7

Certificate of Incorporation or Bylaws or the organizational documents of the Company's Subsidiaries.

3.4 Governmental Authorization; Third Party Consents. 3.5 Binding Effect. This Agreement has been duly executed and delivered by the Company and constitutes the legal, valid and binding obligation of the Company enforceable against the Company in accordance with its terms, except as enforceability may be limited by applicable bankruptcy, insolvency, fraudulent conveyance or transfer, moratorium or other similar laws affecting the enforcement of creditors' rights generally and by general principles of equity.

3.6 Capitalization of the Company. The authorized capital stock of the Company consists of (i) 200,000,000 shares of Common Stock, of which 10,528,394 shares will be issued and outstanding on the Closing Date (without giving effect to the issuance of the Purchased Shares) and 2,019,000 shares are reserved for issuance upon the exercise of outstanding stock options, and (ii) 50,000,000 shares of Preferred Stock, of which 5,304,608 shares of Convertible Preferred Stock will be issued and outstanding on the Closing Date. No stockholder of the Company is entitled to any preemptive or similar rights to subscribe for shares of capital stock of the Company. The issued and outstanding shares of Common Stock and Preferred Stock, including, without limitation, the Purchased Shares, are all duly authorized, and are (or, in the case of the Purchased Shares, after payment therefor to the Company, will be) validly issued, fully paid and nonassessable.

3.7 SEC Filings; Financial Statements. The Company has timely filed and made available to the Purchaser all SEC Reports filed with the Commission since January 1, 1997. 8

required to be stated therein or necessary in order to make the statements in the SEC Reports, in light of the circumstances under which they were made, not misleading. Each of the Company's financial statements (including, in each case, any related notes) contained in the SEC Reports, complied as to form in all material respects with applicable published rules and regulations of the Commission with respect thereto, was prepared in accordance with GAAP applied on a consistent basis throughout the periods involved (except as may be indicated in the notes to such financial statements) and fairly presented the financial position of the Company and its Subsidiaries as at the respective dates and for

the periods indicated, except that the unaudited financial statements were subject to normal and recurring year-end adjustments which were not or are not expected to be material in amount or effect.

3.8 Absence of Certain Developments. Since December 31, 1996, except as set forth in the SEC Reports delivered to the Purchaser, there has been no material adverse change, or any development involving a prospective material adverse change, in or affecting the general affairs, management, condition, financial or otherwise, of the Company and its Subsidiaries, or in their assets, liabilities, properties, business or prospects.

3.10 Licenses. The Company has no reason to believe that either (i) it will not finally obtain any license, permit, franchise or other authorizations necessary for it to conduct its business as described in the SEC Reports or (ii) such license, permit, franchise or authorization will not be obtained on a timely basis.

3.11 Litigation. Except with respect to certain filings made with the Federal Communications Commission by Primosphere, there is no legal action, suit, arbitration or other legal, administrative or other governmental investigation, inquiry or proceeding pending, or to the best knowledge of the Company, threatened against or affecting the Company or its Subsidiaries or any of their properties, assets, business or prospects.

3.12 Intellectual Property. The Company and its Subsidiaries own, free and clear of all Liens, and has good and marketable title to, or holds adequate licenses or otherwise possesses all such rights as are necessary to use all patents (and applications therefor), patent disclosures, trademarks, service marks, trade names, copyrights (and applications therefor), inventions, discoveries, processes, know-how, scientific, technical, engineering and marketing data, formulae and techniques used or proposed to be used, in or necessary for the conduct of its business as now conducted or as proposed to be conducted in the SEC Reports (collectively, "Intellectual Property"). The Company has not received notice or otherwise has reason to know of any conflict or alleged conflict with the rights of others pertaining to the Intellectual Property described in this Section 3.12. To the best of the Company's knowledge, the

9

business of the Company as presently conducted and as proposed to be conducted in the SEC Reports does not infringe upon or violate any Intellectual Property rights of others.

3.13 Private Offering. No form of general solicitation or general advertising was used by the Company or its representatives in connection with the offer or sale of the Purchased Shares. No registration of the Purchased Shares pursuant to the provisions of the Securities Act or any state securities or "blue sky" laws will be required by the offer, sale, or issuance of the Purchased Shares pursuant to this Agreement, assuming the accuracy of the Purchaser's representation contained in Section 4.5.

3.14 Broker's, Finder's or Similar Fees. There are no brokerage commissions, finder's fees or similar fees or commissions payable in connection with the transactions contemplated hereby based on any agreement, arrangement or understanding with the Company or any action taken by the Company, except for a fee payable to Batchelder & Partners, Inc., which shall be the responsibility of the Company.

ARTICLE 4

REPRESENTATIONS AND WARRANTIES OF THE PURCHASER

The Purchaser hereby represents and warrants to the Company as follows:

4.1 Existence and Power. The Purchaser (a) is duly organized and validly existing under the laws of the jurisdiction of its formation and (b) has the requisite power and authority to execute, deliver and perform its obligations under this Agreement.

10

4.3 Governmental Authorization; Third Party Consents. No approval, consent, exemption, authorization, or other action by, or notice to, or filing with, any Governmental Authority or any other Person in respect of any Requirement of Law, and no lapse of a waiting period under a Requirement of Law, is necessary or required in connection with the execution, delivery or performance by the Purchaser, or enforcement against the Purchaser, of this Agreement (including, without limitation, the purchase of the Purchased Shares) or the transactions contemplated hereby.

4.4 Binding Effect. This Agreement has been duly executed and delivered by the Purchaser and constitutes the legal, valid and binding obligation of the Purchaser, enforceable against it in accordance with its terms, except as enforceability may be limited by applicable bankruptcy, insolvency, reorganization, fraudulent conveyance or transfer, moratorium or similar laws affecting the enforcement of creditors' rights generally or by general principles of equity.

4.5 Purchase for Own Account. The Purchased Shares to be acquired by the Purchaser pursuant to this Agreement are being acquired for its own account and with no intention of distributing or reselling such Purchased Shares or any part thereof in any transaction that would be in violation of the securities laws of the United States of America or any state, without prejudice, however, to the rights of the Purchaser at all times to sell or otherwise dispose of all or any part of such Purchased Shares under an effective registration statement under the Securities Act or under an exemption from said registration available under the Securities Act. The Purchaser understands and agrees that if the Purchaser should in the future decide to dispose of any part of such Purchased Shares, it may do so only in compliance with the Securities Act and applicable state securities laws, as then in effect. The Purchaser agrees to the imprinting, so long as required by law, of a legend on all certificates representing such Purchased Shares to the following effect:

There are no brokerage commissions, finder's fees or similar fees or commissions payable to any third party in connection with the transactions contemplated hereby based on any agreement, arrangement or understanding with the Purchaser or any action taken by the Purchaser.

11

ARTICLE 5

COVENANTS OF THE COMPANY AND DAVID MARGOLESE

5.1 Rule 144. The Company hereby covenants and agrees with the

Purchaser that it shall file all reports required to be filed by it under the Securities Act and the Exchange Act and shall take such further action as the Purchaser may reasonably request, all to the extent required to enable the Purchaser to sell the Purchased Shares pursuant to and in accordance with Rule 144 adopted by the Commission under the Securities Act (as such rule may be amended from time to time) ("Rule 144") or any similar rule or regulation hereafter adopted by the Commission. Such action shall include, but not be limited to, making available adequate current public information meeting the requirements of paragraph (c) of Rule 144.

5.2 Tag-Along Rights.

(a) In the event any Significant Stockholder intends to Transfer shares of Common Stock having a fair market value (together with all shares of Common Stock Transferred by such Person in the preceding six months) exceeding \$100,000, such Significant Stockholder (the "Selling Stockholder") shall notify the Purchaser, in writing, of such proposed Transfer and its terms and conditions. Within ten (10) Business Days of the date of such notice, the Purchaser shall irrevocably notify the Selling Stockholder if it elects to participate in such Transfer (a "Participation Notice"). If the Purchaser shall fail to notify the Selling Stockholder within such ten (10) Business Day period, it shall be deemed to have waived its rights hereunder. If the Purchaser shall have delivered a Participation Notice, it shall have the right to sell, at the same price and on the same terms and conditions as the Selling Stockholder, an amount of shares of Common Stock equal to the shares of Common Stock the third party actually proposes to purchase multiplied by a fraction, the numerator of which shall be the number of shares of Common Stock owned by the Purchaser and the denominator of which shall be the aggregate number of shares of Common Stock owned by the Selling Stockholder and the Purchaser. Nothing contained herein shall obligate the Selling Stockholder to consummate the proposed Transfer or limit the Selling Stockholder's right to amend or modify the terms of the proposed Transfer in any respect; provided that the Purchaser is offered the opportunity to participate in the proposed Transfer on such amended or modified term. Notwithstanding the foregoing, this Section 5.2 shall not apply to any Transfer if at the date thereof Purchaser and its Subsidiaries collectively shall beneficially own fewer than 190,500 shares of Common Stock.

(b) The Company shall not issue or sell any shares of Common Stock, Convertible Preferred Stock or any other class of capital stock which is convertible into or exchangeable for Common Stock to any Person if such issuance or sale would result in such Person becoming a Significant Stockholder unless and until such Person shall have delivered to the Company and the Purchaser a written

12

agreement stating that such Person agrees to be bound by the provisions of Section 5.2 of this Agreement.

5.3 Preemptive Right.

(i) If at any time after the date hereof and prior to the first anniversary of the Operational Date, the Company proposes to issue Common Stock of any kind (including any warrants, options or securities or units comprising securities convertible into or exchangeable for Common Stock or rights to acquire the same) of the Company, other than (i) pursuant to an underwritten public offering, (ii) pursuant to an employee or non-management director stock option plan, stock bonus plan, stock purchase plan or other management equity program or plan or (iii) securities issuable upon exercise of previously issued warrants, options or other rights to acquire Common Stock or upon conversion of previously issued securities convertible into Common Stock, then the Company shall:

(1) give written notice setting forth in reasonable detail (a) the terms and provisions of the securities proposed to be issued (the "Proposed Securities"); (b) the price and other terms of the proposed sale of such securities; (c) the amount of such securities proposed to be issued; and (d) such other information as the Purchaser may reasonably request in order to evaluate the proposed issuance; and

(2) offer to issue to the Purchaser a portion of the Proposed Securities equal to a percentage determined by dividing (x) the number of shares of Common Stock held by the Purchaser, by (y) the total number of shares of Common Stock then outstanding.

The Purchaser must exercise its purchase rights hereunder within ten (10) Business Days after receipt of such notice from the Company.

(ii) Upon the expiration of the offering period described above, or if the Purchaser shall default in paying for or purchasing the Proposed Securities on the terms offered by the Company, the Company will be free to sell such Proposed Securities that the Purchaser has not elected to purchase during the ninety (90) days following such expiration on terms and conditions no more favorable to the purchasers thereof than those offered to the Purchaser. Any Proposed Securities offered or sold by the Company after such 90 day period must be reoffered to the Purchaser pursuant to this Section 5.3.

(iii) The election by the Purchaser not to exercise its preemptive rights under this Section 5.3 in any one instance shall not affect its right (other than in respect of a reduction in its percentage holders) as to any subsequent proposed issuance. Any sale of such securities by the Company without first giving the Purchaser the rights described in this Section 5.3 shall be void and of no force and effect.

13

ARTICLE 6

COVENANTS OF THE PURCHASER

The Company and its underwriters, by written notice from the Company and its lead underwriter to the Purchaser (a "Lock-up Request"), given as provided herein on or after the time of the initial filing with the Commission of any registration statement (other than a registration statement relating to an offering described in Section 7.1 with respect to any offering of Common Stock or securities convertible into Common Stock (the "Offering"), may request that the Purchaser agree not to offer, sell or transfer any of the Purchased Shares, or engage in any hedging transactions with respect to the Purchased Shares, during the 180-day period (the "Lock-up Period") beginning on a date specified in the Lock-up Request, which date may be as early as five (5) business days prior to the expected effective date (but no later than the effective date) with respect to the registration statement for the Offering, and the Purchaser agrees to consent to and be bound by the restrictions specified in any such Lock-up Request; provided, however, that (a) such a lock-up agreement with respect to any Offering shall not prevent Purchaser from selling Purchased Shares which it is entitled to sell in such Offering pursuant to Section 7.2 if it shall have made the request specified therein, (b) the Purchaser's Lock-Up Period shall not be greater than the shortest similar period to which any Comparable Stockholder is requested to agree by the lead underwriter of such Offering, and (c) the Purchaser shall be obligated to consent to and be bound by a total of by no more than two such lock-up agreements with respect to Offerings actually declared effective by the Commission. The Company shall specify the expected effective date of any Offering by notice to the Purchaser given not later than two (2) Business Days prior to the beginning of the Lock-up Period. The Purchaser shall cause each Person to whom it Transfers, in one or a series of related transactions, 500,000 or more shares of Common Stock to execute and deliver to the Company a letter agreement pursuant to which such transferee agrees (and to cause each other Person to whom it Transfers any shares of Common Stock if, after giving effect to such Transfer, such Person, together with its Affiliates, would beneficially own 500,000 or more shares of Common Stock to execute and deliver to the Company a similar letter agreement) to comply with the requirements of this Article 6 (including this sentence) to the same extent and subject to the same terms and conditions as the Purchaser.

14

ARTICLE 7

REGISTRATION RIGHTS

7.1 Requested Registration. If the Company shall receive from the Purchaser, at any time following the Operational Date, a written request (which shall specify whether the distribution will be made by means of an underwriting)

that the Company effect any registration with respect to all or a part of the Purchased Shares that constitute Registrable Securities (a "Demand Notice"), which Demand Notice shall request registration of not less than 500,000 shares of Common Stock or all remaining shares of Common Stock then held by the Purchaser, the Company will, as soon as practicable, use its diligent best efforts to effect such registration as may be so requested and as would permit or facilitate the sale and distribution of the Purchased Shares as are specified in such request. After the Company has effected one (1) such registration pursuant to this Section 7.1 and such registration has been declared effective and the distribution contemplated thereunder completed, the Company shall have no further obligation under this Section 7.1. Notwithstanding the foregoing, if the Company shall furnish to the Purchaser a certificate signed by the President or the Chief Executive Officer of the Company stating that in the good faith judgment of the Board of Directors of the Company, it would be seriously detrimental to the Company and its stockholders for such registration statement to be filed and it is therefore desirable and in the best interests of the Company to defer the filing of such registration statement, then the Company shall have the right to defer such filing for a period of not more than 90 days after receipt of the request of the Purchaser; provided however, that the Company may not utilize this right more than once in any twelve month period.

7.2 Company Registration. (a) If the Company shall determine to register any of its equity securities for the account of a security holder or holders, other than a registration relating solely to employee benefit plans, or a registration relating solely to a Commission Rule 145 transaction, or a registration on any registration form which does not permit secondary sales or does not include substantially the same information as would be required to be included in a registration statement covering the sale of Purchased Shares, the Company will promptly give to the Purchaser a written notice thereof and include in such registration, and in any underwriting involved therein, all the Purchased Shares that constitute Registrable Securities specified in a written request made by the Purchaser within ten Business Days after receipt of the written notice from the Company described above. The Purchaser shall be entitled to have its shares included in an unlimited number of registrations pursuant to Section 7.2.

(b) If the registration of which the Company gives notice is for a registered public offering involving an underwriting, the Company shall so advise the Purchaser as a part of the written notice given pursuant to Section 7.2(a). In such event, the right of the Purchaser to registration pursuant to this Section 7.2(a) shall be conditioned upon the Purchaser's participation in such underwriting and the inclusion

15

of the Purchaser's shares of Common Stock in the underwriting to the extent provided herein. If the Purchaser shall have elected to exercise its rights under this Section 7.2(a), it shall enter into an underwriting agreement in customary form with the representative of the underwriter or underwriters selected for underwriting by the Company. Notwithstanding any other provision of this Section 7.2, if the representative determines and so advises the Company in writing that marketing factors require a limitation on the number of shares to be underwritten, the Company shall so advise the Purchaser. In such an event, the number of Purchased Shares that may be included in the registration and underwriting by the Purchaser shall be reduced, on a pro rata basis (based on the number of shares held by the Purchaser and each other Person (other than the Company) registering shares under such registration), by such minimum number of shares as is necessary to comply with such limitation. If the Purchaser disapproves of the terms of any such underwriting, it may elect to withdraw therefrom by written notice to the Company and the underwriter. Any Purchased Shares excluded or withdrawn from such underwriting shall be withdrawn from such registration.

7.3 Transferability. The registration rights granted pursuant to this Article 7 shall be assignable, in whole or in part, to any transferee of the Purchased Shares; provided, however, that the rights granted under Section 7.1 shall be assignable only to a Transferee who, after giving effect to such Transfer, beneficially owns at least 500,000 shares of Common Stock.

7.4 Expenses of Registration. All Registration Expenses incurred in connection with any registration, qualification or compliance pursuant to this Article 7 shall be borne by the Company, and all Selling Expenses shall be borne by the Purchaser.

7.5 Registration Procedures. In the case of each registration effected by the Company pursuant to Article 7, the Company will:

(a) furnish to the Purchaser prior to the filing of the requisite Registration Statement copies of drafts of such Registration Statement as is proposed to be filed, and thereafter such number of copies of such registration statement, each amendment and supplement thereto (in each case including all exhibits thereto), the Prospectus included in such registration statement (including each preliminary prospectus) and such other documents in such quantities as the Purchaser may reasonably request from time to time in order to facilitate its distribution;

(b) notify the Purchaser promptly of any request by the Commission for the amending or supplementing of such Registration Statement or Prospectus or for additional information;

(c) advise the Purchaser promptly after the Company shall receive notice or obtain knowledge of the issuance of any stop order by the Commission

16

suspending the effectiveness of any such Registration Statement or amendment thereto or of the initiation or threatening of any proceeding for that purpose, and promptly use its best efforts to prevent the issuance of any stop order or to obtain its withdrawal promptly if such stop order should be issued;

(d) use all reasonable efforts to register or qualify the Purchased Shares under such other securities or blue sky laws of such jurisdictions as the Purchaser (or the managing underwriter, in the case of underwritten offerings) reasonably requests; provided that the Company shall not be required to qualify to do business or become subject to service of process or taxation in any jurisdiction in which it is not already so qualified or subject;

(e) use all reasonable efforts to cause the Purchased Shares included in the registration statement to be listed on a securities exchange or authorized for quotation on a national quotation system on which any of the Common Stock is then listed;

(f) notify the Purchaser, at any time when a prospectus relating to the proposed sale is required to be delivered under the Securities Act, of the happening of any event as a result of which the Prospectus included in such registration statement or amendment contains an untrue statement of a material fact or omits to state any material fact required to be stated therein to make the statements therein, in light of the circumstances under which they were made, not misleading, and the Company will prepare a supplement or amendment to such Prospectus so that, as thereafter delivered to the purchasers of the Purchased Shares, such Prospectus will not contain an untrue statement of a material fact or omit to state any material fact required to be stated therein to make the statements therein, in light of the circumstances under which they were made, not misleading; and

(g) enter into customary agreements (including without limitation, an underwriting agreement in customary form) and take such other actions as are reasonably required in order to expedite or facilitate the disposition of the Purchased Shares included in the registration statement.

7.6 Indemnification.

(a) The Company will indemnify the Purchaser, each of its officers and directors, and each person controlling the Purchaser within the meaning of Section 15 of the Securities Act and the rules and regulations thereunder, with respect to each registration which has been effected pursuant to this Article 7, and each underwriter, if any, and each person who controls any underwriter within the meaning of Section 15 of the Securities Act and the rules and regulations thereunder, against all claims, losses, damages and liabilities (or actions in respect thereof) arising out of or based on any untrue statement (or alleged untrue statement) of a material fact contained in any Prospectus or other document (including any related registration statement,

17

notification or the like) incident to any such registration, qualification or

compliance, or based on any omission (or alleged omission) to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading, or any violation by the Company of the Securities Act or any rule or regulation thereunder applicable to the Company and relating to action or inaction required of the Company in connection with any such registration, qualification or compliance, and will reimburse the Purchaser, each of its officers and directors, and each person controlling the Purchaser, each such underwriter and each person who controls any such underwriter, for any legal and any other expenses reasonably incurred in connection with investigating and defending any such claim, loss, damage, liability or action, provided that the Company will not be liable in any such case to the extent that any such claim, loss, damage, liability or expense arises out of or is based on any untrue statement or omission based upon written information furnished to the Company by the Purchaser with respect to the Purchaser and stated to be specifically for use therein.

(b) The Purchaser will, if Purchased Shares held by it are included in the securities as to which such registration, qualification or compliance is being effected, indemnify the Company, each of its directors and officers and each underwriter, if any, of the Company's securities covered by such a registration statement, each person who controls the Company or such underwriter within the meaning of Section 15 of the Securities Act and the rules and regulations thereunder, against all claims, losses, damages and liabilities (or actions in respect thereof) arising out of or based on any untrue statement (or alleged untrue statement) of a material fact with respect to the Purchaser contained in any such registration statement, prospectus or other document made by the Purchaser, or any omission (or alleged omission) to state therein a material fact with respect to the Purchaser required to be stated therein or necessary to make the statements by the Purchaser therein not misleading, and will reimburse the Company and such other directors, officers, partners, persons, underwriters or control persons for any legal or any other expenses reasonably incurred in connection with investigating or defending any such claim, loss, damage, liability or action, in each case to the extent, but only to the extent, that such untrue statement (or alleged untrue statement) or omission (or alleged omission) is made in such registration statement, prospectus or other document in reliance upon and in conformity with written information furnished to the Company by the Purchaser with respect to the Purchaser and stated to be specifically for use therein; provided, however, that the obligations of the Purchaser hereunder shall be limited to an amount equal to the proceeds to the Purchaser of securities sold as contemplated herein.

(c) If the indemnification provided for in this Section 7.6 is held by a court of competent jurisdiction to be unavailable to an indemnified party with respect to any loss, liability, claim, damage or expense referred to herein, then the indemnifying party, in lieu of indemnifying such indemnified party hereunder, shall contribute to the amount paid or payable by such indemnified party as a result of such loss, liability, claim, damage or expense in such proportion as is appropriate to reflect the relative fault of the indemnifying party on the one hand and of the indemnified party on the

18

other in connection with the statements or omissions which resulted in such loss, liability, claim, damage or expense, as well as any other relevant equitable considerations. The relative fault of the indemnifying party and of the indemnified party shall be determined by reference to, among other things, whether the untrue or alleged untrue statement of a material fact or the omission to state a material fact relates to information supplied by the indemnifying party or by the indemnified party and the parties' relative intent, knowledge, access to information and opportunity to correct or prevent such statement or omission.

(d) Unless Purchaser is at the time an Affiliate of the Company, the Purchaser shall not be required, in connection with any underwriting arrangements entered into in connection with any registration, to provide any information, representations or warranties or covenants with respect to the Company, its business or operations, and the Purchaser shall not be required to provide any indemnification with respect to any registration statement except as specifically provided in 7.6(b) hereof. Nothing in this Section 7.6(d) shall create, or be deemed to create, any obligation on the part of Purchaser to provide at any time any information, representations or warranties or covenants with respect to the Company, its business or operations, or any indemnification with respect to any registration statement other than as specifically provided in Section 7.6(b).
