# SiriusXM Reports Fourth Quarter and Full-Year 2024 Operating and Financial Results

- 2024 Full-Year Revenue of \$8.70 Billion
- Full-Year Net Loss of \$2.08 Billion, Reflecting Third-Quarter Non-Cash Charge
- Full-Year Adjusted EBITDA of \$2.73 Billion
- Full-Year Free Cash Flow of \$1.02 Billion
- SiriusXM Reaffirms 2025 Revenue, Adjusted EBITDA and Free Cash Flow Guidance

**NEW YORK – January 30, 2025 –** SiriusXM today announced its fourth quarter and full-year 2024 operating and financial results, including revenue of \$2.19 billion and \$8.70 billion, respectively, representing declines of 4% and 3%, respectively, compared to the same periods in 2023. The company reported net income of \$287 million for the fourth quarter and a net loss of \$2.08 billion for the full year 2024, compared to net income of \$228 million and \$988 million in the prior year, respectively. Earnings per diluted common share were \$0.83 and \$(6.14) for the fourth quarter and full-year 2024, respectively, compared to \$0.67 and \$2.77, respectively, in the same periods in 2023.

In the fourth quarter of 2024, adjusted EBITDA totaled \$688 million, a 4% decline from \$715 million in the same 2023 period. For the full year 2024, adjusted EBITDA was \$2.73 billion, reflecting a 2% decline compared to \$2.79 billion in the prior year. The decrease was driven by declines in subscriber revenue, partially offset by lower costs of services, personnel-related costs, sales and marketing, product and technology and general and administrative expenses. The company maintained a stable adjusted EBITDA margin of 31%.

"At the end of 2024, we took significant steps to refocus on SiriusXM's core strengths and enhance operational efficiency," said Jennifer Witz, Chief Executive Officer. "By prioritizing our core in-car subscription business, leveraging our streaming capabilities, and growing our leadership in ad-supported audio, we are well-positioned to deliver long-term value. Looking ahead, we are energized by the opportunities to build on this strategy and continue offering unparalleled audio experiences through our platforms."

"I'm proud of the progress we made in 2024 to sharpen our strategy and strengthen our financial foundation," said Tom Barry, Chief Financial Officer. "We met our 2024 guidance targets, including adjusted EBITDA of approximately \$2.73 billion with a solid margin of 31%, making strategic investments supported by disciplined cost management. In 2025, we are focused on generating \$1.15 billion in free cash flow and achieving an additional \$200 million in run-rate savings exiting the year, enabling us to continue investing in the business and returning capital to stockholders while reducing leverage. Our focus will remain on operational efficiency and ROI-driven decisions to ensure value creation going forward."

#### SEGMENT HIGHLIGHTS

Sirius XM Holdings operates two complementary audio entertainment businesses — one of which is referred to as "SiriusXM" and the second of which is referred to as "Pandora and Off-platform." Further information regarding these two segments will be contained in the company's Annual Report on Form 10-K for the year ended December 31, 2024. The financial highlights below exclude the impact of share-based payment expense.

#### SiriusXM Fourth Quarter and Full-Year 2024 Segment Highlights

#### SiriusXM Total Subscribers of 33 Million

SiriusXM added approximately 149,000 self-pay subscribers in the fourth quarter of 2024, an increase of 18,000 compared to the fourth quarter of 2023. For the full-year 2024, self-pay subscribers decreased by 296,000, an improvement over the full-year decrease of 445,000 self-pay subscribers in 2023. SiriusXM ended 2024 with approximately 33 million total subscribers. Paid promotional subscribers declined by 79,000 during the fourth quarter and declined by 353,000 for the full-year 2024. The SiriusXM trial funnel reached approximately 7.3 million by the end of 2024, compared to 7.2 million in 2023 and 6.8 million in 2022. Self-pay monthly churn for the fourth quarter of 2024 finished strong, decreasing to 1.5%, down 10 basis points from the fourth quarter of 2023.

#### Full-Year Revenue of \$6.6 Billion

In 2024, SiriusXM's total revenue was \$6.6 billion, a 4% decrease from 2023. This decrease was primarily driven by a 4% reduction in subscriber revenue, attributed to a smaller average base of self-pay subscribers; a 6% decline in equipment revenue; and a 6% decline in other revenue. Additionally, for the full-year 2024, Average Revenue Per User (ARPU) decreased by \$0.35 to \$15.21, reflecting the impact of a growing number of self-pay streaming-only and promotional subscriptions, lower rates from automakers offering paid promotional plans, and a 1% decline in advertising revenue.

#### Full-Year Gross Profit of \$3.9 Billion

Total cost of services at SiriusXM was \$2.6 billion for 2024, a 2% decrease compared to the prior year. Gross profit at SiriusXM totaled \$3.9 billion, a decrease of 6% compared to the \$4.2 billion recorded in 2023, producing a gross margin of 60%, one percentage point lower than the prior year.

#### **Business and Programming Highlights**

In the fourth quarter of 2024, SiriusXM continued to deliver unique programming and value for its core subscribers. On programming, live sports remains a key differentiator for SiriusXM, highlighted by extensive coverage of the inaugural 12-team college football playoff and the 2024-2025 NBA season, reinforcing the company's unmatched sports audio offering. For music fans, SiriusXM marked the anniversary of its exclusive Life with John Mayer channel by launching How's Life, a new interview series hosted by the singer-songwriter. In podcasting, SiriusXM expanded its network with the renewal and expansion of its agreement with best-selling author and podcaster Mel Robbins, which includes future exclusive talk programming.

Additionally, in the fourth quarter, SiriusXM announced a new agreement with ESPN+, offering unique subscription bundles to new and existing customers of both services, providing sports fans even more to enjoy.

In-car, SiriusXM launched its service in select Tesla and Rivian models already on the road as part of each company's holiday update, rapidly scaling its reach to millions of new customers through innovative streaming integrations. The company also successfully launched SXM-9, the latest addition to its satellite fleet. With SiriusXM's new tech center of excellence now operational in Ireland, the company is poised to drive innovation and enhance customer experiences.

#### Pandora and Off-platform Fourth Quarter and Full-Year 2024 Segment Highlights

#### Pandora and Off-platform Self-Pay Subscribers of 5.8 Million

Self-pay subscribers of the Pandora Plus and Pandora Premium services decreased by 101,000 during the fourth quarter of 2024 to end the year at 5.8 million. The decrease was driven by a decline in trial starts and lower retention due to price increases on certain self-pay plans.

#### Full-Year Revenue of \$2.15 Billion

Pandora and Off-platform revenue totaled \$2.15 billion for the full-year 2024, a 2%, or \$33 million, increase compared to \$2.11 billion recorded in 2023. Advertising revenue within the segment reached \$1.6 billion in 2024, a \$17 million year-over-year increase, driven by growth in podcasting and programmatic sales as well as ad tech fees from our AdsWizz platform. Subscriber revenue rose by 3% to \$540 million compared the prior year, supported by price increases in select Pandora plans.

#### Full-Year Gross Profit of \$705 Million

Total cost of services in 2024 decreased by 2% to \$1.44 billion, compared to \$1.48 billion in 2023. This reduction contributed to a gross profit of \$705 million for the Pandora and Off-platform segment, an 11% increase over the prior year. The segment's gross margin improved to 33%, an increase of 3 percentage points year-over-year.

#### ADDITIONAL FINANCIAL HIGHLIGHTS

Subscriber acquisition costs increased by 3% year-over-year to \$369 million in 2024. Sales and marketing expenses decreased by 4% to \$849 million, while product and technology costs fell by 9% to \$252 million. General and administrative expenses saw a significant decline, dropping 16% to \$429 million.

SiriusXM generated \$1.015 billion in free cash flow in 2024, a decrease of approximately \$167 million compared to the prior year. This decline was primarily driven by costs related to the Liberty Media transactions, timing differences in tax payments between the former SiriusXM and Liberty, higher capital expenditures, and increased cash taxes.

In the fourth quarter, SiriusXM distributed \$92 million through dividends and reinitiated share buybacks late in the year, completing \$18 million of repurchases in December and January. For the full year, SiriusXM returned a total of \$400 million in dividends to stockholders, which included dividend payments to the former parent company in 2024. The company continues to prioritize a disciplined capital allocation, targeting a long-term leverage ratio in the low-to-mid 3's range and ending 2024 with a net debt-to-adjusted EBITDA ratio of 3.7 times.

The full-year 2024 net loss of \$2.08 billion reflects a non-cash impairment charge of approximately \$3.36 billion recorded in the third quarter, resulting from an assessment of the fair value of the company's goodwill based on a sustained lower share price, as SiriusXM's share price converged with those of the Liberty Media tracking stocks heading into the closing of the transactions. This non-cash charge does not impact the company's cash flow, ongoing operations, or liquidity.

#### 2025 FULL-YEAR FINANCIAL GUIDANCE

The company reiterated its full-year 2025 guidance for revenue, adjusted EBITDA, and free cash flow as follows:

- Total revenue of approximately \$8.5 billion,
- Adjusted EBITDA of approximately \$2.6 billion, and
- Free cash flow of approximately \$1.15 billion.

(1) The following table reconciles cash, cash equivalents and restricted cash per the statement of cash flows to the balance sheet. The restricted cash balances are primarily due to letters of credit which have been issued to the landlords of leased office space. The terms of the letters of credit primarily extend beyond one year.
