ITEM 5. OTHER

On November 18, 1997, the Company issued a press release announcing that it had received tenders from all holders of its 5% Delayed Convertible Preferred Stock ("5% Preferred Stock") in response to its offer to exchange shares of its new 10 1/2% Series C Convertible Preferred Stock for all outstanding shares of 5% Preferred Stock. A copy of this press release is filed as an Exhibit to this report.

On November 10, 1997, an application for review was filed with the Federal Communications Commission (the "FCC") by one of the losing applicants in the FCC's April 1997 auction regarding the award of an FCC national satellite radio license to Satellite CD Radio Inc., a wholly owned subsidiary of CD Radio Inc. The application for review requests, among other things, that the FCC adopt restrictions on the foreign ownership of licenses relating to satellite radio service. The International Bureau of the FCC has previously found that such foreign ownership restrictions do not apply to satellite radio service and rejected claims by the same party that such restrictions apply.
