**NOTICE OF ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON THURSDAY, MAY 24, 2007**

To our Stockholders:

You are cordially invited to attend our Annual Meeting of Stockholders, which will be held on Thursday, May 24, 2007, at 9:00 a.m., New York City time, in The Auditorium at The Equitable Center, 787 Seventh Avenue, New York, New York 10019. The annual meeting is being held to:

1. Elect eight directors.
2. Ratify the appointment of Ernst & Young LLP as our independent registered public accountants for 2007.
3. Transact any other business that may properly come before the meeting and any adjournments thereof.

Only stockholders of record at the close of business on April 5, 2007 are entitled to vote at the annual meeting. A list of stockholders entitled to vote will be available for examination for the ten days prior to the annual meeting, between the hours of 9:00 a.m. and 4:00 p.m., New York City time, at our offices at 1221 Avenue of the Americas, 36th Floor, New York, New York 10020.

Whether or not you expect to attend in person, we urge you to vote your shares via the Internet, by phone, or by signing, dating, and returning the enclosed proxy card at your earliest convenience. This will ensure the presence of a quorum at the meeting. If you wish to vote your shares by mail, an addressed envelope for which no postage is required if mailed in the United States is enclosed.

Voting over the Internet or by telephone is fast, convenient, and your vote is immediately confirmed and tabulated. Most important, by using the Internet or telephone, you help us reduce postage and proxy tabulation costs. Please do not return the enclosed paper ballot if you are voting over the Internet or by telephone.

Instead of receiving future copies of our proxy statement and annual report materials by mail, most stockholders can elect to receive an e-mail that will provide electronic links to them. Opting to receive your proxy materials online will save us the cost of producing and mailing documents to you and will also give you an electronic link to the proxy voting site. Please see page 2 ("*How can I access the proxy materials and annual report on the Internet?*") of this proxy statement for instructions on receiving your materials by e-mail.

If You Plan to Attend

Please note that space limitations make it necessary to limit attendance to stockholders. Admission to the meeting will be on a first-come, first-served basis. Stockholders holding stock in brokerage accounts ("street name" holders) will need to bring a copy of a brokerage statement reflecting stock ownership as of the record date to enter the meeting. Cameras, recording devices and other electronic equipment will not be permitted in the meeting.

By Order of the Board of Directors,

Patrick L. Donnelly
Executive Vice President,
General Counsel and Secretary

PROXY STATEMENT

This proxy statement contains information related to the annual meeting of stockholders of Sirius Satellite Radio Inc. to be held on Thursday, May 24, 2007, beginning at 9:00 a.m., New York City time, in The Auditorium at The Equitable Center, 787 Seventh Avenue, New York, New York 10019, and at any postponements or adjournments thereof. This proxy statement and the accompanying proxy card is being mailed to stockholders on or about April 23, 2007.

A copy of our Annual Report on Form 10-K for the year ended December 31, 2006 as filed with the Securities and Exchange Commission, except for exhibits, will be furnished without charge to any stockholder upon written request to Sirius Satellite Radio Inc., Attention: Corporate Secretary, 1221 Avenue of the Americas, 36th Floor, New York, New York 10020.

ABOUT THE MEETING

What is the purpose of the annual meeting?

At our annual meeting, stockholders will elect eight directors to our board (Leon D. Black, Joseph P. Clayton, Lawrence F. Gilberti, James P. Holden, Mel Karmazin, Warren N. Lieberfarb, Michael J. McGuinness and James F. Mooney) and be asked to ratify the appointment of Ernst & Young LLP as our independent registered public accountants for 2007. In addition, management will report on its 2006 performance and respond to questions from stockholders.

Who is entitled to vote?

Only stockholders of record at the close of business on April 5, 2007, the record date for the meeting, are entitled to receive notice of and to participate at the annual meeting. If you were a stockholder of record on that date, you will be entitled to vote all of the shares that you held on that date at the meeting, or any postponements or adjournments of the meeting.

What are the voting rights of the holders of SIRIUS common stock?

Each outstanding share of our common stock is entitled to one vote on each matter considered at the meeting.

Who can attend the annual meeting?

Subject to space availability, all stockholders as of the record date, or their duly appointed proxies, may attend the meeting. Since seating is limited, admission to the meeting will be on a first-come, first-served basis. Registration and seating will begin at 8:30 a.m., New York City time.

If you are a registered stockholder (that is, if you hold your stock in certificate form or participate in the Sirius Satellite Radio Inc. 401(k) Savings Plan), an admission ticket is enclosed with your proxy card. If you wish to attend the annual meeting, please vote your proxy but keep the admission ticket and bring it with you to the annual meeting.

If your shares are held in "street name" (that is, through a bank, broker or other holder of record) and you wish to attend the annual meeting, you need to bring a copy of a bank or brokerage statement to the annual meeting reflecting your stock ownership as of the record date.

What constitutes a quorum?

The presence at the meeting, in person or by proxy, of the holders of a majority of the common stock outstanding on the record date will constitute a quorum, permitting the meeting to conduct its business. As of the record date, 1,461,121,652 shares of our common stock were outstanding.

Proxies received but marked as abstentions or broker non-votes will be included in the calculation of the number of votes considered to be present at the meeting.

How do I vote?

Stockholders of record can vote as follows:

- *Via the Internet:* Stockholders may vote through the Internet at www.proxypush.com/siri by following the instructions included with your proxy card.
- *By Telephone:* Stockholders may vote by telephone (1-866-785-4033) by following the instructions included with your proxy card.
- *By Mail:* Stockholders may sign, date and return their proxy cards in the pre-addressed, postage-paid envelope that is provided.
- *At the Meeting:* If you attend the annual meeting, you may vote in person by ballot, even if you have previously returned a proxy card.

If your shares are held in “street name”, through a broker, bank or other nominee, that institution will send you separate instructions describing the procedure for voting your shares. “Street name” stockholders who wish to vote at the meeting will need to obtain a proxy form from the institution that holds their shares.

Can I vote by telephone or electronically?

If your shares are held in “street name”, please check your proxy card or contact your broker or nominee to determine whether you will be able to vote by telephone or electronically. The deadline for voting by telephone or electronically is 5:00 p.m., New York City time, on Wednesday, May 23, 2007.

If you are a registered stockholder (that is, if you hold your stock in certificate form or participate in the Sirius Satellite Radio Inc. 401(k) Savings Plan), you may vote by telephone (1-866-785-4033), or electronically through the Internet at www.proxypush.com/siri, by following the instructions included with your proxy card.

How can I access the proxy materials and annual report on the Internet?

This proxy statement and our annual report are available on our website at www.sirius.com. Instead of receiving future copies of our proxy statement and annual report materials by mail, most stockholders can elect to receive an e-mail that will provide electronic links to them. Opting to receive your proxy materials online will save us the cost of producing and mailing documents to you and will also give you an electronic link to the proxy voting site.

Registered Stockholders: If you vote on the Internet at www.proxypush.com/siri simply follow the prompts for enrolling in the electronic proxy delivery service. You also may enroll in the electronic proxy delivery service at any time in the future by going directly to www.giveconsent.com/siri and following the enrollment instructions.

Beneficial Owners: If your shares are held in “street name”, through a broker, bank or other nominee, you also may have the opportunity to receive copies of these documents electronically. You may enroll in the electronic proxy delivery service at any time in the future by going directly to <http://enroll.icsdelivery.com/siri> and following the enrollment instructions. Please check the information provided in the proxy materials mailed to you by your bank or other holder of record regarding the availability of this service.

What is householding?

As permitted by the Securities Exchange Act of 1934, as amended, only one copy of this proxy statement and our annual report is being delivered to stockholders residing at the same address, unless the stockholders have notified us of their desire to receive multiple copies of our proxy statement. This is known as householding.

We will promptly deliver, upon oral or written request, a separate copy of this proxy statement to any stockholder residing at an address to which only one copy was mailed. Requests for additional copies for this year or future years should be directed to: Sirius Satellite Radio Inc., Attention: Corporate Secretary, 1221 Avenue of the Americas, 36th Floor, New York, New York 10020.

Stockholders of record residing at the same address and currently receiving multiple copies of this proxy statement may contact our Corporate Secretary to request that only a single copy of our proxy statement be mailed in the future.

Can I change my vote?

Yes. You may change your vote at any time before your shares are voted at the annual meeting by:

- Notifying our Corporate Secretary, Patrick L. Donnelly, in writing at Sirius Satellite Radio Inc., 1221 Avenue of the Americas, 36th Floor, New York, New York 10020 that you are revoking your proxy; or
- Executing and delivering a later dated proxy card or submitting a later dated vote by telephone or the internet; or
- Voting in person at the annual meeting.

However, if you have shares held through a brokerage firm, bank or other custodian, you may revoke your instructions only by informing the custodian in accordance with any procedures it has established.

What vote is required to approve each item?

The affirmative vote of a plurality of the votes cast at the meeting is required for the election of directors. A properly executed proxy marked "Withhold Authority" with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum. An affirmative vote of a majority of all the votes cast is needed to ratify the appointment of Ernst & Young LLP as our independent registered public accountants.

Who will count the votes?

A representative of The Bank of New York, our transfer agent, will tabulate the votes and act as inspector of election.

What is a proxy?

A proxy is a person you appoint to vote on your behalf. We are soliciting your vote so that all shares of our common stock may be voted at the annual meeting.

Who am I designating as my proxy?

You will be designating Patrick L. Donnelly, our Executive Vice President, General Counsel and Secretary, and Ruth A. Ziegler, our Deputy General Counsel, as your proxies. However, you may appoint a person (who need not be a stockholder) other than Patrick L. Donnelly and Ruth A. Ziegler to represent you at the meeting by completing another proper proxy.

How will my proxy vote my shares?

Your proxy will vote according to your instructions. If you complete your proxy card but do not indicate your vote on one or all of the business matters, your proxy will vote "FOR" these items. Also, your proxy is authorized to vote on any other business that properly comes before the annual meeting in accordance with the recommendation of our board of directors.

What happens if a nominee for director is unable to serve as a director?

If any of the nominees becomes unavailable for election, which we do not expect, votes will be cast for such substitute nominee or nominees as may be designated by our board of directors, unless our board of directors reduces the number of directors on our board.

Who is soliciting my proxy, and who will pay the costs of the solicitation?

SIRIUS is soliciting your proxy. The cost of soliciting proxies will be borne by SIRIUS, which has engaged MacKenzie Partners, Inc. to assist in the distribution and solicitation of proxies. We have agreed to pay MacKenzie \$10,000 plus reimburse the firm for its reasonable out-of-pocket expenses. SIRIUS will also reimburse brokerage firms, banks and other custodians for their reasonable out-of-pocket expenses for forwarding these proxy materials to you. Our directors, officers and employees may solicit proxies on our behalf by telephone or in writing.

When, and how, do I submit a proposal for next year's annual meeting of stockholders?

To be eligible for inclusion in our proxy statement and form of proxy for next year's annual meeting, stockholder proposals must be submitted in writing by the close of business on December 24, 2007 to Patrick L. Donnelly, Executive Vice President, General Counsel and Secretary, Sirius Satellite Radio Inc., 1221 Avenue of the Americas, 36th Floor, New York, New York 10020.

If any proposal that is not submitted for inclusion in next year's proxy statement (as described in the preceding paragraph) is instead sought to be presented directly at next year's annual meeting, the proxies may vote in their discretion if (a) we receive notice of the proposal before the close of business on March 9, 2008 and advise stockholders in next year's proxy statement about the nature of the matter and how management intends to vote on such matter or (b) we do not receive notice of the proposal prior to the close of business on March 9, 2008. Notices of intention to present proposals at next year's annual meeting should be addressed to Patrick L. Donnelly, Executive Vice President, General Counsel and Secretary, Sirius Satellite Radio Inc., 1221 Avenue of the Americas, 36th Floor, New York, New York 10020.

Based on our records and other information, we believe that all Section 16(a) forms required to be filed during 2006 were filed on a timely basis and in compliance with the requirements of Section 16(a).

GOVERNANCE OF THE COMPANY

What are the responsibilities of the board of directors?

The business and affairs of SIRIUS are managed by or under the direction of our board of directors. Our board reviews and ratifies senior management selection and compensation, monitors overall corporate

performance and ensures the integrity of our financial controls. Our board of directors also oversees our strategic and business planning processes.

What are the current committees of the board of directors and who are the members of these committees?

Our board of directors maintains an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee.

A copy of the charters for the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee are available on our website at www.sirius.com.

The following table shows the current members and chairman of each committee, the number of committee meetings held during 2006 and the principal functions performed by each committee:

* Chairman

How often are directors elected to the board?

All directors stand for election annually. Our board reaffirms its accountability to stockholders through this annual election process.

How are nominees for the board of directors selected?

Our Nominating and Corporate Governance Committee reviews possible candidates for the board and is responsible for overseeing matters of corporate governance, including the evaluation of performance and practices of the board of directors, the board’s committees, management succession plans and executive resources. The Nominating and Corporate Governance Committee considers suggestions from many sources, including stockholders, for possible directors. Such suggestions, together with appropriate biographical information, should be submitted to our Corporate Secretary, Sirius Satellite Radio Inc., 1221 Avenue of the Americas, 36th Floor, New York, New York 10020. Candidates who are suggested by our stockholders are evaluated by the Nominating and Corporate Governance Committee in the same manner as are other possible

candidates. During 2006, our board of directors did not retain any third parties to assist in the process of identifying and evaluating potential nominees for our board of directors.

In its assessment of each potential candidate, including those recommended by stockholders, the Nominating and Corporate Governance Committee will take into account all factors it considers appropriate, which may include (a) ensuring that the board of directors, as a whole, is diverse and consists of individuals with various and relevant career experience, relevant technical skills, industry knowledge and experience, financial expertise (including expertise that could qualify a director as a “financial expert,” as that term is defined by the rules of the SEC), local or community ties and (b) minimum individual qualifications, including strength of character, mature judgment, familiarity with our business and related industries, independence of thought and an ability to work collegially. The Nominating and Corporate Committee also may consider the extent to which the candidate would fill a present need on the board of directors. After conducting an initial evaluation of a candidate, the Nominating and Corporate Governance Committee will interview that candidate if it believes the candidate might be suitable to be a director and may also ask the candidate to meet with other directors and management. If the Nominating and Corporate Governance Committee believes a candidate would be a valuable addition to the board of directors, it will recommend to the full board that candidate’s election.

Who is the board’s chairman?

Joseph P. Clayton serves as chairman of our board of directors. The chairman of our board organizes the work of the board and ensures that the board has access to sufficient information to enable the board to carry out its functions, including monitoring the Company’s performance and the performance of management. In carrying out this role, the chairman, among other things, presides over meetings of the board of directors, establishes the agendas of each meeting of the board in consultation with our Chief Executive Officer, and oversees the distribution of information to directors.

How does the board determine which directors are considered independent?

Our board reviews the independence of our directors annually. The provisions of our *Corporate Governance Guidelines* regarding director independence meet, and in some areas exceed, the listing standards of the NASDAQ Global Select Market. A copy of the *Guidelines* is available on our website at www.sirius.com.

Pursuant to the *Guidelines*, the board undertook its annual review of director independence in April 2007. As part of this review, we reviewed written questionnaires submitted by each director. The questionnaires were designed to uncover transactions and relationships between each director and members of his immediate family and SIRIUS, other directors, members of our senior management and our affiliates.

As a result of this review, the board determined that all of the directors nominated for election at the annual meeting are independent of the Company and its management under the standards set forth in our *Guidelines*, with the exception of Mel Karmazin and Joseph P. Clayton. Mr. Karmazin is considered an inside director because of his employment as our Chief Executive Officer. Mr. Clayton is considered an inside director because of his prior employment as our Chief Executive Officer.

The board has also determined that all of the members of the Audit Committee are financially literate and meet the independence requirements mandated by the applicable NASDAQ listing standards, Section 10A(m)(3) of the Securities and Exchange Act of 1934 and our *Guidelines*. The board of directors has determined that all of the members of the Compensation Committee meet the independence requirements mandated by the applicable NASDAQ listing standards, the rules of the SEC and the Internal Revenue Service applicable to serving on the Compensation Committee and our *Guidelines*. The board of directors has determined that all of the members of the Nominating and Corporate Governance Committee meet the independence requirements mandated by the NASDAQ listing standards applicable to serving on the Nominating and Corporate Governance Committee and our *Guidelines*.

What are our policies and procedures for related party transactions?

We have adopted a written policy and written procedures for the review, approval and monitoring of transactions involving the Company and “related persons.” For the purposes of the policy, “related persons” include executive officers, directors and director nominees or their immediate family members, or stockholders owning five percent or greater of our outstanding common stock.

Our related person transaction policy requires:

- that any transaction in which a related person has a material direct or indirect interest and which exceeds \$120,000, such transaction referred to as a “related person” transaction, and any material amendment or modification to a related person transaction, be reviewed and approved or ratified by a committee of the board of directors composed solely of independent directors who are disinterested or by the disinterested members of the board of directors; and
- that any employment relationship or transaction involving an executive officer and any related compensation must be approved by the Compensation Committee of the board of directors or recommended by the Compensation Committee to the board of directors for its approval.

In connection with the review and approval or ratification of a related person transaction, management must:

- disclose to the committee or disinterested directors, as applicable, the material terms of the related person transaction, including the approximate dollar value of the amount involved in the transaction, and all the material facts as to the related person’s direct or indirect interest in, or relationship to, the related person transaction;
- advise the committee or disinterested directors, as applicable, as to whether the related person transaction complies with the terms of our agreements governing our material outstanding indebtedness that limit or restrict our ability to enter into a related person transaction;
- advise the committee or disinterested directors, as applicable, as to whether the related person transaction will be required to be disclosed in our SEC filings. To the extent required to be disclosed, management must ensure that the related person transaction is disclosed in accordance with SEC rules; and
- advise the committee or disinterested directors, as applicable, as to whether the related person transaction constitutes a “personal loan” for purposes of Section 402 of the Sarbanes-Oxley Act of 2002.

In addition, the related person transaction policy provides that the Compensation Committee, in connection with any approval or ratification of a related person transaction involving a non-employee director or director nominee, should consider whether such transaction would compromise the director or director nominee’s status as an “independent,” “outside,” or “non-employee” director, as applicable, under the rules and regulations of the SEC, NASDAQ and Internal Revenue Code.

During 2006, we did not enter into any transactions with related persons that were subject to our related person transaction policy.

Who is the Audit Committee’s financial expert?

Our board of directors has determined that James F. Mooney, the chairman of the Audit Committee and a independent director, is qualified as an “audit committee financial expert” within the meaning of SEC regulations, and he has accounting and related financial management expertise within the meaning of the listing standards of the NASDAQ.

How often did the board meet during 2006?

During 2006, there were six meetings of our board of directors. Each director attended more than 75% of the total number of meetings of the board and meetings held by committees on which he served. Directors are encouraged to attend the annual meeting of stockholders. Messrs. Clayton, Gilberti, Holden and Karmazin attended and participated in our 2006 annual meeting of stockholders.

How are the directors compensated?

Directors who are also our employees do not receive any compensation for their services as directors. Currently, each member of our board of directors who is not employed by us receives an annual retainer of \$80,000 payable in the following manner:

- \$24,000 in the form of cash, restricted stock units, options to purchase our common stock, or any combination thereof, at the election of the director; and
- \$56,000 in the form of restricted stock units, options to purchase our common stock, or any combination thereof, at the election of the director.

Any director who fails to attend at least 75% of the meetings of the board of directors in any given year, forfeits 25% of his or her compensation that is payable in cash. During 2006, all of our directors attended over 75% of the meetings of our board of directors.

Each director who serves as chair of a committee of the board of directors receives an additional payment of \$20,000. These fees are payable in the form of cash, restricted stock units, options to purchase our common stock, or any combination thereof, at the election of the director.

All options to purchase common stock awarded to our directors vest over a four-year period, and all restricted stock units awarded to our directors vest on the date that is one year following the director's resignation, retirement from the board of directors or failure to be re-elected for any reason whatsoever.

We also pay reasonable travel and accommodation expenses of directors in connection with their participation in meetings of the board of directors. For more information on the compensation of our directors, see "Executive Compensation — Director Compensation Table for 2006."

Does the chairman of the board of directors receive more compensation than other directors?

On November 18, 2004, Joseph P. Clayton relinquished his role as our Chief Executive Officer and became chairman of our board of directors. Mr. Clayton remained an employee through June 30, 2005. In February 2006, the Compensation Committee of our board of directors awarded Mr. Clayton a \$300,000 cash bonus for his work as an employee during 2005. We provide Mr. Clayton medical, dental, vision, and life insurance. In 2006, Mr. Clayton did not receive any compensation for serving on our board of directors.

How can stockholders communicate with the board of directors?

Stockholders may communicate directly with our board of directors, or specified individual directors, according to the procedures described on our website at www.sirius.com.

Our Corporate Secretary reviews all correspondence to our directors and forwards to the board a summary and/or copies of any such correspondence that, in the opinion of the Corporate Secretary, deals with the functions of the board or committees thereof or that he otherwise determines requires their attention. Directors may at any time review all correspondence received by us that is addressed to members of our board.

In addition, the Audit Committee has established procedures for the receipt, retention and treatment, on a confidential basis, of complaints received by us, our board of directors and the Audit Committee regarding accounting, internal accounting controls or auditing matters, and the confidential, anonymous submissions by employees of concerns regarding questionable accounting or auditing matters. These procedures are available upon request.

Does SIRIUS have corporate governance guidelines and a code of ethics?

Our board of directors has adopted *Corporate Governance Guidelines* which set forth a flexible framework within which the board, assisted by its committees, directs our affairs. The *Guidelines* cover, among other things, the composition and functions of our board of directors, director independence, management succession and review, committee assignments and selection of new members of our board of directors. A copy of the *Guidelines* is available on our website at www.sirius.com.

Our board of directors has also adopted a *Code of Ethics*, which is applicable to all our employees, including our chief executive officer, principal financial officer and principal accounting officer.

Our *Code of Ethics* is available on our website at www.sirius.com and in print to any stockholder who requests it from our Corporate Secretary. If we amend or waive the *Code of Ethics* with respect to our chief executive officer, principal financial officer or principal accounting officer, we will post the amendment or waiver at this location on our website.

REPORT OF THE AUDIT COMMITTEE

The following Report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other filing by us under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent we specifically incorporate this Report by reference therein.

The SEC rules require us to include in this proxy statement a report from the Audit Committee of our board of directors. The following report concerns the Audit Committee's activities regarding oversight of our financial reporting and auditing process.

The Audit Committee is comprised solely of independent directors, as defined in the Marketplace Rules of the NASDAQ Global Select Market and under Securities Exchange Act Rule 10A-3(b)(1), and it operates under a written charter adopted by our board of directors. A copy of the Audit Committee's charter is available on our website at www.sirius.com. The composition of the Audit Committee, the attributes of its members and the responsibilities of the Audit Committee, as reflected in its charter, are intended to be in accordance with applicable requirements for corporate audit committees. The Audit Committee reviews and assesses the adequacy of its charter on an annual basis.

The Audit Committee met nine times during 2006. The Audit Committee schedules its meetings with a view to ensuring that it devotes appropriate attention to all of its tasks. The Audit Committee's meetings include regular executive sessions with our independent registered public accounting firm, without the presence of our management. The Audit Committee reviewed our key initiatives and programs aimed at strengthening the effectiveness of our internal and disclosure control structure.

As described more fully in its charter, the purpose of the Audit Committee is to assist our board of directors in its general oversight of our financial reporting, internal control and audit functions. Management is responsible for the preparation, presentation and integrity of our consolidated financial statements; accounting and financial reporting principles; and internal controls and procedures designed to ensure compliance with accounting standards, applicable laws and regulations. Ernst & Young LLP, our independent registered public accounting firm, is responsible for performing an independent audit of our consolidated financial statements in accordance with auditing standards generally accepted in the United States.

The Audit Committee members are not professional accountants or auditors, and their functions are not intended to duplicate or to certify the activities of management and our independent registered public accounting firm, nor can the Audit Committee certify that our independent registered public accounting firm is "independent" under applicable rules. The Audit Committee serves a board-level oversight role, in which it provides advice, counsel and direction to management and our independent registered public accounting firm on the basis of the information it receives, its discussions with management and our independent registered public accounting firm and the experience of the Audit Committee's members in business, financial and accounting matters.

Among other matters, the Audit Committee monitors the activities and performance of our independent registered public accounting firm, including the audit scope, external audit fees, auditor independence matters and the extent to which the independent registered public accounting firm may be retained to perform non-audit services. The Audit Committee and our board of directors have ultimate authority and responsibility to select, evaluate and, when appropriate, replace our independent registered public accounting firm. The Audit Committee also reviews the results of the audit work with regard to the adequacy and appropriateness of our financial, accounting and internal controls. The Audit Committee also covers various topics and events that may have significant financial impact or are the subject of discussions between management and the independent registered public accounting firm. In addition, the Audit Committee generally oversees our internal compliance programs.

The Audit Committee has reviewed and discussed our consolidated financial statements with management and our independent registered public accounting firm. Management represented to the Audit Committee that our consolidated financial statements were prepared in accordance with U.S. generally accepted accounting principles, and our independent registered public accounting firm represented that its presentations included the matters required to be discussed with the Audit Committee by Statement on Auditing Standards No. 61, as amended, "Communication with Audit Committees."

Ernst & Young LLP, our independent registered public accounting firm, also provided the Audit Committee with the written disclosures and the letter required by Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees," and the Audit Committee discussed with Ernst & Young LLP the firm's independence.

Following the Audit Committee's discussions with management and Ernst & Young LLP, the Audit Committee recommended that our board of directors include the audited consolidated financial statements in our Annual Report on Form 10-K for the year ended December 31, 2006.

It is the Audit Committee's responsibility to review and consider, and ultimately pre-approve, all audit and permitted non-audit services to be performed by our independent registered public accounting firm. In accordance with its charter, the Audit Committee has established pre-approval policies with respect to audit and permitted non-audit services to be provided by our independent registered public accounting firm. The following sets forth the primary principles of the Audit Committee's pre-approval policies:

- The independent registered public accounting firm is not permitted to perform consulting, legal, book-keeping, valuation, internal audit, management functions, or other prohibited services, under any circumstances;
- The engagement of our independent registered public accounting firm, including related fees, with respect to the annual audits and quarterly reviews of our consolidated financial statements is specifically approved by the Audit Committee on an annual basis;
- The Audit Committee reviews and pre-approves a detailed list of other audit and audit-related services annually or more frequently, if required. Such services generally include services performed under the audit and attestation standards established by regulatory authorities or standard setting bodies and include services related to SEC filings, employee benefit plan audits and subsidiary audits;
- The Audit Committee reviews and pre-approves a detailed list of permitted non-audit services annually or more frequently, if required; and
- The Audit Committee pre-approves each proposed engagement to provide services not previously included in the approved list of audit and non-audit services and for fees in excess of amounts previously pre-approved.

The Audit Committee has delegated to the chairman of the Audit Committee the authority to approve permitted services by the independent registered public accounting firm so long as he reports decisions to the Audit Committee at its next meeting.

All of the services covered under the captions "Audit Fees" and "Audit-Related Fees" were pre-approved by the Audit Committee.

The Audit Committee has appointed Ernst & Young LLP to audit our 2007 consolidated financial statements. Representatives of the firm will be available at the annual meeting to make a statement, if they choose, and to answer questions you may have.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Roles and Responsibilities

The primary purpose of the Compensation Committee, composed solely of independent directors, is to review our executive compensation policies and strategies and to oversee and evaluate our overall compensation structure and programs. The Compensation Committee's responsibilities include:

- evaluating and approving goals and objectives relevant to the compensation of our Chief Executive Officer and other executive officers, and evaluating the performance of our executives against those goals and objectives;
- determining and approving the compensation for our Chief Executive Officer;
- evaluating and approving compensation of other executive officers;
- evaluating and approving all grants of equity-based compensation to executive officers;

- recommending to the board of directors the compensation policy for outside directors; and
- reviewing performance-based and equity-based incentive plans for our Chief Executive Officer and other executive officers and reviewing other benefit programs presented to the Compensation Committee by our Chief Executive Officer.

The role of our management is to provide reviews and recommendations for the Compensation Committee's consideration and to administer our executive compensation programs and policies including:

- providing an ongoing review of the effectiveness of the compensation programs, including competitiveness;
- recommending changes, if necessary, to ensure achievement of program objectives; and
- recommending pay levels, payout and/or awards for executive officers, other than our Chief Executive Officer.

The Compensation Committee did not consult with an executive compensation expert during 2006 for executive compensation, and the Compensation Committee does not tie compensation decisions to any particular range or level of total compensation paid to executives at other companies. The Compensation Committee uses compensation consultants from time to time to assist in the development and evaluation of compensation policies and the Compensation Committee's determinations of compensation awards. In 2006, a compensation consultant was used to assess and evaluate the compensation of our independent directors. The role of any compensation consultant is to provide independent, third-party advice and expertise in executive compensation issues as needed.

Overall Program Objectives

We strive to attract, motivate and retain high-quality executives by providing total compensation that is performance-based and competitive with the various markets and industries in which we compete for talent. We provide incentives to advance the interests of stockholders and deliver levels of compensation that are commensurate with performance. Overall, we design our executive compensation program to:

- support our corporate strategy and business plan by clearly communicating goals and objectives to executives and by rewarding achievement;
- retain and recruit executive talent; and
- create a strong performance alignment with stockholders.

We seek to achieve these objectives through three key compensation elements:

- a base salary;
- a performance-based annual bonus (that constitutes short-term incentives), which may be paid in cash, restricted stock units, shares of stock or a combination of these; and
- periodic grants of long-term, equity-based compensation (that constitutes longer-term incentives), such as stock options and/or restricted stock units, which may be subject to time based and/or performance-based vesting requirements.

The Compensation Committee believes that this three-part approach is consistent with programs adopted by similarly situated companies and best serves the interests of our stockholders. It enables us to meet the requirements of the competitive environment in which we operate, while ensuring that executive officers are compensated in a manner that advances both the short and long-term interests of stockholders. Under this approach, compensation for our executive officers involves a high proportion of pay that is "at risk"—namely, the annual bonus and the value of stock options and restricted stock units. Stock options and/or restricted stock units relate a significant portion of each executive's long-term remuneration directly to the stock price appreciation realized by our stockholders.

Our executives participate in our 401(k) Savings Plan. We do not sponsor or maintain a retirement plan or deferred compensation plan for any of our employees.

In early 2006, the Compensation Committee approved an annual bonus program that was intended to achieve two principle objectives:

- to continue to link compensation with performance, as measured at the company and individual levels; and
- to improve our ability to reward and differentiate based on individual performance.

Compensation Considerations

In making compensation decisions with respect to each element of compensation, the Compensation Committee considers the competitive market for executives and compensation levels provided by comparable companies. The Compensation Committee from time to time reviews the compensation practices at companies with which it competes for talent, including businesses engaged in activities similar to ours, such as, entertainment companies or film, radio, television, or cable music companies, as well consumer electronics companies and publicly held businesses with a scope and complexity similar to ours. The businesses chosen for comparison may differ from one executive to the next depending on the scope and nature of the business for which the particular executive is responsible.

The Compensation Committee does not attempt to set each compensation element for each executive within a particular range related to levels provided by industry peers. Instead, the Compensation Committee uses market comparison as one factor in making compensation decisions. Other factors considered when making individual executive compensation decisions include individual contribution and performance, reporting structure, internal pay relationship, complexity and importance of roles and responsibilities, leadership and growth potential.

Executive Compensation Practices

Our practices with respect to each of the key compensation elements identified above, as well as other elements of compensation, are described below, followed by a discussion of the specific factors considered in determining key elements of the 2006 compensation for the named executive officers.

Base Salary

Purpose. The objective of base salary is to reflect job responsibilities, value to the Company and individual performance with respect to market competitiveness.

Considerations. In 2006, base salaries for the five executive officers named in the Summary Compensation Table were determined by employment agreements with those officers. These base salaries and the amount of any increase over these salaries were determined by the Compensation Committee based on a variety of factors, including:

- the nature and responsibility of the position and, to the extent available, salary norms for persons in comparable positions at comparable companies;
- the expertise of the individual executive;
- the executives' salary history;
- the competitiveness of the market for the executives' services; and
- the recommendations of our Chief Executive Officer (except in the case of his own compensation).

Salaries are generally reviewed annually. In setting base salaries, the Compensation Committee considers the importance of linking a high proportion of the named executive officers' compensation to performance in the form of the annual bonus, which is tied to both Company performance measures and individual performance, as well as long term stock-based compensation, which is tied to our stock price performance. The amounts set forth in the employment agreements constitute the minimum salaries.

Year 2006 Decisions. In 2006 all of the named executive officers were employed pursuant to agreements described under "Potential Payments upon Termination or Change-in-Control — Employment Agreements"

below. The base salaries of Messrs. Karmazin, Greenstein and Frear were not changed in 2006. Effective February 1, 2006, Mr. Meyer's base salary was increased to \$800,000 and Mr. Donnelly's base salary was increased to \$400,000. These increases were based on the factors described above.

Annual Bonus for Named Executive Officers

Purpose. Our compensation program provides for an annual bonus determined based upon performance. The objective of this program is to incentivize individuals to achieve specific goals that are intended to correlate closely with growth of stockholder value and to compensate individuals upon the achievement of such goals.

Considerations. The annual bonus process for named executive officers typically involves three basic steps.

- Early in each year the Compensation Committee, working with senior management, sets performance goals for the year. Performance against these goals determines overall bonus funding for the Company and our executive officers. The goals established for 2006 are discussed below under "— Year 2006 Decisions."
- After the end of the year, the Compensation Committee, measures our actual performance, based upon objective data, against the performance goals established at the onset of the year, as well as any relevant individual accomplishments to determine the appropriate funding relative to the target bonus. In determining the extent to which the pre-set performance goals are met for a given period, the Compensation Committee exercises its judgment whether to reflect or exclude the impact of changes in accounting principles and extraordinary, unusual or infrequently occurring events reported in our public filings and changes approved from time to time by the board of directors outside of the original plan for the year.
- Thereafter, the Compensation Committee determines an aggregate bonus pool based upon our performance. For named executive officers (other than himself), our Chief Executive Officer recommends individual bonus amounts taking into account overall approved bonus funding and the contributions of each individual during the year. These amounts are reviewed and discussed with the Compensation Committee by our Chief Executive Officer. For the Chief Executive Officer, the Compensation Committee reviews the performance of the year and determines an appropriate bonus amount.

Under the bonus plan, the Compensation Committee has discretion as to whether annual bonuses for our named executive officers will be paid in cash, restricted stock units or a combination thereof. In general, our current practice is to pay bonuses 50% in cash and 50% in restricted stock units. Any restricted stock units that are awarded are granted under a long term incentive plan approved by our stockholders. The Compensation Committee also retains discretion, in appropriate circumstances, to grant a higher bonus, lower bonus or no bonus at all.

Year 2006 Decisions. At the beginning of 2006, the Compensation Committee established performance goals for 2006 bonuses based on: (1) end of period subscribers, and (2) cash flow from operations with capital expenditures. For 2006, the Compensation Committee gave equal weight to each of these measures.

In setting these measures and determining the extent to which they were satisfied, the Compensation Committee excluded the impact of items (such as long term capital expenditures not anticipated in the original plan and subsequently approved by the board of directors) that it believed were not driven by the current performance of executives or that, in the Compensation Committee's judgment, otherwise had a distorting positive or negative impact relative to the performance of executives and the established performance goals.

After the end of the year, the Compensation Committee determined that the weighted performance for these metrics exceeded the goals set at the beginning of the year.

In approving the individual awards for Messrs. Karmazin, Greenstein, Meyer, Donnelly and Frear, the Compensation Committee also took into account the following 2006 accomplishments:

- we added 2,707,995 subscribers during 2006 (our highest increase in subscriber numbers to date);
- our revenue increased by 162%;
- we did not have to undertake any equity financings in 2006;
- we achieved positive free cash flow in the fourth quarter of 2006 for the first time in our history;
- we more than doubled the number of original equipment manufacturers' subscribers during 2006; and
- we entered into a variety of new and compelling programming arrangements during 2006.

As a result of these determinations, the Compensation Committee approved the bonus amounts set forth in the Summary Compensation Table.

Long-term Incentive Compensation

Purpose. Our long-term incentive program provides a periodic award (typically annual) that is performance based. The objective of the program is to align compensation for named executive officers over a multi-year period directly with the interests of our stockholders by motivating and rewarding actions that create or increase long-term stockholder value. The level of long-term incentive compensation is determined based on an evaluation of competitive factors in conjunction with total compensation provided to named executive officers and the goals of the compensation program described above.

Mix of Restricted Stock Units and Stock Options. Our long-term incentive compensation generally takes the form of stock options and restricted stock units. The two forms of awards reward stockholder value creation in different ways. Stock options (which have exercise prices equal to the market price at the date of grant) reward named executive officers only if the stock price increases. Restricted stock units are affected by all stock price changes, so the value to named executive officers is affected by both increases and decreases in stock price.

In the case of normal annual grants, 100% of the total value of a long-term compensation award typically takes the form of stock options. In the case of new hire grants or contract renewals, some portion of the total value may also be in the form of restricted stock units.

Stock Options. Our long-term incentive program calls for stock options to be granted with exercise prices of not less than fair market value of our stock on the date of grant and to vest proportionally over four years, if the employee is still employed by us, with rare exceptions made by the Compensation Committee. We define fair market value as the stock price on the close of business on the day of grant for existing employees and close of business the day before hire for new hires. The Compensation Committee does not expect to grant stock options with exercise prices below the market price of our common stock on the date of grant. New option grants to named executive officers normally have a term of ten years.

Vesting of Restricted Stock Units. Restricted stock units granted as long-term incentive compensation to named executive officers generally either (1) vest proportionately on each anniversary of the grant for the first four or five years if the employee is still employed by us, or (2) vest on the fifth anniversary if the employee is still employed by us, with accelerated vesting proportionately over the first four years based on achievement of specific performance criteria. These performance-based requirements and vesting schedules do not relate to restricted stock units granted in lieu of cash under our annual bonus program because these bonus awards are already granted based on performance under the annual bonus program. Restricted stock units granted under the annual bonus program vest approximately one year after the grant date.

Stock Ownership and Holding Policy. We do not require specific ownership or holding requirements for named executive officers.

Year 2006 Decisions. In 2006, the long-term compensation awarded by the Compensation Committee to named executive officers under the programs described above is identified in the Grants of Plan-Based Awards Table for 2006.

Periodic Review. The Compensation Committee intends to review both the annual bonus program and long-term incentive program annually to ensure that their key elements continue to meet the objectives described above. In determining the annual grants of restricted stock units and options, the Compensation Committee considered any contractual requirements, market data on total compensation packages and, except in the case of the Chief Executive Officer, the recommendations of the Chief Executive Officer.

Perquisites and Other Benefits

With limited exceptions, the Compensation Committee supports providing perquisites and other benefits to named executive officers that are substantially the same as those offered to our other full time employees.

Total Compensation

In making decisions with respect to any element of a named executive officer's compensation, the Compensation Committee considers the total compensation that may be awarded to the officer, including salary, annual bonus, long-term incentives, and perquisites and other benefits. In addition, the Compensation Committee considers the other benefits to which the officer is entitled by the employment agreement, including compensation payable upon termination of employment under a variety of circumstances. In 2006, the Compensation Committee reviewed tally sheets showing the total compensation potentially payable to, and the benefits accruing to, each named executive officer. The Compensation Committee's goal is to award compensation that is reasonable when all elements of potential compensation are considered.

Compensation of our Chief Executive Officer

In November 2004, our board of directors negotiated, and we entered into, a five-year employment agreement with Mel Karmazin to serve as our Chief Executive Officer. The material terms of Mr. Karmazin's employment agreement are described below under "Potential Payments Upon Termination and Change-in-Control — Employment Agreements — Mel Karmazin."

The terms of Mr. Karmazin's employment were established by negotiations between Mr. Karmazin and members of our board of directors, including members of the Compensation Committee. The board of directors and the Compensation Committee did not retain an independent compensation consultant specifically to advise them in the negotiation of Mr. Karmazin's compensation arrangements or to assess the reasonableness of the compensation arrangements. In assessing Mr. Karmazin's compensation, the Compensation Committee and our board of directors evaluated:

- Mr. Karmazin's historical compensation; and
- other publicly available compensation information for chief executive officers that was prepared earlier by Frederick W. Cook, Inc. at the request of the Compensation Committee as part of the process of evaluating potential compensation for Mr. Clayton if it wished to extend his employment as our Chief Executive Officer.

Our board of directors and the Compensation Committee concluded that, in their business judgment, Mr. Karmazin's profile, qualifications and experience, particularly in radio, were uniquely suited for the Company's needs, and that the compensation, including the base salary, stock option and restricted stock components of the compensation, was, taken as a whole, reasonable and appropriate under the circumstances.

In February 2007, the Compensation Committee awarded an annual bonus to Mr. Karmazin of \$3,000,000 in recognition of his performance and our corporate performance relative to pre-set levels of individual and corporate goals. Mr. Karmazin's bonus was paid in cash, not a combination of cash and restricted stock units. In awarding Mr. Karmazin's bonus in cash, the Compensation Committee considered his existing compensation arrangements and the amount of our common stock currently owned by him as well as stock options and restricted shares of common stock held by him. The Compensation Committee concluded that Mr. Karmazin's interests were already highly aligned with stockholders, and that an award of additional restricted stock was not necessary to advance other corporate interests, such as retention or alignment.

Policy with Respect to Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code places a \$1 million per person limitation on the tax deduction we may take for compensation paid to our Chief Executive Officer and our four other highest paid executive officers, except that compensation constituting performance-based compensation, as defined by the Internal Revenue Code, is not subject to the \$1 million limit. The Compensation Committee reserves the discretion to pay compensation that does not qualify for exemption under Section 162(m) where the Compensation Committee believes such action to be in the best interests of our stockholders.

Compensation Committee Report

The following Report of the Compensation Committee of our board of directors does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other filings by us under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent we specifically incorporate this Report by reference therein.

We have reviewed and discussed the Compensation Discussion and Analysis with management. Based on our review and discussion with management, we recommended that the board of directors include the Compensation Discussion and Analysis in this proxy statement and incorporate it by reference in the Company's Annual Report on Form 10-K for the year ended December 31, 2006.

Potential Payments Upon Termination or Change-in-Control

Employment Agreements

We have entered into an employment agreement with each of our executive officers, which contain provisions regarding payments upon a termination of change of control.

Mel Karmazin.

In November 2004, we entered into a five-year agreement with Mel Karmazin to serve as our Chief Executive Officer. We pay Mr. Karmazin a base salary of \$1,250,000 per year, and annual bonuses in an amount determined each year by the Compensation Committee of our board of directors.

Pursuant to our agreement with Mr. Karmazin, his stock options and shares of restricted stock will vest upon his termination of employment for good reason, upon his death or disability and in the event of a change in control. In the event Mr. Karmazin's employment is terminated by us without cause, his unvested stock options and shares of restricted stock will vest and become exercisable, and he will receive his current base salary for the remainder of the term and any earned but unpaid annual bonus. In the event that any payment we make, or benefit we provide, to Mr. Karmazin would be deemed to be an "excess parachute payment" under Section 280G of the Internal Revenue Code such that he would be subject to an excise tax, we have agreed to pay Mr. Karmazin the amount of such tax and such additional amount as may be necessary to place him in the exact same financial position that he would have been in if the excise tax was not imposed.

Scott A. Greenstein.

Mr. Greenstein has agreed to serve as our President, Entertainment and Sports, through July 2009. For the fiscal year ending December 31, 2006, Mr. Greenstein's salary was \$700,000. As of February 1, 2007, we pay Mr. Greenstein an annual salary of \$800,000.

If Mr. Greenstein's employment is terminated without cause or he terminates his employment for good reason, he is entitled to receive a lump sum payment equal to (1) his base salary in effect from the termination date through July 2009 and (2) any annual bonuses, at a level equal to 60% of his base salary, that would have been customarily paid during the period from the termination date through July 2009. In the event Mr. Greenstein's employment is terminated without cause or he terminates his employment for good reason, we are also obligated to continue his medical, dental, and life insurance benefits for eighteen months following his termination. Medical, dental, and life insurance benefits will continue through July 2009 if the time period at termination is longer than eighteen months.

If, following the occurrence of a change in control, Mr. Greenstein is terminated without cause or he terminates his employment for good reason, we are obligated to pay Mr. Greenstein the lesser of (1) four times his base salary and (2) 80% of the multiple of base salary, if any, that our Chief Executive Officer would be entitled to receive under his or her employment agreement if he or she was terminated without cause or terminated for good reason following such change in control. We are also obligated to continue Mr. Greenstein's medical, dental, and life insurance benefits, or pay him an amount sufficient to replace these benefits, until the third anniversary of his termination date.

In the event that any payment we make, or benefit we provide, to Mr. Greenstein would be deemed to be an "excess parachute payment" under Section 280G of the Internal Revenue Code such that he would be subject to an excise tax, we have agreed to pay Mr. Greenstein the amount of such tax and such additional amount as may be necessary to place him in the exact same financial position that he would have been in if the excise tax was not imposed.

James E. Meyer.

Mr. Meyer has agreed to serve as our President, Sales and Operations, until April 16, 2007. For the fiscal year ending December 31, 2006, Mr. Meyer's salary was \$800,000. As of February 1, 2007, we pay Mr. Meyer an annual salary of \$900,000. We are in discussions with Mr. Meyer regarding a new employment agreement.

Pursuant to Mr. Meyer's previous employment agreement, in the event Mr. Meyer's employment was terminated without cause or he terminated his employment for good reason, we were obligated to continue his medical and dental insurance benefits for eighteen months following his termination.

Pursuant to Mr. Meyer's previous employment agreement, if, following the occurrence of a change in control, Mr. Meyer was terminated without cause or he terminated his employment for good reason, we were obligated to pay Mr. Meyer the lesser of (1) four times his base salary, and (2) 80% of the multiple of base salary, if any, that our Chief Executive Officer would be entitled to receive under his or her employment agreement if he or she was terminated without cause or terminated for good reason following such change of control. We were also obligated to continue Mr. Meyer's medical, dental, and life insurance benefits, or pay him an amount sufficient to replace these benefits, until the third anniversary of his termination date.

In the event that any payment we made, or benefit we provided, to Mr. Meyer would be deemed to be an "excess parachute payment" under Section 280G of the United States Internal Revenue Code such that he would be subject to an excise tax, we had agreed to pay Mr. Meyer the amount of such tax and such additional amount as may be necessary to place him in the exact same financial position that he would have been in if the excise tax were not imposed.

Patrick L. Donnelly.

Mr. Donnelly has agreed to serve as our Executive Vice President, General Counsel and Secretary, through April 2007. For the fiscal year ending December 31, 2006, Mr. Donnelly's salary was \$400,000. As of February 1, 2007, we pay Mr. Donnelly an annual base salary of \$450,000. We are in discussions with Mr. Donnelly regarding a new employment agreement.

If Mr. Donnelly's employment is terminated without cause or he terminates his employment for good reason, we are obligated to pay Mr. Donnelly his annual salary and the annual bonus last paid to him and to continue his medical and life insurance benefits for one year.

In the event that any payment we make, or benefit we provide, to Mr. Donnelly would be deemed to be an “excess parachute payment” under Section 280G of the Internal Revenue Code such that he would be subject to an excise tax, we have agreed to pay Mr. Donnelly the amount of such tax and such additional amount as may be necessary to place him in the exact same financial position that he would have been in if the excise tax was not imposed.

David J. Frear.

Mr. Frear has agreed to serve as our Executive Vice President and Chief Financial Officer through July 2008. For the fiscal year ending December 31, 2006, Mr. Frear’s salary was \$450,000. As of February 1, 2007, we pay Mr. Frear an annual salary of \$525,000.

If Mr. Frear’s employment is terminated without cause or he terminates his employment for good reason, we are obligated to pay Mr. Frear his annual salary and the annual bonus last paid to him and to continue his medical and life insurance benefits for one year.

In the event that any payment we make, or benefit we provide, to Mr. Frear would be deemed to be an “excess parachute payment” under Section 280G of the Internal Revenue Code such that he would be subject to an excise tax, we have agreed to pay Mr. Frear the amount of such tax and such additional amount as may be necessary to place him in the exact same financial position that he would have been in if the excise tax was not imposed.
