjustment with respect to the issuance of shares of Common Stock pursuant to a rights offering in which the holder hereof elects to participate under the provisions of this Section 6.2.

6.3 Notice of Adjustments. Whenever the number of Warrant Shares or the Exercise Price of such Warrant Shares is adjusted, as herein provided, the Company shall promptly give to the Warrantholder notice of such adjustment or adjustments and a certificate of a firm

of independent public accountants of recognized national standing selected by

the Board of Directors of the Company (which shall be appointed at the Company's expense and may be the independent public accountants regularly employed by the Company) setting forth the number of Warrant Shares and the Exercise Price of such Warrant Shares after such adjustment, a brief statement of the facts requiring such adjustment, and the computation by which such adjustment was made.

6.4 Notice of Extraordinary Corporate Events. In case the Company after the date hereof shall propose to (i) distribute any dividend (whether stock or cash or otherwise) to the holders of shares of Common Stock or to make any other distribution to the holders of shares of Common Stock, (ii) offer to the holders of shares of Common Stock rights to subscribe for or purchase any additional shares of any class of stock or any other rights or options, or (iii) effect any reclassification of the Common Stock (other than a reclassification involving merely the subdivision or combination of outstanding shares of Common Stock), any capital reorganization, any consolidation or merger (other than a merger in which no distribution of securities or other property is to be made to holders of shares of Common Stock), any sale or lease or transfer or other disposition of all or substantially all of its property, assets and business, or the liquidation, dissolution or winding up of the Company, then, in each such case, the Company shall give to the Warrantholder notice of such proposed action, which notice shall specify the date on which (a) the books of the Company shall close, or (b) a record shall be taken for determining the holders of Common Stock entitled to receive such stock dividends or other distribution or such rights or options, or (c) such reclassification, reorganization, consolidation, merger, sale, transfer, other disposition, liquidation, dissolution or winding up shall take place or commence, as the case may be, and the date, if any, as of which it is expected that holders of record of Common Stock shall be entitled to receive securities or other property deliverable upon such action. Such notice shall be given in the case of any action covered by clause (i) or (ii) above at least ten days prior to the record date for determining holders of Common Stock for purposes of receiving such payment or offer, or in the case of any action covered by clause (iii) above at least 30 days prior to the date upon which such action takes place and 20 days prior to any record date to determine holders of Common Stock entitled to receive such securities or other property.

6.5 Effect of Failure to Notify. Failure to file any certificate or notice or to give any notice, or any defect in any certificate or notice, pursuant to Sections 6.3 and 6.4 shall not affect the legality or validity of the adjustment to the Exercise Price, the number of shares purchasable upon exercise of this Warrant, or any transaction giving rise thereto.

7. Reports Under Securities Exchange Act of 1934. With a view to making available to the Holders the benefits of Rule 144 promulgated under the Securities Act or any other similar rule or regulation of the SEC that may at any time permit the Holders to sell securities of the Company to the public without registration ("Rule 144"), the Company agrees to:

(a) make and keep public information available, as those terms are understood and defined in Rule 144, at all times;

(b) file with the SEC in a timely manner all reports and other documents required of the Company under the Securities Act and the Exchange Act; and

(c) furnish to each Holder so long as such Holder owns Warrants, promptly upon request, (i) a written statement by the Company that it has complied with the reporting requirements of Rule 144 (at any time after 90 days after the effective date of the first registration statement filed by the Company), the Securities Act and the Exchange Act (at any time after it has become subject to such reporting requirements), (ii) a copy of the most recent annual or quarterly report of the Company and such other reports and documents so filed by the Company, and (iii) such other information as may be reasonably requested to permit the Holders to sell such securities without registration.

8. Amendments. Any provision of this Warrant may be amended and the observance thereof may be waived (either generally or in a particular instance and either retroactively or prospectively), only with the written consent or approval of the Company and the Holders who hold a majority in interest of the Warrants; provided that it is not necessary that the exact form of the amendment be approved by the holders of a majority in interest of the Warrants if such holders have approved the substance of such amendment. Any amendment or waiver effected in accordance with this Section 8 shall be binding upon each Holder and the Company.

9. Expiration of the Warrant. The obligations of the Company pursuant to this Warrant shall terminate on the Expiration Date.

The purchase price for such shares of Common Stock shall be equal to the price of the shares of Common Stock sold in such underwritten public offering (prior to deducting any underwriting discounts and commissions). The Warrantholder must exercise its purchase rights hereunder in whole within five Business Days after receipt of such notice from the Company and close such purchase, by payment of immediately available funds,

simultaneously with the closing of such underwritten public offering. If after the date that the Company notifies the Warrantholder of the proposed underwritten public offering of Common Stock the actual number of shares of Common Stock offered is increased or decreased as a result of demand for such Common Stock offering, then the Company shall not be required to make an additional offer to the Warrantholder to give effect to the increased or decreased size of such offering.

(b) Upon the expiration of any offer to the Warrantholder described above, or if the Warrantholder shall default in paying for or purchasing the Common Stock on the terms offered by the Company, the Company will be under no further obligation to offer any Common Stock to the Warrantholder pursuant to the terms of this Section.

12. No Impairment. The Company shall not by any action, including, without limitation, amending the Certificate of Incorporation or through any reorganization, transfer of assets, consolidation, merger, dissolution, issue or sale of securities or any other voluntary action, avoid or seek to avoid the observance or performance of any of the terms of this Warrant, but will at all time in good faith assist in the carrying out of all such terms and in the taking of all such reasonable actions as may be necessary or appropriate to protect the rights of the Warrantholder against impairment. Without limiting the generality of the foregoing, the Company shall (a) take all such actions as may be necessary or appropriate in order that the Company may validly and legally issue fully paid and nonassessable shares of Common Stock upon the exercise of this Warrant, and (b) provide reasonable assistance to the Warrantholder in obtaining all authorizations, exemptions or consents from any Governmental Authority which may be necessary in connection with the exercise of this Warrant.

13. Miscellaneous.

certificates, instruments and documents as the Company or the Warrantheolder may, at any time and from time to time, reasonably request in connection with the performance of any of the provisions of this Warrant.

13.7 Separability. Any term or provision of this Warrant which is invalid or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such invalidity or unenforceability without rendering invalid or unenforceable the terms and provisions of this Warrant or affecting the validity or enforceability of any of the terms or provisions of this Warrant in any other jurisdiction.

13.8 Governing Law. This Warrant shall be deemed to be a contract made under the laws of New York and for all purposes shall be governed by and construed in accordance with the laws of such State applicable to such agreements made and to be performed entirely within such State.

13.9 No Rights or Liabilities as Stockholder. Nothing contained in this Warrant shall be deemed to confer upon the Warrantheolder any rights as a stockholder of the

Company or as imposing any liabilities on the Warrantholder to purchase any securities whether such liabilities are asserted by the Company or by creditors or stockholders of the Company or otherwise.

13.10 Representations of the Company. The Company hereby represents and warrants, as of the date hereof, to the Warrantholder as follows:

(a) Corporate Existence and Power. The Company (i) is a corporation duly incorporated, validly existing and in good standing under the laws of the State of Delaware; (ii) has all requisite corporate power and authority to own and operate its property, to lease the property it operates as lessee and to conduct the business in which it is engaged; and (iii) has the corporate power and authority to execute, deliver and perform its obligations under this Warrant. The Company is duly qualified to do business as a foreign corporation in, and is in good standing under the laws of, each jurisdiction in which the conduct of its business or the nature of the property owned requires such qualification.

(b) Corporate Authorization; No Contravention. The execution, delivery and performance by the Company of this Warrant and the transactions contemplated hereby, including, without limitation, the sale, issuance and delivery of the Warrant Shares, (i) have been duly authorized by all necessary corporate action of the Company; (ii) do not contravene the terms of the Certificate of Incorporation or Bylaws; and (iii) do not violate, conflict with or result in any breach or contravention of, or the creation of any Lien under, any Contractual Obligation of the Company or any Requirement of Law applicable to the Company. No event has occurred and no condition exists which, upon notice or the passage of time (or both), would constitute a default under any indenture, mortgage, deed of trust, credit agreement, note or other evidence of indebtedness or other material agreement of the Company or the Certificate of Incorporation or Bylaws.

(c) Capitalization of the Company. The authorized capital stock of the Company consists of (i) 200,000,000 shares of Common Stock, of which, as of May 31, 1999 (a) 23,243,279 shares were issued and outstanding and (b) 34,877,533 shares were reserved for issuance upon the exercise of outstanding stock options, warrants to purchase Common Stock and conversion of outstanding shares of 10-1/2% Series C Convertible Preferred Stock (the "Series C Preferred Stock"), 9.2% Series A Junior Cumulative Convertible Preferred Stock (the "Series A Junior Preferred Stock") and shares of Series C Preferred Stock issuable pursuant to warrants to purchase Series C Preferred Stock, and (ii) 50,000,000 shares of Preferred Stock, of which 1,467,416 shares of Series C Preferred Stock were issued and outstanding as of May 31, 1999 and 1,350,000 shares of Series A Junior Preferred Stock were issued and outstanding as of May 31, 1999. Each share of Series C Preferred Stock may be converted at any time, at the option of the holder, unless previously redeemed, into a number of shares of Common Stock calculated by dividing the \$100 liquidation preference of the Series C Preferred Stock (without accrued and unpaid dividends) by \$18 (as adjusted from time to time). Each share of Series A Junior Preferred Stock may be converted at any time, at the option of the holder, unless previously redeemed, into a number of shares of Common Stock calculated by dividing the \$100 liquidation preference of the Series A Junior Preferred Stock (with accrued and unpaid dividends) by \$30 (as adjusted from time to time).

(d) Issuance of Warrant Shares. The Warrant Shares have been duly authorized and reserved for issuance. When issued, such shares will be validly issued, fully paid and non-assessable, and free and clear of all Liens and preemptive rights, and the holders thereof shall be entitled to all rights and preferences accorded to a holder of Common Stock.

(e) Binding Effect. This Warrant has been duly executed and delivered by the Company and constitutes the legal, valid and binding obligation of the Company enforceable against the Company in accordance with its terms, except as enforceability may be limited by applicable bankruptcy, insolvency, fraudulent conveyance or transfer, moratorium or other similar laws affecting the enforcement of creditors' rights generally and by general principles of equity.

IN WITNESS WHEREOF, the Company has caused this Warrant to be signed by its duly authorized officer.

This certifies that, for good and valuable consideration, CD Radio Inc., a Delaware corporation (the "Company"), grants to Ford Motor Company, a Delaware corporation ("Ford"), or registered assigns (including Ford, the "Warrantholder"), the right to subscribe for and purchase from the Company 4,000,000 validly issued, fully paid and nonassessable shares (the "Warrant Shares") of the Company's common stock, par value \$0.001 per share (the "Common Stock"), at the purchase price per share equal to the greater of (i) \$30 or (ii) 115% of the closing offer price for the Common Stock on the Nasdaq National Market on June 11, 1999 (the "Exercise Price"), at any time and from time to time, during the period from and including 9:00 AM, New York City time, on the date the Company commences its commercial broadcasts from orbiting satellites until 5:00 PM, New York City time, on the earlier of (a) June 11, 2009 and (b) the date of the termination or expiration of the Agreement, dated as of June 11, 1999, between the Company and Ford (the "Expiration Date"), all subject to the terms, conditions and adjustments herein set forth.

Certain capitalized terms used herein and not otherwise defined shall have the meanings ascribed to them in Section 10.

Certificate No. 1

Number of Shares: 4,000,000

Name of Warrantholder: Ford Motor Company, a Delaware corporation

1. Duration and Exercise of Warrant; Limitations on Exercise; Payment of Taxes.

1.1 Exercisability of Warrant. Subject to the terms and conditions set forth herein, the right to exercise this Warrant shall vest, and this Warrant shall become exercisable, as follows:

(a) with respect to 1,000,000 shares of Common Stock, on the date that Ford has manufactured 500,000 Ford Enabled Vehicles;

(b) with respect to an additional 500,000 shares of Common Stock, on the date that Ford has manufactured an aggregate of 1,000,000 Ford Enabled Vehicles;

(c) with respect to an additional 500,000 shares of Common Stock, on the date that Ford has manufactured an aggregate of 2,000,000 Ford Enabled Vehicles;

(d) with respect to an additional 1,000,000 shares of Common Stock, on the date that Ford has manufactured an aggregate of 3,000,000 Ford Enabled Vehicles; and

(e) with respect to an additional 1,000,000 shares of Common Stock, on the date that Ford has manufactured an aggregate of 4,000,000 Ford Enabled Vehicles.

The Warrantholder shall have no right to exercise this Warrant with respect to shares of Common Stock which are not vested and exercisable as described in this Section 1.1.

1.2 Duration and Exercise of Warrant. Subject to the terms and conditions

set forth herein, including Section 1.1, the Warrant may be exercised, in whole or in part, by the Warrantholder by:

(a) the surrender of this Warrant to the Company, with a duly executed Exercise Form specifying the number of Warrant Shares to be purchased, during normal business hours on any Business Day prior to the Expiration Date; and

(b) the delivery of payment to the Company, for the account of the Company, by cash, by certified or bank cashier's check or by wire transfer of immediately available funds in accordance with wire instructions that shall be provided by the Company upon request, of the Exercise Price for the number of Warrant Shares specified in the Exercise Form in lawful money of the United States of America.

The Company agrees that such Warrant Shares shall be deemed to be issued to the Warrantholder as the record holder of such Warrant Shares as of the close of business on the date on which this Warrant shall have been surrendered and payment made for the Warrant Shares as aforesaid.

1.3 Limitations on Exercise. Notwithstanding anything to the contrary herein, this Warrant may be exercised only upon (i) the delivery to the Company of any certificates, legal

opinions, and other documents reasonably requested by the Company to satisfy the Company that the proposed exercise of this Warrant may be effected without registration under the Securities Act, (ii) receipt by the Company of FCC approval of the proposed exercise, if such approval is required (as determined by a written opinion of the Company's special FCC counsel, delivered to the Warrantholder) to maintain any license granted to the Company by the FCC, or to maintain the Company's eligibility for any license for which it has applied to the FCC and (iii) receipt by the Company of approval of any other applicable Governmental Authority of the proposed exercise. The Warrantholder shall not be entitled to exercise this Warrant, or any part thereof, unless and until such approvals, certificates, legal opinions or other documents are reasonably acceptable to the Company. The cost of such approvals, certificates, legal opinions and other documents, if required, shall be borne by the Warrantholder.

1.4 Warrant Shares Certificate. A stock certificate or certificates for the Warrant Shares specified in the Exercise Form shall be delivered to the Warrantholder within five Business Days after receipt of the Exercise Form and receipt of payment of the purchase price. If this Warrant shall have been exercised only in part, the Company shall, at the time of delivery of the stock certificate or certificates, deliver to the Warrantholder a new Warrant evidencing the rights to purchase the remaining Warrant Shares, which new Warrant shall in all other respects be identical with this Warrant.

1.5 Payment of Taxes. The issuance of certificates for Warrant Shares shall be made without charge to the Warrantholder for any documentary, stamp or similar stock transfer or other issuance tax in respect thereto; provided, however, that the Warrantholder shall be required to pay any and all taxes which may be payable in respect of any transfer involved in the issuance and delivery of any certificate in a name other than that of the then Warrantholder as reflected upon the books of the Company.

1.6 Divisibility of Warrant; Transfer of Warrant. (a) This Warrant may only be transferred by the Warrantholder with the prior written consent of the Company. Any transfer of this Warrant without the prior written consent of the Company shall be void and of no force and effect.

(b) Subject to the provisions of this Section, this Warrant may be divided into warrants of one thousand shares or multiples thereof, upon surrender at the office of the Company located at 1221 Avenue of the Americas, New York, New York 10020, without charge to any Warrantholder. Subject to the provisions of this Section, upon such division, the Warrants may be transferred of record as the then Warrantholder may specify without charge to such Warrantholder (other than any applicable transfer taxes).

(c) Subject to the provisions of this Section, upon surrender of this Warrant to the Company with a duly executed Assignment Form and funds sufficient to pay any transfer tax, the Company shall, without charge, execute and deliver a new Warrant or Warrants of like tenor in the name of the assignee named in such Assignment Form, and this Warrant shall promptly be canceled. Prior to any proposed transfer (whether as the result of a division or otherwise) of this Warrant, such Warrantholder shall give written notice to the Company of

such Warrantholder's intention to effect such transfer. Each such notice shall describe the manner and circumstances of the proposed transfer in sufficient detail, and, if requested by the Company, shall be accompanied by a written opinion of legal counsel, which opinion shall be addressed to the Company and be reasonably satisfactory in form and substance to the Company, to the effect that the proposed transfer of this Warrant may be effected without registration under the Securities Act. In addition to the restrictions contained in this Section, the Warrantholder shall not be entitled to transfer this Warrant, or any part thereof, if such legal opinion is not reasonably acceptable to the Company. The term "Warrant" as used in this Agreement shall be deemed to include any Warrants issued in substitution or exchange for this Warrant.

2. Restrictions on Transfer; Restrictive Legends.

Except as otherwise permitted by this Section 2, each Warrant shall (and each Warrant issued upon direct or indirect transfer or in substitution for any Warrant pursuant to Section 1.6 or Section 4 shall) be stamped or otherwise imprinted with a legend in substantially the following form:

THIS WARRANT AND ANY SECURITIES ACQUIRED UPON THE EXERCISE OF THIS WARRANT HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, OR ANY STATE SECURITIES LAWS AND NEITHER THIS WARRANT NOR SUCH SECURITIES NOR ANY INTEREST THEREIN MAY BE OFFERED, SOLD, TRANSFERRED, PLEDGED OR OTHERWISE DISPOSED OF EXCEPT PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT UNDER SUCH ACT OR SUCH LAWS OR AN EXEMPTION FROM REGISTRATION UNDER SUCH ACT AND SUCH LAWS.

Except as otherwise permitted by this Section 2, each stock certificate for Warrant Shares issued upon the exercise of any Warrant and each stock certificate issued upon the direct or indirect transfer of any such Warrant Shares shall be stamped or otherwise imprinted with a legend in substantially the following form:

THE SECURITIES REPRESENTED BY THIS CERTIFICATE HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, OR ANY STATE SECURITIES LAWS AND NEITHER THE SECURITIES NOR ANY INTEREST THEREIN MAY BE OFFERED, SOLD, TRANSFERRED, PLEDGED OR OTHERWISE DISPOSED OF EXCEPT PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT UNDER SUCH ACT OR SUCH LAWS OR AN EXEMPTION FROM REGISTRATION UNDER SUCH ACT AND SUCH LAWS.

Notwithstanding the foregoing, the Warrantholder may require the Company to issue a Warrant or a stock certificate for Warrant Shares, in each case without a legend, if either (i) such Warrant or such Warrant Shares, as the case may be, have been registered for resale under the Securities Act or (ii) the Warrantholder has delivered to the Company an opinion of legal counsel, which opinion shall be addressed to the Company and be reasonably

satisfactory in form and substance to the Company, to the effect that such registration is not required with respect to such Warrant or such Warrant Shares, as the case may be.

By acceptance of this Warrant, the Warrantholder expressly agrees that it will at all times comply with the restrictions contained in Rule 144(e) under the Securities Act (as in effect on the date hereof) when selling, transferring or otherwise disposing Warrant Shares, even if such restrictions would not then be applicable to the Warrantholder.

3. Reservation and Registration of Shares, Etc. The Company covenants and agrees as follows:

(a) all Warrant Shares which are issued upon the exercise of this Warrant will, upon issuance, be validly issued, fully paid, and nonassessable, not subject to any preemptive rights, and free from all taxes, liens, security interests, charges, and other encumbrances with respect to the issue thereof, other than taxes with respect to any transfer occurring contemporaneously with such issue;

(b) during the period within which this Warrant may be exercised, the

Company will at all times have authorized and reserved, and keep available free from preemptive rights and any liens and encumbrances, a sufficient number of shares of Common Stock to provide for the exercise of the rights represented by this Warrant; and

(c) the Company will, from time to time, take all such action as may be required to assure that the par value per share of the Warrant Shares is at all times equal to or less than the then effective Exercise Price.

4. Loss or Destruction of Warrant. Subject to the terms and conditions hereof, upon receipt by the Company of evidence reasonably satisfactory to it of the loss, theft, destruction or mutilation of this Warrant and, in the case of loss, theft or destruction, of such bond or indemnification as the Company may reasonably require, and, in the case of such mutilation, upon surrender and cancellation of this Warrant, the Company will execute and deliver a new Warrant of like tenor.

5. Ownership of Warrant. The Company may deem and treat the Person in whose name this Warrant is registered as the holder and owner hereof (notwithstanding any notations of ownership or writing hereon made by anyone other than the Company) for all purposes and shall not be affected by any notice to the contrary, until presentation of this Warrant for registration of transfer.

6. Certain Adjustments.

6.1 The number of Warrant Shares purchasable upon the exercise of this Warrant and the Exercise Price shall be subject to adjustment as follows:

(a) Stock Dividends. If at any time after the date of the issuance of this Warrant (i) the Company shall fix a record date for the issuance of any stock dividend payable in

shares of Common Stock; or (ii) the number of shares of Common Stock shall have been increased by a subdivision or split-up of shares of Common Stock, then, on the record date fixed for the determination of holders of Common Stock entitled to receive such dividend or immediately after the effective date of such subdivision or split-up, as the case may be, the number of shares to be delivered upon exercise of this Warrant will be increased so that the Warrantholder will be entitled to receive the number of shares of Common Stock that such Warrantholder would have owned immediately following such action had this Warrant been exercised immediately prior thereto, and the Exercise Price will be adjusted as provided below in paragraph (g).

(b) Combination of Stock. If the number of shares of Common Stock outstanding at any time after the date of the issuance of this Warrant shall have been decreased by a combination of the outstanding shares of Common Stock, then, immediately after the effective date of such combination, the number of shares of Common Stock to be delivered upon exercise of this Warrant will be decreased so that the Warrantholder thereafter will be entitled to receive the number of shares of Common Stock that such Warrantholder would have owned immediately following such action had this Warrant been exercised immediately prior thereto, and the Exercise Price will be adjusted as provided below in paragraph (g).

(c) Reorganization, etc. If any capital reorganization of the Company, any reclassification of the Common Stock, any consolidation of the Company with or merger of the Company with or into any other Person, or any sale or lease or other transfer of all or substantially all of the assets of the Company to any other Person, shall be effected in such a way that the holders of Common Stock shall be entitled to receive stock, other securities or assets (whether such stock, other securities or assets are issued or distributed by the Company or another Person) with respect to or in exchange for Common Stock, then, upon exercise of this Warrant, the Warrantholder shall have the right to receive the kind and amount of stock, other securities or assets receivable upon such reorganization, reclassification, consolidation, merger or sale, lease or other transfer by a holder of the number of shares of Common Stock that such Warrantholder would have been entitled to receive upon exercise of this Warrant had this Warrant been exercised immediately before such reorganization, reclassification, consolidation, merger or sale, lease or other transfer, subject to adjustments that shall be as nearly equivalent as may be practicable to the adjustments provided for in this Section 6. The Company shall not effect any such consolidation, merger or sale, lease or other transfer, unless prior to, or simultaneously with, the consummation thereof, the successor Person (if other than the Company) resulting from such consolidation or merger, or such Person purchasing, leasing or otherwise acquiring such assets, shall assume, by

written instrument, the obligation to deliver to the Warrantholder the shares of stock, securities or assets to which, in accordance with the foregoing provisions, the Warrantholder may be entitled and all other obligations of the Company under this Warrant. The provisions of this paragraph (c) shall apply to successive reorganizations, reclassifications, consolidations, mergers, sales, leasing transactions and other transfers.

(d) Distributions to all Holders of Common Stock. If the Company shall, at any time after the date of issuance of this Warrant, fix a record date to distribute to all holders of its Common Stock any shares of capital stock of the Company (other than Common Stock) or

evidences of its indebtedness or assets (not including regular quarterly cash dividends and distributions paid from retained earnings of the Company) or rights or warrants to subscribe for or purchase any of its securities, then the Warrantholder shall be entitled to receive, upon exercise of this Warrant, that portion of such distribution to which it would have been entitled had the Warrantholder exercised its Warrant immediately prior to the date of such distribution. At the time it fixes the record date for such distribution, the Company shall allocate sufficient reserves to ensure the timely and full performance of the provisions of this Subsection. The Company shall promptly (but in any case no later than five Business Days prior to the record date of such distribution) give notice to the Warrantholder that such distribution will take place.

(e) Fractional Shares. No fractional shares of Common Stock or scrip shall be issued to any Warrantholder in connection with the exercise of this Warrant. Instead of any fractional shares of Common Stock that would otherwise be issuable to such Warrantholder, the Company will pay to such Warrantholder a cash adjustment in respect of such fractional interest in an amount equal to that fractional interest of the then current Fair Market Value per share of Common Stock.

(f) Carryover. Notwithstanding any other provision of this Section 6, no adjustment shall be made to the number of shares of Common Stock to be delivered to the Warrantholder (or to the Exercise Price) if such adjustment represents less than 0.10% of the number of shares to be so delivered, but any lesser adjustment shall be carried forward and shall be made at the time and together with the next subsequent adjustment which together with any adjustments so carried forward shall amount to 0.10% or more of the number of shares to be so delivered.

(g) Exercise Price Adjustment. Whenever the number of Warrant Shares purchasable upon the exercise of this Warrant is adjusted, as herein provided, the Exercise Price payable upon the exercise of this Warrant shall be adjusted by multiplying such Exercise Price immediately prior to such adjustment by a fraction, of which the numerator shall be the number of Warrant Shares purchasable upon the exercise of the Warrant immediately prior to such adjustment, and of which the denominator shall be the number of Warrant Shares purchasable immediately thereafter.

6.2 Rights Offering. In the event the Company shall effect an offering of Common Stock pro rata among its stockholders, the Warrantholder shall be entitled to elect to participate in each and every such offering as if this Warrant had been exercised immediately prior to each such offering. The Company shall promptly (but in any case no later than five Business Days prior to such rights offering) give notice to the Warrantholder that such rights offering will take place. The Company shall not be required to make any adjustment with respect to the issuance of shares of Common Stock pursuant to a rights offering in which the holder hereof elects to participate under the provisions of this Section 6.2.

6.3 Notice of Adjustments. Whenever the number of Warrant Shares or the Exercise Price of such Warrant Shares is adjusted, as herein provided, the Company shall promptly give to the Warrantholder notice of such adjustment or adjustments and a certificate of a firm

of independent public accountants of recognized national standing selected by

the Board of Directors of the Company (which shall be appointed at the Company's expense and may be the independent public accountants regularly employed by the Company) setting forth the number of Warrant Shares and the Exercise Price of such Warrant Shares after such adjustment, a brief statement of the facts requiring such adjustment, and the computation by which such adjustment was made.

6.4 Notice of Extraordinary Corporate Events. Such notice shall be given in the case of any action covered by clause (i) or (ii) above at least ten days prior to the record date for determining holders of Common Stock for purposes of receiving such payment or offer, or in the case of any action covered by clause (iii) above at least 30 days prior to the date upon which such action takes place and 20 days prior to any record date to determine holders of Common Stock entitled to receive such securities or other property.

The execution, delivery and performance by the Company of this Warrant and the transactions contemplated hereby, including, without limitation, the sale, issuance and delivery of the Warrant Shares, (i) have been duly authorized by all necessary corporate action of the Company; (ii) do not contravene the terms of the Certificate of Incorporation or Bylaws; and (iii) do not violate, conflict with or result in any breach or contravention of, or the creation of any Lien under, any Contractual Obligation of the Company or any Requirement of Law applicable to the Company. No event has occurred and no condition exists which, upon notice or the passage of time (or both), would constitute a default under any indenture, mortgage, deed of trust, credit agreement, note or other evidence of indebtedness or other material agreement of the Company or the Certificate of Incorporation or Bylaws.

(c) Capitalization of the Company. The authorized capital stock of the Company consists of (i) 200,000,000 shares of Common Stock, of which, as of May 31, 1999 (a) 23,243,279 shares were issued and outstanding and (b) 34,877,533 shares were reserved for issuance upon the exercise of outstanding stock options, warrants to purchase Common Stock and conversion of outstanding shares of 10-1/2% Series C Convertible Preferred Stock (the "Series C Preferred Stock"), 9.2% Series A Junior Cumulative Convertible Preferred Stock (the "Series A Junior Preferred Stock") and shares of Series C Preferred Stock issuable pursuant to warrants to purchase Series C Preferred Stock, and (ii) 50,000,000 shares of Preferred Stock, of which 1,467,416 shares of Series C Preferred Stock were issued and outstanding as of May 31, 1999 and 1,350,000 shares of Series A Junior Preferred Stock were issued and outstanding as of May 31, 1999. Each share of Series A Junior Preferred Stock may be converted at any time, at the option of the holder, unless previously redeemed, into a number of shares of Common Stock calculated by dividing the \$100 liquidation preference of the Series A Junior Preferred Stock (with accrued and unpaid dividends) by \$30 (as adjusted from time to time).

(d) Issuance of Warrant Shares. The Warrant Shares have been duly authorized and reserved for issuance. When issued, such shares will be validly issued, fully paid and non-assessable, and free and clear of all Liens and preemptive rights, and the holders thereof shall be entitled to all rights and preferences accorded to a holder of Common Stock.

(e) Binding Effect. This Warrant has been duly executed and delivered by the Company and constitutes the legal, valid and binding obligation of the Company enforceable against the Company in accordance with its terms, except as enforceability may be limited by applicable bankruptcy, insolvency, fraudulent conveyance or transfer, moratorium or other similar laws affecting the enforcement of creditors' rights generally and by general principles of equity.

Name of Warrantholder: Ford Motor Company, a Delaware corporation

1. Duration and Exercise of Warrant; Limitations on Exercise; Payment of Taxes.

1.1 Exercisability of Warrant. Subject to the terms and conditions set forth herein, the right to exercise this Warrant shall vest, and this Warrant shall become exercisable, as follows:

(a) with respect to 1,000,000 shares of Common Stock, on the date that Ford has manufactured 500,000 Ford Enabled Vehicles;

(b) with respect to an additional 500,000 shares of Common Stock, on the date that Ford has manufactured an aggregate of 1,000,000 Ford Enabled Vehicles;

(e) with respect to an additional 1,000,000 shares of Common Stock, on the date that Ford has manufactured an aggregate of 4,000,000 Ford Enabled Vehicles.

The Warrantholder shall have no right to exercise this Warrant with respect to shares of Common Stock which are not vested and exercisable as described in this Section 1.1.

1.2 Duration and Exercise of Warrant. Subject to the terms and conditions

set forth herein, including Section 1.1, the Warrant may be exercised, in whole or in part, by the Warrantholder by:

(a) the surrender of this Warrant to the Company, with a duly executed Exercise Form specifying the number of Warrant Shares to be purchased, during normal business hours on any Business Day prior to the Expiration Date; and

(b) the delivery of payment to the Company, for the account of the Company, by cash, by certified or bank cashier's check or by wire transfer of immediately available funds in accordance with wire instructions that shall be provided by the Company upon request, of the Exercise Price for the number of Warrant Shares specified in the Exercise Form in lawful money of the United States of America.

The Company agrees that such Warrant Shares shall be deemed to be issued to the Warrantholder as the record holder of such Warrant Shares as of the close of business on the date on which this Warrant shall have been surrendered and payment made for the Warrant Shares as aforesaid.

1.3 Limitations on Exercise. Notwithstanding anything to the contrary herein, this Warrant may be exercised only upon (i) the delivery to the Company of any certificates, legal

opinions, and other documents reasonably requested by the Company to satisfy the Company that the proposed exercise of this Warrant may be effected without registration under the Securities Act, (ii) receipt by the Company of FCC approval of the proposed exercise, if such approval is required (as determined by a written opinion of the Company's special FCC counsel, delivered to the Warrantholder) to maintain any license granted to the Company by the FCC, or to maintain the Company's eligibility for any license for which it has applied to the FCC and (iii) receipt by the Company of approval of any other applicable Governmental Authority of the proposed exercise. The Warrantholder shall not be entitled to exercise this Warrant, or any part thereof, unless and until such approvals, certificates, legal opinions or other documents are reasonably acceptable to the Company. The cost of such approvals, certificates, legal opinions and other documents, if required, shall be borne by the Warrantholder.

1.4 Warrant Shares Certificate. A stock certificate or certificates for the Warrant Shares specified in the Exercise Form shall be delivered to the Warrantholder within five Business Days after receipt of the Exercise Form and receipt of payment of the purchase price. If this Warrant shall have been exercised only in part, the Company shall, at the time of delivery of the stock certificate or certificates, deliver to the Warrantholder a new Warrant evidencing the rights to purchase the remaining Warrant Shares, which new Warrant shall in all other respects be identical with this Warrant.

1.5 Payment of Taxes. The issuance of certificates for Warrant Shares shall be made without charge to the Warrantholder for any documentary, stamp or similar stock transfer or other issuance tax in respect thereto; provided, however, that the Warrantholder shall be required to pay any and all taxes which may be payable in respect of any transfer involved in the issuance and delivery of any certificate in a name other than that of the then Warrantholder as reflected upon the books of the Company.

1.6 Divisibility of Warrant; Transfer of Warrant. (a) This Warrant may only be transferred by the Warrantholder with the prior written consent of the Company. Any transfer of this Warrant without the prior written consent of the Company shall be void and of no force and effect.

(b) Subject to the provisions of this Section, this Warrant may be divided into warrants of one thousand shares or multiples thereof, upon surrender at the office of the Company located at 1221 Avenue of the Americas, New York, New York 10020, without charge to any Warrantholder. Subject to the provisions of this Section, upon such division, the Warrants may be transferred of record as the then Warrantholder may specify without charge to such Warrantholder (other than any applicable transfer taxes).

(c) Subject to the provisions of this Section, upon surrender of this Warrant to the Company with a duly executed Assignment Form and funds sufficient to pay any transfer tax, the Company shall, without charge, execute and deliver a new Warrant or Warrants of like tenor in the name of the assignee named in such Assignment Form, and this Warrant shall promptly be canceled. Prior to any proposed transfer (whether as the result of a division or otherwise) of this Warrant, such Warrantholder shall give written notice to the Company of

such Warrantholder's intention to effect such transfer. Each such notice shall describe the manner and circumstances of the proposed transfer in sufficient detail, and, if requested by the Company, shall be accompanied by a written opinion of legal counsel, which opinion shall be addressed to the Company and be reasonably satisfactory in form and substance to the Company, to the effect that the proposed transfer of this Warrant may be effected without registration under the Securities Act. In addition to the restrictions contained in this Section, the Warrantholder shall not be entitled to transfer this Warrant, or any part thereof, if such legal opinion is not reasonably acceptable to the Company. The term "Warrant" as used in this Agreement shall be deemed to include any Warrants issued in substitution or exchange for this Warrant.

2. Restrictions on Transfer; Restrictive Legends.

Except as otherwise permitted by this Section 2, each Warrant shall (and each Warrant issued upon direct or indirect transfer or in substitution for any Warrant pursuant to Section 1.6 or Section 4 shall) be stamped or otherwise imprinted with a legend in substantially the following form:

THIS WARRANT AND ANY SECURITIES ACQUIRED UPON THE EXERCISE OF THIS WARRANT HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, OR ANY STATE SECURITIES LAWS AND NEITHER THIS WARRANT NOR SUCH SECURITIES NOR ANY INTEREST THEREIN MAY BE OFFERED, SOLD, TRANSFERRED, PLEDGED OR OTHERWISE DISPOSED OF EXCEPT PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT UNDER SUCH ACT OR SUCH LAWS OR AN EXEMPTION FROM REGISTRATION UNDER SUCH ACT AND SUCH LAWS.

Except as otherwise permitted by this Section 2, each stock certificate for Warrant Shares issued upon the exercise of any Warrant and each stock certificate issued upon the direct or indirect transfer of any such Warrant Shares shall be stamped or otherwise imprinted with a legend in substantially the following form:

THE SECURITIES REPRESENTED BY THIS CERTIFICATE HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, OR ANY STATE SECURITIES LAWS AND NEITHER THE SECURITIES NOR ANY INTEREST THEREIN MAY BE OFFERED, SOLD, TRANSFERRED, PLEDGED OR OTHERWISE DISPOSED OF EXCEPT PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT UNDER SUCH ACT OR SUCH LAWS OR AN EXEMPTION FROM REGISTRATION UNDER SUCH ACT AND SUCH LAWS.

Notwithstanding the foregoing, the Warrantholder may require the Company to issue a Warrant or a stock certificate for Warrant Shares, in each case without a legend, if either (i) such Warrant or such Warrant Shares, as the case may be, have been registered for resale under the Securities Act or (ii) the Warrantholder has delivered to the Company an opinion of legal counsel, which opinion shall be addressed to the Company and be reasonably

satisfactory in form and substance to the Company, to the effect that such registration is not required with respect to such Warrant or such Warrant Shares, as the case may be.

By acceptance of this Warrant, the Warrantholder expressly agrees that it will at all times comply with the restrictions contained in Rule 144(e) under the Securities Act (as in effect on the date hereof) when selling, transferring or otherwise disposing Warrant Shares, even if such restrictions would not then be applicable to the Warrantholder.

3. Reservation and Registration of Shares, Etc. The Company covenants and agrees as follows:

(a) all Warrant Shares which are issued upon the exercise of this Warrant will, upon issuance, be validly issued, fully paid, and nonassessable, not subject to any preemptive rights, and free from all taxes, liens, security interests, charges, and other encumbrances with respect to the issue thereof, other than taxes with respect to any transfer occurring contemporaneously with such issue;

(b) during the period within which this Warrant may be exercised, the

Company will at all times have authorized and reserved, and keep available free from preemptive rights and any liens and encumbrances, a sufficient number of shares of Common Stock to provide for the exercise of the rights represented by this Warrant; and

(c) the Company will, from time to time, take all such action as may be required to assure that the par value per share of the Warrant Shares is at all times equal to or less than the then effective Exercise Price.

4. Loss or Destruction of Warrant. Subject to the terms and conditions hereof, upon receipt by the Company of evidence reasonably satisfactory to it of the loss, theft, destruction or mutilation of this Warrant and, in the case of loss, theft or destruction, of such bond or indemnification as the Company may reasonably require, and, in the case of such mutilation, upon surrender and cancellation of this Warrant, the Company will execute and deliver a new Warrant of like tenor.

5. Ownership of Warrant. The Company may deem and treat the Person in whose name this Warrant is registered as the holder and owner hereof (notwithstanding any notations of ownership or writing hereon made by anyone other than the Company) for all purposes and shall not be affected by any notice to the contrary, until presentation of this Warrant for registration of transfer.

6. Certain Adjustments.

6.1 The number of Warrant Shares purchasable upon the exercise of this Warrant and the Exercise Price shall be subject to adjustment as follows:

(a) Stock Dividends. If at any time after the date of the issuance of this Warrant (i) the Company shall fix a record date for the issuance of any stock dividend payable in

shares of Common Stock; or (ii) the number of shares of Common Stock shall have been increased by a subdivision or split-up of shares of Common Stock, then, on the record date fixed for the determination of holders of Common Stock entitled to receive such dividend or immediately after the effective date of such subdivision or split-up, as the case may be, the number of shares to be delivered upon exercise of this Warrant will be increased so that the Warrantholder will be entitled to receive the number of shares of Common Stock that such Warrantholder would have owned immediately following such action had this Warrant been exercised immediately prior thereto, and the Exercise Price will be adjusted as provided below in paragraph (g).

(b) Combination of Stock. If the number of shares of Common Stock outstanding at any time after the date of the issuance of this Warrant shall have been decreased by a combination of the outstanding shares of Common Stock, then, immediately after the effective date of such combination, the number of shares of Common Stock to be delivered upon exercise of this Warrant will be decreased so that the Warrantholder thereafter will be entitled to receive the number of shares of Common Stock that such Warrantholder would have owned immediately following such action had this Warrant been exercised immediately prior thereto, and the Exercise Price will be adjusted as provided below in paragraph (g).

(c) Reorganization, etc. If any capital reorganization of the Company, any reclassification of the Common Stock, any consolidation of the Company with or merger of the Company with or into any other Person, or any sale or lease or other transfer of all or substantially all of the assets of the Company to any other Person, shall be effected in such a way that the holders of Common Stock shall be entitled to receive stock, other securities or assets (whether such stock, other securities or assets are issued or distributed by the Company or another Person) with respect to or in exchange for Common Stock, then, upon exercise of this Warrant, the Warrantholder shall have the right to receive the kind and amount of stock, other securities or assets receivable upon such reorganization, reclassification, consolidation, merger or sale, lease or other transfer by a holder of the number of shares of Common Stock that such Warrantholder would have been entitled to receive upon exercise of this Warrant had this Warrant been exercised immediately before such reorganization, reclassification, consolidation, merger or sale, lease or other transfer, subject to adjustments that shall be as nearly equivalent as may be practicable to the adjustments provided for in this Section 6. The Company shall not effect any such consolidation, merger or sale, lease or other transfer, unless prior to, or simultaneously with, the consummation thereof, the successor Person (if other than the Company) resulting from such consolidation or merger, or such Person purchasing, leasing or otherwise acquiring such assets, shall assume, by

written instrument, the obligation to deliver to the Warrantholder the shares of stock, securities or assets to which, in accordance with the foregoing provisions, the Warrantholder may be entitled and all other obligations of the Company under this Warrant. The provisions of this paragraph (c) shall apply to successive reorganizations, reclassifications, consolidations, mergers, sales, leasing transactions and other transfers.

(d) Distributions to all Holders of Common Stock. If the Company shall, at any time after the date of issuance of this Warrant, fix a record date to distribute to all holders of its Common Stock any shares of capital stock of the Company (other than Common Stock) or

evidences of its indebtedness or assets (not including regular quarterly cash dividends and distributions paid from retained earnings of the Company) or rights or warrants to subscribe for or purchase any of its securities, then the Warrantholder shall be entitled to receive, upon exercise of this Warrant, that portion of such distribution to which it would have been entitled had the Warrantholder exercised its Warrant immediately prior to the date of such distribution. At the time it fixes the record date for such distribution, the Company shall allocate sufficient reserves to ensure the timely and full performance of the provisions of this Subsection. The Company shall promptly (but in any case no later than five Business Days prior to the record date of such distribution) give notice to the Warrantholder that such distribution will take place.

(e) Fractional Shares. No fractional shares of Common Stock or scrip shall be issued to any Warrantholder in connection with the exercise of this Warrant. Instead of any fractional shares of Common Stock that would otherwise be issuable to such Warrantholder, the Company will pay to such Warrantholder a cash adjustment in respect of such fractional interest in an amount equal to that fractional interest of the then current Fair Market Value per share of Common Stock.

(f) Carryover. Notwithstanding any other provision of this Section 6, no adjustment shall be made to the number of shares of Common Stock to be delivered to the Warrantholder (or to the Exercise Price) if such adjustment represents less than 0.10% of the number of shares to be so delivered, but any lesser adjustment shall be carried forward and shall be made at the time and together with the next subsequent adjustment which together with any adjustments so carried forward shall amount to 0.10% or more of the number of shares to be so delivered.

(g) Exercise Price Adjustment. Whenever the number of Warrant Shares purchasable upon the exercise of this Warrant is adjusted, as herein provided, the Exercise Price payable upon the exercise of this Warrant shall be adjusted by multiplying such Exercise Price immediately prior to such adjustment by a fraction, of which the numerator shall be the number of Warrant Shares purchasable upon the exercise of the Warrant immediately prior to such adjustment, and of which the denominator shall be the number of Warrant Shares purchasable immediately thereafter.

6.2 Rights Offering. In the event the Company shall effect an offering of Common Stock pro rata among its stockholders, the Warrantholder shall be entitled to elect to participate in each and every such offering as if this Warrant had been exercised immediately prior to each such offering. The Company shall promptly (but in any case no later than five Business Days prior to such rights offering) give notice to the Warrantholder that such rights offering will take place. The Company shall not be required to make any adjustment with respect to the issuance of shares of Common Stock pursuant to a rights offering in which the holder hereof elects to participate under the provisions of this Section 6.2.

6.3 Notice of Adjustments. Whenever the number of Warrant Shares or the Exercise Price of such Warrant Shares is adjusted, as herein provided, the Company shall promptly give to the Warrantholder notice of such adjustment or adjustments and a certificate of a firm

of independent public accountants of recognized national standing selected by

the Board of Directors of the Company (which shall be appointed at the Company's expense and may be the independent public accountants regularly employed by the Company) setting forth the number of Warrant Shares and the Exercise Price of such Warrant Shares after such adjustment, a brief statement of the facts requiring such adjustment, and the computation by which such adjustment was made.

6.4 Notice of Extraordinary Corporate Events. In case the Company after the date hereof shall propose to (i) distribute any dividend (whether stock or cash or otherwise) to the holders of shares of Common Stock or to make any other distribution to the holders of shares of Common Stock, (ii) offer to the holders of shares of Common Stock rights to subscribe for or purchase any additional shares of any class of stock or any other rights or options, or (iii) effect any reclassification of the Common Stock (other than a reclassification involving merely the subdivision or combination of outstanding shares of Common Stock), any capital reorganization, any consolidation or merger (other than a merger in which no distribution of securities or other property is to be made to holders of shares of Common Stock), any sale or lease or transfer or other disposition of all or substantially all of its property, assets and business, or the liquidation, dissolution or winding up of the Company, then, in each such case, the Company shall give to the Warrantholder notice of such proposed action, which notice shall specify the date on which (a) the books of the Company shall close, or (b) a record shall be taken for determining the holders of Common Stock entitled to receive such stock dividends or other distribution or such rights or options, or (c) such reclassification, reorganization, consolidation, merger, sale, transfer, other disposition, liquidation, dissolution or winding up shall take place or commence, as the case may be, and the date, if any, as of which it is expected that holders of record of Common Stock shall be entitled to receive securities or other property deliverable upon such action. Such notice shall be given in the case of any action covered by clause (i) or (ii) above at least ten days prior to the record date for determining holders of Common Stock for purposes of receiving such payment or offer, or in the case of any action covered by clause (iii) above at least 30 days prior to the date upon which such action takes place and 20 days prior to any record date to determine holders of Common Stock entitled to receive such securities or other property.

6.5 Effect of Failure to Notify. Failure to file any certificate or notice or to give any notice, or any defect in any certificate or notice, pursuant to Sections 6.3 and 6.4 shall not affect the legality or validity of the adjustment to the Exercise Price, the number of shares purchasable upon exercise of this Warrant, or any transaction giving rise thereto.

7. Reports Under Securities Exchange Act of 1934. With a view to making available to the Holders the benefits of Rule 144 promulgated under the Securities Act or any other similar rule or regulation of the SEC that may at any time permit the Holders to sell securities of the Company to the public without registration ("Rule 144"), the Company agrees to:

(a) make and keep public information available, as those terms are understood and defined in Rule 144, at all times;

(b) file with the SEC in a timely manner all reports and other documents required of the Company under the Securities Act and the Exchange Act; and

(c) furnish to each Holder so long as such Holder owns Warrants, promptly upon request, (i) a written statement by the Company that it has complied with the reporting requirements of Rule 144 (at any time after 90 days after the effective date of the first registration statement filed by the Company), the Securities Act and the Exchange Act (at any time after it has become subject to such reporting requirements), (ii) a copy of the most recent annual or quarterly report of the Company and such other reports and documents so filed by the Company, and (iii) such other information as may be reasonably requested to permit the Holders to sell such securities without registration.

8. Amendments. Any provision of this Warrant may be amended and the observance thereof may be waived (either generally or in a particular instance and either retroactively or prospectively), only with the written consent or approval of the Company and the Holders who hold a majority in interest of the Warrants; provided that it is not necessary that the exact form of the amendment be approved by the holders of a majority in interest of the Warrants if such holders have approved the substance of such amendment. Any amendment or waiver effected in accordance with this Section 8 shall be binding upon each Holder and the Company.

9. Expiration of the Warrant. The obligations of the Company pursuant to this Warrant shall terminate on the Expiration Date.

The purchase price for such shares of Common Stock shall be equal to the price of the shares of Common Stock sold in such underwritten public offering (prior to deducting any underwriting discounts and commissions). The Warrantholder must exercise its purchase rights hereunder in whole within five Business Days after receipt of such notice from the Company and close such purchase, by payment of immediately available funds,

simultaneously with the closing of such underwritten public offering. If after the date that the Company notifies the Warrantholder of the proposed underwritten public offering of Common Stock the actual number of shares of Common Stock offered is increased or decreased as a result of demand for such Common Stock offering, then the Company shall not be required to make an additional offer to the Warrantholder to give effect to the increased or decreased size of such offering.

(b) Upon the expiration of any offer to the Warrantholder described above, or if the Warrantholder shall default in paying for or purchasing the Common Stock on the terms offered by the Company, the Company will be under no further obligation to offer any Common Stock to the Warrantholder pursuant to the terms of this Section.

12. No Impairment. The Company shall not by any action, including, without limitation, amending the Certificate of Incorporation or through any reorganization, transfer of assets, consolidation, merger, dissolution, issue or sale of securities or any other voluntary action, avoid or seek to avoid the observance or performance of any of the terms of this Warrant, but will at all time in good faith assist in the carrying out of all such terms and in the taking of all such reasonable actions as may be necessary or appropriate to protect the rights of the Warrantholder against impairment. Without limiting the generality of the foregoing, the Company shall (a) take all such actions as may be necessary or appropriate in order that the Company may validly and legally issue fully paid and nonassessable shares of Common Stock upon the exercise of this Warrant, and (b) provide reasonable assistance to the Warrantholder in obtaining all authorizations, exemptions or consents from any Governmental Authority which may be necessary in connection with the exercise of this Warrant.

13.7 Separability. Any term or provision of this Warrant which is invalid or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such invalidity or unenforceability without rendering invalid or unenforceable the terms and provisions of this Warrant or affecting the validity or enforceability of any of the terms or provisions of this Warrant in any other jurisdiction.

13.8 Governing Law. This Warrant shall be deemed to be a contract made under the laws of New York and for all purposes shall be governed by and construed in accordance with the laws of such State applicable to such agreements made and to be performed entirely within such State.

The Company (i) is a corporation duly incorporated, validly existing and in good standing under the laws of the State of Delaware; (ii) has all requisite corporate power and authority to own and operate its property, to lease the property it operates as lessee and to conduct the business in which it is engaged; and (iii) has the corporate power and authority to execute, deliver and perform its obligations under this Warrant. The Company is duly qualified to do business as a foreign corporation in, and is in good standing under the laws of, each jurisdiction in which the conduct of its business or the nature of the property owned requires such qualification.

(b) Corporate Authorization; No Contravention. The execution, delivery and performance by the Company of this Warrant and the transactions contemplated hereby, including, without limitation, the sale, issuance and delivery of the Warrant Shares, (i) have been duly authorized by all necessary corporate action of the Company; (ii) do not contravene the terms of the Certificate of Incorporation or Bylaws; and (iii) do not violate, conflict with or result in any breach or contravention of, or the creation of any Lien under, any Contractual Obligation of the Company or any Requirement of Law applicable to the Company. No event has occurred and no condition exists which, upon notice or the passage of time (or both), would constitute a default under any indenture, mortgage, deed of trust, credit agreement, note or other evidence of indebtedness or other material agreement of the Company or the Certificate of Incorporation or Bylaws.

(c) Capitalization of the Company. The authorized capital stock of the Company consists of (i) 200,000,000 shares of Common Stock, of which, as of May 31, 1999 (a) 23,243,279 shares were issued and outstanding and (b) 34,877,533 shares were reserved for issuance upon the exercise of outstanding stock options, warrants to purchase Common Stock and conversion of outstanding shares of 10-1/2% Series C Convertible Preferred Stock (the "Series C Preferred Stock"), 9.2% Series A Junior Cumulative Convertible Preferred Stock (the "Series A Junior Preferred Stock") and shares of Series C Preferred Stock issuable pursuant to warrants to purchase Series C Preferred Stock, and (ii) 50,000,000 shares of Preferred Stock, of which 1,467,416 shares of Series C Preferred Stock were issued and outstanding as of May 31, 1999 and 1,350,000 shares of Series A Junior Preferred Stock were issued and outstanding as of May 31, 1999. Each share of Series C Preferred Stock may be converted at any time, at the option of the holder, unless previously redeemed, into a number of shares of Common Stock calculated by dividing the \$100 liquidation preference of the Series C Preferred Stock (without accrued and unpaid dividends) by \$18 (as adjusted from time to time). Each share of Series A Junior Preferred Stock may be converted at any time, at the option of the holder, unless previously redeemed, into a number of shares of Common Stock calculated by dividing the \$100 liquidation preference of the Series A Junior Preferred Stock (with accrued and unpaid dividends) by \$30 (as adjusted from time to time).

(d) Issuance of Warrant Shares. The Warrant Shares have been duly authorized and reserved for issuance. When issued, such shares will be validly issued, fully paid and non-assessable, and free and clear of all Liens and preemptive rights, and the holders thereof shall be entitled to all rights and preferences accorded to a holder of Common Stock.

(e) Binding Effect. This Warrant has been duly executed and delivered by the Company and constitutes the legal, valid and binding obligation of the Company enforceable against the Company in accordance with its terms, except as enforceability may be limited by applicable bankruptcy, insolvency, fraudulent conveyance or transfer, moratorium or other similar laws affecting the enforcement of creditors' rights generally and by general principles of equity.

(e) with respect to an additional 1,000,000 shares of Common Stock, on the date that Ford has manufactured an aggregate of 4,000,000 Ford Enabled Vehicles.

The Warrantholder shall have no right to exercise this Warrant with respect to shares of Common Stock which are not vested and exercisable as described in this Section 1.1.

1.2 Duration and Exercise of Warrant. Subject to the terms and conditions

set forth herein, including Section 1.1, the Warrant may be exercised, in whole or in part, by the Warrantholder by:

(a) the surrender of this Warrant to the Company, with a duly executed Exercise Form specifying the number of Warrant Shares to be purchased, during normal business hours on any Business Day prior to the Expiration Date; and

(b) the delivery of payment to the Company, for the account of the Company, by cash, by certified or bank cashier's check or by wire transfer of immediately available funds in accordance with wire instructions that shall be provided by the Company upon request, of the Exercise Price for the number of Warrant Shares specified in the Exercise Form in lawful money of the United States of America.

The Company agrees that such Warrant Shares shall be deemed to be issued to the Warrantholder as the record holder of such Warrant Shares as of the close of business on the date on which this Warrant shall have been surrendered and payment made for the Warrant Shares as aforesaid.

1.3 Limitations on Exercise. Notwithstanding anything to the contrary herein, this Warrant may be exercised only upon (i) the delivery to the Company of any certificates, legal

opinions, and other documents reasonably requested by the Company to satisfy the Company that the proposed exercise of this Warrant may be effected without registration under the Securities Act, (ii) receipt by the Company of FCC approval of the proposed exercise, if such approval is required (as determined by a written opinion of the Company's special FCC counsel, delivered to the Warrantholder) to maintain any license granted to the Company by the FCC, or to maintain the Company's eligibility for any license for which it has applied to the FCC and (iii) receipt by the Company of approval of any other applicable Governmental Authority of the proposed exercise. The Warrantholder shall not be entitled to exercise this Warrant, or any part thereof, unless and until such approvals, certificates, legal opinions or other documents are reasonably acceptable to the Company. The cost of such approvals, certificates, legal opinions and other documents, if required, shall be borne by the Warrantholder.

1.4 Warrant Shares Certificate. A stock certificate or certificates for the Warrant Shares specified in the Exercise Form shall be delivered to the Warrantholder within five Business Days after receipt of the Exercise Form and receipt of payment of the purchase price. If this Warrant shall have been exercised only in part, the Company shall, at the time of delivery of the stock certificate or certificates, deliver to the Warrantholder a new Warrant evidencing the rights to purchase the remaining Warrant Shares, which new Warrant shall in all other respects be identical with this Warrant.

1.5 Payment of Taxes. The issuance of certificates for Warrant Shares shall be made without charge to the Warrantholder for any documentary, stamp or similar stock transfer or other issuance tax in respect thereto; provided, however, that the Warrantholder shall be required to pay any and all taxes which may be payable in respect of any transfer involved in the issuance and delivery of any certificate in a name other than that of the then Warrantholder as reflected upon the books of the Company.

1.6 Divisibility of Warrant; Transfer of Warrant. (a) This Warrant may only be transferred by the Warrantholder with the prior written consent of the Company. Any transfer of this Warrant without the prior written consent of the Company shall be void and of no force and effect.

(b) Subject to the provisions of this Section, this Warrant may be divided into warrants of one thousand shares or multiples thereof, upon surrender at the office of the Company located at 1221 Avenue of the Americas, New York, New York 10020, without charge to any Warrantholder. Subject to the provisions of this Section, upon such division, the Warrants may be transferred of record as the then Warrantholder may specify without charge to such Warrantholder (other than any applicable transfer taxes).

(c) Subject to the provisions of this Section, upon surrender of this Warrant to the Company with a duly executed Assignment Form and funds sufficient to pay any transfer tax, the Company shall, without charge, execute and deliver a new Warrant or Warrants of like tenor in the name of the assignee named in such Assignment Form, and this Warrant shall promptly be canceled. Prior to any proposed transfer (whether as the result of a division or otherwise) of this Warrant, such Warrantholder shall give written notice to the Company of

such Warrantholder's intention to effect such transfer. Each such notice shall describe the manner and circumstances of the proposed transfer in sufficient detail, and, if requested by the Company, shall be accompanied by a written opinion of legal counsel, which opinion shall be addressed to the Company and be reasonably satisfactory in form and substance to the Company, to the effect that the proposed transfer of this Warrant may be effected without registration under the Securities Act. In addition to the restrictions contained in this Section, the Warrantholder shall not be entitled to transfer this Warrant, or any part thereof, if such legal opinion is not reasonably acceptable to the Company. The term "Warrant" as used in this Agreement shall be deemed to include any Warrants issued in substitution or exchange for this Warrant.

2. Restrictions on Transfer; Restrictive Legends.

Except as otherwise permitted by this Section 2, each Warrant shall (and each Warrant issued upon direct or indirect transfer or in substitution for any Warrant pursuant to Section 1.6 or Section 4 shall) be stamped or otherwise imprinted with a legend in substantially the following form:

THIS WARRANT AND ANY SECURITIES ACQUIRED UPON THE EXERCISE OF THIS WARRANT HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, OR ANY STATE SECURITIES LAWS AND NEITHER THIS WARRANT NOR SUCH SECURITIES NOR ANY INTEREST THEREIN MAY BE OFFERED, SOLD, TRANSFERRED, PLEDGED OR OTHERWISE DISPOSED OF EXCEPT PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT UNDER SUCH ACT OR SUCH LAWS OR AN EXEMPTION FROM REGISTRATION UNDER SUCH ACT AND SUCH LAWS.

Except as otherwise permitted by this Section 2, each stock certificate for Warrant Shares issued upon the exercise of any Warrant and each stock certificate issued upon the direct or indirect transfer of any such Warrant Shares shall be stamped or otherwise imprinted with a legend in substantially the following form:

THE SECURITIES REPRESENTED BY THIS CERTIFICATE HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, OR ANY STATE SECURITIES LAWS AND NEITHER THE SECURITIES NOR ANY INTEREST THEREIN MAY BE OFFERED, SOLD, TRANSFERRED, PLEDGED OR OTHERWISE DISPOSED OF EXCEPT PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT UNDER SUCH ACT OR SUCH LAWS OR AN EXEMPTION FROM REGISTRATION UNDER SUCH ACT AND SUCH LAWS.

Notwithstanding the foregoing, the Warrantholder may require the Company to issue a Warrant or a stock certificate for Warrant Shares, in each case without a legend, if either (i) such Warrant or such Warrant Shares, as the case may be, have been registered for resale under the Securities Act or (ii) the Warrantholder has delivered to the Company an opinion of legal counsel, which opinion shall be addressed to the Company and be reasonably

satisfactory in form and substance to the Company, to the effect that such registration is not required with respect to such Warrant or such Warrant Shares, as the case may be.

By acceptance of this Warrant, the Warrantholder expressly agrees that it will at all times comply with the restrictions contained in Rule 144(e) under the Securities Act (as in effect on the date hereof) when selling, transferring or otherwise disposing Warrant Shares, even if such restrictions would not then be applicable to the Warrantholder.

3. Reservation and Registration of Shares, Etc. The Company covenants and agrees as follows:

(a) all Warrant Shares which are issued upon the exercise of this Warrant will, upon issuance, be validly issued, fully paid, and nonassessable, not subject to any preemptive rights, and free from all taxes, liens, security interests, charges, and other encumbrances with respect to the issue thereof, other than taxes with respect to any transfer occurring contemporaneously with such issue;

(b) during the period within which this Warrant may be exercised, the

Company will at all times have authorized and reserved, and keep available free from preemptive rights and any liens and encumbrances, a sufficient number of shares of Common Stock to provide for the exercise of the rights represented by this Warrant; and

(c) the Company will, from time to time, take all such action as may be required to assure that the par value per share of the Warrant Shares is at all times equal to or less than the then effective Exercise Price.

4. Loss or Destruction of Warrant. Subject to the terms and conditions hereof, upon receipt by the Company of evidence reasonably satisfactory to it of the loss, theft, destruction or mutilation of this Warrant and, in the case of loss, theft or destruction, of such bond or indemnification as the Company may reasonably require, and, in the case of such mutilation, upon surrender and cancellation of this Warrant, the Company will execute and deliver a new Warrant of like tenor.

5. Ownership of Warrant. The Company may deem and treat the Person in whose name this Warrant is registered as the holder and owner hereof (notwithstanding any notations of ownership or writing hereon made by anyone other than the Company) for all purposes and shall not be affected by any notice to the contrary, until presentation of this Warrant for registration of transfer.

6. Certain Adjustments.

6.1 The number of Warrant Shares purchasable upon the exercise of this Warrant and the Exercise Price shall be subject to adjustment as follows:

(a) Stock Dividends. If at any time after the date of the issuance of this Warrant (i) the Company shall fix a record date for the issuance of any stock dividend payable in

shares of Common Stock; or (ii) the number of shares of Common Stock shall have been increased by a subdivision or split-up of shares of Common Stock, then, on the record date fixed for the determination of holders of Common Stock entitled to receive such dividend or immediately after the effective date of such subdivision or split-up, as the case may be, the number of shares to be delivered upon exercise of this Warrant will be increased so that the Warrantholder will be entitled to receive the number of shares of Common Stock that such Warrantholder would have owned immediately following such action had this Warrant been exercised immediately prior thereto, and the Exercise Price will be adjusted as provided below in paragraph (g).

(b) Combination of Stock. If the number of shares of Common Stock outstanding at any time after the date of the issuance of this Warrant shall have been decreased by a combination of the outstanding shares of Common Stock, then, immediately after the effective date of such combination, the number of shares of Common Stock to be delivered upon exercise of this Warrant will be decreased so that the Warrantholder thereafter will be entitled to receive the number of shares of Common Stock that such Warrantholder would have owned immediately following such action had this Warrant been exercised immediately prior thereto, and the Exercise Price will be adjusted as provided below in paragraph (g).

(c) Reorganization, etc. If any capital reorganization of the Company, any reclassification of the Common Stock, any consolidation of the Company with or merger of the Company with or into any other Person, or any sale or lease or other transfer of all or substantially all of the assets of the Company to any other Person, shall be effected in such a way that the holders of Common Stock shall be entitled to receive stock, other securities or assets (whether such stock, other securities or assets are issued or distributed by the Company or another Person) with respect to or in exchange for Common Stock, then, upon exercise of this Warrant, the Warrantholder shall have the right to receive the kind and amount of stock, other securities or assets receivable upon such reorganization, reclassification, consolidation, merger or sale, lease or other transfer by a holder of the number of shares of Common Stock that such Warrantholder would have been entitled to receive upon exercise of this Warrant had this Warrant been exercised immediately before such reorganization, reclassification, consolidation, merger or sale, lease or other transfer, subject to adjustments that shall be as nearly equivalent as may be practicable to the adjustments provided for in this Section 6. The Company shall not effect any such consolidation, merger or sale, lease or other transfer, unless prior to, or simultaneously with, the consummation thereof, the successor Person (if other than the Company) resulting from such consolidation or merger, or such Person purchasing, leasing or otherwise acquiring such assets, shall assume, by

written instrument, the obligation to deliver to the Warrantholder the shares of stock, securities or assets to which, in accordance with the foregoing provisions, the Warrantholder may be entitled and all other obligations of the Company under this Warrant. The provisions of this paragraph (c) shall apply to successive reorganizations, reclassifications, consolidations, mergers, sales, leasing transactions and other transfers.

(d) Distributions to all Holders of Common Stock. If the Company shall, at any time after the date of issuance of this Warrant, fix a record date to distribute to all holders of its Common Stock any shares of capital stock of the Company (other than Common Stock) or

evidences of its indebtedness or assets (not including regular quarterly cash dividends and distributions paid from retained earnings of the Company) or rights or warrants to subscribe for or purchase any of its securities, then the Warrantholder shall be entitled to receive, upon exercise of this Warrant, that portion of such distribution to which it would have been entitled had the Warrantholder exercised its Warrant immediately prior to the date of such distribution. At the time it fixes the record date for such distribution, the Company shall allocate sufficient reserves to ensure the timely and full performance of the provisions of this Subsection. The Company shall promptly (but in any case no later than five Business Days prior to the record date of such distribution) give notice to the Warrantholder that such distribution will take place.

(e) Fractional Shares. No fractional shares of Common Stock or scrip shall be issued to any Warrantholder in connection with the exercise of this Warrant. Instead of any fractional shares of Common Stock that would otherwise be issuable to such Warrantholder, the Company will pay to such Warrantholder a cash adjustment in respect of such fractional interest in an amount equal to that fractional interest of the then current Fair Market Value per share of Common Stock.

(f) Carryover. Notwithstanding any other provision of this Section 6, no adjustment shall be made to the number of shares of Common Stock to be delivered to the Warrantholder (or to the Exercise Price) if such adjustment represents less than 0.10% of the number of shares to be so delivered, but any lesser adjustment shall be carried forward and shall be made at the time and together with the next subsequent adjustment which together with any adjustments so carried forward shall amount to 0.10% or more of the number of shares to be so delivered.

(g) Exercise Price Adjustment. Whenever the number of Warrant Shares purchasable upon the exercise of this Warrant is adjusted, as herein provided, the Exercise Price payable upon the exercise of this Warrant shall be adjusted by multiplying such Exercise Price immediately prior to such adjustment by a fraction, of which the numerator shall be the number of Warrant Shares purchasable upon the exercise of the Warrant immediately prior to such adjustment, and of which the denominator shall be the number of Warrant Shares purchasable immediately thereafter.

6.2 Rights Offering. In the event the Company shall effect an offering of Common Stock pro rata among its stockholders, the Warrantholder shall be entitled to elect to participate in each and every such offering as if this Warrant had been exercised immediately prior to each such offering. The Company shall promptly (but in any case no later than five Business Days prior to such rights offering) give notice to the Warrantholder that such rights offering will take place. The Company shall not be required to make any adjustment with respect to the issuance of shares of Common Stock pursuant to a rights offering in which the holder hereof elects to participate under the provisions of this Section 6.2.

6.3 Notice of Adjustments. Whenever the number of Warrant Shares or the Exercise Price of such Warrant Shares is adjusted, as herein provided, the Company shall promptly give to the Warrantholder notice of such adjustment or adjustments and a certificate of a firm

of independent public accountants of recognized national standing selected by

the Board of Directors of the Company (which shall be appointed at the Company's expense and may be the independent public accountants regularly employed by the Company) setting forth the number of Warrant Shares and the Exercise Price of such Warrant Shares after such adjustment, a brief statement of the facts requiring such adjustment, and the computation by which such adjustment was made.

6.4 Notice of Extraordinary Corporate Events. In case the Company after the date hereof shall propose to (i) distribute any dividend (whether stock or cash or otherwise) to the holders of shares of Common Stock or to make any other distribution to the holders of shares of Common Stock, (ii) offer to the holders of shares of Common Stock rights to subscribe for or purchase any additional shares of any class of stock or any other rights or options, or (iii) effect any reclassification of the Common Stock (other than a reclassification involving merely the subdivision or combination of outstanding shares of Common Stock), any capital reorganization, any consolidation or merger (other than a merger in which no distribution of securities or other property is to be made to holders of shares of Common Stock), any sale or lease or transfer or other disposition of all or substantially all of its property, assets and business, or the liquidation, dissolution or winding up of the Company, then, in each such case, the Company shall give to the Warrantholder notice of such proposed action, which notice shall specify the date on which (a) the books of the Company shall close, or (b) a record shall be taken for determining the holders of Common Stock entitled to receive such stock dividends or other distribution or such rights or options, or (c) such reclassification, reorganization, consolidation, merger, sale, transfer, other disposition, liquidation, dissolution or winding up shall take place or commence, as the case may be, and the date, if any, as of which it is expected that holders of record of Common Stock shall be entitled to receive securities or other property deliverable upon such action. Such notice shall be given in the case of any action covered by clause (i) or (ii) above at least ten days prior to the record date for determining holders of Common Stock for purposes of receiving such payment or offer, or in the case of any action covered by clause (iii) above at least 30 days prior to the date upon which such action takes place and 20 days prior to any record date to determine holders of Common Stock entitled to receive such securities or other property.

6.5 Effect of Failure to Notify. Failure to file any certificate or notice or to give any notice, or any defect in any certificate or notice, pursuant to Sections 6.3 and 6.4 shall not affect the legality or validity of the adjustment to the Exercise Price, the number of shares purchasable upon exercise of this Warrant, or any transaction giving rise thereto.

7. Reports Under Securities Exchange Act of 1934. With a view to making available to the Holders the benefits of Rule 144 promulgated under the Securities Act or any other similar rule or regulation of the SEC that may at any time permit the Holders to sell securities of the Company to the public without registration ("Rule 144"), the Company agrees to:

(a) make and keep public information available, as those terms are understood and defined in Rule 144, at all times;

(b) file with the SEC in a timely manner all reports and other documents required of the Company under the Securities Act and the Exchange Act; and

(c) furnish to each Holder so long as such Holder owns Warrants, promptly upon request, (i) a written statement by the Company that it has complied with the reporting requirements of Rule 144 (at any time after 90 days after the effective date of the first registration statement filed by the Company), the Securities Act and the Exchange Act (at any time after it has become subject to such reporting requirements), (ii) a copy of the most recent annual or quarterly report of the Company and such other reports and documents so filed by the Company, and (iii) such other information as may be reasonably requested to permit the Holders to sell such securities without registration.

8. Amendments. Any provision of this Warrant may be amended and the observance thereof may be waived (either generally or in a particular instance and either retroactively or prospectively), only with the written consent or approval of the Company and the Holders who hold a majority in interest of the Warrants; provided that it is not necessary that the exact form of the amendment be approved by the holders of a majority in interest of the Warrants if such holders have approved the substance of such amendment. Any amendment or waiver effected in accordance with this Section 8 shall be binding upon each Holder and the Company.

9. Expiration of the Warrant. The obligations of the Company pursuant to this Warrant shall terminate on the Expiration Date.

The purchase price for such shares of Common Stock shall be equal to the price of the shares of Common Stock sold in such underwritten public offering (prior to deducting any underwriting discounts and commissions). The Warrantholder must exercise its purchase rights hereunder in whole within five Business Days after receipt of such notice from the Company and close such purchase, by payment of immediately available funds,

simultaneously with the closing of such underwritten public offering. If after the date that the Company notifies the Warrantholder of the proposed underwritten public offering of Common Stock the actual number of shares of Common Stock offered is increased or decreased as a result of demand for such Common Stock offering, then the Company shall not be required to make an additional offer to the Warrantholder to give effect to the increased or decreased size of such offering.

(b) Upon the expiration of any offer to the Warrantholder described above, or if the Warrantholder shall default in paying for or purchasing the Common Stock on the terms offered by the Company, the Company will be under no further obligation to offer any Common Stock to the Warrantholder pursuant to the terms of this Section.

The Company shall not by any action, including, without limitation, amending the Certificate of Incorporation or through any reorganization, transfer of assets, consolidation, merger, dissolution, issue or sale of securities or any other voluntary action, avoid or seek to avoid the observance or performance of any of the terms of this Warrant, but will at all time in good faith assist in the carrying out of all such terms and in the taking of all such reasonable actions as may be necessary or appropriate to protect the rights of the Warrantholder against impairment. Without limiting the generality of the foregoing, the Company shall (a) take all such actions as may be necessary or appropriate in order that the Company may validly and legally issue fully paid and nonassessable shares of Common Stock upon the exercise of this Warrant, and (b) provide reasonable assistance to the Warrantholder in obtaining all authorizations, exemptions or consents from any Governmental Authority which may be necessary in connection with the exercise of this Warrant.

The Company is duly qualified to do business as a foreign corporation in, and is in good standing under the laws of, each jurisdiction in which the conduct of its business or the nature of the property owned requires such qualification.

(b) Corporate Authorization; No Contravention. The execution, delivery and performance by the Company of this Warrant and the transactions contemplated hereby, including, without limitation, the sale, issuance and delivery of the Warrant Shares, (i) have been duly authorized by all necessary corporate action of the Company; (ii) do not contravene the terms of the Certificate of Incorporation or Bylaws; and (iii) do not violate, conflict with or result in any breach or contravention of, or the creation of any Lien under, any Contractual Obligation of the Company or any Requirement of Law applicable to the Company. No event has occurred and no condition exists which, upon notice or the passage of time (or both), would constitute a default under any indenture, mortgage, deed of trust, credit agreement, note or other evidence of indebtedness or other material agreement of the Company or the Certificate of Incorporation or Bylaws.

(c) Capitalization of the Company. The authorized capital stock of the Company consists of (i) 200,000,000 shares of Common Stock, of which, as of May 31, 1999 (a) 23,243,279 shares were issued and outstanding and (b) 34,877,533 shares were reserved for issuance upon the exercise of outstanding stock options, warrants to purchase Common Stock and conversion of outstanding shares of 10-1/2% Series C Convertible Preferred Stock (the "Series C Preferred Stock"), 9.2% Series A Junior Cumulative Convertible Preferred Stock (the "Series A Junior Preferred Stock") and shares of Series C Preferred Stock issuable pursuant to warrants to purchase Series C Preferred Stock, and (ii) 50,000,000 shares of Preferred Stock, of which 1,467,416 shares of Series C Preferred Stock were issued and outstanding as of May 31, 1999 and 1,350,000 shares of Series A Junior Preferred Stock were issued and outstanding as of May 31, 1999. Each share of Series C Preferred Stock may be converted at any time, at the option of the holder, unless previously redeemed, into a number of shares of Common Stock calculated by dividing the \$100 liquidation preference of the Series C Preferred Stock (without accrued and unpaid dividends) by \$18 (as adjusted from time to time). Each share of Series A Junior Preferred Stock may be converted at any time, at the option of the holder, unless previously redeemed, into a number of shares of Common Stock calculated by dividing the \$100 liquidation preference of the Series A Junior Preferred Stock (with accrued and unpaid dividends) by \$30 (as adjusted from time to time).

(d) Issuance of Warrant Shares. The Warrant Shares have been duly authorized and reserved for issuance. When issued, such shares will be validly issued, fully paid and non-assessable, and free and clear of all Liens and preemptive rights, and the holders thereof shall be entitled to all rights and preferences accorded to a holder of Common Stock.

(e) Binding Effect. This Warrant has been duly executed and delivered by the Company and constitutes the legal, valid and binding obligation of the Company enforceable against the Company in accordance with its terms, except as enforceability may be limited by applicable bankruptcy, insolvency, fraudulent conveyance or transfer, moratorium or other similar laws affecting the enforcement of creditors' rights generally and by general principles of equity.

IN WITNESS WHEREOF, the Company has caused this Warrant to be signed by its duly authorized officer.

This certifies that, for good and valuable consideration, CD Radio Inc., a Delaware corporation (the "Company"), grants to Ford Motor Company, a Delaware corporation ("Ford"), or registered assigns (including Ford, the "Warrantholder"), the right to subscribe for and purchase from the Company 4,000,000 validly issued, fully paid and nonassessable shares (the "Warrant Shares") of the Company's common stock, par value \$0.001 per share (the "Common Stock"), at the purchase price per share equal to the greater of (i) \$30 or (ii) 115% of the closing offer price for the Common Stock on the Nasdaq National Market on June 11, 1999 (the "Exercise Price"), at any time and from time to time, during the period from and including 9:00 AM, New York City time, on the date the Company commences its commercial broadcasts from orbiting satellites until 5:00 PM, New York City time, on the earlier of (a) June 11, 2009 and (b) the date of the termination or expiration of the Agreement, dated as of June 11, 1999, between the Company and Ford (the "Expiration Date"), all subject to the terms, conditions and adjustments herein set forth.

Certain capitalized terms used herein and not otherwise defined shall have the meanings ascribed to them in Section 10.

Certificate No. 1

Number of Shares: 4,000,000

Name of Warrantholder: Ford Motor Company, a Delaware corporation

1. Duration and Exercise of Warrant; Limitations on Exercise; Payment of Taxes.

1.1 Exercisability of Warrant. Subject to the terms and conditions set forth herein, the right to exercise this Warrant shall vest, and this Warrant shall become exercisable, as follows:

(a) with respect to 1,000,000 shares of Common Stock, on the date that Ford has manufactured 500,000 Ford Enabled Vehicles;

(b) with respect to an additional 500,000 shares of Common Stock, on the date that Ford has manufactured an aggregate of 1,000,000 Ford Enabled Vehicles;

(c) with respect to an additional 500,000 shares of Common Stock, on the date that Ford has manufactured an aggregate of 2,000,000 Ford Enabled Vehicles;

(d) with respect to an additional 1,000,000 shares of Common Stock, on the date that Ford has manufactured an aggregate of 3,000,000 Ford Enabled Vehicles; and

(e) with respect to an additional 1,000,000 shares of Common Stock, on the date that Ford has manufactured an aggregate of 4,000,000 Ford Enabled Vehicles.

The Warrantholder shall have no right to exercise this Warrant with respect to shares of Common Stock which are not vested and exercisable as described in this Section 1.1.

1.2 Duration and Exercise of Warrant. Subject to the terms and conditions

set forth herein, including Section 1.1, the Warrant may be exercised, in whole or in part, by the Warrantholder by:

(a) the surrender of this Warrant to the Company, with a duly executed Exercise Form specifying the number of Warrant Shares to be purchased, during normal business hours on any Business Day prior to the Expiration Date; and

(b) the delivery of payment to the Company, for the account of the Company, by cash, by certified or bank cashier's check or by wire transfer of immediately available funds in accordance with wire instructions that shall be provided by the Company upon request, of the Exercise Price for the number of Warrant Shares specified in the Exercise Form in lawful money of the United States of America.

The Company agrees that such Warrant Shares shall be deemed to be issued to the Warrantholder as the record holder of such Warrant Shares as of the close of business on the date on which this Warrant shall have been surrendered and payment made for the Warrant Shares as aforesaid.

1.3 Limitations on Exercise. Notwithstanding anything to the contrary herein, this Warrant may be exercised only upon (i) the delivery to the Company of any certificates, legal

opinions, and other documents reasonably requested by the Company to satisfy the Company that the proposed exercise of this Warrant may be effected without registration under the Securities Act, (ii) receipt by the Company of FCC approval of the proposed exercise, if such approval is required (as determined by a written opinion of the Company's special FCC counsel, delivered to the Warrantholder) to maintain any license granted to the Company by the FCC, or to maintain the Company's eligibility for any license for which it has applied to the FCC and (iii) receipt by the Company of approval of any other applicable Governmental Authority of the proposed exercise. The Warrantholder shall not be entitled to exercise this Warrant, or any part thereof, unless and until such approvals, certificates, legal opinions or other documents are reasonably acceptable to the Company. The cost of such approvals, certificates, legal opinions and other documents, if required, shall be borne by the Warrantholder.

1.4 Warrant Shares Certificate. A stock certificate or certificates for the Warrant Shares specified in the Exercise Form shall be delivered to the Warrantholder within five Business Days after receipt of the Exercise Form and receipt of payment of the purchase price. If this Warrant shall have been exercised only in part, the Company shall, at the time of delivery of the stock certificate or certificates, deliver to the Warrantholder a new Warrant evidencing the rights to purchase the remaining Warrant Shares, which new Warrant shall in all other respects be identical with this Warrant.

1.5 Payment of Taxes. The issuance of certificates for Warrant Shares shall be made without charge to the Warrantholder for any documentary, stamp or similar stock transfer or other issuance tax in respect thereto; provided, however, that the Warrantholder shall be required to pay any and all taxes which may be payable in respect of any transfer involved in the issuance and delivery of any certificate in a name other than that of the then Warrantholder as reflected upon the books of the Company.

1.6 Divisibility of Warrant; Transfer of Warrant. (a) This Warrant may only be transferred by the Warrantholder with the prior written consent of the Company. Any transfer of this Warrant without the prior written consent of the Company shall be void and of no force and effect.

(b) Subject to the provisions of this Section, this Warrant may be divided into warrants of one thousand shares or multiples thereof, upon surrender at the office of the Company located at 1221 Avenue of the Americas, New York, New York 10020, without charge to any Warrantholder. Subject to the provisions of this Section, upon such division, the Warrants may be transferred of record as the then Warrantholder may specify without charge to such Warrantholder (other than any applicable transfer taxes).

(c) Subject to the provisions of this Section, upon surrender of this Warrant to the Company with a duly executed Assignment Form and funds sufficient to pay any transfer tax, the Company shall, without charge, execute and deliver a new Warrant or Warrants of like tenor in the name of the assignee named in such Assignment Form, and this Warrant shall promptly be canceled. Prior to any proposed transfer (whether as the result of a division or otherwise) of this Warrant, such Warrantholder shall give written notice to the Company of

such Warrantholder's intention to effect such transfer. Each such notice shall describe the manner and circumstances of the proposed transfer in sufficient detail, and, if requested by the Company, shall be accompanied by a written opinion of legal counsel, which opinion shall be addressed to the Company and be reasonably satisfactory in form and substance to the Company, to the effect that the proposed transfer of this Warrant may be effected without registration under the Securities Act. In addition to the restrictions contained in this Section, the Warrantholder shall not be entitled to transfer this Warrant, or any part thereof, if such legal opinion is not reasonably acceptable to the Company. The term "Warrant" as used in this Agreement shall be deemed to include any Warrants issued in substitution or exchange for this Warrant.

2. Restrictions on Transfer; Restrictive Legends.

Except as otherwise permitted by this Section 2, each Warrant shall (and each Warrant issued upon direct or indirect transfer or in substitution for any Warrant pursuant to Section 1.6 or Section 4 shall) be stamped or otherwise imprinted with a legend in substantially the following form:

THIS WARRANT AND ANY SECURITIES ACQUIRED UPON THE EXERCISE OF THIS WARRANT HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, OR ANY STATE SECURITIES LAWS AND NEITHER THIS WARRANT NOR SUCH SECURITIES NOR ANY INTEREST THEREIN MAY BE OFFERED, SOLD, TRANSFERRED, PLEDGED OR OTHERWISE DISPOSED OF EXCEPT PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT UNDER SUCH ACT OR SUCH LAWS OR AN EXEMPTION FROM REGISTRATION UNDER SUCH ACT AND SUCH LAWS.

Except as otherwise permitted by this Section 2, each stock certificate for Warrant Shares issued upon the exercise of any Warrant and each stock certificate issued upon the direct or indirect transfer of any such Warrant Shares shall be stamped or otherwise imprinted with a legend in substantially the following form:

THE SECURITIES REPRESENTED BY THIS CERTIFICATE HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, OR ANY STATE SECURITIES LAWS AND NEITHER THE SECURITIES NOR ANY INTEREST THEREIN MAY BE OFFERED, SOLD, TRANSFERRED, PLEDGED OR OTHERWISE DISPOSED OF EXCEPT PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT UNDER SUCH ACT OR SUCH LAWS OR AN EXEMPTION FROM REGISTRATION UNDER SUCH ACT AND SUCH LAWS.

Notwithstanding the foregoing, the Warrantholder may require the Company to issue a Warrant or a stock certificate for Warrant Shares, in each case without a legend, if either (i) such Warrant or such Warrant Shares, as the case may be, have been registered for resale under the Securities Act or (ii) the Warrantholder has delivered to the Company an opinion of legal counsel, which opinion shall be addressed to the Company and be reasonably

satisfactory in form and substance to the Company, to the effect that such registration is not required with respect to such Warrant or such Warrant Shares, as the case may be.

By acceptance of this Warrant, the Warrantholder expressly agrees that it will at all times comply with the restrictions contained in Rule 144(e) under the Securities Act (as in effect on the date hereof) when selling, transferring or otherwise disposing Warrant Shares, even if such restrictions would not then be applicable to the Warrantholder.

3. Reservation and Registration of Shares, Etc. The Company covenants and agrees as follows:

(a) all Warrant Shares which are issued upon the exercise of this Warrant will, upon issuance, be validly issued, fully paid, and nonassessable, not subject to any preemptive rights, and free from all taxes, liens, security interests, charges, and other encumbrances with respect to the issue thereof, other than taxes with respect to any transfer occurring contemporaneously with such issue;

(b) during the period within which this Warrant may be exercised, the

Company will at all times have authorized and reserved, and keep available free from preemptive rights and any liens and encumbrances, a sufficient number of shares of Common Stock to provide for the exercise of the rights represented by this Warrant; and

(c) the Company will, from time to time, take all such action as may be required to assure that the par value per share of the Warrant Shares is at all times equal to or less than the then effective Exercise Price.

4. Loss or Destruction of Warrant. Subject to the terms and conditions hereof, upon receipt by the Company of evidence reasonably satisfactory to it of the loss, theft, destruction or mutilation of this Warrant and, in the case of loss, theft or destruction, of such bond or indemnification as the Company may reasonably require, and, in the case of such mutilation, upon surrender and cancellation of this Warrant, the Company will execute and deliver a new Warrant of like tenor.

5. Ownership of Warrant. The Company may deem and treat the Person in whose name this Warrant is registered as the holder and owner hereof (notwithstanding any notations of ownership or writing hereon made by anyone other than the Company) for all purposes and shall not be affected by any notice to the contrary, until presentation of this Warrant for registration of transfer.

6. Certain Adjustments.

6.1 The number of Warrant Shares purchasable upon the exercise of this Warrant and the Exercise Price shall be subject to adjustment as follows:

(a) Stock Dividends. If at any time after the date of the issuance of this Warrant (i) the Company shall fix a record date for the issuance of any stock dividend payable in

shares of Common Stock; or (ii) the number of shares of Common Stock shall have been increased by a subdivision or split-up of shares of Common Stock, then, on the record date fixed for the determination of holders of Common Stock entitled to receive such dividend or immediately after the effective date of such subdivision or split-up, as the case may be, the number of shares to be delivered upon exercise of this Warrant will be increased so that the Warrantholder will be entitled to receive the number of shares of Common Stock that such Warrantholder would have owned immediately following such action had this Warrant been exercised immediately prior thereto, and the Exercise Price will be adjusted as provided below in paragraph (g).

(b) Combination of Stock. If the number of shares of Common Stock outstanding at any time after the date of the issuance of this Warrant shall have been decreased by a combination of the outstanding shares of Common Stock, then, immediately after the effective date of such combination, the number of shares of Common Stock to be delivered upon exercise of this Warrant will be decreased so that the Warrantholder thereafter will be entitled to receive the number of shares of Common Stock that such Warrantholder would have owned immediately following such action had this Warrant been exercised immediately prior thereto, and the Exercise Price will be adjusted as provided below in paragraph (g).

(c) Reorganization, etc. If any capital reorganization of the Company, any reclassification of the Common Stock, any consolidation of the Company with or merger of the Company with or into any other Person, or any sale or lease or other transfer of all or substantially all of the assets of the Company to any other Person, shall be effected in such a way that the holders of Common Stock shall be entitled to receive stock, other securities or assets (whether such stock, other securities or assets are issued or distributed by the Company or another Person) with respect to or in exchange for Common Stock, then, upon exercise of this Warrant, the Warrantholder shall have the right to receive the kind and amount of stock, other securities or assets receivable upon such reorganization, reclassification, consolidation, merger or sale, lease or other transfer by a holder of the number of shares of Common Stock that such Warrantholder would have been entitled to receive upon exercise of this Warrant had this Warrant been exercised immediately before such reorganization, reclassification, consolidation, merger or sale, lease or other transfer, subject to adjustments that shall be as nearly equivalent as may be practicable to the adjustments provided for in this Section 6. The Company shall not effect any such consolidation, merger or sale, lease or other transfer, unless prior to, or simultaneously with, the consummation thereof, the successor Person (if other than the Company) resulting from such consolidation or merger, or such Person purchasing, leasing or otherwise acquiring such assets, shall assume, by

written instrument, the obligation to deliver to the Warrantholder the shares of stock, securities or assets to which, in accordance with the foregoing provisions, the Warrantholder may be entitled and all other obligations of the Company under this Warrant. The provisions of this paragraph (c) shall apply to successive reorganizations, reclassifications, consolidations, mergers, sales, leasing transactions and other transfers.

(d) Distributions to all Holders of Common Stock. If the Company shall, at any time after the date of issuance of this Warrant, fix a record date to distribute to all holders of its Common Stock any shares of capital stock of the Company (other than Common Stock) or

evidences of its indebtedness or assets (not including regular quarterly cash dividends and distributions paid from retained earnings of the Company) or rights or warrants to subscribe for or purchase any of its securities, then the Warrantholder shall be entitled to receive, upon exercise of this Warrant, that portion of such distribution to which it would have been entitled had the Warrantholder exercised its Warrant immediately prior to the date of such distribution. At the time it fixes the record date for such distribution, the Company shall allocate sufficient reserves to ensure the timely and full performance of the provisions of this Subsection. The Company shall promptly (but in any case no later than five Business Days prior to the record date of such distribution) give notice to the Warrantholder that such distribution will take place.

(e) Fractional Shares. No fractional shares of Common Stock or scrip shall be issued to any Warrantholder in connection with the exercise of this Warrant. Instead of any fractional shares of Common Stock that would otherwise be issuable to such Warrantholder, the Company will pay to such Warrantholder a cash adjustment in respect of such fractional interest in an amount equal to that fractional interest of the then current Fair Market Value per share of Common Stock.

(f) Carryover. Notwithstanding any other provision of this Section 6, no adjustment shall be made to the number of shares of Common Stock to be delivered to the Warrantholder (or to the Exercise Price) if such adjustment represents less than 0.10% of the number of shares to be so delivered, but any lesser adjustment shall be carried forward and shall be made at the time and together with the next subsequent adjustment which together with any adjustments so carried forward shall amount to 0.10% or more of the number of shares to be so delivered.

(g) Exercise Price Adjustment. Whenever the number of Warrant Shares purchasable upon the exercise of this Warrant is adjusted, as herein provided, the Exercise Price payable upon the exercise of this Warrant shall be adjusted by multiplying such Exercise Price immediately prior to such adjustment by a fraction, of which the numerator shall be the number of Warrant Shares purchasable upon the exercise of the Warrant immediately prior to such adjustment, and of which the denominator shall be the number of Warrant Shares purchasable immediately thereafter.

6.2 Rights Offering. In the event the Company shall effect an offering of Common Stock pro rata among its stockholders, the Warrantholder shall be entitled to elect to participate in each and every such offering as if this Warrant had been exercised immediately prior to each such offering. The Company shall promptly (but in any case no later than five Business Days prior to such rights offering) give notice to the Warrantholder that such rights offering will take place. The Company shall not be required to make any adjustment with respect to the issuance of shares of Common Stock pursuant to a rights offering in which the holder hereof elects to participate under the provisions of this Section 6.2.

6.3 Notice of Adjustments. Whenever the number of Warrant Shares or the Exercise Price of such Warrant Shares is adjusted, as herein provided, the Company shall promptly give to the Warrantholder notice of such adjustment or adjustments and a certificate of a firm

of independent public accountants of recognized national standing selected by

the Board of Directors of the Company (which shall be appointed at the Company's expense and may be the independent public accountants regularly employed by the Company) setting forth the number of Warrant Shares and the Exercise Price of such Warrant Shares after such adjustment, a brief statement of the facts requiring such adjustment, and the computation by which such adjustment was made.

6.4 Notice of Extraordinary Corporate Events. In case the Company after the date hereof shall propose to (i) distribute any dividend (whether stock or cash or otherwise) to the holders of shares of Common Stock or to make any other distribution to the holders of shares of Common Stock, (ii) offer to the holders of shares of Common Stock rights to subscribe for or purchase any additional shares of any class of stock or any other rights or options, or (iii) effect any reclassification of the Common Stock (other than a reclassification involving merely the subdivision or combination of outstanding shares of Common Stock), any capital reorganization, any consolidation or merger (other than a merger in which no distribution of securities or other property is to be made to holders of shares of Common Stock), any sale or lease or transfer or other disposition of all or substantially all of its property, assets and business, or the liquidation, dissolution or winding up of the Company, then, in each such case, the Company shall give to the Warrantholder notice of such proposed action, which notice shall specify the date on which (a) the books of the Company shall close, or (b) a record shall be taken for determining the holders of Common Stock entitled to receive such stock dividends or other distribution or such rights or options, or (c) such reclassification, reorganization, consolidation, merger, sale, transfer, other disposition, liquidation, dissolution or winding up shall take place or commence, as the case may be, and the date, if any, as of which it is expected that holders of record of Common Stock shall be entitled to receive securities or other property deliverable upon such action. Such notice shall be given in the case of any action covered by clause (i) or (ii) above at least ten days prior to the record date for determining holders of Common Stock for purposes of receiving such payment or offer, or in the case of any action covered by clause (iii) above at least 30 days prior to the date upon which such action takes place and 20 days prior to any record date to determine holders of Common Stock entitled to receive such securities or other property.

6.5 Effect of Failure to Notify. Failure to file any certificate or notice or to give any notice, or any defect in any certificate or notice, pursuant to Sections 6.3 and 6.4 shall not affect the legality or validity of the adjustment to the Exercise Price, the number of shares purchasable upon exercise of this Warrant, or any transaction giving rise thereto.

7. Reports Under Securities Exchange Act of 1934. With a view to making available to the Holders the benefits of Rule 144 promulgated under the Securities Act or any other similar rule or regulation of the SEC that may at any time permit the Holders to sell securities of the Company to the public without registration ("Rule 144"), the Company agrees to:

(a) make and keep public information available, as those terms are understood and defined in Rule 144, at all times;

(b) file with the SEC in a timely manner all reports and other documents required of the Company under the Securities Act and the Exchange Act; and

(c) furnish to each Holder so long as such Holder owns Warrants, promptly upon request, (i) a written statement by the Company that it has complied with the reporting requirements of Rule 144 (at any time after 90 days after the effective date of the first registration statement filed by the Company), the Securities Act and the Exchange Act (at any time after it has become subject to such reporting requirements), (ii) a copy of the most recent annual or quarterly report of the Company and such other reports and documents so filed by the Company, and (iii) such other information as may be reasonably requested to permit the Holders to sell such securities without registration.

8. Amendments. Any provision of this Warrant may be amended and the observance thereof may be waived (either generally or in a particular instance and either retroactively or prospectively), only with the written consent or approval of the Company and the Holders who hold a majority in interest of the Warrants; provided that it is not necessary that the exact form of the amendment be approved by the holders of a majority in interest of the Warrants if such holders have approved the substance of such amendment. Any amendment or waiver effected in accordance with this Section 8 shall be binding upon each Holder and the Company.

9. Expiration of the Warrant. The obligations of the Company pursuant to this Warrant shall terminate on the Expiration Date.

11. Preemptive Right. (a) If at any time after the date hereof and prior to the Expiration Date, the Company proposes to issue shares of Common Stock (excluding any warrants, options or securities or units comprising securities convertible into or exchangeable for Common Stock or rights to acquire the same issued as part of or simultaneously with any preferred stock or debt securities of the Company) in an underwritten public offering, then the Company shall (i) prior to the completion of such underwritten public offering, notify the Warrantholder of such underwritten public offering and (ii) offer to issue to the Warrantholder as part of such underwritten public offering, for cash, a number of shares of Common Stock such that, after giving effect to the shares of Common Stock issued in such underwritten public offering, the number of shares of Common Stock owned by Warrantholder plus the shares of Common Stock receivable by the Warrantholder upon exercise of any Warrants equals the same percentage of the total number of shares of Common Stock issued and outstanding immediately prior to the consummation of such offering as after giving effect to such offering. The purchase price for such shares of Common Stock shall be equal to the price of the shares of Common Stock sold in such underwritten public offering (prior to deducting any underwriting discounts and commissions). The Warrantholder must exercise its purchase rights hereunder in whole within five Business Days after receipt of such notice from the Company and close such purchase, by payment of immediately available funds,

simultaneously with the closing of such underwritten public offering. If after the date that the Company notifies the Warrantholder of the proposed underwritten public offering of Common Stock the actual number of shares of Common Stock offered is increased or decreased as a result of demand for such Common Stock offering, then the Company shall not be required to make an additional offer to the Warrantholder to give effect to the increased or decreased size of such offering.

(b) Upon the expiration of any offer to the Warrantholder described above, or if the Warrantholder shall default in paying for or purchasing the Common Stock on the terms offered by the Company, the Company will be under no further obligation to offer any Common Stock to the Warrantholder pursuant to the terms of this Section.

12. No Impairment. The Company shall not by any action, including, without limitation, amending the Certificate of Incorporation or through any reorganization, transfer of assets, consolidation, merger, dissolution, issue or sale of securities or any other voluntary action, avoid or seek to avoid the observance or performance of any of the terms of this Warrant, but will at all time in good faith assist in the carrying out of all such terms and in the taking of all such reasonable actions as may be necessary or appropriate to protect the rights of the Warrantholder against impairment. Without limiting the generality of the foregoing, the Company shall (a) take all such actions as may be necessary or appropriate in order that the Company may validly and legally issue fully paid and nonassessable shares of Common Stock upon the exercise of this Warrant, and (b) provide reasonable assistance to the Warrantholder in obtaining all authorizations, exemptions or consents from any Governmental Authority which may be necessary in connection with the exercise of this Warrant.

13. Miscellaneous.

13.1 Entire Agreement. This Warrant constitutes the entire agreement between the Company and the Warrantholder with respect to the Warrants.

13.2 Binding Effects; Benefits. This Warrant shall inure to the

benefit of and shall be binding upon the Company and the Warrantholders and their respective heirs, legal representatives, successors and assigns. Nothing in this Warrant, expressed or implied, is intended to or shall confer on any Person other than the Company and the Warrantholders, or their respective heirs, legal representatives, successors or assigns, any rights, remedies, obligations or liabilities under or by reason of this Warrant.

13.3 Section and Other Headings. The section and other headings contained in this Warrant are for reference purposes only and shall not be deemed to be a part of this Warrant or to affect the meaning or interpretation of this Warrant.

13.4 Pronouns. All pronouns and any variations thereof refer to the masculine, feminine or neuter, singular or plural, as the context may require.

13.5 Further Assurances. Each of the Company and the Warrantholder shall do and perform all such further acts and things and execute and deliver all such other

certificates, instruments and documents as the Company or the Warrantholder may, at any time and from time to time, reasonably request in connection with the performance of any of the provisions of this Warrant.

13.6 Notices. All notices and other communications required or permitted to be given under this Warrant shall be in writing and shall be deemed to have been duly given if (i) delivered personally or (ii) sent by facsimile or recognized overnight courier or by United States first class certified mail, postage prepaid, to the parties hereto at the following addresses or to such other address as any party hereto shall hereafter specify by notice to the other party hereto:

13.7 Separability. Any term or provision of this Warrant which is invalid or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such invalidity or unenforceability without rendering invalid or unenforceable the terms and provisions of this Warrant or affecting the validity or enforceability of any of the terms or provisions of this Warrant in any other jurisdiction.

13.8 Governing Law. This Warrant shall be deemed to be a contract made under the laws of New York and for all purposes shall be governed by and construed in accordance with the laws of such State applicable to such agreements made and to be performed entirely within such State.

13.9 No Rights or Liabilities as Stockholder. Nothing contained in this Warrant shall be deemed to confer upon the Warrantholder any rights as a stockholder of the

Company or as imposing any liabilities on the Warrantholder to purchase any securities whether such liabilities are asserted by the Company or by creditors or stockholders of the Company or otherwise.

13.10 Representations of the Company. The Company hereby represents and warrants, as of the date hereof, to the Warrantholder as follows:

(a) Corporate Existence and Power. The Company (i) is a corporation duly incorporated, validly existing and in good standing under the laws of the State of Delaware; (ii) has all requisite corporate power and authority to own and operate its property, to lease the property it operates as lessee and to conduct the business in which it is engaged; and (iii) has the corporate power and authority to execute, deliver and perform its obligations under this Warrant. The Company is duly qualified to do business as a foreign corporation in, and is in good standing under the laws of, each jurisdiction in which the conduct of its business or the nature of the property owned requires such qualification.

(b) Corporate Authorization; No Contravention. The execution, delivery and performance by the Company of this Warrant and the transactions contemplated hereby, including, without limitation, the sale, issuance and delivery of the Warrant Shares, (i) have been duly authorized by all necessary corporate action of the Company; (ii) do not contravene the terms of the Certificate of Incorporation or Bylaws; and (iii) do not violate, conflict with or result in any breach or contravention of, or the creation of any Lien under, any Contractual Obligation of the Company or any Requirement of Law applicable to the Company. No event has occurred and no condition exists which, upon notice or the passage of time (or both), would constitute a default under any indenture, mortgage, deed of trust, credit agreement, note or other evidence of indebtedness or other material agreement of the Company or the Certificate of Incorporation or Bylaws.

(c) Capitalization of the Company. The authorized capital stock of the Company consists of (i) 200,000,000 shares of Common Stock, of which, as of May 31, 1999 (a) 23,243,279 shares were issued and outstanding and (b) 34,877,533 shares were reserved for issuance upon the exercise of outstanding stock options, warrants to purchase Common Stock and conversion of outstanding shares of 10-1/2% Series C Convertible Preferred Stock (the "Series C Preferred Stock"), 9.2% Series A Junior Cumulative Convertible Preferred Stock (the "Series A Junior Preferred Stock") and shares of Series C Preferred Stock issuable pursuant to warrants to purchase Series C Preferred Stock, and (ii) 50,000,000 shares of Preferred Stock, of which 1,467,416 shares of Series C Preferred Stock were issued and outstanding as of May 31, 1999 and 1,350,000 shares of Series A Junior Preferred Stock were issued and outstanding as of May 31, 1999. Each share of Series C Preferred Stock may be converted at any time, at the option of the holder, unless previously redeemed, into a number of shares of Common Stock calculated by dividing the \$100 liquidation preference of the Series C Preferred Stock (without accrued and unpaid dividends) by \$18 (as adjusted from time to time). Each share of Series A Junior Preferred Stock may be converted at any time, at the option of the holder, unless previously redeemed, into a number of shares of Common Stock calculated by dividing the \$100 liquidation preference of the Series A Junior Preferred Stock (with accrued and unpaid dividends) by \$30 (as adjusted from time to time).

(d) Issuance of Warrant Shares. The Warrant Shares have been duly authorized and reserved for issuance. When issued, such shares will be validly issued, fully paid and non-assessable, and free and clear of all Liens and preemptive rights, and the holders thereof shall be entitled to all rights and preferences accorded to a holder of Common Stock.

(e) Binding Effect. This Warrant has been duly executed and delivered by the Company and constitutes the legal, valid and binding obligation of the Company enforceable against the Company in accordance with its terms, except as enforceability may be limited by applicable bankruptcy, insolvency, fraudulent conveyance or transfer, moratorium or other similar laws affecting the enforcement of creditors' rights generally and by general principles of equity.

IN WITNESS WHEREOF, the Company has caused this Warrant to be signed by its duly authorized officer.

This certifies that, for good and valuable consideration, CD Radio Inc., a Delaware corporation (the "Company"), grants to Ford Motor Company, a Delaware corporation ("Ford"), or registered assigns (including Ford, the "Warrantholder"), the right to subscribe for and purchase from the Company 4,000,000 validly issued, fully paid and nonassessable shares (the "Warrant Shares") of the Company's common stock, par value \$0.001 per share (the "Common Stock"), at the purchase price per share equal to the greater of (i) \$30 or (ii) 115% of the closing offer price for the Common Stock on the Nasdaq National Market on June 11, 1999 (the "Exercise Price"), at any time and from time to time, during the period from and including 9:00 AM, New York City time, on the date the Company commences its commercial broadcasts from orbiting satellites until 5:00 PM, New York City time, on the earlier of (a) June 11, 2009 and (b) the date of the termination or expiration of the Agreement, dated as of June 11, 1999, between the Company and Ford (the "Expiration Date"), all subject to the terms, conditions and adjustments herein set forth.

Certain capitalized terms used herein and not otherwise defined shall have the meanings ascribed to them in Section 10.

Certificate No. 1

Number of Shares: 4,000,000

Name of Warrantholder: Ford Motor Company, a Delaware corporation

1. Duration and Exercise of Warrant; Limitations on Exercise; Payment of Taxes.

1.1 Exercisability of Warrant. Subject to the terms and conditions set forth herein, the right to exercise this Warrant shall vest, and this Warrant shall become exercisable, as follows:

(a) with respect to 1,000,000 shares of Common Stock, on the date that Ford has manufactured 500,000 Ford Enabled Vehicles;

(b) with respect to an additional 500,000 shares of Common Stock, on the date that Ford has manufactured an aggregate of 1,000,000 Ford Enabled Vehicles;

(c) with respect to an additional 500,000 shares of Common Stock, on the date that Ford has manufactured an aggregate of 2,000,000 Ford Enabled Vehicles;

(d) with respect to an additional 1,000,000 shares of Common Stock, on the date that Ford has manufactured an aggregate of 3,000,000 Ford Enabled Vehicles; and

(e) with respect to an additional 1,000,000 shares of Common Stock, on the date that Ford has manufactured an aggregate of 4,000,000 Ford Enabled Vehicles.

The Warrantholder shall have no right to exercise this Warrant with respect to shares of Common Stock which are not vested and exercisable as described in this Section 1.1.

1.2 Duration and Exercise of Warrant. Subject to the terms and conditions

set forth herein, including Section 1.1, the Warrant may be exercised, in whole or in part, by the Warrantholder by:

(a) the surrender of this Warrant to the Company, with a duly executed Exercise Form specifying the number of Warrant Shares to be purchased, during normal business hours on any Business Day prior to the Expiration Date; and

(b) the delivery of payment to the Company, for the account of the Company, by cash, by certified or bank cashier's check or by wire transfer of immediately available funds in accordance with wire instructions that shall be provided by the Company upon request, of the Exercise Price for the number of Warrant Shares specified in the Exercise Form in lawful money of the United States of America.

The Company agrees that such Warrant Shares shall be deemed to be issued to the Warrantholder as the record holder of such Warrant Shares as of the close of business on the date on which this Warrant shall have been surrendered and payment made for the Warrant Shares as aforesaid.

1.3 Limitations on Exercise. Notwithstanding anything to the contrary herein, this Warrant may be exercised only upon (i) the delivery to the Company of any certificates, legal

opinions, and other documents reasonably requested by the Company to satisfy the Company that the proposed exercise of this Warrant may be effected without registration under the Securities Act, (ii) receipt by the Company of FCC approval of the proposed exercise, if such approval is required (as determined by a written opinion of the Company's special FCC counsel, delivered to the Warrantholder) to maintain any license granted to the Company by the FCC, or to maintain the Company's eligibility for any license for which it has applied to the FCC and (iii) receipt by the Company of approval of any other applicable Governmental Authority of the proposed exercise. The Warrantholder shall not be entitled to exercise this Warrant, or any part thereof, unless and until such approvals, certificates, legal opinions or other documents are reasonably acceptable to the Company. The cost of such approvals, certificates, legal opinions and other documents, if required, shall be borne by the Warrantholder.

1.4 Warrant Shares Certificate. A stock certificate or certificates for the Warrant Shares specified in the Exercise Form shall be delivered to the Warrantholder within five Business Days after receipt of the Exercise Form and receipt of payment of the purchase price. If this Warrant shall have been exercised only in part, the Company shall, at the time of delivery of the stock certificate or certificates, deliver to the Warrantholder a new Warrant evidencing the rights to purchase the remaining Warrant Shares, which new Warrant shall in all other respects be identical with this Warrant.

1.5 Payment of Taxes. The issuance of certificates for Warrant Shares shall be made without charge to the Warrantholder for any documentary, stamp or similar stock transfer or other issuance tax in respect thereto; provided, however, that the Warrantholder shall be required to pay any and all taxes which may be payable in respect of any transfer involved in the issuance and delivery of any certificate in a name other than that of the then Warrantholder as reflected upon the books of the Company.

1.6 Divisibility of Warrant; Transfer of Warrant. (a) This Warrant may only be transferred by the Warrantholder with the prior written consent of the Company. Any transfer of this Warrant without the prior written consent of the Company shall be void and of no force and effect.

(b) Subject to the provisions of this Section, this Warrant may be divided into warrants of one thousand shares or multiples thereof, upon surrender at the office of the Company located at 1221 Avenue of the Americas, New York, New York 10020, without charge to any Warrantholder. Subject to the provisions of this Section, upon such division, the Warrants may be transferred of record as the then Warrantholder may specify without charge to such Warrantholder (other than any applicable transfer taxes).

(c) Subject to the provisions of this Section, upon surrender of this Warrant to the Company with a duly executed Assignment Form and funds sufficient to pay any transfer tax, the Company shall, without charge, execute and deliver a new Warrant or Warrants of like tenor in the name of the assignee named in such Assignment Form, and this Warrant shall promptly be canceled. Prior to any proposed transfer (whether as the result of a division or otherwise) of this Warrant, such Warrantholder shall give written notice to the Company of

such Warrantholder's intention to effect such transfer. Each such notice shall describe the manner and circumstances of the proposed transfer in sufficient detail, and, if requested by the Company, shall be accompanied by a written opinion of legal counsel, which opinion shall be addressed to the Company and be reasonably satisfactory in form and substance to the Company, to the effect that the proposed transfer of this Warrant may be effected without registration under the Securities Act. In addition to the restrictions contained in this Section, the Warrantholder shall not be entitled to transfer this Warrant, or any part thereof, if such legal opinion is not reasonably acceptable to the Company. The term "Warrant" as used in this Agreement shall be deemed to include any Warrants issued in substitution or exchange for this Warrant.

2. Restrictions on Transfer; Restrictive Legends.

Except as otherwise permitted by this Section 2, each Warrant shall (and each Warrant issued upon direct or indirect transfer or in substitution for any Warrant pursuant to Section 1.6 or Section 4 shall) be stamped or otherwise imprinted with a legend in substantially the following form:

THIS WARRANT AND ANY SECURITIES ACQUIRED UPON THE EXERCISE OF THIS WARRANT HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, OR ANY STATE SECURITIES LAWS AND NEITHER THIS WARRANT NOR SUCH SECURITIES NOR ANY INTEREST THEREIN MAY BE OFFERED, SOLD, TRANSFERRED, PLEDGED OR OTHERWISE DISPOSED OF EXCEPT PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT UNDER SUCH ACT OR SUCH LAWS OR AN EXEMPTION FROM REGISTRATION UNDER SUCH ACT AND SUCH LAWS.

Except as otherwise permitted by this Section 2, each stock certificate for Warrant Shares issued upon the exercise of any Warrant and each stock certificate issued upon the direct or indirect transfer of any such Warrant Shares shall be stamped or otherwise imprinted with a legend in substantially the following form:

THE SECURITIES REPRESENTED BY THIS CERTIFICATE HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, OR ANY STATE SECURITIES LAWS AND NEITHER THE SECURITIES NOR ANY INTEREST THEREIN MAY BE OFFERED, SOLD, TRANSFERRED, PLEDGED OR OTHERWISE DISPOSED OF EXCEPT PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT UNDER SUCH ACT OR SUCH LAWS OR AN EXEMPTION FROM REGISTRATION UNDER SUCH ACT AND SUCH LAWS.

Notwithstanding the foregoing, the Warrantholder may require the Company to issue a Warrant or a stock certificate for Warrant Shares, in each case without a legend, if either (i) such Warrant or such Warrant Shares, as the case may be, have been registered for resale under the Securities Act or (ii) the Warrantholder has delivered to the Company an opinion of legal counsel, which opinion shall be addressed to the Company and be reasonably

satisfactory in form and substance to the Company, to the effect that such registration is not required with respect to such Warrant or such Warrant Shares, as the case may be.

By acceptance of this Warrant, the Warrantholder expressly agrees that it will at all times comply with the restrictions contained in Rule 144(e) under the Securities Act (as in effect on the date hereof) when selling, transferring or otherwise disposing Warrant Shares, even if such restrictions would not then be applicable to the Warrantholder.

3. Reservation and Registration of Shares, Etc. The Company covenants and agrees as follows:

(a) all Warrant Shares which are issued upon the exercise of this Warrant will, upon issuance, be validly issued, fully paid, and nonassessable, not subject to any preemptive rights, and free from all taxes, liens, security interests, charges, and other encumbrances with respect to the issue thereof, other than taxes with respect to any transfer occurring contemporaneously with such issue;

(b) during the period within which this Warrant may be exercised, the

Company will at all times have authorized and reserved, and keep available free from preemptive rights and any liens and encumbrances, a sufficient number of shares of Common Stock to provide for the exercise of the rights represented by this Warrant; and

(c) the Company will, from time to time, take all such action as may be required to assure that the par value per share of the Warrant Shares is at all times equal to or less than the then effective Exercise Price.

4. Loss or Destruction of Warrant. Subject to the terms and conditions hereof, upon receipt by the Company of evidence reasonably satisfactory to it of the loss, theft, destruction or mutilation of this Warrant and, in the case of loss, theft or destruction, of such bond or indemnification as the Company may reasonably require, and, in the case of such mutilation, upon surrender and cancellation of this Warrant, the Company will execute and deliver a new Warrant of like tenor.

5. Ownership of Warrant. The Company may deem and treat the Person in whose name this Warrant is registered as the holder and owner hereof (notwithstanding any notations of ownership or writing hereon made by anyone other than the Company) for all purposes and shall not be affected by any notice to the contrary, until presentation of this Warrant for registration of transfer.

6. Certain Adjustments.

6.1 The number of Warrant Shares purchasable upon the exercise of this Warrant and the Exercise Price shall be subject to adjustment as follows:

(a) Stock Dividends. If at any time after the date of the issuance of this Warrant (i) the Company shall fix a record date for the issuance of any stock dividend payable in

shares of Common Stock; or (ii) the number of shares of Common Stock shall have been increased by a subdivision or split-up of shares of Common Stock, then, on the record date fixed for the determination of holders of Common Stock entitled to receive such dividend or immediately after the effective date of such subdivision or split-up, as the case may be, the number of shares to be delivered upon exercise of this Warrant will be increased so that the Warrantholder will be entitled to receive the number of shares of Common Stock that such Warrantholder would have owned immediately following such action had this Warrant been exercised immediately prior thereto, and the Exercise Price will be adjusted as provided below in paragraph (g).

(b) Combination of Stock. If the number of shares of Common Stock outstanding at any time after the date of the issuance of this Warrant shall have been decreased by a combination of the outstanding shares of Common Stock, then, immediately after the effective date of such combination, the number of shares of Common Stock to be delivered upon exercise of this Warrant will be decreased so that the Warrantholder thereafter will be entitled to receive the number of shares of Common Stock that such Warrantholder would have owned immediately following such action had this Warrant been exercised immediately prior thereto, and the Exercise Price will be adjusted as provided below in paragraph (g).

(c) Reorganization, etc. If any capital reorganization of the Company, any reclassification of the Common Stock, any consolidation of the Company with or merger of the Company with or into any other Person, or any sale or lease or other transfer of all or substantially all of the assets of the Company to any other Person, shall be effected in such a way that the holders of Common Stock shall be entitled to receive stock, other securities or assets (whether such stock, other securities or assets are issued or distributed by the Company or another Person) with respect to or in exchange for Common Stock, then, upon exercise of this Warrant, the Warrantholder shall have the right to receive the kind and amount of stock, other securities or assets receivable upon such reorganization, reclassification, consolidation, merger or sale, lease or other transfer by a holder of the number of shares of Common Stock that such Warrantholder would have been entitled to receive upon exercise of this Warrant had this Warrant been exercised immediately before such reorganization, reclassification, consolidation, merger or sale, lease or other transfer, subject to adjustments that shall be as nearly equivalent as may be practicable to the adjustments provided for in this Section 6. The Company shall not effect any such consolidation, merger or sale, lease or other transfer, unless prior to, or simultaneously with, the consummation thereof, the successor Person (if other than the Company) resulting from such consolidation or merger, or such Person purchasing, leasing or otherwise acquiring such assets, shall assume, by

written instrument, the obligation to deliver to the Warrantholder the shares of stock, securities or assets to which, in accordance with the foregoing provisions, the Warrantholder may be entitled and all other obligations of the Company under this Warrant. The provisions of this paragraph (c) shall apply to successive reorganizations, reclassifications, consolidations, mergers, sales, leasing transactions and other transfers.

(d) Distributions to all Holders of Common Stock. If the Company shall, at any time after the date of issuance of this Warrant, fix a record date to distribute to all holders of its Common Stock any shares of capital stock of the Company (other than Common Stock) or

evidences of its indebtedness or assets (not including regular quarterly cash dividends and distributions paid from retained earnings of the Company) or rights or warrants to subscribe for or purchase any of its securities, then the Warrantholder shall be entitled to receive, upon exercise of this Warrant, that portion of such distribution to which it would have been entitled had the Warrantholder exercised its Warrant immediately prior to the date of such distribution. At the time it fixes the record date for such distribution, the Company shall allocate sufficient reserves to ensure the timely and full performance of the provisions of this Subsection. The Company shall promptly (but in any case no later than five Business Days prior to the record date of such distribution) give notice to the Warrantholder that such distribution will take place.

(e) Fractional Shares. No fractional shares of Common Stock or scrip shall be issued to any Warrantholder in connection with the exercise of this Warrant. Instead of any fractional shares of Common Stock that would otherwise be issuable to such Warrantholder, the Company will pay to such Warrantholder a cash adjustment in respect of such fractional interest in an amount equal to that fractional interest of the then current Fair Market Value per share of Common Stock.

(f) Carryover. Notwithstanding any other provision of this Section 6, no adjustment shall be made to the number of shares of Common Stock to be delivered to the Warrantholder (or to the Exercise Price) if such adjustment represents less than 0.10% of the number of shares to be so delivered, but any lesser adjustment shall be carried forward and shall be made at the time and together with the next subsequent adjustment which together with any adjustments so carried forward shall amount to 0.10% or more of the number of shares to be so delivered.

(g) Exercise Price Adjustment. Whenever the number of Warrant Shares purchasable upon the exercise of this Warrant is adjusted, as herein provided, the Exercise Price payable upon the exercise of this Warrant shall be adjusted by multiplying such Exercise Price immediately prior to such adjustment by a fraction, of which the numerator shall be the number of Warrant Shares purchasable upon the exercise of the Warrant immediately prior to such adjustment, and of which the denominator shall be the number of Warrant Shares purchasable immediately thereafter.

6.2 Rights Offering. In the event the Company shall effect an offering of Common Stock pro rata among its stockholders, the Warrantholder shall be entitled to elect to participate in each and every such offering as if this Warrant had been exercised immediately prior to each such offering. The Company shall promptly (but in any case no later than five Business Days prior to such rights offering) give notice to the Warrantholder that such rights offering will take place. The Company shall not be required to make any adjustment with respect to the issuance of shares of Common Stock pursuant to a rights offering in which the holder hereof elects to participate under the provisions of this Section 6.2.

6.3 Notice of Adjustments. Whenever the number of Warrant Shares or the Exercise Price of such Warrant Shares is adjusted, as herein provided, the Company shall promptly give to the Warrantholder notice of such adjustment or adjustments and a certificate of a firm

of independent public accountants of recognized national standing selected by

the Board of Directors of the Company (which shall be appointed at the Company's expense and may be the independent public accountants regularly employed by the Company) setting forth the number of Warrant Shares and the Exercise Price of such Warrant Shares after such adjustment, a brief statement of the facts requiring such adjustment, and the computation by which such adjustment was made.

6.4 Notice of Extraordinary Corporate Events. In case the Company after the date hereof shall propose to (i) distribute any dividend (whether stock or cash or otherwise) to the holders of shares of Common Stock or to make any other distribution to the holders of shares of Common Stock, (ii) offer to the holders of shares of Common Stock rights to subscribe for or purchase any additional shares of any class of stock or any other rights or options, or (iii) effect any reclassification of the Common Stock (other than a reclassification involving merely the subdivision or combination of outstanding shares of Common Stock), any capital reorganization, any consolidation or merger (other than a merger in which no distribution of securities or other property is to be made to holders of shares of Common Stock), any sale or lease or transfer or other disposition of all or substantially all of its property, assets and business, or the liquidation, dissolution or winding up of the Company, then, in each such case, the Company shall give to the Warrantholder notice of such proposed action, which notice shall specify the date on which (a) the books of the Company shall close, or (b) a record shall be taken for determining the holders of Common Stock entitled to receive such stock dividends or other distribution or such rights or options, or (c) such reclassification, reorganization, consolidation, merger, sale, transfer, other disposition, liquidation, dissolution or winding up shall take place or commence, as the case may be, and the date, if any, as of which it is expected that holders of record of Common Stock shall be entitled to receive securities or other property deliverable upon such action. Such notice shall be given in the case of any action covered by clause (i) or (ii) above at least ten days prior to the record date for determining holders of Common Stock for purposes of receiving such payment or offer, or in the case of any action covered by clause (iii) above at least 30 days prior to the date upon which such action takes place and 20 days prior to any record date to determine holders of Common Stock entitled to receive such securities or other property.

6.5 Effect of Failure to Notify. Failure to file any certificate or notice or to give any notice, or any defect in any certificate or notice, pursuant to Sections 6.3 and 6.4 shall not affect the legality or validity of the adjustment to the Exercise Price, the number of shares purchasable upon exercise of this Warrant, or any transaction giving rise thereto.

7. Reports Under Securities Exchange Act of 1934. With a view to making available to the Holders the benefits of Rule 144 promulgated under the Securities Act or any other similar rule or regulation of the SEC that may at any time permit the Holders to sell securities of the Company to the public without registration ("Rule 144"), the Company agrees to:

The purchase price for such shares of Common Stock shall be equal to the price of the shares of Common Stock sold in such underwritten public offering (prior to deducting any underwriting discounts and commissions). The Warrantholder must exercise its purchase rights hereunder in whole within five Business Days after receipt of such notice from the Company and close such purchase, by payment of immediately available funds,

Without limiting the generality of the foregoing, the Company shall (a) take all such actions as may be necessary or appropriate in order that the Company may validly and legally issue fully paid and nonassessable shares of Common Stock upon the exercise of this Warrant, and (b) provide reasonable assistance to the Warrantholder in obtaining all authorizations, exemptions or consents from any Governmental Authority which may be necessary in connection with the exercise of this Warrant.

Any term or provision of this Warrant which is invalid or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such invalidity or unenforceability without rendering invalid or unenforceable the terms and provisions of this Warrant or affecting the validity or enforceability of any of the terms or provisions of this Warrant in any other jurisdiction.

13.8 Governing Law. This Warrant shall be deemed to be a contract made under the laws of New York and for all purposes shall be governed by and construed in accordance with the laws of such State applicable to such agreements made and to be performed entirely within such State.

(a) Corporate Existence and Power. The Company (i) is a corporation duly incorporated, validly existing and in good standing under the laws of the State of Delaware; (ii) has all requisite corporate power and authority to own and operate its property, to lease the property it operates as lessee and to conduct the business in which it is engaged; and (iii) has the corporate power and authority to execute, deliver and perform its obligations under this Warrant. The Company is duly qualified to do business as a foreign corporation in, and is in good standing under the laws of, each jurisdiction in which the conduct of its business or the nature of the property owned requires such qualification.

(b) Corporate Authorization; No Contravention. The execution, delivery and performance by the Company of this Warrant and the transactions contemplated hereby, including, without limitation, the sale, issuance and delivery of the Warrant Shares, (i) have been duly authorized by all necessary corporate action of the Company; (ii) do not contravene the terms of the Certificate of Incorporation or Bylaws; and (iii) do not violate, conflict with or result in any breach or contravention of, or the creation of any Lien under, any Contractual Obligation of the Company or any Requirement of Law applicable to the Company. No event has occurred and no condition exists which, upon notice or the passage of time (or both), would constitute a default under any indenture, mortgage, deed of trust, credit agreement, note or other evidence of indebtedness or other material agreement of the Company or the Certificate of Incorporation or Bylaws.

(c) Capitalization of the Company. The authorized capital stock of the Company consists of (i) 200,000,000 shares of Common Stock, of which, as of May 31, 1999 (a) 23,243,279 shares were issued and outstanding and (b) 34,877,533 shares were reserved for issuance upon the exercise of outstanding stock options, warrants to purchase Common Stock and conversion of outstanding shares of 10-1/2% Series C Convertible Preferred Stock (the "Series C Preferred Stock"), 9.2% Series A Junior Cumulative Convertible Preferred Stock (the "Series A Junior Preferred Stock") and shares of Series C Preferred Stock issuable pursuant to warrants to purchase Series C Preferred Stock, and (ii) 50,000,000 shares of Preferred Stock, of which 1,467,416 shares of Series C Preferred Stock were issued and outstanding as of May 31, 1999 and 1,350,000 shares of Series A Junior Preferred Stock were issued and outstanding as of May 31, 1999. Each share of Series C Preferred Stock may be converted at any time, at the option of the holder, unless previously redeemed, into a number of shares of Common Stock calculated by dividing the \$100 liquidation preference of the Series C Preferred Stock (without accrued and unpaid dividends) by \$18 (as adjusted from time to time). Each share of Series A Junior Preferred Stock may be converted at any time, at the option of the holder, unless previously redeemed, into a number of shares of Common Stock calculated by dividing the \$100 liquidation preference of the Series A Junior Preferred Stock (with accrued and unpaid dividends) by \$30 (as adjusted from time to time).

(d) Issuance of Warrant Shares. The Warrant Shares have been duly authorized and reserved for issuance. When issued, such shares will be validly issued, fully paid and non-assessable, and free and clear of all Liens and preemptive rights, and the holders thereof shall be entitled to all rights and preferences accorded to a holder of Common Stock.

(e) Binding Effect. This Warrant has been duly executed and delivered by the Company and constitutes the legal, valid and binding obligation of the Company enforceable against the Company in accordance with its terms, except as enforceability may be limited by applicable bankruptcy, insolvency, fraudulent conveyance or transfer, moratorium or other similar laws affecting the enforcement of creditors' rights generally and by general principles of equity.

Certificate No. 1

Number of Shares: 4,000,000

Name of Warrantholder: Ford Motor Company, a Delaware corporation

1. Duration and Exercise of Warrant; Limitations on Exercise; Payment of Taxes.

1.1 Exercisability of Warrant. Subject to the terms and conditions set forth herein, the right to exercise this Warrant shall vest, and this Warrant shall become exercisable, as follows:

(a) with respect to 1,000,000 shares of Common Stock, on the date that Ford has manufactured 500,000 Ford Enabled Vehicles;

(b) with respect to an additional 500,000 shares of Common Stock, on the date that Ford has manufactured an aggregate of 1,000,000 Ford Enabled Vehicles;

(c) with respect to an additional 500,000 shares of Common Stock, on the date that Ford has manufactured an aggregate of 2,000,000 Ford Enabled Vehicles;

(e) with respect to an additional 1,000,000 shares of Common Stock, on the date that Ford has manufactured an aggregate of 4,000,000 Ford Enabled Vehicles.

The Warrantholder shall have no right to exercise this Warrant with respect to shares of Common Stock which are not vested and exercisable as described in this Section 1.1.

1.2 Duration and Exercise of Warrant. Subject to the terms and conditions

set forth herein, including Section 1.1, the Warrant may be exercised, in whole or in part, by the Warrantholder by:

(a) the surrender of this Warrant to the Company, with a duly executed Exercise Form specifying the number of Warrant Shares to be purchased, during normal business hours on any Business Day prior to the Expiration Date; and

(b) the delivery of payment to the Company, for the account of the Company, by cash, by certified or bank cashier's check or by wire transfer of immediately available funds in accordance with wire instructions that shall be provided by the Company upon request, of the Exercise Price for the number of Warrant Shares specified in the Exercise Form in lawful money of the United States of America.

The Company agrees that such Warrant Shares shall be deemed to be issued to the Warrantholder as the record holder of such Warrant Shares as of the close of business on the date on which this Warrant shall have been surrendered and payment made for the Warrant Shares as aforesaid.

1.3 Limitations on Exercise. Notwithstanding anything to the contrary herein, this Warrant may be exercised only upon (i) the delivery to the Company of any certificates, legal

opinions, and other documents reasonably requested by the Company to satisfy the Company that the proposed exercise of this Warrant may be effected without registration under the Securities Act, (ii) receipt by the Company of FCC approval of the proposed exercise, if such approval is required (as determined by a written opinion of the Company's special FCC counsel, delivered to the Warrantholder) to maintain any license granted to the Company by the FCC, or to maintain the Company's eligibility for any license for which it has applied to the FCC and (iii) receipt by the Company of approval of any other applicable Governmental Authority of the proposed exercise. The Warrantholder shall not be entitled to exercise this Warrant, or any part thereof, unless and until such approvals, certificates, legal opinions or other documents are reasonably acceptable to the Company. The cost of such approvals, certificates, legal opinions and other documents, if required, shall be borne by the Warrantholder.

1.4 Warrant Shares Certificate. A stock certificate or certificates for the Warrant Shares specified in the Exercise Form shall be delivered to the Warrantholder within five Business Days after receipt of the Exercise Form and receipt of payment of the purchase price. If this Warrant shall have been exercised only in part, the Company shall, at the time of delivery of the stock certificate or certificates, deliver to the Warrantholder a new Warrant evidencing the rights to purchase the remaining Warrant Shares, which new Warrant shall in all other respects be identical with this Warrant.

1.5 Payment of Taxes. The issuance of certificates for Warrant Shares shall be made without charge to the Warrantholder for any documentary, stamp or similar stock transfer or other issuance tax in respect thereto; provided, however, that the Warrantholder shall be required to pay any and all taxes which may be payable in respect of any transfer involved in the issuance and delivery of any certificate in a name other than that of the then Warrantholder as reflected upon the books of the Company.

1.6 Divisibility of Warrant; Transfer of Warrant. (a) This Warrant may only be transferred by the Warrantholder with the prior written consent of the Company. Any transfer of this Warrant without the prior written consent of the Company shall be void and of no force and effect.

(b) Subject to the provisions of this Section, this Warrant may be divided into warrants of one thousand shares or multiples thereof, upon surrender at the office of the Company located at 1221 Avenue of the Americas, New York, New York 10020, without charge to any Warrantholder. Subject to the provisions of this Section, upon such division, the Warrants may be transferred of record as the then Warrantholder may specify without charge to such Warrantholder (other than any applicable transfer taxes).

(c) Subject to the provisions of this Section, upon surrender of this Warrant to the Company with a duly executed Assignment Form and funds sufficient to pay any transfer tax, the Company shall, without charge, execute and deliver a new Warrant or Warrants of like tenor in the name of the assignee named in such Assignment Form, and this Warrant shall promptly be canceled. Prior to any proposed transfer (whether as the result of a division or otherwise) of this Warrant, such Warrantholder shall give written notice to the Company of

such Warrantholder's intention to effect such transfer. Each such notice shall describe the manner and circumstances of the proposed transfer in sufficient detail, and, if requested by the Company, shall be accompanied by a written opinion of legal counsel, which opinion shall be addressed to the Company and be reasonably satisfactory in form and substance to the Company, to the effect that the proposed transfer of this Warrant may be effected without registration under the Securities Act. In addition to the restrictions contained in this Section, the Warrantholder shall not be entitled to transfer this Warrant, or any part thereof, if such legal opinion is not reasonably acceptable to the Company. The term "Warrant" as used in this Agreement shall be deemed to include any Warrants issued in substitution or exchange for this Warrant.

2. Restrictions on Transfer; Restrictive Legends.

Except as otherwise permitted by this Section 2, each Warrant shall (and each Warrant issued upon direct or indirect transfer or in substitution for any Warrant pursuant to Section 1.6 or Section 4 shall) be stamped or otherwise imprinted with a legend in substantially the following form:

THIS WARRANT AND ANY SECURITIES ACQUIRED UPON THE EXERCISE OF THIS WARRANT HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, OR ANY STATE SECURITIES LAWS AND NEITHER THIS WARRANT NOR SUCH SECURITIES NOR ANY INTEREST THEREIN MAY BE OFFERED, SOLD, TRANSFERRED, PLEDGED OR OTHERWISE DISPOSED OF EXCEPT PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT UNDER SUCH ACT OR SUCH LAWS OR AN EXEMPTION FROM REGISTRATION UNDER SUCH ACT AND SUCH LAWS.

Except as otherwise permitted by this Section 2, each stock certificate for Warrant Shares issued upon the exercise of any Warrant and each stock certificate issued upon the direct or indirect transfer of any such Warrant Shares shall be stamped or otherwise imprinted with a legend in substantially the following form:

THE SECURITIES REPRESENTED BY THIS CERTIFICATE HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, OR ANY STATE SECURITIES LAWS AND NEITHER THE SECURITIES NOR ANY INTEREST THEREIN MAY BE OFFERED, SOLD, TRANSFERRED, PLEDGED OR OTHERWISE DISPOSED OF EXCEPT PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT UNDER SUCH ACT OR SUCH LAWS OR AN EXEMPTION FROM REGISTRATION UNDER SUCH ACT AND SUCH LAWS.

Notwithstanding the foregoing, the Warrantholder may require the Company to issue a Warrant or a stock certificate for Warrant Shares, in each case without a legend, if either (i) such Warrant or such Warrant Shares, as the case may be, have been registered for resale under the Securities Act or (ii) the Warrantholder has delivered to the Company an opinion of legal counsel, which opinion shall be addressed to the Company and be reasonably

satisfactory in form and substance to the Company, to the effect that such registration is not required with respect to such Warrant or such Warrant Shares, as the case may be.

By acceptance of this Warrant, the Warrantholder expressly agrees that it will at all times comply with the restrictions contained in Rule 144(e) under the Securities Act (as in effect on the date hereof) when selling, transferring or otherwise disposing Warrant Shares, even if such restrictions would not then be applicable to the Warrantholder.

3. Reservation and Registration of Shares, Etc. The Company covenants and agrees as follows:

(a) all Warrant Shares which are issued upon the exercise of this Warrant will, upon issuance, be validly issued, fully paid, and nonassessable, not subject to any preemptive rights, and free from all taxes, liens, security interests, charges, and other encumbrances with respect to the issue thereof, other than taxes with respect to any transfer occurring contemporaneously with such issue;

(b) during the period within which this Warrant may be exercised, the

Company will at all times have authorized and reserved, and keep available free from preemptive rights and any liens and encumbrances, a sufficient number of shares of Common Stock to provide for the exercise of the rights represented by this Warrant; and

(c) the Company will, from time to time, take all such action as may be required to assure that the par value per share of the Warrant Shares is at all times equal to or less than the then effective Exercise Price.

4. Loss or Destruction of Warrant. Subject to the terms and conditions hereof, upon receipt by the Company of evidence reasonably satisfactory to it of the loss, theft, destruction or mutilation of this Warrant and, in the case of loss, theft or destruction, of such bond or indemnification as the Company may reasonably require, and, in the case of such mutilation, upon surrender and cancellation of this Warrant, the Company will execute and deliver a new Warrant of like tenor.

5. Ownership of Warrant. The Company may deem and treat the Person in whose name this Warrant is registered as the holder and owner hereof (notwithstanding any notations of ownership or writing hereon made by anyone other than the Company) for all purposes and shall not be affected by any notice to the contrary, until presentation of this Warrant for registration of transfer.

6. Certain Adjustments.

6.1 The number of Warrant Shares purchasable upon the exercise of this Warrant and the Exercise Price shall be subject to adjustment as follows:

(a) Stock Dividends. If at any time after the date of the issuance of this Warrant (i) the Company shall fix a record date for the issuance of any stock dividend payable in

shares of Common Stock; or (ii) the number of shares of Common Stock shall have been increased by a subdivision or split-up of shares of Common Stock, then, on the record date fixed for the determination of holders of Common Stock entitled to receive such dividend or immediately after the effective date of such subdivision or split-up, as the case may be, the number of shares to be delivered upon exercise of this Warrant will be increased so that the Warrantholder will be entitled to receive the number of shares of Common Stock that such Warrantholder would have owned immediately following such action had this Warrant been exercised immediately prior thereto, and the Exercise Price will be adjusted as provided below in paragraph (g).

(b) Combination of Stock. If the number of shares of Common Stock outstanding at any time after the date of the issuance of this Warrant shall have been decreased by a combination of the outstanding shares of Common Stock, then, immediately after the effective date of such combination, the number of shares of Common Stock to be delivered upon exercise of this Warrant will be decreased so that the Warrantholder thereafter will be entitled to receive the number of shares of Common Stock that such Warrantholder would have owned immediately following such action had this Warrant been exercised immediately prior thereto, and the Exercise Price will be adjusted as provided below in paragraph (g).

(c) Reorganization, etc. If any capital reorganization of the Company, any reclassification of the Common Stock, any consolidation of the Company with or merger of the Company with or into any other Person, or any sale or lease or other transfer of all or substantially all of the assets of the Company to any other Person, shall be effected in such a way that the holders of Common Stock shall be entitled to receive stock, other securities or assets (whether such stock, other securities or assets are issued or distributed by the Company or another Person) with respect to or in exchange for Common Stock, then, upon exercise of this Warrant, the Warrantholder shall have the right to receive the kind and amount of stock, other securities or assets receivable upon such reorganization, reclassification, consolidation, merger or sale, lease or other transfer by a holder of the number of shares of Common Stock that such Warrantholder would have been entitled to receive upon exercise of this Warrant had this Warrant been exercised immediately before such reorganization, reclassification, consolidation, merger or sale, lease or other transfer, subject to adjustments that shall be as nearly equivalent as may be practicable to the adjustments provided for in this Section 6. The Company shall not effect any such consolidation, merger or sale, lease or other transfer, unless prior to, or simultaneously with, the consummation thereof, the successor Person (if other than the Company) resulting from such consolidation or merger, or such Person purchasing, leasing or otherwise acquiring such assets, shall assume, by

written instrument, the obligation to deliver to the Warrantholder the shares of stock, securities or assets to which, in accordance with the foregoing provisions, the Warrantholder may be entitled and all other obligations of the Company under this Warrant. The provisions of this paragraph (c) shall apply to successive reorganizations, reclassifications, consolidations, mergers, sales, leasing transactions and other transfers.

(d) Distributions to all Holders of Common Stock. If the Company shall, at any time after the date of issuance of this Warrant, fix a record date to distribute to all holders of its Common Stock any shares of capital stock of the Company (other than Common Stock) or

evidences of its indebtedness or assets (not including regular quarterly cash dividends and distributions paid from retained earnings of the Company) or rights or warrants to subscribe for or purchase any of its securities, then the Warrantholder shall be entitled to receive, upon exercise of this Warrant, that portion of such distribution to which it would have been entitled had the Warrantholder exercised its Warrant immediately prior to the date of such distribution. At the time it fixes the record date for such distribution, the Company shall allocate sufficient reserves to ensure the timely and full performance of the provisions of this Subsection. The Company shall promptly (but in any case no later than five Business Days prior to the record date of such distribution) give notice to the Warrantholder that such distribution will take place.

(e) Fractional Shares. No fractional shares of Common Stock or scrip shall be issued to any Warrantholder in connection with the exercise of this Warrant. Instead of any fractional shares of Common Stock that would otherwise be issuable to such Warrantholder, the Company will pay to such Warrantholder a cash adjustment in respect of such fractional interest in an amount equal to that fractional interest of the then current Fair Market Value per share of Common Stock.

(f) Carryover. Notwithstanding any other provision of this Section 6, no adjustment shall be made to the number of shares of Common Stock to be delivered to the Warrantholder (or to the Exercise Price) if such adjustment represents less than 0.10% of the number of shares to be so delivered, but any lesser adjustment shall be carried forward and shall be made at the time and together with the next subsequent adjustment which together with any adjustments so carried forward shall amount to 0.10% or more of the number of shares to be so delivered.

(g) Exercise Price Adjustment. Whenever the number of Warrant Shares purchasable upon the exercise of this Warrant is adjusted, as herein provided, the Exercise Price payable upon the exercise of this Warrant shall be adjusted by multiplying such Exercise Price immediately prior to such adjustment by a fraction, of which the numerator shall be the number of Warrant Shares purchasable upon the exercise of the Warrant immediately prior to such adjustment, and of which the denominator shall be the number of Warrant Shares purchasable immediately thereafter.

6.2 Rights Offering. In the event the Company shall effect an offering of Common Stock pro rata among its stockholders, the Warrantholder shall be entitled to elect to participate in each and every such offering as if this Warrant had been exercised immediately prior to each such offering. The Company shall promptly (but in any case no later than five Business Days prior to such rights offering) give notice to the Warrantholder that such rights offering will take place. The Company shall not be required to make any adjustment with respect to the issuance of shares of Common Stock pursuant to a rights offering in which the holder hereof elects to participate under the provisions of this Section 6.2.

6.3 Notice of Adjustments. Whenever the number of Warrant Shares or the Exercise Price of such Warrant Shares is adjusted, as herein provided, the Company shall promptly give to the Warrantholder notice of such adjustment or adjustments and a certificate of a firm

of independent public accountants of recognized national standing selected by

the Board of Directors of the Company (which shall be appointed at the Company's expense and may be the independent public accountants regularly employed by the Company) setting forth the number of Warrant Shares and the Exercise Price of such Warrant Shares after such adjustment, a brief statement of the facts requiring such adjustment, and the computation by which such adjustment was made.

6.4 Notice of Extraordinary Corporate Events. In case the Company after the date hereof shall propose to (i) distribute any dividend (whether stock or cash or otherwise) to the holders of shares of Common Stock or to make any other distribution to the holders of shares of Common Stock, (ii) offer to the holders of shares of Common Stock rights to subscribe for or purchase any additional shares of any class of stock or any other rights or options, or (iii) effect any reclassification of the Common Stock (other than a reclassification involving merely the subdivision or combination of outstanding shares of Common Stock), any capital reorganization, any consolidation or merger (other than a merger in which no distribution of securities or other property is to be made to holders of shares of Common Stock), any sale or lease or transfer or other disposition of all or substantially all of its property, assets and business, or the liquidation, dissolution or winding up of the Company, then, in each such case, the Company shall give to the Warrantholder notice of such proposed action, which notice shall specify the date on which (a) the books of the Company shall close, or (b) a record shall be taken for determining the holders of Common Stock entitled to receive such stock dividends or other distribution or such rights or options, or (c) such reclassification, reorganization, consolidation, merger, sale, transfer, other disposition, liquidation, dissolution or winding up shall take place or commence, as the case may be, and the date, if any, as of which it is expected that holders of record of Common Stock shall be entitled to receive securities or other property deliverable upon such action. Such notice shall be given in the case of any action covered by clause (i) or (ii) above at least ten days prior to the record date for determining holders of Common Stock for purposes of receiving such payment or offer, or in the case of any action covered by clause (iii) above at least 30 days prior to the date upon which such action takes place and 20 days prior to any record date to determine holders of Common Stock entitled to receive such securities or other property.

6.5 Effect of Failure to Notify. Failure to file any certificate or notice or to give any notice, or any defect in any certificate or notice, pursuant to Sections 6.3 and 6.4 shall not affect the legality or validity of the adjustment to the Exercise Price, the number of shares purchasable upon exercise of this Warrant, or any transaction giving rise thereto.

7. Reports Under Securities Exchange Act of 1934. With a view to making available to the Holders the benefits of Rule 144 promulgated under the Securities Act or any other similar rule or regulation of the SEC that may at any time permit the Holders to sell securities of the Company to the public without registration ("Rule 144"), the Company agrees to:

(a) make and keep public information available, as those terms are understood and defined in Rule 144, at all times;

(b) file with the SEC in a timely manner all reports and other documents required of the Company under the Securities Act and the Exchange Act; and

(c) furnish to each Holder so long as such Holder owns Warrants, promptly upon request, (i) a written statement by the Company that it has complied with the reporting requirements of Rule 144 (at any time after 90 days after the effective date of the first registration statement filed by the Company), the Securities Act and the Exchange Act (at any time after it has become subject to such reporting requirements), (ii) a copy of the most recent annual or quarterly report of the Company and such other reports and documents so filed by the Company, and (iii) such other information as may be reasonably requested to permit the Holders to sell such securities without registration.

8. Amendments. Any provision of this Warrant may be amended and the observance thereof may be waived (either generally or in a particular instance and either retroactively or prospectively), only with the written consent or approval of the Company and the Holders who hold a majority in interest of the Warrants; provided that it is not necessary that the exact form of the amendment be approved by the holders of a majority in interest of the Warrants if such holders have approved the substance of such amendment. Any amendment or waiver effected in accordance with this Section 8 shall be binding upon each Holder and the Company.

9. Expiration of the Warrant. The obligations of the Company pursuant to this Warrant shall terminate on the Expiration Date.

The purchase price for such shares of Common Stock shall be equal to the price of the shares of Common Stock sold in such underwritten public offering (prior to deducting any underwriting discounts and commissions). The Warrantholder must exercise its purchase rights hereunder in whole within five Business Days after receipt of such notice from the Company and close such purchase, by payment of immediately available funds,

simultaneously with the closing of such underwritten public offering. If after the date that the Company notifies the Warrantholder of the proposed underwritten public offering of Common Stock the actual number of shares of Common Stock offered is increased or decreased as a result of demand for such Common Stock offering, then the Company shall not be required to make an additional offer to the Warrantholder to give effect to the increased or decreased size of such offering.

The Company shall not by any action, including, without limitation, amending the Certificate of Incorporation or through any reorganization, transfer of assets, consolidation, merger, dissolution, issue or sale of securities or any other voluntary action, avoid or seek to avoid the observance or performance of any of the terms of this Warrant, but will at all time in good faith assist in the carrying out of all such terms and in the taking of all such reasonable actions as may be necessary or appropriate to protect the rights of the Warrantholder against impairment. Without limiting the generality of the foregoing, the Company shall (a) take all such actions as may be necessary or appropriate in order that the Company may validly and legally issue fully paid and nonassessable shares of Common Stock upon the exercise of this Warrant, and (b) provide reasonable assistance to the Warrantholder in obtaining all authorizations, exemptions or consents from any Governmental Authority which may be necessary in connection with the exercise of this Warrant.

13.7 Separability. Any term or provision of this Warrant which is invalid or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such invalidity or unenforceability without rendering invalid or unenforceable the terms and provisions of this Warrant or affecting the validity or enforceability of any of the terms or provisions of this Warrant in any other jurisdiction.

13.8 Governing Law. This Warrant shall be deemed to be a contract made under the laws of New York and for all purposes shall be governed by and construed in accordance with the laws of such State applicable to such agreements made and to be performed entirely within such State.

(b) Corporate Authorization; No Contravention. The execution, delivery and performance by the Company of this Warrant and the transactions contemplated hereby, including, without limitation, the sale, issuance and delivery of the Warrant Shares, (i) have been duly authorized by all necessary corporate action of the Company; (ii) do not contravene the terms of the Certificate of Incorporation or Bylaws; and (iii) do not violate, conflict with or result in any breach or contravention of, or the creation of any Lien under, any Contractual Obligation of the Company or any Requirement of Law applicable to the Company. No event has occurred and no condition exists which, upon notice or the passage of time (or both), would constitute a default under any indenture, mortgage, deed of trust, credit agreement, note or other evidence of indebtedness or other material agreement of the Company or the Certificate of Incorporation or Bylaws.

(c) Capitalization of the Company. The authorized capital stock of the Company consists of (i) 200,000,000 shares of Common Stock, of which, as of May 31, 1999 (a) 23,243,279 shares were issued and outstanding and (b) 34,877,533 shares were reserved for issuance upon the exercise of outstanding stock options, warrants to purchase Common Stock and conversion of outstanding shares of 10-1/2% Series C Convertible Preferred Stock (the "Series C Preferred Stock"), 9.2% Series A Junior Cumulative Convertible Preferred Stock (the "Series A Junior Preferred Stock") and shares of Series C Preferred Stock issuable pursuant to warrants to purchase Series C Preferred Stock, and (ii) 50,000,000 shares of Preferred Stock, of which 1,467,416 shares of Series C Preferred Stock were issued and outstanding as of May 31, 1999 and 1,350,000 shares of Series A Junior Preferred Stock were issued and outstanding as of May 31, 1999. Each share of Series C Preferred Stock may be converted at any time, at the option of the holder, unless previously redeemed, into a number of shares of Common Stock calculated by dividing the \$100 liquidation preference of the Series C Preferred Stock (without accrued and unpaid dividends) by \$18 (as adjusted from time to time). Each share of Series A Junior Preferred Stock may be converted at any time, at the option of the holder, unless previously redeemed, into a number of shares of Common Stock calculated by dividing the \$100 liquidation preference of the Series A Junior Preferred Stock (with accrued and unpaid dividends) by \$30 (as adjusted from time to time).

(d) Issuance of Warrant Shares. The Warrant Shares have been duly authorized and reserved for issuance. When issued, such shares will be validly issued, fully paid and non-assessable, and free and clear of all Liens and preemptive rights, and the holders thereof shall be entitled to all rights and preferences accorded to a holder of Common Stock.

(e) Binding Effect. This Warrant has been duly executed and delivered by the Company and constitutes the legal, valid and binding obligation of the Company enforceable against the Company in accordance with its terms, except as enforceability may be limited by applicable bankruptcy, insolvency, fraudulent conveyance or transfer, moratorium or other similar laws affecting the enforcement of creditors' rights generally and by general principles of equity.

IN WITNESS WHEREOF, the Company has caused this Warrant to be signed by its duly authorized officer.

The Company agrees that such Warrant Shares shall be deemed to be issued to the Warrantholder as the record holder of such Warrant Shares as of the close of business on the date on which this Warrant shall have been surrendered and payment made for the Warrant Shares as aforesaid.

1.3 Limitations on Exercise. Notwithstanding anything to the contrary herein, this Warrant may be exercised only upon (i) the delivery to the Company of any certificates, legal

opinions, and other documents reasonably requested by the Company to satisfy the Company that the proposed exercise of this Warrant may be effected without registration under the Securities Act, (ii) receipt by the Company of FCC approval of the proposed exercise, if such approval is required (as determined by a written opinion of the Company's special FCC counsel, delivered to the Warrantholder) to maintain any license granted to the Company by the FCC, or to maintain the Company's eligibility for any license for which it has applied to the FCC and (iii) receipt by the Company of approval of any other applicable Governmental Authority of the proposed exercise. The Warrantholder shall not be entitled to exercise this Warrant, or any part thereof, unless and until such approvals, certificates, legal opinions or other documents are reasonably acceptable to the Company. The cost of such approvals, certificates, legal opinions and other documents, if required, shall be borne by the Warrantholder.

1.4 Warrant Shares Certificate. A stock certificate or certificates for the Warrant Shares specified in the Exercise Form shall be delivered to the Warrantholder within five Business Days after receipt of the Exercise Form and receipt of payment of the purchase price. If this Warrant shall have been exercised only in part, the Company shall, at the time of delivery of the stock certificate or certificates, deliver to the Warrantholder a new Warrant evidencing the rights to purchase the remaining Warrant Shares, which new Warrant shall in all other respects be identical with this Warrant.

1.5 Payment of Taxes. The issuance of certificates for Warrant Shares shall be made without charge to the Warrantholder for any documentary, stamp or similar stock transfer or other issuance tax in respect thereto; provided, however, that the Warrantholder shall be required to pay any and all taxes which may be payable in respect of any transfer involved in the issuance and delivery of any certificate in a name other than that of the then Warrantholder as reflected upon the books of the Company.

1.6 Divisibility of Warrant; Transfer of Warrant. (a) This Warrant may only be transferred by the Warrantholder with the prior written consent of the Company. Any transfer of this Warrant without the prior written consent of the Company shall be void and of no force and effect.

(b) Subject to the provisions of this Section, this Warrant may be divided into warrants of one thousand shares or multiples thereof, upon surrender at the office of the Company located at 1221 Avenue of the Americas, New York, New York 10020, without charge to any Warrantholder. Subject to the provisions of this Section, upon such division, the Warrants may be transferred of record as the then Warrantholder may specify without charge to such Warrantholder (other than any applicable transfer taxes).

(c) Subject to the provisions of this Section, upon surrender of this Warrant to the Company with a duly executed Assignment Form and funds sufficient to pay any transfer tax, the Company shall, without charge, execute and deliver a new Warrant or Warrants of like tenor in the name of the assignee named in such Assignment Form, and this Warrant shall promptly be canceled. Prior to any proposed transfer (whether as the result of a division or otherwise) of this Warrant, such Warrantholder shall give written notice to the Company of

such Warrantholder's intention to effect such transfer. Each such notice shall describe the manner and circumstances of the proposed transfer in sufficient detail, and, if requested by the Company, shall be accompanied by a written opinion of legal counsel, which opinion shall be addressed to the Company and be reasonably satisfactory in form and substance to the Company, to the effect that the proposed transfer of this Warrant may be effected without registration under the Securities Act. In addition to the restrictions contained in this Section, the Warrantholder shall not be entitled to transfer this Warrant, or any part thereof, if such legal opinion is not reasonably acceptable to the Company. The term "Warrant" as used in this Agreement shall be deemed to include any Warrants issued in substitution or exchange for this Warrant.

2. Restrictions on Transfer; Restrictive Legends.

Except as otherwise permitted by this Section 2, each Warrant shall (and each Warrant issued upon direct or indirect transfer or in substitution for any Warrant pursuant to Section 1.6 or Section 4 shall) be stamped or otherwise imprinted with a legend in substantially the following form:

THIS WARRANT AND ANY SECURITIES ACQUIRED UPON THE EXERCISE OF THIS WARRANT HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, OR ANY STATE SECURITIES LAWS AND NEITHER THIS WARRANT NOR SUCH SECURITIES NOR ANY INTEREST THEREIN MAY BE OFFERED, SOLD, TRANSFERRED, PLEDGED OR OTHERWISE DISPOSED OF EXCEPT PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT UNDER SUCH ACT OR SUCH LAWS OR AN EXEMPTION FROM REGISTRATION UNDER SUCH ACT AND SUCH LAWS.

Except as otherwise permitted by this Section 2, each stock certificate for Warrant Shares issued upon the exercise of any Warrant and each stock certificate issued upon the direct or indirect transfer of any such Warrant Shares shall be stamped or otherwise imprinted with a legend in substantially the following form:

THE SECURITIES REPRESENTED BY THIS CERTIFICATE HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, OR ANY STATE SECURITIES LAWS AND NEITHER THE SECURITIES NOR ANY INTEREST THEREIN MAY BE OFFERED, SOLD, TRANSFERRED, PLEDGED OR OTHERWISE DISPOSED OF EXCEPT PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT UNDER SUCH ACT OR SUCH LAWS OR AN EXEMPTION FROM REGISTRATION UNDER SUCH ACT AND SUCH LAWS.

Notwithstanding the foregoing, the Warrantholder may require the Company to issue a Warrant or a stock certificate for Warrant Shares, in each case without a legend, if either (i) such Warrant or such Warrant Shares, as the case may be, have been registered for resale under the Securities Act or (ii) the Warrantholder has delivered to the Company an opinion of legal counsel, which opinion shall be addressed to the Company and be reasonably

satisfactory in form and substance to the Company, to the effect that such registration is not required with respect to such Warrant or such Warrant Shares, as the case may be.

By acceptance of this Warrant, the Warrantholder expressly agrees that it will at all times comply with the restrictions contained in Rule 144(e) under the Securities Act (as in effect on the date hereof) when selling, transferring or otherwise disposing Warrant Shares, even if such restrictions would not then be applicable to the Warrantholder.

3. Reservation and Registration of Shares, Etc. The Company covenants and agrees as follows:

(a) all Warrant Shares which are issued upon the exercise of this Warrant will, upon issuance, be validly issued, fully paid, and nonassessable, not subject to any preemptive rights, and free from all taxes, liens, security interests, charges, and other encumbrances with respect to the issue thereof, other than taxes with respect to any transfer occurring contemporaneously with such issue;

(b) during the period within which this Warrant may be exercised, the

Company will at all times have authorized and reserved, and keep available free from preemptive rights and any liens and encumbrances, a sufficient number of shares of Common Stock to provide for the exercise of the rights represented by this Warrant; and

(c) the Company will, from time to time, take all such action as may be required to assure that the par value per share of the Warrant Shares is at all times equal to or less than the then effective Exercise Price.

4. Loss or Destruction of Warrant. Subject to the terms and conditions hereof, upon receipt by the Company of evidence reasonably satisfactory to it of the loss, theft, destruction or mutilation of this Warrant and, in the case of loss, theft or destruction, of such bond or indemnification as the Company may reasonably require, and, in the case of such mutilation, upon surrender and cancellation of this Warrant, the Company will execute and deliver a new Warrant of like tenor.

5. Ownership of Warrant. The Company may deem and treat the Person in whose name this Warrant is registered as the holder and owner hereof (notwithstanding any notations of ownership or writing hereon made by anyone other than the Company) for all purposes and shall not be affected by any notice to the contrary, until presentation of this Warrant for registration of transfer.

6. Certain Adjustments.

6.1 The number of Warrant Shares purchasable upon the exercise of this Warrant and the Exercise Price shall be subject to adjustment as follows:

(a) Stock Dividends. If at any time after the date of the issuance of this Warrant (i) the Company shall fix a record date for the issuance of any stock dividend payable in

shares of Common Stock; or (ii) the number of shares of Common Stock shall have been increased by a subdivision or split-up of shares of Common Stock, then, on the record date fixed for the determination of holders of Common Stock entitled to receive such dividend or immediately after the effective date of such subdivision or split-up, as the case may be, the number of shares to be delivered upon exercise of this Warrant will be increased so that the Warrantholder will be entitled to receive the number of shares of Common Stock that such Warrantholder would have owned immediately following such action had this Warrant been exercised immediately prior thereto, and the Exercise Price will be adjusted as provided below in paragraph (g).

(b) Combination of Stock. If the number of shares of Common Stock outstanding at any time after the date of the issuance of this Warrant shall have been decreased by a combination of the outstanding shares of Common Stock, then, immediately after the effective date of such combination, the number of shares of Common Stock to be delivered upon exercise of this Warrant will be decreased so that the Warrantholder thereafter will be entitled to receive the number of shares of Common Stock that such Warrantholder would have owned immediately following such action had this Warrant been exercised immediately prior thereto, and the Exercise Price will be adjusted as provided below in paragraph (g).

(c) Reorganization, etc. If any capital reorganization of the Company, any reclassification of the Common Stock, any consolidation of the Company with or merger of the Company with or into any other Person, or any sale or lease or other transfer of all or substantially all of the assets of the Company to any other Person, shall be effected in such a way that the holders of Common Stock shall be entitled to receive stock, other securities or assets (whether such stock, other securities or assets are issued or distributed by the Company or another Person) with respect to or in exchange for Common Stock, then, upon exercise of this Warrant, the Warrantholder shall have the right to receive the kind and amount of stock, other securities or assets receivable upon such reorganization, reclassification, consolidation, merger or sale, lease or other transfer by a holder of the number of shares of Common Stock that such Warrantholder would have been entitled to receive upon exercise of this Warrant had this Warrant been exercised immediately before such reorganization, reclassification, consolidation, merger or sale, lease or other transfer, subject to adjustments that shall be as nearly equivalent as may be practicable to the adjustments provided for in this Section 6. The Company shall not effect any such consolidation, merger or sale, lease or other transfer, unless prior to, or simultaneously with, the consummation thereof, the successor Person (if other than the Company) resulting from such consolidation or merger, or such Person purchasing, leasing or otherwise acquiring such assets, shall assume, by

written instrument, the obligation to deliver to the Warrantholder the shares of stock, securities or assets to which, in accordance with the foregoing provisions, the Warrantholder may be entitled and all other obligations of the Company under this Warrant. The provisions of this paragraph (c) shall apply to successive reorganizations, reclassifications, consolidations, mergers, sales, leasing transactions and other transfers.

(d) Distributions to all Holders of Common Stock. If the Company shall, at any time after the date of issuance of this Warrant, fix a record date to distribute to all holders of its Common Stock any shares of capital stock of the Company (other than Common Stock) or

evidences of its indebtedness or assets (not including regular quarterly cash dividends and distributions paid from retained earnings of the Company) or rights or warrants to subscribe for or purchase any of its securities, then the Warrantholder shall be entitled to receive, upon exercise of this Warrant, that portion of such distribution to which it would have been entitled had the Warrantholder exercised its Warrant immediately prior to the date of such distribution. At the time it fixes the record date for such distribution, the Company shall allocate sufficient reserves to ensure the timely and full performance of the provisions of this Subsection. The Company shall promptly (but in any case no later than five Business Days prior to the record date of such distribution) give notice to the Warrantholder that such distribution will take place.

(e) Fractional Shares. No fractional shares of Common Stock or scrip shall be issued to any Warrantholder in connection with the exercise of this Warrant. Instead of any fractional shares of Common Stock that would otherwise be issuable to such Warrantholder, the Company will pay to such Warrantholder a cash adjustment in respect of such fractional interest in an amount equal to that fractional interest of the then current Fair Market Value per share of Common Stock.

(f) Carryover. Notwithstanding any other provision of this Section 6, no adjustment shall be made to the number of shares of Common Stock to be delivered to the Warrantholder (or to the Exercise Price) if such adjustment represents less than 0.10% of the number of shares to be so delivered, but any lesser adjustment shall be carried forward and shall be made at the time and together with the next subsequent adjustment which together with any adjustments so carried forward shall amount to 0.10% or more of the number of shares to be so delivered.

(g) Exercise Price Adjustment. Whenever the number of Warrant Shares purchasable upon the exercise of this Warrant is adjusted, as herein provided, the Exercise Price payable upon the exercise of this Warrant shall be adjusted by multiplying such Exercise Price immediately prior to such adjustment by a fraction, of which the numerator shall be the number of Warrant Shares purchasable upon the exercise of the Warrant immediately prior to such adjustment, and of which the denominator shall be the number of Warrant Shares purchasable immediately thereafter.

6.2 Rights Offering. In the event the Company shall effect an offering of Common Stock pro rata among its stockholders, the Warrantholder shall be entitled to elect to participate in each and every such offering as if this Warrant had been exercised immediately prior to each such offering. The Company shall promptly (but in any case no later than five Business Days prior to such rights offering) give notice to the Warrantholder that such rights offering will take place. The Company shall not be required to make any adjustment with respect to the issuance of shares of Common Stock pursuant to a rights offering in which the holder hereof elects to participate under the provisions of this Section 6.2.

6.3 Notice of Adjustments. Whenever the number of Warrant Shares or the Exercise Price of such Warrant Shares is adjusted, as herein provided, the Company shall promptly give to the Warrantholder notice of such adjustment or adjustments and a certificate of a firm

of independent public accountants of recognized national standing selected by

the Board of Directors of the Company (which shall be appointed at the Company's expense and may be the independent public accountants regularly employed by the Company) setting forth the number of Warrant Shares and the Exercise Price of such Warrant Shares after such adjustment, a brief statement of the facts requiring such adjustment, and the computation by which such adjustment was made.

6.4 Notice of Extraordinary Corporate Events. In case the Company after the date hereof shall propose to (i) distribute any dividend (whether stock or cash or otherwise) to the holders of shares of Common Stock or to make any other distribution to the holders of shares of Common Stock, (ii) offer to the holders of shares of Common Stock rights to subscribe for or purchase any additional shares of any class of stock or any other rights or options, or (iii) effect any reclassification of the Common Stock (other than a reclassification involving merely the subdivision or combination of outstanding shares of Common Stock), any capital reorganization, any consolidation or merger (other than a merger in which no distribution of securities or other property is to be made to holders of shares of Common Stock), any sale or lease or transfer or other disposition of all or substantially all of its property, assets and business, or the liquidation, dissolution or winding up of the Company, then, in each such case, the Company shall give to the Warrantholder notice of such proposed action, which notice shall specify the date on which (a) the books of the Company shall close, or (b) a record shall be taken for determining the holders of Common Stock entitled to receive such stock dividends or other distribution or such rights or options, or (c) such reclassification, reorganization, consolidation, merger, sale, transfer, other disposition, liquidation, dissolution or winding up shall take place or commence, as the case may be, and the date, if any, as of which it is expected that holders of record of Common Stock shall be entitled to receive securities or other property deliverable upon such action. Such notice shall be given in the case of any action covered by clause (i) or (ii) above at least ten days prior to the record date for determining holders of Common Stock for purposes of receiving such payment or offer, or in the case of any action covered by clause (iii) above at least 30 days prior to the date upon which such action takes place and 20 days prior to any record date to determine holders of Common Stock entitled to receive such securities or other property.

6.5 Effect of Failure to Notify. Failure to file any certificate or notice or to give any notice, or any defect in any certificate or notice, pursuant to Sections 6.3 and 6.4 shall not affect the legality or validity of the adjustment to the Exercise Price, the number of shares purchasable upon exercise of this Warrant, or any transaction giving rise thereto.

7. Reports Under Securities Exchange Act of 1934. With a view to making available to the Holders the benefits of Rule 144 promulgated under the Securities Act or any other similar rule or regulation of the SEC that may at any time permit the Holders to sell securities of the Company to the public without registration ("Rule 144"), the Company agrees to:

(a) make and keep public information available, as those terms are understood and defined in Rule 144, at all times;

(b) file with the SEC in a timely manner all reports and other documents required of the Company under the Securities Act and the Exchange Act; and

(c) furnish to each Holder so long as such Holder owns Warrants, promptly upon request, (i) a written statement by the Company that it has complied with the reporting requirements of Rule 144 (at any time after 90 days after the effective date of the first registration statement filed by the Company), the Securities Act and the Exchange Act (at any time after it has become subject to such reporting requirements), (ii) a copy of the most recent annual or quarterly report of the Company and such other reports and documents so filed by the Company, and (iii) such other information as may be reasonably requested to permit the Holders to sell such securities without registration.

8. Amendments. Any provision of this Warrant may be amended and the observance thereof may be waived (either generally or in a particular instance and either retroactively or prospectively), only with the written consent or approval of the Company and the Holders who hold a majority in interest of the Warrants; provided that it is not necessary that the exact form of the amendment be approved by the holders of a majority in interest of the Warrants if such holders have approved the substance of such amendment. Any amendment or waiver effected in accordance with this Section 8 shall be binding upon each Holder and the Company.

9. Expiration of the Warrant. The obligations of the Company pursuant to this Warrant shall terminate on the Expiration Date.

The purchase price for such shares of Common Stock shall be equal to the price of the shares of Common Stock sold in such underwritten public offering (prior to deducting any underwriting discounts and commissions). The Warrantholder must exercise its purchase rights hereunder in whole within five Business Days after receipt of such notice from the Company and close such purchase, by payment of immediately available funds,

simultaneously with the closing of such underwritten public offering. If after the date that the Company notifies the Warrantholder of the proposed underwritten public offering of Common Stock the actual number of shares of Common Stock offered is increased or decreased as a result of demand for such Common Stock offering, then the Company shall not be required to make an additional offer to the Warrantholder to give effect to the increased or decreased size of such offering.

(b) Upon the expiration of any offer to the Warrantholder described above, or if the Warrantholder shall default in paying for or purchasing the Common Stock on the terms offered by the Company, the Company will be under no further obligation to offer any Common Stock to the Warrantholder pursuant to the terms of this Section.

The Company shall not by any action, including, without limitation, amending the Certificate of Incorporation or through any reorganization, transfer of assets, consolidation, merger, dissolution, issue or sale of securities or any other voluntary action, avoid or seek to avoid the observance or performance of any of the terms of this Warrant, but will at all time in good faith assist in the carrying out of all such terms and in the taking of all such reasonable actions as may be necessary or appropriate to protect the rights of the Warrantholder against impairment. Without limiting the generality of the foregoing, the Company shall (a) take all such actions as may be necessary or appropriate in order that the Company may validly and legally issue fully paid and nonassessable shares of Common Stock upon the exercise of this Warrant, and (b) provide reasonable assistance to the Warrantholder in obtaining all authorizations, exemptions or consents from any Governmental Authority which may be necessary in connection with the exercise of this Warrant.

The Company is duly qualified to do business as a foreign corporation in, and is in good standing under the laws of, each jurisdiction in which the conduct of its business or the nature of the property owned requires such qualification.

(b) Corporate Authorization; No Contravention. The execution, delivery and performance by the Company of this Warrant and the transactions contemplated hereby, including, without limitation, the sale, issuance and delivery of the Warrant Shares, (i) have been duly authorized by all necessary corporate action of the Company; (ii) do not contravene the terms of the Certificate of Incorporation or Bylaws; and (iii) do not violate, conflict with or result in any breach or contravention of, or the creation of any Lien under, any Contractual Obligation of the Company or any Requirement of Law applicable to the Company. No event has occurred and no condition exists which, upon notice or the passage of time (or both), would constitute a default under any indenture, mortgage, deed of trust, credit agreement, note or other evidence of indebtedness or other material agreement of the Company or the Certificate of Incorporation or Bylaws.

(c) Capitalization of the Company. The Exchange Notes will be issued by the Company under the Indenture (the "Indenture"), dated as of May 15, 1999, between the Company and United States Trust Company of New York, as trustee (the "Trustee"). Capitalized terms used in this letter and not otherwise defined have the respective meanings given those terms in the Registration Statement.

In connection with this opinion, we have examined originals, conformed copies or photocopies, certified or otherwise identified to our satisfaction, of the following documents (collectively, the "Documents"):

(i) the Registration Statement;

(ii) the Indenture included as Exhibit 4.4.2 to the Registration Statement;

(iii) the form of the Exchange Notes included as Exhibit 4.4.3 to the Registration Statement; and

Restated Certificate of Incorporation and Amended and Restated By-laws, as in effect on the date of this letter (collectively, the "Charter Documents"), and certified copies of resolutions of the executive committee of the board of directors of the Company relating to the Exchange Notes; and (ii) those other certificates, agreements and documents as we deemed relevant and necessary as a basis for the opinions expressed below.

In our examination of the documents referred to above, we have assumed, without independent investigation, (i) that the Exchange Notes will be issued substantially as described in the Registration Statement and in the form reviewed by us and that any information omitted from the form will be properly added, (ii) the genuineness of all signatures, (iii) the authenticity of all documents submitted to us as originals, (iv) the conformity to the original documents of all documents submitted to us as certified, photostatic, reproduced or conformed copies of validly existing agreements or other documents, (v) the authenticity of the latter documents; (vi) that the statements regarding matters of fact in the certificates, records, agreements, instruments and documents that we examined are accurate and complete, and (vii) the legal capacity of all individuals who have executed any of the documents which we examined.

We have also assumed, without independent investigation, that (i) the Indenture was duly authorized, executed and delivered by the Trustee, (ii) the Indenture is a valid and binding obligation of the Trustee, (iii) the Exchange Notes

will be issued in accordance with the Indenture as described in the Registration Statement and (iv) the Exchange Notes will be duly authenticated by the Trustee in accordance with the Indenture.

In expressing the opinion set forth below, we have relied upon the factual matters contained in the representations and warranties of the Company made in the documents and upon certificates of public officials and officers of the Company.

Based on the foregoing, and subject to the stated assumptions, exceptions and qualifications, we are of the opinion that:

1. The Indenture represents a valid and binding obligation of the Company enforceable against the Company in accordance with its terms, except as enforceability may be subject to (a) bankruptcy, insolvency, fraudulent conveyance or transfer, reorganization, moratorium or other similar laws affecting creditors' rights generally and (b) general principles of equity (regardless of whether enforcement is considered in a proceeding in equity or at law).

2. When issued, authenticated and delivered in accordance with the terms of the Indenture, the Exchange Notes will be legal, valid and binding obligations of the Company enforceable against the Company in accordance with their terms, except as enforceability may be limited by (a) bankruptcy, insolvency, fraudulent conveyance or transfer, reorganization, moratorium and other similar laws

affecting creditors' rights generally and (b) general principles of equity (regardless of whether enforcement is considered in a proceeding in equity or at law).

Our opinions expressed above are limited to the laws of the State of New York and the federal laws of the United States of America. Our opinions are rendered only with respect to the laws, and the rules, regulations and orders under those laws, that are currently in effect. Please be advised that no member of this firm is admitted to practice in the State of Delaware.

We consent to the use of our name in the Registration Statement and in the prospectus in the Registration Statement as it appears in the caption "Legal

We are giving this opinion in connection with the Registration Statement on Form S-4 (the "Registration Statement") filed by the Company with the Securities and Exchange Commission (the "Commission") on the date of this letter, in accordance with the Securities Act and the rules and regulations of the Commission under the Securities Act, relating to the registration by the Company of the New Notes. Capitalized terms used but not defined in this letter have the respective meanings ascribed to them in the Registration Statement.

2

In rendering our opinion, we have examined originals or copies, certified or otherwise identified to our satisfaction, of the Registration Statement and those agreements and other documents which we have deemed relevant and necessary and we have made those investigations of law which we have deemed appropriate as a basis for the opinion expressed below. In our examination, we have assumed the authenticity of original documents, the accuracy of copies and the genuineness of signatures. We understand and assume that (i) each of these agreements represents the valid and binding obligation of the respective parties to the agreements, enforceable in accordance with its respective terms and the entire agreement between the parties with respect to the subject matter of the agreement, (ii) the parties to each agreement have complied, and will comply, with all of their respective covenants, agreements and undertakings contained in the agreement and (iii) the transactions provided for by each agreement were and will be carried out in accordance with their terms.

The opinion set forth in this letter is limited to the Internal Revenue Code of 1986, as amended (the "Code"), administrative rulings, judicial decisions, Treasury regulations and other applicable authorities, all as in effect on the date of this letter. The statutory provisions, regulations and interpretations upon which our opinion is based are subject to change, and any change could apply retroactively. Any change could affect the continuing validity of the opinion described in this letter. We assume no responsibility to advise you of any subsequent changes in existing law or facts, nor do we assume any responsibility to update this opinion with respect to any matters expressly described in this letter, and no opinions are to be implied or may be inferred beyond the matters expressly so stated.

The opinion in this letter has no binding effect on the United States Internal Revenue Service or the courts of the United States. No assurance can be given that, if the matter were contested, a court would agree with the opinion in this letter.

Based upon and subject to the above, the discussion in the Registration Statement under the heading "Certain United States Federal Income Tax Considerations" constitutes our opinion with respect to those matters. While

this description discusses the material anticipated United States federal income tax consequences applicable to particular holders who are United States Persons, it does not purport to discuss all United States federal income tax consequences and our opinion is limited to those United States federal income tax consequences specifically discussed under that heading.

In giving the above opinion, we express no opinion other than as to the federal income tax laws of the United States of America.

3

We are furnishing this letter in our capacity as United States federal income tax counsel to the Company. This letter is not to be used, circulated, quoted or otherwise referred to for any other purpose, except as described below.

We consent to the use of our name in the Registration Statement as our name appears under the caption "Legal Matters" and to the use of this letter as an exhibit to the Registration Statement. In giving this consent, we do not admit that we come within the category of persons whose consent is required by the Securities Act or by the rules and regulations under the Securities Act.

If the undersigned is not a broker-dealer, the undersigned represents that it is acquiring the Exchange Notes in the ordinary course of business of the undersigned, that it is not engaged in, and does not intend to engage in, or has no arrangement or understanding with any person to participate in, a distribution of Exchange Notes and that it is not an 'affiliate' of the Company within the meaning of Rule 405 under the Securities Act of 1933, as amended (the 'Securities Act'). If the undersigned is a broker-dealer that will receive Exchange Notes for its own account in exchange for Initial Notes that were acquired as a result of market-making activities or other trading activities, it may be deemed to be an 'underwriter' within the meaning of the Securities Act and must acknowledge that it will deliver a prospectus meeting the requirements of the Securities Act in connection with any resale of such Exchange Notes; however, by so acknowledging and by delivering a prospectus, the undersigned will not be deemed to admit that it is an 'underwriter' within the meaning of the Securities Act.

PLEASE READ THE ACCOMPANYING INSTRUCTIONS CAREFULLY

Ladies and Gentlemen:

Upon the terms and subject to the conditions of the Exchange Offer, the undersigned hereby tenders to the Company the aggregate principal amount of Initial Notes indicated above. Subject to, and effective upon, the acceptance for exchange of the Initial Notes tendered hereby, the undersigned hereby sells, assigns and transfers to, or upon the order of, the Company all right, title and interest in and to such Initial Notes as are being tendered hereby.

The undersigned hereby represents and warrants that the undersigned has full power and authority to tender, sell, assign and transfer the Initial Notes tendered hereby and that the Company will acquire good and unencumbered title thereto, free and clear of all liens, restrictions, charges and encumbrances and not subject to any adverse claim when the same are accepted by the Company. The undersigned will, upon request, execute and deliver any additional documents deemed by the Company or the Exchange Agent to be necessary or desirable to complete the sale, assignment and transfer of the Initial Notes tendered hereby.

The undersigned also acknowledges that this Exchange Offer is being made in reliance on the Company's belief, based on interpretations by the staff of the Securities and Exchange Commission (the 'SEC') to third parties in unrelated transactions, that the Exchange Notes issued in exchange for the Initial Notes pursuant to the Exchange Offer may be offered for resale, resold and otherwise transferred by holders thereof (other than (i) any such holder that is an 'affiliate' of the Company within the meaning of Rule 405 under the Securities Act or (ii) any broker-dealer that purchases Notes from the Company to resell pursuant to Rule 144A under the Securities Act ('Rule 144A') or any other available exemption) without compliance with the registration and prospectus delivery provisions of the Securities Act, provided that such Exchange Notes are acquired in the ordinary course of such holders' business and such holders have no arrangement or understanding with any person to participate in the distribution of such Exchange Notes and are not participating in, and do not intend to participate in, the distribution of such Exchange Notes. The undersigned acknowledges that any holder of Initial Notes using the Exchange Offer to participate in a distribution of the Exchange Notes (i) cannot rely on the position of the staff of the SEC enunciated in its interpretive letter with respect to Exxon Capital Holdings Corporation (available April 13, 1989) or similar letters and (ii) must comply with the registration and prospectus requirements of the Securities Act in connection with a secondary resale transaction.

The undersigned represents that (i) the Exchange Notes acquired pursuant to the Exchange Offer are being obtained in the ordinary course of business of the person receiving such Exchange Notes, whether or not such person is the holder, (ii) such holder or such other person has no arrangement or understanding with any person to participate in the distribution of such Exchange Notes within the meaning of the Securities Act and is not participating in, and does not intend to participate in, the distribution of such Exchange Notes within the meaning of the Securities Act, and (iii) such holder or such other person is not an 'affiliate,' as defined in Rule 405 under the Securities Act, of the Company or, if such holder or such other person is an affiliate, such holder or such other person will comply with the registration and prospectus delivery requirements of the Securities Act to the extent applicable.

If the undersigned is not a broker-dealer, the undersigned represents that it is not engaged in, and does not intend to engage in, a distribution of Exchange Notes. If the undersigned is a broker-dealer that will receive Exchange Notes for its own account in exchange for Initial Notes, it represents that the Initial Notes to be exchanged for Exchange Notes were acquired by it as a result of market-making activities or other trading activities and acknowledges that it will deliver a prospectus meeting the requirements of the Securities Act in

connection with any resale of such Exchange Notes pursuant to the Exchange Offer; however, by so acknowledging and by delivering a prospectus, the undersigned will not be deemed to admit that it is an 'underwriter' within the meaning of the Securities Act.

The undersigned, if a California resident, hereby further represents and warrants that the undersigned (or the beneficial owner of the Initial Notes tendered hereby, if not the undersigned) (i) is a bank, savings and loan association, trust company, insurance company, investment company registered under the Investment Company Act of 1940, pension or profit-sharing trust (other than a pension or profit-sharing trust of the Company, a self-employed individual retirement plan, or individual retirement account), or a corporation which has a net worth on a consolidated basis according to its most recent audited financial statement of not less than \$14,000,000, and (ii) is acquiring the Exchange Notes for its own account for investment purposes (or for the account of the beneficial owner of such Exchange Notes for investment purposes).

All authority conferred or agreed to be conferred in this Letter and every obligation of the undersigned hereunder shall be binding upon the successors, assigns, heirs, executors, administrators, trustees in bankruptcy and legal representatives of the undersigned and shall not be affected by, and shall survive, the death or incapacity of the undersigned. This tender may be withdrawn only in accordance with the procedures set forth in the instructions contained in this Letter.

The undersigned understands that tenders of the Initial Notes pursuant to any one of the procedures described under 'The Exchange Offer -- Terms of the Exchange Offer -- Procedures for Tendering Initial Notes' in the Prospectus and in the instructions hereto will constitute a binding agreement between the undersigned and the Company in accordance with the terms and subject to the conditions of the Exchange Offer.

The undersigned recognizes that, under certain circumstances set forth in the Prospectus under 'The Exchange Offer -- Terms of the Exchange Offer -- Conditions to the Exchange Offer,' the Company may not be required to accept for exchange any of the Initial Notes tendered. Initial Notes not accepted for exchange or withdrawn will be returned to the undersigned at the address set forth below unless otherwise indicated under 'Special Delivery Instructions' below.

Unless otherwise indicated herein in the box entitled 'Special Issuance Instructions' below, please issue the Exchange Notes (and, if applicable, substitute certificates representing Initial Notes for any Initial Notes not exchanged) in the name of the undersigned. Similarly, unless otherwise indicated under the box entitled 'Special Delivery Instructions' below, please deliver the Exchange Notes (and, if applicable, substitute certificates representing Initial Notes for any Initial Notes not exchanged) to the undersigned at the address shown above in the box entitled 'Description of Initial Notes.'

THE BOOK-ENTRY TRANSFER FACILITY, AS THE HOLDER OF RECORD OF CERTAIN INITIAL NOTES, HAS GRANTED AUTHORITY TO BOOK-ENTRY TRANSFER FACILITY PARTICIPANTS WHOSE NAMES APPEAR ON A SECURITY POSITION LISTING WITH RESPECT TO SUCH INITIAL NOTES AS OF THE DATE OF TENDER OF SUCH INITIAL NOTES TO EXECUTE AND DELIVER THE LETTER OF TRANSMITTAL AS IF THEY WERE THE HOLDERS OF RECORD. ACCORDINGLY, FOR PURPOSES OF THIS LETTER OF TRANSMITTAL, THE TERM 'HOLDER' SHALL BE DEEMED TO INCLUDE SUCH BOOK-ENTRY TRANSFER FACILITY PARTICIPANTS.

THE UNDERSIGNED, BY COMPLETING THE BOX ENTITLED 'DESCRIPTION OF INITIAL NOTES' ABOVE AND SIGNING THIS LETTER AND DELIVERING SUCH NOTES AND THIS LETTER TO THE EXCHANGE AGENT, WILL BE DEEMED TO HAVE TENDERED THE INITIAL NOTES AS SET FORTH IN SUCH BOX ABOVE.

INSTRUCTIONS

FORMING PART OF THE TERMS AND CONDITIONS OF THE EXCHANGE OFFER

1. DELIVERY OF THIS LETTER AND INITIAL NOTES; GUARANTEED DELIVERY PROCEDURE.

This Letter is to be used to forward, and must accompany, all certificates representing Initial Notes tendered pursuant to the Exchange Offer unless such certificates are accompanied by an Agent's Message (as defined in the Prospectus) in which case you need not submit this Letter to the Exchange Agent. Certificates representing the Initial Notes in proper form for transfer (or a confirmation of book-entry transfer of such Initial Notes into the Exchange Agent's account at the book-entry transfer facility) must be received by the Exchange Agent at its address set forth herein on or before the Expiration Date. A tender will not be deemed to have been timely received when the tendering holder's properly completed and duly signed Letter or an Agent's Message accompanied by the Initial Notes is mailed prior to the Expiration Date but is received by the Exchange Agent after the Expiration Date.

THE METHOD OF DELIVERY OF THIS LETTER, THE INITIAL NOTES AND ALL OTHER REQUIRED DOCUMENTS IS AT THE ELECTION AND RISK OF THE TENDERING HOLDERS, BUT THE DELIVERY WILL BE DEEMED MADE ONLY WHEN ACTUALLY RECEIVED OR CONFIRMED BY THE EXCHANGE AGENT. IF SUCH DELIVERY IS BY MAIL, IT IS RECOMMENDED THAT REGISTERED MAIL PROPERLY INSURED, WITH RETURN RECEIPT REQUESTED, BE USED. IN ALL CASES, SUFFICIENT TIME SHOULD BE ALLOWED TO PERMIT TIMELY DELIVERY.

If a holder desires to tender Initial Notes and such holder's Initial Notes are not immediately available or time will not permit such holder's Letter of Transmittal, Initial Notes (or a confirmation of book-entry transfer of Initial Notes into the Exchange Agent's account at the book-entry transfer facility with an Agent's Message) or other required documents to reach the Exchange Agent on or before the Expiration Date, such holder may still tender in the Exchange Offer if:

- (a) the tender is made through an Eligible Institution (as defined below);
- (b) prior to the Expiration Date, the Exchange Agent receives from such Eligible Institution a properly completed and duly executed Letter of Transmittal (or facsimile thereof) and Notice of Guaranteed Delivery, substantially in the form provided by us (by facsimile transmission, mail or hand delivery), setting forth your name and address as holder of the Initial Notes and the amount of Initial Notes tendered, stating that the tender is being made thereby and guaranteeing that within three business days after the Expiration Date the certificates for all physically tendered Initial Notes, in proper form for transfer, or a book-entry confirmation with an Agent's Message, as the case may be, and any other documents required by the Letter of Transmittal will be deposited by the Eligible Institution with the Exchange Agent; and
- (c) the certificates for all physically tendered Initial Notes, in proper form for transfer, or a book-entry confirmation as the case may be, and all other documents required by this Letter of Transmittal, are received by the Exchange Agent within three business days after the Expiration Date.

See 'The Exchange Offer -- Terms of the Exchange Offer -- Procedures for Tendering' in the Prospectus.

2. WITHDRAWALS.

Any holder who has tendered Initial Notes may withdraw the tender by delivering written notice of withdrawal (which may be sent by telegram, facsimile (receipt confirmed by telephone and an original delivered by guaranteed overnight courier)) to the Exchange Agent prior to the close of business on the Expiration Date and prior to acceptance for exchange thereof by us. For a withdrawal to be effective, a written notice of withdrawal must (i) specify the name of the person having tendered the Initial Notes to be withdrawn (the 'Depositor'), (ii) identify the Initial Notes to be withdrawn (including the certificate number or numbers and principal amount of such Initial Notes), (iii) signed by the holder in the same manner as the original signature on the Letter of Transmittal by which such Initial Notes were tendered or as otherwise set forth in Instruction 3 below (including any required signature guarantees), or be accompanied by documents of transfer sufficient to have the trustee for the indenture governing the Initial Notes register the transfer of such Initial Notes pursuant to the terms of such indenture into the name of the person withdrawing the tender and (iv) specify the name in which any such Initial Notes are to be registered, if different from that of the Depositor. If Initial Notes have been tendered pursuant to the procedure for book-entry transfer, any notice of withdrawal must specify the name and number of the participant's account at the book-entry transfer facility to be credited, if different from that of the Depositor, with the withdrawn Initial Notes or otherwise comply with the book-entry transfer facility's procedures. See 'The Exchange Offer -- Terms of the Exchange Offer -- Withdrawal of Tenders' in the Prospectus.

3. SIGNATURES ON THIS LETTER; BOND POWERS AND ENDORSEMENTS; GUARANTEE OF SIGNATURES.

If this Letter is signed by the registered holder of the Initial Notes tendered hereby, the signature must correspond with the name as written on the face of the certificates without alteration, enlargement or any change whatsoever.

If this Letter is signed by a participant in DTC, the signature must correspond with the name as it appears on the security position listing as the holder of the Initial Notes.

If this Letter or any Initial Notes or bond powers are signed by trustees, executors, administrators, guardians, attorneys-in-fact, officers of corporations or others acting in a fiduciary or representative capacity, such persons should so indicate when signing. Unless waived by us, evidence satisfactory to us of their authority to so act must also be submitted with the Letter of Transmittal.

If any tendered Initial Notes are owned of record by two or more joint owners, all such owners must sign this Letter.

The signatures on this Letter or a notice of withdrawal, as the case may be, must be guaranteed by a member firm of a registered national securities exchange or of the National Association of Securities Dealers, Inc., a commercial bank or trust company having an office or correspondent in the United States or an 'eligible guarantor' institution within the meaning of Rule 17Ad-15 under the Securities Exchange Act of 1934, as amended -- (each, an 'Eligible Institution'), unless the Initial Notes are tendered: (i) by a registered holder (or by a participant in DTC whose name appears on a security position listing as the owner) who has not completed the box entitled 'Special Issuance Instructions' or 'Special Delivery Instructions' on this Letter and the Exchange Notes are being issued directly to such registered holder (or deposited into the participant's account at DTC), or (ii) for the account of an Eligible Institution.

4. SPECIAL ISSUANCE AND DELIVERY INSTRUCTIONS.

Tendering holders of Initial Notes should indicate in the applicable box the name and address to which Exchange Notes issued pursuant to the Exchange Offer are to be issued or sent, if different from the name or address of the person signing this Letter. In the case of issuance in a different name, the employer identification or social security number of the person named must also be indicated. If no such instructions are given, any Exchange Notes will be issued in the name of, and delivered to, the name or address of the person signing this Letter and any Initial Notes not accepted for exchange will be returned to the name or address of the person signing this Letter.

5. BACKUP FEDERAL INCOME TAX WITHHOLDING AND SUBSTITUTE FORM W-9.

Under the federal income tax laws, payments that may be made by the Company on account of Exchange Notes issued pursuant to the Exchange Offer may be subject to backup withholding at the rate of 31%. In order to avoid such backup withholding, each tendering holder should complete and sign the Substitute Form W-9 included in this Letter and either (a) provide the correct taxpayer

identification number ('TIN') and certify, under penalties of perjury, that the TIN provided is correct and that (i) the holder has not been notified by the Internal Revenue Service (the 'IRS') that the holder is subject to backup withholding as a result of failure to report all interest or dividends or (ii) the IRS has notified the holder that the holder is no longer subject to backup withholding; or (b) provide an adequate basis for exemption. If the tendering holder has not been issued a TIN and has applied for one, or intends to apply for one in the near future, such holder should write 'Applied For' in the space provided for the TIN in Part I of the Substitute Form W-9, sign and date the Substitute Form W-9, and sign the Certification of Payee Awaiting Taxpayer Identification Number. If 'Applied For' is written in Part I, the Company (or the Paying Agent under the Indenture governing the Exchange Notes) shall retain 31% of payments made to the tendering holder during the sixty (60) day period following the date of the Substitute Form W-9. If the holder furnishes the Exchange Agent or the Company with his or her TIN within sixty (60) days after the date of the Substitute Form W-9, the Company (or the Paying Agent) shall remit such amounts retained during the sixty (60) day period to the holder and no further amounts shall be retained or withheld from payments made to the holder thereafter. If, however, the holder has not provided the Exchange Agent or the Company with his or her TIN within such sixty (60) day period, the Company (or the Paying Agent) shall remit such previously retained amounts to the IRS as backup withholding. In general, if a holder is an individual, the taxpayer identification number is the Social Security number of such individual. If the Exchange Agent or the Company is not provided with the correct taxpayer identification number, the holder may be subject to a \$50 penalty imposed by the IRS. Certain holders (including, among others, all corporations and certain foreign individuals) are not subject to these backup

9

withholding and reporting requirements. In order for a foreign individual to qualify as an exempt recipient, such holder must submit a statement (generally, IRS Form W-8), signed under penalties of perjury, attesting to that individual's exempt status. Such statements can be obtained from the Exchange Agent. For further information concerning backup withholding and instructions for completing the Substitute Form W-9 (including how to obtain a taxpayer identification number if you do not have one and how to complete the Substitute Form W-9 if Initial Notes are registered in more than one name), consult the enclosed Guidelines for Certification of Taxpayer Identification Number on Substitute Form W-9.

Failure to complete the Substitute Form W-9 will not, by itself, cause Initial Notes to be deemed invalidly tendered, but may require the Company (or the Paying Agent) to withhold 31% of the amount of any payments made on account of the Exchange Notes. Backup withholding is not an additional federal income tax. Rather, the federal income tax liability of a person subject to backup withholding will be reduced by the amount of tax withheld. If withholding results in an overpayment of taxes, a refund may be obtained.

6. TRANSFER TAXES.

The Company will pay all transfer taxes, if any, applicable to the transfer of Initial Notes to it or its order pursuant to the Exchange Offer. If, however, Exchange Notes and/or substitute Initial Notes not exchanged or accepted for exchange are to be delivered to, or are to be registered or issued in the name of, any person other than the registered holder of the Initial Notes tendered hereby, or if tendered Initial Notes are registered in the name of any person other than the person signing this Letter, or if a transfer tax is imposed for any reason other than the transfer of Initial Notes to the Company or its order pursuant to the Exchange Offer, the amount of any such transfer taxes (whether imposed on the registered holder or any other persons) will be payable by the tendering holder. If satisfactory evidence of payment of such taxes or exemption therefrom is not submitted herewith, the amount of such transfer taxes will be billed directly to such tendering holder.

Except as provided in this Instruction 6, it will not be necessary for transfer tax stamps to be affixed to the Initial Notes specified in this Letter.

7. WAIVER OF CONDITIONS.

Conditions enumerated in the Prospectus may be waived by the Company, in whole or in part, at any time from time to time in its reasonable discretion.

8. NO CONDITIONAL TENDERS.

No alternative, conditional, irregular or contingent tenders will be accepted. All tendering holders of Initial Notes, by execution of this Letter, shall waive any right to receive notice of the acceptance of their Initial Notes for exchange.

Neither the Company nor any other person is obligated to give notice of

defects or irregularities in any tender, nor shall any of them incur any liability for failure to give any such notice.

9. INADEQUATE SPACE.

If the space provided herein is inadequate, the aggregate principal amount of Initial Notes being tendered and the certificate number or numbers (if available) should be listed on a separate schedule attached hereto and separately signed by all parties required to sign this Letter.

10. MUTILATED, LOST, STOLEN OR DESTROYED INITIAL NOTES.

If any certificate has been lost, mutilated, destroyed or stolen, the holder should promptly notify the United States Trust Company of New York at the telephone number indicated above. The holder will then be instructed as to the steps that must be taken to replace the certificate(s). This Letter of Transmittal and related documents cannot be processed until the Initial Notes have been replaced.

11. REQUESTS FOR ASSISTANCE OR ADDITIONAL COPIES.

Questions relating to the procedure for tendering, as well as requests for additional copies of the Prospectus and this Letter, may be directed to the United States Trust Company of New York at the address and telephone number indicated above.
